Our Inspiration

The Progressive Education Society's Modern College of Arts, Science and Commerce, Shivajinagar, Pune-5 was established in the year 1970 with the aim to impart quality education to the young minds, as the first senior college of Progressive Education Society. This institution was 'a-dream-come-true' for the two visionary educationists, namely, the founders of Progressive Education Society- Late Shri. Shankarrao Kanitkar and Late Shri. V. T. Tatke. The grand success achieved by the institution in these five decades have proved that we have achieved our objective of imbining value education among our students; imparting holistic education; inculcating research and problem solving skills; preparing the students for the global marketplace; and technology sound. It is a matter of pride for us that in the 50th year of the establishment of the college, the University Grants Commission, New Delhi has conferred 'Autonomous

Status' to Modern College, Shivajinagar, Pune-5 from 2019-20 onwards.

As one of the leading colleges imparting higher education in Maharashtra from undergraduate level to Ph.D, the college has always been a front runner in introducing new courses as per need of the time. The courses like Animation, B.Sc Blended, Fashion Technology and Apparel Designing, BBA, BBA(CA), BBA(IB), M.Com (E-commerce) and PGDFT received excellent responses from the students.

Modern College, Pune-5 has been bestowed with several awards and recognitions like 'Best College Award' by Savitribai Phule Pune University, Pune in 2008 ; FIST (Funds for Improvement of Science & Technology Infrastructure) grants from DST, New Delhi in 2012 ; BSR funds from UGC in 2013 ; STAR College Scheme from DBT, New Delhi in 2014 ; 'Best College Award- NSS' by Savitribai Phule Pune University, Pune in 2014 ; UGC sanctioned 'Community College Scheme' in 2015 ; NAAC, Bangalore re-accreditation with 'A+' Grade CGPA:3.51 in 2017 ; College with Potential for Excellence Status of UGC in 2011 and 2017; National Award for the 'Best Accessible Website' by Ministry of Social Justice and Empowerment in 2018 ; got recognition as Mentor College under Paramarsh "UGC Scheme for Mentoring NAAC Accreditation Aspirant Institutions to promote Quality Assurance in Higher Education" in 2019.

I feel proud to say that not only in academics, but in Sports too, the college has broken all records. For the first time ever in the history of SPPU Pune, Modern College, Pune-5 has become the only college to get the 'Best College Award (Sports)' for four consecutive years since 2015. These rewards show the dedication of the teaching staff, non-teaching staff and students of the college towards achieving excellence.

As a part of the Golden Jubilee Celebrations, the Higher and Technical Education Minister of Maharashtra Honorable Shri. Uday Samant visited the college along with Vice Chancellor of SPPU, Pune Prof.Dr.Nitin Karmalkar and inaugurated innovative activities like 'Institutional Repository@MCASC', 'Meditation Point', 'Orchid House' and 'Modern Selfie Point'.

In this academic year, the college organised one State Level Workshop under the Quality Improvement Program of Savitribai Phule Pune University, Pune on 'E-content

Development' which was virtually inaugurated by Honourable Vice Chancellor of SPPU, Pune Prof. Dr. Nitin Karmalkar from his office in SPPU. The 'E-content Development Cell' of the college was also inaugurated during the workshop.

In the Academic Year 2019-20, not only we enrolled 12000 students for the various courses in our college but also there were the highest number of International students and visually impaired students who chose Modern College, Shivajinagar, Pune-5 for seeking education. The college provides modern facilities like 'Audio Notice Board', Accessible College Website, Braille Books, Audio Books, Wheelchair facility for the physically challenged and visually impaired students.

All the departments of the college have successfully organised several events throughout the year with active participation with the enthusiastic students. The NSS and NCC Units of the college have excelled in the activities conducted by them in the academic year.

The everlasting dedication of the P.E. Society's Joint Secretary and CDC Chairperson Prof. Mrs. Jyotsna G. Ekbote the college bravely accepted the challenge of COVID-19 pandemic in the end of the Academic Year 2019-20. The devotion of Modern College, Shivajinagar, Pune-5, Principal Dr. Rajendra Zunjarrao, all the Vice Principals, Head of the Departments and all teachers helped us to tackle the pandemic situation bravely. Progressive Education Society organised two Faculty Development Programmes in Online Mode which trained the teachers in imparting education and evaluation in online mode.

I feel proud to say that Modern College, Shivajinagar, Pune-5 is one of the very few educational institutions which could sail through the COVID-19 pandemic situation successfully.

Keeping into consideration the continuous growth of the courses, laboratories, research centres and number of students in the College, the Progressive Education Society has recently started construction of an 11 storey building which will house international grade laboratory facilities, classrooms and administration sections.

Modern College, Shivajinagar, Pune-5 is a 'PRIDE' of the Progressive Education Society. I congratulate the Principal of the College Dr. Rajendra Zunjarrao and all his associates who have played a major role in the success of the institute. I hope the college retains its mantra of being 'Modern' and 'Progressive' always.

I give credit for all these commendable achievements to the leader of "Team Modern" Dr. Rajendra Zunjarrao and the Local Managing Committee of this college which consists of senior educationists like Prof. P. S. Chirputkar, Prof. Dr. A. K. Pande and Prof. Mrs. Jyotsna G. Ekbote.

Vice Principals viz. Prof. S. S. Deshmukh, Prof. Dr. A. S. Oke, Prof. Dr. P. G. Dixit, Prof. S. R. Chaudhari, Prof. Dr. A. V. Kamble, Prof. Dr. M. D. Alandikar, Prof. Sunil Doiphode have been proficiently supporting the Principal. I am happy to mention that all the members (Teaching and Non-Teaching) are responsible for the success and achievement of Modern College of Arts, Science and Commerce (Autonomous), Shivajinagar, Pune-5.

I congratulate the Principal, all CDC Members, the staff members and students of this college for their achievements. I also appreciate the sincere efforts of Prof. N. M. Naidu and the members of the editorial board for publishing this annual magazine 'MODERN' for the academic year 2019-20.

With best regards,

Chairman CDC

Prof. Mrs. Jyotsna G. Ekbote

The Progressive Education Society's Modern College of Arts, Science and Commerce, Shivajinagar, Pune-5 was established in the year 1970 and since its establishment it has been progressing remarkably towards achieving the objectives of the establishment of the first senior college under Progressive Education Society by the visionary founders - Late Shankarrao Kanitkar and Late V. T. Tatke.

The college has made its mark in the field of higher education because of the introduction of several professional courses like Computer Science, Animation, Biotechnology, Microbiology, BBA, BBA(CA), BBA(IB), M.Com (E-commerce), PGDFT, B.Voc (Fashion Technology) which were the need of the time.

Modern College of Arts, Science and Commerce, Shivajinagar, Pune-5 has received several accolades from the National Assessment and Accreditation Council (NAAC) in all the three cycles of accreditation. The college is re-accredited by A+ Grade (CGPA: 3.51) in 2017 by NAAC, Bangalore. As the college received higher grades in the three consecutive accreditation cycles and with the wonderful recommendations of the NAAC Peer Team, the always progressively thinking Chairman of Progressive Education Society Prof. Dr. Gajanan R. Ekbote and other Management Members planned to move towards 'Autonomy' for the college. As a result of this, the University Grants Commission, New Delhi granted 'Autonomous Status' to the college for a period of ten years with effect from 2019-20 to 2028-29. As a matter of fact, the First Year of Autonomy coincided with the Golden Jubilee year of the establishment of the college. We feel honoured that Modern College, Shivajinagar, Pune-5 has got recognition as Mentor College under Paramarsh "UGC Scheme for Mentoring NAAC Accreditation Aspirant Institutions to promote Quality Assurance in Higher Education" in 2019 from University Grants Commission, New Delhi.

During my several visits in this college, I have witnessed the hard work poured by all the teaching and non-teaching staff members of the college. The research base of the college is truly remarkable as presently we have 50 Ph.D teachers and many more are in the final stages of completing their Ph.D. The college has 10 Ph.D centres affiliated to SPPU, Pune. Many teachers have received recognitions for presenting research papers in National and International Conferences in India and abroad. All this continuous untiring work for the betterment of the students, college and society at large got rewarded in the form of getting recognised as 'College with Potential for Excellence' by UGC, New Delhi. The college has been sanctioned with 'Star College Scheme' status by the Department of Biotechnology, Ministry of Science and Technology, Government of India. The college has excelled not only in academics, but in sports too by creating history of becoming the first college ever to get 'The Best Sports College Award 2020' by SPPU, Pune for the fourth Consecutive Year. The Physical Education department prepares the students for various State / National and

International Level Championships and conducts a unique annual competition of 'Progressive Shree'.

The teaching staff members have represented them well in research projects funded by several organisations.

The college NSS and NCC Units have performed exceptionally well by preparing students for Republic Day Parades, for creating awareness through rallies, working for the society through NSS Camps etc.

The state-of-the-art laboratories motivate the researchers to do quality research work as a result of which our Science Faculty teachers have registered for National and International Patents in their name.

As a part of the Golden Jubilee Celebrations, in February 2020, the Higher and Technical Education Minister of Maharashtra Honorable Shri. Uday Samant visited the college along with Vice Chancellor of SPPU, Pune Prof.Dr.Nitin Karmalkar and inaugurated innovative activities like 'Institutional Repository@MCASC', 'Meditation Point', 'Orchid House' and 'Modern Selfie Point'.

Under the able leadership and continuous guidance of Progressive Education Society's Chairman Prof.Dr.Gajanan R. Ekbote, we all took the conditions during COVID-19 pandemic situation as a challenge and successfully tackled them by conducting Online Faculty Development Programmes for providing training related to Online Teaching and Learning and conducting Proctored Examinations. We are proud to be the only educational institution under SPPU, Pune and very few colleges in Maharashtra and India to have developed the institutional repository through which we could reach out to the students in the COVID-19 pandemic situation. The students were able to access the faculty notes, e-contents and other reading materials through the contributions made by our faculty members in the institutional repository.

The recently started construction of an 11 storey building will house international grade laboratory facilities, classrooms and administration sections.

I, as the Chairperson of CDC, Modern College, Pune-5 congratulate Principal Dr.Rajendra S. Zunjarrao, all the Vice Principals, Head of the Departments, Registrar, all teaching and non-teaching staff members; students of this college; Alumni on completing 50 successful years of establishment of the college. Through the unending dedication shown by all of you the unit has become a 'Jewel in the Crown of Progressive Education Society'.

I also appreciate the sincere efforts of Prof.N.M.Naidu and the members of the editorial board for publishing this annual magazine 'MODERN' for the academic year 2019-20.

With best regards,

Prof. Mrs. Jyotsna G. Ekbote

Chairperson, CDC

Joint Secretary, Progressive Education Society,
Shivajinagar, Pune-5.

From the Principal's Desk

At the end of the Academic Year 2019-20, which is also the Golden Jubilee Year of the establishment of the college, I feel happy to share my feelings towards the various achievements, activities that took place during the year. After the achievement of A+ Grade from National Assessment and Accreditation Council, Bangalore in 2017; continuation of 'College with Potential Status' by UGC, New Delhi for the second phase; funding of Rs.1.5 Crores under DST-FIST Scheme from Department of Science and

Technology, New Delhi, the Modern College, Shivajinagar, Pune-5 under the guidance and leadership of Progressive Education Society's Chairman Prof. Dr. Gajanan R. Ekbote and Joint Secretary and CDC Chairperson Prof. Mrs. Jyotsna G. Ekbote, added another feather in its cap by being awarded the Institutional Autonomous Status by University Grants Commission, New Delhi from the academic year 2019-20 for the duration of 10 years.

It's a matter of pride for all of us that in the 50th year of establishment of the college, we have now attained the 'Autonomous' Status which is a reward of all the achievements, hard work and dedication of all the units and stakeholders of the college.

Another consecutive achievement for us is getting recognition as Mentor College under Paramarsh "UGC Scheme for Mentoring NAAC Accreditation Aspirant Institutions to promote Quality Assurance in Higher Education" in 2019.

As a part of the Golden Jubilee Celebrations, the Higher and Technical Education Minister of Maharashtra Honorable Shri. Uday Samant visited the college along with Vice Chancellor of SPPU, Pune Prof. Dr. Nitin Karmalkar, P.E. Society's Chairman Prof. Dr. Gajanan R. Ekbote and Joint Secretary and CDC Chairperson Prof. Mrs. Jyotsna G. Ekbote, JDHE Pune Dr. Mohan Khatal and several other dignitaries and inaugurated innovative activities like 'Institutional Repository@MCASC', 'Meditation Point', 'Orchid House' and 'Modern Selfie Point'.

The student strength of our college has reached 12,000 which includes 85 international students. We have successfully implemented an online admission process for all classes and are providing e-payment facilities. The IQAC plays a major role in proper functioning of academic and administrative activities. The college library developed the innovative 'Institutional Repository' which holds the intellectual output of the faculty members and students of the institution in an open access manner. The fully automated library holds the best of collection of books, reference sources, journals, e-resources, braille books, audio books, newspapers and is enhanced by facilities like Biometric Attendance System, Digital Library Section, WebOPAC, 'MODLIB' Monthly Library E-bulletin and spacious two storeyed reading halls for girls and boys. The library has separate Computer Training facility for visually impaired students.

With the presence of several visually impaired students in our campus, the college has installed 'Audio Notice Board' which keeps them updated about the college notices, events and circulars.

We feel jubilant as the Department of Physical Education has created a record of getting the 'Best College Award Sports' for the fourth consecutive year by SPPU, Pune.

This year too we successfully conducted 'Vyapar Mela' (Trade Fair) to enhance entrepreneurship skills among the students. All the departments organised several events, fests and workshops with active participation of the students. The NSS and NCC Units also showed excellence through organising and participation in various activities.

The recently established Department of Animation successfully organised two days State Level Workshop on 'E-content Development' which received an overwhelming response from participants. Honourable Vice Chancellor of SPPU, Pune Prof.Dr.Nitin Karmalkar virtually inaugurated the workshop and the 'E-content Development Cell' from his office in SPPU.

Members of the teaching staff have been striving hard to reach higher academic standards without compromising with their teaching assignments and routine college activities.

With the incessant guidance and able leadership of P.E. Society's Chairman Prof.Dr.Gajanan R. Ekbote and Joint Secretary and CDC Chairperson Prof. Mrs. Jyotsna G. Ekbote the college bravely accepted the challenge of COVID-19 pandemic in the end of the Academic Year 2019-20. The zeal of all the Vice Principals, Head of the Departments and all teachers helped us to tackle the situation bravely. P.E.S. Management Authorities organized two Faculty Development Programmes in Online Mode which trained the teachers in imparting education in online mode. The college IQAC Coordinator Dr. Anjali Sardesai conducted both the Faculty Development Programmes.

I am also thankful to the non-teaching staff members and housekeeping personnel who are working very hard to ensure complete sanitization and disinfection of the whole campus throughout the day.

I am thankful to the authorities of Progressive Education Society, particularly Prof.Dr.Gajanan R. Ekbote, Chairman, P.E.Society for the valuable guidance and continuous encouragement. We are confident that through his able guidance, our college along with other colleges and schools of P.E.S. will continue progressing in all possible ways.

We are grateful to Prof.P.S.Chirputkar, Dr.A.K.Pande and Chairperson of College Development Committee Prof.Mrs.Jyotsna G. Ekbote and Prof.Shamkant Deshmukh, Secretary of P.E.Society for their active support, guidance and encouragement.

I am indeed very satisfied and happy to note that the Magazine Committee has been very innovative and it has once again taken painstaking efforts and ensured that further improved quality magazine is ready for publication. I congratulate the Chairperson Prof. Narendra M. Naidu, Advisor of the Magazine Committee Vice Principal Prof.S.R.Chaudhari, Vice Principal Dr.Amruta Oke and all the members of Annual Magazine Committee for their innovative efforts and quality work.

Dr. Rajendra S. Zunjarrao
Principal

Just a Few Words...

Dear Readers,

Our magazine work began quite in time and had gathered momentum too. However, due to the unexpected Covid-19 pandemic situation, suddenly everything came to a standstill. We caught up again, aligned back to work and managed to complete this task through challenging odds. The gestation period for this magazine has been too long!

The vibrant nature of our college is clearly apparent from the 'Reports' section and photographs of activities. The commendable work done by our students in Academics, Art Circle, NCC, NSS and Sports has been given due recognition. The department of Physical Education has proved its excellence at the University level for the fourth consecutive year. Therefore, we have dedicated special pages for the Student Achievers.

This section of Reports is certainly a documentation of the wide range of academic, administrative, co-curricular and extra-curricular activities of our college. Moreover, it reflects the harmony and cohesiveness of various faculties progressing under one umbrella.

'Abhivyakti'- forms the second section of our magazine. This is an open platform for the youth of our college to share with others what resides in the recesses of their minds. Students have whole-heartedly contributed articles, poems, reports, essays and creative art-work towards this section. It was a difficult task for us to scrutinize and select material for the magazine.

The young minds have left almost no subject uncovered. This section takes us through a journey of human emotions and relationships, views on technological advances, views on education, environmental issues, facts about status of women, ideas on personality development, book reviews, science and spirituality, the gender issue, life of great personalities, Indian economy, humanitarian service, travelogues, folk-lore and also a few narratives of personal experiences. Our students have not lost context of the Covid-19 pandemic situation too and it is heartening to note that there is no pessimism in their expression. Their contributions related to this topic are optimistic and thought provoking.

There are a couple of articles written in collaboration by students from different disciplines. This type of cooperative initiative deserves appreciation.

The Art-work which includes illustrations, sketches, paintings, portraits and the photographs submitted by our students are of a very high standard. We regret that we had to include only a few of those. The Creativity of our 'Modern' youth knows no bounds.

The Editorial Board expresses gratitude towards the Office Bearers of PES, Principal Dr.R.S.Zunjarrao and all Vice-Principals for their constant support. We thank all our colleagues, office staff, non-teaching staff and students for their cooperation. We appreciate the cooperation of Shri. Madhav Nagpurkar of PRESSPRINT. Thanks to Shri. Avinash Kakade for his patient and the untiring efforts.

The team work of the College Annual Magazine Committee made the task smooth and easy.

We are indeed glad to present the multi-lingual College Annual Magazine -MODERN 2019-2020.

The functioning of the Internal Quality Assurance Cell is under the able guidance of Chairman IQAC, Dr. R. S. Zunjarrao. The IQAC committee is revised in the year 2019-20. In the revised structure, Dr. R. M. Jagtap replaced Dr. Rebecca Thombre, Asst-Coordinator for Science faculty. Dr. Mukta Kothari replaced Dr. M. M. Satam after her retirement.

The IQAC in the year 2019-20 flourished with the sanction of 'Paramarsh' Scheme by UGC New Delhi with the sanction of Rs. 3,00,000/- for the period of one year. IQAC identified 7 different NAAC aspirant mentee institutes and mentored them. Various meetings, workshops and visits were organized under this scheme for the mentee colleges.

The major achievement in the year 2019-20 is award of Autonomous Status to the college in the month of April 2019. The respective committees were formed, syllabus restructuring, BOS meetings, Academic Council meetings, Finance Committee meetings, Governing Body meetings were coordinated by IQAC. All the examination related activities, autonomy activities were conducted by IQAC.

This year also data collection, data compilation and record keeping of data processes were revamped. The generalized formats were prepared and the focus was given on online data collection. The data was collected and compiled which was used for the submission of AISHE, NIRF, Annual Reports, MIS and Self appraisal reports of the institution.

IQAC submitted the AQAR report of the year 2018-19 in online manner. For the data collection purpose w.r.t. AQAR, a separate task based AQAR committee was formed. In the revised form of data collection, it was decided and implemented the collection of data in online format using google sheets shared by IQAC. The AQAR of year 2018-19 was submitted on 16th July 2020. The preparation of AQAR for the year 2019-20 is in progress.

Every year, the IQAC proposes to organize one International, one National and two State Level Conferences. This year also proposals for four conferences were submitted of which the sanction of 2 state level conferences was received which were organized successfully. The theme for these conferences were:

- a.State Level Seminar on e-content Development
- b.State level conference : A start up incubator- A catalyst for sustainable development

In addition to these conferences, various workshops, seminars, guest lectures and teachers training were programs were proposed and organized by IQAC. One workshop on Laboratory safety and security was organized for lab assistants and lab attendants.

The College has committees and associations for the curricular, co-curricular, extra-curricular, extension, outreach and ISR activities. The formation and coordination of all the committees was done by the IQAC and the report of activities conducted by each committee during the academic year was received.

The IQAC conducts the meetings of Head of all the Departments for the planning and improvement in the infrastructure development, innovations in the process of teaching learning and evaluation, organization of conferences and seminars, planning of academic, curricular, co-curricular and extra-curricular activities, review of result analysis for the admission process, examination reforms, department wise budget allocation and utilization of available funds. In year 2019-20, UG and PG coordinators were appointed for the smooth conduct of departmental activities. The fortnightly meetings of UG and PG coordinators were conducted.

The regular meetings of IQAC are conducted and new resolutions, proposals are initiated in the meetings which are then approved in CDC for the implementation. The innovative, new activities/ events initiated by IQAC are:

- a. Preparation of Autonomy: Budget, Credits, Syllabi, BOS, Rules and regulations, Exam Section, exam related policies

Department of German

The academic year 2019-20 marked the beginning of the 50 year celebrations of MCASC. The year also holds historic significance as the college acquired the autonomous status starting with the first year for all the UG and PG programs. The year was indeed a special one for the Department of German as the German Special Course turned 5 years old. Two new teachers were appointed, Ms. Ashwami Patil and Ms. Prachi Atre, both alumni of the college returned to the department after their Masters in a reverse role as that of teachers. Ms. Sneha Mahajan was officially appointed as the Head of the Department. The department flourished further as many departmental activities were conducted for the students of junior as well as senior college, which made this year even more fulfilling.

SENIOR COLLEGE

Departmental Activities/ Achievements:

- This year started with an interactive workshop by Dr. Sai Bhatawadekar, Director, Center for South Asian Studies, and Associate Professor of Hindi/Urdu, Indo-Pacific Languages and Literatures, University of Hawai'i, USA on the topic 'Performance based Language Pedagogy' in the month of July, 2019. Students created short poems and also presented short performances of the said poems.
- The department became a member of Bildungskoooperationsdeutsch [BKD], German Educational Cooperation, a project of Goethe Institut, Max Mueller Bhavan. BKD offers teachers training programs and seminars for teachers, youth camps, scholarships, language courses and cultural programs for the students since August 2019. It is indeed a privilege to be associated with this esteemed organization headed by Ms. Vaishali Dabke.
- In September 2019, the German Section of SPPU generously donated about 100 books, a collection of different genres for the benefit of the students. The books were handed over by Prof. Dr. Swati Acharya, Coordinator, German Section, Department of Foreign Languages, SPPU to the department of German as a token of appreciation to the department and its students.
- With the help of MCASC Library and the librarian Dr. Shantashree Sengupta, a separate section for German was built and the newly acquired books were arranged with the existing ones at the beginning of the second semester in November 2019. There are now about 117 books in the library plus a 100 more in the department.
- One of the former teachers of the department Miss. Etisha Botre, now a freelance editor, content writer and newly, an author was invited for a book reading session of her debut book and conduct a Creative Writing workshop on 14th December 2019. As the book and the workshop were in English, students from the department of English along with German participated. Ms. Botre read a short excerpt from her book 'An Honest Present and other short stories'. She then conducted an interactive activity, where she guided the students to write a creative piece of their own. Students came up with a lot of ingenious texts.
- On the occasion of Christmas, Mr. Steffen Hackbarth, an intern from the Göttingen University, Germany at the German Section, SPPU, held a Workshop on Improvisation Theater on 24th December 2019. He started the workshop on a lighter note by giving the students insights on Christmas celebrations in Germany, by showing them some real life photos and videos of his family's celebration. Then he moved on to introducing some language-based improvisation theatre games where students learned to speak German spontaneously in given situations while making use of correct vocabulary.
- The yearly tradition of organizing a German Film-Festival was also continued this year with screening of three feature films- 'Almanya-Willkommen in Deutschland', 'Das fliegende Klassenzimmer' and 'Das Leben der Anderen'. The Festival was held in the first week of January 2020 and the films were carefully chosen covering a large area of topics from the History to the Culture of Germany.
- The department organized an Alumni Meet, to which the alumni of the department since its establishment were invited. The informal meet included many former students from Arts as well as the Commerce Department. The meet enabled the department to get to know about its former students who are now working in various fields associated with German language and others.

- The year ended with the yearly fest of the department, 'Germination'. This year the festival was from 30th January 2020- 1st of February 2020. The fest included cooking, quiz and a creative writing competition. Students from junior college, senior college as well as BBA faculty participated in huge numbers.

Students' Activities / Achievements:

The students from Arts and Commerce faculty actively took part in various competitions related to German language, held in other colleges and university.

- Ms. Anuja Zende (F.Y.B.A) and her group participated and won in the 'Short film making competition' arranged by Forum Deutsch in association with DAAD, Pune.
- In the competitions held by Department of Foreign Languages, SPPU Ms. Eesha Joshi (S.Y.B.A), Ms. Anisha Ghare (F.Y.B.A) and Ms. Komal Bhansali (S.Y.B. Com) won the 1st, 2nd and 3rd prizes respectively for Creative Writing Competition. Ms. Hruta Kulkarni (S.Y.B.A) won the 1st prize in the Poetry Recitation Competition. Ms. Vara Maydeo and Ms. Shravani Panse (T.Y.B.A) had also participated in the creative writing competition and Ms. Aishwarya Karikar (S.Y.B.A) in the poetry recitation. Ms. Meera Kendurkar, Ms. Tanaya Apte and Ms. Priya Acharya (F.Y.B.A) participated in the cooking competition. Ms. Shravani Panse (T.Y.B.A) also participated in the quiz Competition.
- Ms. Mruga Kelkar (T.Y.B.A), Ms. Rasika Sahasrabuddhe (T.Y.B.A), Ms. Sana Oswal (T.Y.B.A), Ms. Laetitia Shetty (S.Y.B.Com) and Ms. Komal Bhansali (S.Y.B.Com) took part in the German One Act Play competition by Forum Deutsch and secured the first and third place respectively.
- Students of S.Y.B.A German special actively participated in the Departmental Fest of Fergusson College where they participated in a number of activities and competitions as also attended the DAAD seminar on Higher Studies in Germany.
- German Special students of S.Y.B.A and T.Y.B.A attended an event hosted by Fergusson College- an interactive session by Dr. Sai Bhatawadekar around the topic 'Philo-Selfie- Imaging myself through German-Indian Studies in America'.

Teachers' Activities / Achievements:

The staff members of the senior college- Ms. Sneha Mahajan, Ms. AshwamiPatil and Ms. Prachi Atre participated in various Workshops and Programs conducted by the German Community in Pune throughout the year.

- Starting the year with an interactive talk hosted by the Department of German, Fergusson College, Pune on 26th of July, 2019 by Dr. Sai Bhatawadekar from the University of Hawai'i, USA around the topic 'Philo-Selfie- Imaging myself through German-Indian Studies in America'.
- Also held through the Department of German, Fergusson College, Pune was a creative-writing Workshop in German on aesthetics in Poetry by Jurczok 1001, a Musician from Switzerland which was attended by Ms. AshwamiPatil and Ms. Prachi Atre. The Workshop concentrated on using the German language in creating poetry pieces which don't have to be aesthetically perfect but involve creative thinking from the students.
- Ms. Sneha Mahajan had her first paper published in an international research journal entitled 'Grenz-Übergänge. Zur ästhetischen Darstellung von Flucht und Exil in Literatur und Film'. The paper was presented in October 2017 at the conference of GIG (Gesellschaft für Interkulturelle Germanistik) at the Europa University, Flensburg, Germany.
- Ms. Mahajan was associated with a book writing project. A self-learning book titled 'Madiyashikuya' was compiled by the team thereby enabling social workers to learn this rare tribal language spoken in the Gadchiroli district of Maharashtra.
- Being a part of Bildungskoooperationsdeutsch [BKD] and PASCH, the teachers of the Department were cordially invited for the Deutschlehrerkonferenz. Teachers' Conference. Ms. Sneha Mahajan, Ms. Prachi Atre, Ms. Ashwami Patil and Ms. Priya Agarwal attended the two-day conference organized in Hotel Central Park, Pune on 7th and 8th of November, 2019. The overall theme of the conference was 'Teaching German through Diverse Methods' and various workshops were conducted under this topic.
- Forum Deutsch in association with DAAD Pune had arranged a cultural evening on the topic

'Homeland/Hometown'. Ms. Prachi Atre wrote and read a short story and Ms. Ashwami Patil performed a dramatic reading based on the said topic.

To help the Students of 12th Standard to revise all the grammar topics taught throughout the year, both of the Guest Lecturers from Senior College Ms. Prachi Atre and Ms. Ashwami Patil took a 4-day Grammar Revision Session from 18th to 21st December 2019 for two hours each. All the topics were essentially refreshed with additional exercises and any doubts from the students were cleared.

- On 20th February 2020, Katjat Lasch, the newly appointed Director of DAAD Regional Office, New Delhi visited the German Section of SPPU. A Workshop was organized on this occasion under the theme 'Philology at the Crossroads of Commerce and Culture: Current Challenges and Opportunities in German Studies'. The head of the department, Ms. Sneha Mahajan presented and reviewed the German Department of Modern College under this workshop.
- The Department was also a part of two Faculty Development Programs conducted through the College Management in this year. Firstly, Ms. Prachi Atre and Ms. Ashwami Patil attended the 3 day Faculty Development Program on 'Teaching Skills and Strategies for newly appointed members'. The workshop was organized by P.E. Society's B.Ed. College, Shivajinagar.
- All the senior college staff along with the HOD attended the two-week Faculty Development Program conducted from 11th May to 25th May 2020 regarding E-Content Development in the wake of COVID-19. The Program was extremely helpful in understanding using the innovative software needed to develop online teaching contents and methods optimally.

JUNIOR COLLEGE

Departmental Activities

- Ms. Andrea Walter, the newly appointed PASCH-EXU, visited the college for the renewal of contract on 9th October 2019. The teachers interacted with Ms. Walter and discussed about future programs of PASCH and the contribution of Modern College in the same. She was overwhelmed by the number of students the department caters to in colleges and gave us some tips on effective teaching methods for such large groups.
- Ms. Luisa Plamp, an intern from Goethe Institut, Max Mueller Bhavan, Pune was invited to the college. She delivered an informative as well as engaging lecture to the students of class XI on the topic 'School System in Germany'. मराठी विभाग

सन २०१९ - २०२० या वर्षामध्ये मराठी विभागातर्फे विविध उपक्रम घेण्यात आले. यावर्षी मराठी विभागातर्फे दोन प्रमाणपत्र अभ्यासक्रमांचे आयोजन करण्यात आले होते. पाली भाषेचा प्रमाणपत्र अभ्यासक्रम आणि तत्त्वाज्ञानातील प्रमाणपत्र अभ्यासक्रम. या दोनही अभ्यासक्रमांना एकूण ५० विद्यार्थी होते. सावित्रीबाई फुले पुणे विद्यापीठातील पाली आणि तत्त्वज्ञान विभागाच्या सहकार्याने हे वर्ग घेण्यात आले होते.

भाषा संवर्धन पंधरवडा निमित्त १ जानेवारी २०२० ते १५ जानेवारी २०२० दरम्यान मराठी भाषा आणि साहित्याच्या संदर्भात विविध स्पर्धा आणि व्याख्यान कार्यक्रमाचे आयोजन करण्यात आले. ते कार्यक्रम पुढीलप्रमाणे;

१. निबंध लेखन स्पर्धा
२. वक्तृत्व स्पर्धा
३. कथा कथन स्पर्धा
४. काव्य वाचन आणि सादरीकरण स्पर्धा
५. काना, मात्रा, उकार, वेलांटी, जोडाक्षर विरहीत मराठी शब्द लेखन स्पर्धा
६. मराठी भाषा आणि साहित्य या संदर्भात विशेष व्याख्यानाचे आयोजन

विद्यार्थ्यांच्या साहित्यविषयक लेखन प्रतिभेचा विकास वृद्धिंगत व्हावा यासाठी मराठी विभागांतर्गत इयत्ता अकरावीच्या वर्गापासून पदवीपर्यंतच्या वर्गासाठी निबंध लेखन स्पर्धेचे आयोजन करण्यात आले. त्यामध्ये अनेक विद्यार्थ्यांनी उत्स्फूर्त सहभाग घेतला. सदर निबंधलेखन स्पर्धेसाठी पुढील विषय विद्यार्थ्यांना देण्यात आले होते;

१. महापूर : नैसर्गिक की मानवनिर्मित
२. स्त्री सुरक्षा : समस्या व ऊपाय व आजचे वर्तमान
३. बुश फायरपासून काय शिकणार?

सदर विषयवर विद्यार्थ्यांनी उत्स्फूर्त लेखन केले. त्यातून विद्यार्थ्यांचा साहित्याकडे पाहण्याचा दृष्टीकोन सकारात्मक होत असल्याचे प्रत्ययाला आले.

विद्यार्थ्यांमध्ये मराठीतून संवाद कौशल्याचा विकास व्हावा या हेतूने वादविवाद व वक्तृत्व स्पर्धेचे आयोजन करण्यात आले. सदर स्पर्धेला विद्यार्थ्यांचा चांगला प्रतिसाद लाभला. सदर स्पर्धेसाठी विद्यार्थ्यांना खालील विषय सादरीकरणासाठी वेळ ५ + २ मिनिटे असा देण्यात आला. विद्यार्थ्यांना देण्यात आलेले वादविवाद व वक्तृत्व स्पर्धेचे विषय पुढीलप्रमाणे;

१. संत ज्ञानेश्वरांचे विचार
२. संत तुकारामांचे विचार
३. भारत महासत्ता : स्वप्न की सत्य!

विद्यार्थ्यांमधील मराठी काव्य प्रतिभा विकसित व्हावी या हेतूने काव्य वाचन आणि सादरीकरण स्पर्धेचे आयोजन करण्यात आले. सदर स्पर्धेला विद्यार्थ्यांचा चांगला प्रतिसाद लाभला. वास्तवाची जाणीव ठेवून विद्यार्थ्यांमध्ये कथात्मक साहित्याची कल्पकता वृद्धिंगत व्हावी म्हणून कथाकथन सादरीकरण, एकांकिका-नाट्य वाचन, विनोदी कोट्यांचे सादरीकरण आदी कार्यक्रमांचे रोजी आयोजन करण्यात आले. सदर स्पर्धेला विद्यार्थ्यांचा चांगला प्रतिसाद लाभला. याच दिवशी मराठी भाषेतील काना, मात्रा, उकार, वेलांटी, जोडाक्षर विरहीत मराठी शब्द लेखन स्पर्धेचे आयोजन करण्यात आले या स्पर्धेतही विद्यार्थ्यांनी उत्स्फूर्त सहभाग नोंदवला.

मराठी साहित्याच्या क्षेत्रातील संशोधन आणि समीक्षा : संकल्पना आणि स्वरूप या विषयावर मराठी साहित्याचे जेष्ठ समीक्षक डॉ. हरिश्चंद्र थोरात (अध्यासन प्रमुख, गुरुदेव रवींद्रनाथ टागोर अध्यासन, मुंबई विद्यापीठ, मुंबई) याचे व्याख्यान आयोजित केले. याचा द्वितीय व तृतीय वर्ष कला पदवी आणि प्रथम व द्वितीय वर्ष पदव्युत्तर मराठीच्या विद्यार्थ्यांनी लाभ घेतला. यामुळे समीक्षा आणि संशोधन याबाबत विद्यार्थ्यांच्या मनातील द्विधा नाहीशी होण्यास मदत होईल असे उद्दिष्ट योजण्यात आले.

महाविद्यालयाचे आदरणीय प्राचार्य डॉ. राजेंद्र झुंजारराव व यांच्या मार्गदर्शनखाली मराठी विभागातील डॉ. वैजयंतीमाला जाधव, डॉ. गजानन अपीने, प्रा. विनोद पवार, प्रा. सुरेश रासकर यांनी ग्रंथ दिंडी आणि ग्रंथ प्रदर्शन कार्यक्रमाचे आयोजन करून मराठी भाषा संवर्धन पंधरवड्याचा समारोप करण्यात आला. यावेळी विद्यार्थ्यांनी पारंपारिक मराठमोळी वेशभूषा करून मराठी भाषा संवर्धनाबाबत महाविद्यालयात विविध कलांच्या माध्यमातून उद्घोषणा सादर केल्या. मातृभाषा दिनानिमित्त मराठी विभागाच्या वतीने २२ फेब्रुवारी २०१९ रोजी सावित्रीबाई फुले पुणे विद्यापीठातील मराठी विभागातील प्राध्यापक डॉ. गजानन अपीने यांचे मातृभाषेची महती सांगणारे

व्याख्यान आयोजित करण्यात आले. त्यांनी मराठी भाषा, मातृभाषा म्हणून तिचे असलेले स्थान यांचे महत्त्व विद्यार्थ्यांना विशद केले. डॉ. सुरेश रासकर यांनी भाषा आणि तिचे उच्चारण याविषयी मार्गदर्शन केले. मराठी विभागातील डॉ. वैजयंतीमाला जाधव यांनी यावेळी विद्यार्थ्यांना मराठी भाषेचा उत्तम नमुना असलेली कविता महाजन यांची 'कुहू' ही चित्रफित दाखवली. यावेळी 'डॉक्टर तुम्हीसुद्धा' या नाटकाचे नाट्यवाचन श्री. विनोद पवार यांच्या मार्गदर्शनाखाली करण्यात आले. मातृभाषा दिनानिमित्त ग्रंथालयात पुस्तक प्रदर्शन आयोजित केले होते. एम.ए. भाग १ आणि २ च्या विद्यार्थ्यांनी या ग्रंथ प्रदर्शनाला भेट दिली. यावेळी ग्रंथालयातील अमित साळुंके यांनी 'मातृभाषा आणि आपण' या विषयावर आपले मनोगत व्यक्त केले. ग्रंथालयाच्या ग्रंथपाल शांतश्री सेनगुप्ता या कार्यक्रमांला उपस्थित होत्या.

मराठी भाषा गौरव दिनानिमित्त २ फेब्रुवारी २०२० रोजी जिल्हा माहिती प्रशासन आणि मराठी विभाग यांच्या संयुक्त विद्यमाने कार्यक्रम आयोजित करण्यात आला. यावेळी डॉ. युगंधर शिंदे यांचे 'मराठीच्या बोली' या विषयावर व्याख्यान आयोजित करण्यात आले. या कार्यक्रमांला पुणे विभागीय माहिती कार्यालयाचे जिल्हा माहिती उपसंचालक मोहन राठोड, जिल्हा माहिती अधिकारी राजेंद्र सरग उपस्थित होते. यावेळी तृतीय वर्ष कला शाखेचा विद्यार्थी शशिकांत राउत याने कीर्तन सादर केले. ऋतुजा चिंचपुरे हिने कविता सादर केली. जान्हवी पुरंदरे, प्रतिक ढवळीकर, सायली रौंदाल, सचिन शिवले यांनी या कार्यक्रमात सक्रीय सहभाग घेतला.

Department of Animation

Establishment of the Department

Department of Animation is established in the Academic Year 2019-20 as a separate Department. Initially it was under the Department of Computer Science. The course run by the department is B.Sc. Animation which is 3 years degree course started by Savitribai Phule Pune University in the Academic Year 2012-13 and in Modern College in the year 2013-14.

Since the first batch passed out of B.Sc. Animation, we have achieved 100% result till the academic year 2018-19. Under autonomous status the department has started M.Sc. Animation course from the Academic Year 2020-21. UGC NSDC has sanctioned B.Voc. Animator (3D Animation and VFX), 3 years degree course which is going to be started from Academic Year 2020-21. Department also launched Graphic Designing and Animation (GDA) certificate course and teacher's training course.

The department is well equipped with modern facilities and tools required for the animation studies. It includes two computer labs and one VFX studio. All the staff members are qualified and experienced in their subjects. Along with the teaching they also participate in various off-campus industrial and educational activities. MOUs has been created with Sharkfinn Studios, Pune and Padhega Bharat scheme to develop industrial relationship for the benefit of the students. The department also conducted an online art competition in the lockdown period.

LMS (Learning Management System)

Academic Year 2019-20 is the first year of the college under autonomous status. Department of Animation has adopted highly professional Learning Management System for students and teachers initiated by the college. The effective use of LMS benefited to all teachers to improve their own working performance as well as guiding the staff members of other departments. All the exams, assessments and marks entries of F.Y.B.Sc. Animation throughout the year were carried out effectively using LMS.

Technical Support

The Department of Animation provides technical support to the various events and programs carried out throughout the year. This includes audio-visual presentation, live video

coverage through the Modern Media Station Youtube channel and other technical assistance.

State level Seminar

Department of Biotechnology

The department of biotechnology is a very vibrant department established by the college in 2005 and actively conducts various academic and non-academic activities for the overall development of students. U.G. as well as P.G. students are encouraged to participate in various curricular, co-curricular and extracurricular activities along with the staff members. The main program conducted by the department was "Biotech Fest 2020" on 10th and 11th Jan 2020. The different competitions conducted in the Biotech Fest were Quiz, Petri plate art, Treasure hunt, Fuel less cooking and

Chemo magic. Students gave a huge response for all these competitions and department needed to conduct elimination rounds prior to the events. All staff members were involved in organizing the Biotech fest along with non-teaching staff members.

Every year the department organizes Parent Teacher Association meeting which was also conducted this year on 28th December 2019 to interact personally with parents emphasizing on the problems faced by students and helping the students to improve their results.

Another important activity the department conducts every year is the Alumni Meet and it continued this year as well. The "Alumni Meet" was special this year as the department completed 15 years of teaching by inviting all past students. The alumni shared their experiences in various fields with current students and the scope of biotechnology in the future.

Department of Biotechnology had also organized several guest lectures and talks from different field of science like Pharmacy, Industrial processes, Patents, Higher studies etc. Eminent scientists from different research institutes came to deliver guest lectures in the department. Some of them were Dr. Padhaye on "Exploring Higher Study Opportunities Abroad", "Intellectual Property Rights" by Adv. Paresch Chinchole. This year two lecture series were conducted for B.Sc. Blended students, by departmental alumni. One was by Mr. Merin Varghese on "Soft skills and Personality Development" and another by Mr. Soumitra Bhide on "Preparing for Entrance Examinations". The students also attended a few lectures organized by Savitribai Phule Pune University departments under various schemes.

Every year the department organizes several educational visits for both UG and PG classes. The visits include a visit to the dairy industry, fermentation industry, sewage treatment plant, Biodiversity studies. This year the T.Y.B.Sc. Visit was organized to Someshwar Sugar Factory near Baramati on 29th Jan 2020 while M.Sc. II visited the same in the month of September. F.Y.B.Sc students also visited Mapro, Mahabaleshwar in January 2020. S.Y and T.Y.B.Sc students visited Pashan Lake and Katraj dairy. S.Y.B.Sc. and T.Y.B.Sc. Blended students did many local field visits for biodiversity practicals.

The first batch of B.Sc Blended (Bioscience) batch passed out in the year 2019-20 and the convocation ceremony was organized by Savitribai

Phule Pune University and University of Melbourne on 29th August 2019 at the SPPU campus. The Honorable Vice-Cancellor of University of Melbourne Prof. Duncan Maskell and Honorable Vice-Cancellor of Savitribai Phule Pune University presented the certificates to first cohort of students who graduated through the B.Sc. Blended program.

This year the B.Sc. Blended students organized a social activity in collaboration with the Pune based NGO "Deepstambha". The students prepared study material in the form of Flash cards for slow learners. 43 students were involved in this activity. The college also provided the stationary to the organization for the said activity.

The department conducts various skill development courses for students from the department as well as other eligible students. This year a staff member from the department Ms. Mukta Kothari conducted 3 batches of 10 days add-on certificate course "Animal Models in Developmental Biology" with 20 students per batch.

Staff members and students actively participated in various activities. Ms. Mukta Patil, Dr. Sukhada Akole and Dr. Pooja Thakurdas attended a two-day workshop on co-operative learning, workshop on paper setting to name the few. Few staff members like Ms. Radhika Oke presented a **Poster** entitled, 'Potential of soil bacteria to reduce pesticide and its relation with plant growth enhancement' in a **National Conference** on 'Harnessing Microbial Wealth for Start-ups in Life Sciences' organized by the Department of Microbiology, SPPU, Pune, from 29th -31st January 2020 and gave an oral Presentation on 'Treatment of Pesticide Polluted Soils using 'Green Technology' in an **International Conference** on Recent Trends in Bioengineering (ICRTB) organized by MIT School of Bioengineering Sciences and Research, MIT-ADT University, Loni Kalbhori on 31st January and 1st February 2020.

One of the B.Sc. Blended students Mr. Soumitra Bhide ranked first all over India among 11,000 students at IIT-JAM and got the admission to University of Melbourne with 100% scholarship for Master's Program in Biosciences. Students also participated in various workshops, conferences and competitions and won the prizes in different categories.

- b. A one day study tour to Malavali was arranged for collection of Bryophytes for M.Sc. Students on 6th November 2020
- c. Excursion tour to Amboli and Malvan was arranged for T.Y.B.Sc students from 9th to 12th January 2020 as per syllabus.
- d. A one day study tour was arranged to Bhimashankar on 11th February 2020 for S.Y.B.Sc students. The students were

permitted to take photographs of wild plants and an excursion report was submitted during the practical exam.

- e. Excursion tour of M.Sc. students to Harihareshwar and Diveagar for collection of Marine Algae and Fungi was arranged from 10th to 12th November 2019.

Guest lectures

A lecture series was conducted for UG and PG students

- a. Dr. Mahesh Borde, Dept. of Botany, SPPU delivered a lecture on "**Career Opportunities in Mycology**" on 18th September 2019.
- b. Dr. C. K. John, (Retd. Scientist NCL) was invited to talk on "**Career Opportunities in Biotechnology**" for M.Sc. Students on 28th September 2019.
- c. A lecture series by Mr. Ashish Nerlekar (Ph.D. student, Texas A and M University) was organized for UG and PG students from 20th to 27th December 2019 on **Ecology**. It was an interactive activity with students where students got an entirely different perspective towards *Ecology of Pune*.

Add on courses

Dr. U.R. Wayase conducted a six month add-on course on Plant Tissue Culture for S.Y.B.Sc students from 22nd August 2020.

Innovative teaching methods

- a. For effective teaching-learning process, for theory and practical different technologies were used along with PowerPoint presentations which include the creation of a learning **App** by Dr. U.R. Wayase.
- b. ELMO presenter was used for observation and discussion of sections taken by students during practical, showing videos and films for deeper understanding.

Department of Chemistry

After the superannuation of **Dr. S. K. Ujlambkar, Dr. H. K. Gaikwad (Associate Professor in Chemistry)** shouldered the responsibility as Head of the Department in October 2019.

In view of the safety all the electrical wirings and gas connections have been changed completely as well as the networking was also very well completed. Staff room of the department was renovated and the networking as well as the seating arrangement were done for all the staff members.

During his academic year, the preparation room, (Practical preparation room) Research Laboratory, Junior staff room were also renovated and very well equipped with the all facilities required for the online teaching mode.

College was awarded with DST- FIST project during the year 2019-20. Dr. S. S. Sakate working as Co-ordinator and Dr. R. M. Jagtap as Assistant Co-ordinator for the DST- FIST project sanctioned to college.

The "**Sophisticated Instrumentation Facility**" is developed at Department of Chemistry under the DST-FIST (2019) project sanction to college during this current academic year. Under

this project various high end instruments such as Gas Chromatoghy (GC), High Performance Liquid Chromatography (HPLC), Ultra violet Spectroscopy-Diffused Reflectance Spectroscopy (UV-DRS), Fourier Transform Infrared Spectroscopy (FTIR), Millipore water system, Rota Evaporator were purchased and installed.

Dr. R. M. Jagtap appointed as COE of Modern College of Arts, Science and Commerce (Autonomous), Shivajinagar, Pune-5.

Dr. R. M. Jagtap, Dr. S. S. Sakate, Dr. H. K. Gaikwad and Dr. P. L. Verma completed Ph. D. from Savitribai Phule Pune University, Pune. Now the department is having seven (7) Ph. D. awarded staff members and one (1) M. Phil. Awarded staff. Two staff members are pursuing Ph. D. degree.

Dr. S. S. Sakate published five (5) research publications in international peer reviewed journal with impact factor (2.7-7.8).

Dr. R. M. Jagtap published five (5) research publications in international peer reviewed journal with high impact factor.

Dr. S. S. Sakate delivered a talk as a resource person at Vidya Pratishthan, Baramati for the workshop entitled "NET-SET preparation."

Dr. S. S. Sakate, delivered a talk as a resource person in International Conference held online at Netaji Subhashchandra College of Arts, Science and Commerce, Nanded.

Dr. S. S. Sakate, delivered a talk as a resource person at Netaji Subhashchandra Bose College, Nanded, Online Countrywide National Science Student Development Programme (CWNSSDP-2020)

Department of Computer Science

At the Department of Computer Science, we strongly intend to achieve excellence in everything we do. The need of the hour in every field including that of education is remarkable excellence. Realizing this need, our department is constantly engaged in molding futuristic information and communication technologists today. Our Alumni is spread across all leading Nations and has reached great heights in terms of position and achievement.

Our students are in the field of Computer Science and Computer Applications. Undergraduate

courses conducted by the Department are B.Sc. (Computer Science) and BCA (Science). Admission to these courses is on the basis of their performance at HSC (Science). At the Postgraduate level their performance at the B.Sc. (Computer Science) degree and performance of the entrance examination is the criteria for the admission for M.Sc. (Computer Science) course. We have commenced the M.Sc. (Computer Application) course from the academic year 2019-20.

We have a dedicated team of teachers, experts and also have well equipped laboratories. The active and highly qualified team of faculty members spares no efforts to keep the students well informed and updated with current trends in technology. The students also reciprocate with their high achievements in academics, extra-curricular activities and placements.

A large number of students get excellent placements in India and abroad. We feel very proud to inform that we find our shining stars at every progressive part of the world. Every year several students are also selected in reputed foreign universities for higher studies. Various educational authorities have noted the achievements of reputation of the college. There is an overwhelming response from the students to secure admission to the courses offered by the department.

Activities conducted during the year:

- Kartikeya Rindani Intercollegiate Programming and Quiz Contest (1st Feb 2020)
- R.M. Marathe Programming Competition (27th Dec 2019)
- Placement Activity
- Seminars
- Workshop
- Group Discussion
- Mock Interview
- On-line Admission process for all the courses
- Conducting M.Sc. (CS) Entrance Examination at Mass Level
- Student/Career Counseling
- "Zaroka" - The Desktop article column

Overview of Major activities:

- Kartikeya Rindani Programming Contest

Since the last 10 years, Modern College of Arts, Science and Commerce, Shivajinagar, Pune - 5, has been organizing the Kartikeya Rindani Memorial Scholarship distribution and Intercollegiate Competitions. This year,

Programming, Poster, Quiz, Seminar, Project and Animation short film competitions were organized on 31st January and 1st February 2019.

The recipients of the scholarship were Abhishek Nikam, Azad Singh, Aditya Chavan, Mangesh Navale, Vivek Shinde, Karishma Thorat, Tukaram Bahir and Archana Badhe. Each student received a Scholarship amount of Rs. 16,000/- Some student alumni and staff members also contributed towards the scholarship amount.

- **R.M. Marathe Programming Contest**

Every year from the year 2000, the Department of Computer Science has been conducting C programming contest for undergraduate students. Prof. R. M. Marathe (now retired) from the Physics Department has sponsored the prize for the winner of this contest which is given in the annual Prize Distribution Function.

There has been a tremendous response through all the years for this contest as all the Departments where 'C programming' is taught in the syllabus are included for the contest. The contest was conducted in two parts: 1. Objective test, 2. Online C Programming test

This year the test was conducted on 27th Dec. 2019. 114 students appeared for the 1st part i.e. the Objective Test. From this year this competition was conducted through the online mode. Omkar Doke, TYBSc student was the winner. Prof. Madhuri Ghanekar worked as a Co-ordinator for R.M. Marathe Programming Contest.

- **One Day Workshop on 'Introduction to Data Science (with Python)'**

A one-day workshop on "Introduction to Data Science (with Python)" was conducted on 3rd February 2020 in association with the Board of Students Development, Savitribai Phule Pune University.

The Objectives of the Workshop were:

- To introduce students to the Emerging Technologies in the domain of Data Science
- To learn the fundamentals of Python
- To provide hands-on training
- To understand the concepts with the help of Case studies

The following Members worked as Resource persons:

Dr. Chitra Desai, Professor and Head at NDA Khadakwasla, Pune

Dr. Sanjay Kadam, Senior Director, CDAC, Pune

Ms. Preeti Pandhu, Founder – Data Science Lab, Pune And Co-founder of Data Science Lab

Consulting Services Pvt. Ltd.

We received an overwhelming response for the workshop. One hundred and ninety two students and twenty five faculty members benefited from this workshop. There were participants from other colleges namely, Abeda Inamdar College, P.V.G.'s College of Science, Modern College, Ganeshkhind, Christ College, Pune, MamaSaheb Mohol College, Modern College of Business Administration, Pune and D.Y. Patil College of Arts, Science and Commerce, Pimpri, as well.

Prof. Dr. R.S. Zunjarrao, Principal, Prof. S.S. Deshmukh, Vice-Principal and Head, Department of Computer Science extended valuable guidance and support in conducting this workshop. Prof. Manisha Suryawanshi, Placement Coordinator, Prof. Vaishali Bhoite, M.Sc. Computer Science course coordinator actively participated in the workshop. Prof. Dr. Kalyani Salla worked as a Coordinator in organizing this workshop. Staff members of Department of Computer Science worked actively in organizing this workshop.

- **Seminars**

Like every year the Department organized several **Seminars and Workshops** by inviting eminent personalities from the field of IT. The topics of the Seminar were Soft skills, IoT, Android App Development, Cross Platform App Development, Python Programming, Entrepreneurship and Employability enhancement skills. This activity proved beneficial to the students as well as to the staff members and helped in establishing a College and Industry Collaboration. All teaching and non-teaching staff members actively participated to ensure the smooth conduct of the Seminars/ Workshops.

Following are the details:

- **Seminar on 'Placement Guidance and Career Opportunities'**

This Seminar was conducted by Placement Coordinator Prof. Mrs. Manisha Suryawanshi on 30th December 2019.

Following points were discussed in detail:

- * Interview Skills
- * Resume writing
- * Behavioral Skills
- * Placement preparation
- * Worldwide Career Opportunities
- Seminar on 'Machine Learning: Myths and Realities' This talk was delivered by Dr. Parikshit Mahalle, Professor and Head of Computer Engineering Department, SKNCOE, Sinhgad Technical Education Society. Machine Learning, Deep Learning and Artificial Intelligence were explained in a simplified and interesting manner. Some important applications were discussed. Students were motivated to take up Projects for Social causes. Our students interacted with the speakers.
Job opportunities in the role of Data Analyst, Data Scientist, Business Intelligence Developer were discussed. As per the feedback received from students and staff members it was an excellent talk.
Around 100 students and 15 staff members attended the Seminar.
Prof. Dr. Kalyani Salla worked as the Coordinator in organizing this Seminar.
- Seminar on the occasion of National Science Day Two Seminars were arranged by the Department of Computer Science for their students and staff members on the occasion of National Science Day.
Prof. S.S. Deshmukh, Vice-Principal and Head, Department of Computer Science conducted a Seminar on 'Importance of System Analysis and Design in Project' for the students of the Department of Computer Science. Our students were immensely benefited by attending this session which will help them improve their Project work.
Prof. Dr. Kalyani Salla, Assistant Professor and M.Sc. CA Course Coordinator conducted a Seminar on 'Writing an Effective Research Paper' on the occasion of National Science Day. The contents of the talk included, Author versus Reader behavior, key elements of publishing, ethical issues in publication, structure of a research paper, effective writing skills, referencing styles, Journal or Conference selection, peer review process and a discussion on global view of publications in Science.

About 60 students and 7 staff members attended the session.

- Student participation in IAO (Industry Academy Open House) Seminar

The students of M.Sc. Computer Science Part-I and M.Sc. Computer Application Part-I attended the Open house for students organized by IAO (Industry Academy Open House) which was conducted by Prof. Nikhil at COEP (College of Engineering Pune) on Sunday, 15th December 2019. This Seminar was conducted to discuss the current problems of unemployment, under employment, reasons and solutions for these problems.

The Agenda of this seminar was to spread awareness about the current situation of employability and the gap between the traditional education system and the current requirement of resources by the Industries as employees and also what the importance of Machine learning, Deep Learning, Artificial Intelligence and IoT is in today's competitive world and where students lack to cope up to the requirements. Prof. Vaishali Bhoite coordinated with the organizers and ensured student participation from our Department.

Activities and support from the Alumni:

- Past students have supported the placement of the current batch students in reputed IT Industries and in offering training programs
- Project guidance is made available from Alumni to the students in the form of lectures, project guidance and by conducting counseling sessions
- Group discussion sessions of the present students were arranged and seminar sessions of past students on different topics were arranged on every Saturday.
- Active participation in organizing the "Kartikaya Rindani Intercollegiate Programming Contest"
- Mock Interviews were conducted by the past students who are working in reputed IT Industries for the current batch students to prepare them to face the challenges of the present competitive world and to make them mentally prepared for the competition.

Pride Alumni of Computer Science Department:

The brilliant students of our department are working at higher positions in various fields

like Science and Technology, Research, Business, Banking, Industries, Education, Engineering, Medicine Administrative Services etc. Some of them often visit our college and encourage and guide the present batch of students.

Special achievement of staff members:

- 1) Attended open house on 'How to bridge gap of Industry and Academia' on 14th November 2019 arranged by BHAU institute, COEP, Pune.
- 2) Guided M.Sc.(CS) students for writing and presenting research paper in Student National Conference at Indira College, Wakad, Pune on 20th December 2019.

Paper entitled: 'Comparative study of ways of constructing expression trees for its performance using various parameters'.

- 3) Visited I-Medita company along with M.Sc. students on 9th January 2020 as part of Industrial Visit activity.
- 4) Invited as Resource Person in 'Hutatma Balveer Shirishkumar Higher Secondary School, Shivajinagar, Pune' for conducting 'Meditation Session' for 9th and 10th standard students on 21st January 2020.
- 5) Worked as part of committee of online exam conducted by Spoken Tutorial IIT Bombay and arranged exams for M.Sc. (CS) students.
- 6) Arranged guidance session on 'Projects in IOT and AI' conducted by Mr. Nikhil Bhaskaran from BHAU institute, COEP, Pune on 8th February 2020.
- 7) Arranged session on 'Problem Solving Skills' for PG students on 5th March 2020.
- 8) Guided M.Sc. students for writing and presenting research paper in Student National Conference at MIT College, Pune on 28th February 2020.

Paper entitled: 'To solve language barriers using Predictive and Prescribed analysis'

Research Paper published in the International Journal of Engineering Research & Technology, ISSN:2278-0181, ICSITS - 2020(Volume 8 - Issue 05) Conference Proceedings.

- 9) Attended 7 day on-line Faculty Development Program on 'Cross Platform App. Development Using Android' in the month of April 2020.
- 10) Attended 7 day 'BOSS Linux' on-line Faculty Development Program conducted by Karmaveer Bhaurao Patil College of Engineering, Satara in association with Spoken Tutorial IIT Bombay in the month of April and was awarded with certificate.
- 11) Worked as Coordinator for conducting IIT spoken tutorial exams and conducted various exams of 660 students from various departments.
- 12) Completed Selenium Automated Testing course.
- 14) Participated in State Level Seminar on 'E-content Development' organized by Department of Animation of our College.
- 15) As the M.Sc. CS course Coordinator, worked actively for the syllabus design of M.Sc. (Computer Science) Part- I in May 2019 and M.Sc. (Computer Science) Part- II in May 2020.

Prof.(Dr.) Kalyani Salla

- 1) Worked as Coordinator for organizing a one day Workshop on 'Introduction to Data Science (with Python)' funded by Students Development Fund, SPPU.
- 2) Organized a Seminar on 'Machine Learning: Myths and Realities' Talk delivered by Dr. Parikshit Mahalle, Professor and Head of Computer Engineering Department, SKNCOE, Sinhgad Technical Education Society.
- 3) Worked as a member for S.Y.B.C.A (Science), Modern College (Autonomous) Syllabus design in May 2020.
- 4) Worked as a member for F.Y.B.C.A (Science), Modern College (Autonomous) Syllabus design in May 2019.
- 5) Designed the syllabus of M.Sc. (Computer Application) Part-I, Modern College (Autonomous) syllabus design in May 2019.
- 6) Designed the syllabus of M.Sc. (Computer Application) Part-II, Modern College (Autonomous) syllabus design in May 2020.

- 7) Attended Faculty Development Program on 'Cross Platform Mobile App Development' by Knowledge Solutions India, Pune, Microsoft Partner in March 2020.
- 8) Attended Faculty Development Program on 'Python' organized by Spoken Tutorial, IIT Bombay in April- May 2020.
- 9) Attended Faculty Development Program on 'E-Content Development and use of Online Teaching, Tools and Services' organized by our College in May 2020.
- 10) Guided students for AVISHKAR.
- 11) Participated in State Level Seminar on 'E-content development' organized by Department of Animation of our College.
- 12) Attended Faculty Development Program on 'Computational Mathematics' organized by Department of Computer Science, SPPU in Dec 2019.
- 13) Worked as Research paper Reviewer for International Journal of Neural Computing, Springer Verlag.
- 14) Attended a Webinar on 'IPR and Patent Filling' on 30th April 2020.
- 15) Worked as a Judge for Poster and Model competition organized by Department of Computer Application, Abeda Inamdar College, Pune in Dec 2019.
- 16) Attended a Webinar on 'Online Teaching' hosted by Ahmednagar College on 7th May 2020.
- 17) Conducted a Seminar on 'Writing an Effective Research Paper' on the occasion of National Science Day for PG students and staff Members of the Department.

Prof. Sheetal Patil

- 1) Participated in State level Seminar on 'E-content Development' organized by Department of Animation, Modern College, Shivajinagar, Pune.
- 2) Member of organizing committee for the workshop on "Self Development with Value Based Education" on 6th March 2020 organized by Value Based Education committee.
- 3) Member of organizing committee for one day workshop on "Introduction to Data Science (with Python)" on 3rd February 2020 organized by the Computer Science Department.
- 4) Successfully completed online Faculty Development Programme on 'Cross Platform

Application Development' conducted by Knowledge Solutions India, Microsoft Authorized Education Partner from 21st March 2020 to 30th March 2020.

- 5) Attended a Webinar on 'Publication Ethics' on 23rd April 2020.
- 6) Attended a Webinar on 'IPR and Patent Filling' on 30th April 2020.
- 7) Participation in FDP on "Python 3.4.3 (IPYTHON)" conducted by Dept of Computer Science (Modern College Pune) in association with IIT Bombay Spoken Tutorial.
- 8) Successfully completed online FDP on LaTeX and passed the test organized by Padmabhooshan Vasantraodada Patil Institute of Technology, Budhgaon in association with IIT Bombay Spoken Tutorial from 23rd April to 2nd May, 2020.

Prof. Sonali Deshmukh

- 1) Attended Faculty Development Program on 'Python' organized by Spoken Tutorial, IIT Bombay in April- May 2020.
- 2) Attended Faculty Development Program on 'E-Content Development & use of Online Teaching, Tools and Services' organized by our College in May 2020.

Prof. Jigisha Pawar

- 1) Complete course 'Basics of MongoDB' from MongoDB University.
- 2) Participated in a two-day workshop on "Teaching Learning Practices through MOOC" at ATSS College, Chinchwad, Pune.
- 3) Attended Faculty Development Program on 'Python' organized by Spoken Tutorial, IIT Bombay in April- May 2020.
- 4) Attended Faculty Development Program on 'E-Content Development & use of Online Teaching, Tools and Services' organized by our College in May 2020.

Prof. Meghmala Patil

- 1) Newly appointed staff in the Department of Computer Science.
- 2) Completed M.Phil. Computer Science in July 2019 from Shivaji University.
Title of Dissertation : 'Designing and implementation of Anti distributed denial of Service (DDoS) Intrusion Detection System (IDS) For Cloud Computing'.

- 3) Attended Faculty Development Program on 'Python' organized by Spoken Tutorial, IIT Bombay in April- May 2020.
- 4) Attended Faculty Development Program on 'E-Content Development & use of Online Teaching, Tools and Services' organized by our College.

Prof. Pradnya Jog

- 1) Newly appointed staff in the Department of Computer Science.
- 2) Attended Faculty Development Program on 'Python' organized by Spoken Tutorial, IIT Bombay in April- May 2020.
- 3) Attended Faculty Development Program on 'E-Content Development & use of Online Teaching, Tools and Services' organized by our college.

Prof. Shruti Kant

- 1) Newly appointed staff in the Department of Computer Science.
- 2) Attended Faculty Development Program on 'Python' organized by Spoken Tutorial, IIT Bombay in April- May 2020.
- 3) Attended Faculty Development Program on 'E-Content Development & use of Online Teaching, Tools and Services' organized by our College.

Participation in Inter Collegiate Competitions

Students took lead in organizing Poster Competition, Quiz Contest and Programming Contest and participated in various intercollegiate events. Students secured prizes in the various intercollegiate events and competitions.

2020 was an amazing year for Modern College Students as far as competitions and extra curriculum activities were concerned. A lot of students from our college secured ranks in many intercollegiate competitions:

- 1] Kunal Singh from T. Y. B. Sc. secured first rank in the C programming competition at MIT World Peace University, Pune.
- 2] Abhishek Waghmare from T. Y. B. Sc. secured 3rd rank in Java Programming Competition at MIT World Peace University, Pune.
- 3] Kunal Singh and Shubham Mankar from T.Y.B.Sc. secured first rank in Web Development Competition H. V. Desai College, Pune.
- 4] Pushpendra Singh Pal from T. Y. B. Sc. secured first rank in Quiz Competition H. V. Desai College, Pune.
- 5] Abhishek Asawale and Omkar Doke from T.Y.B.Sc. secured first rank in C Programming Competition at H. V. Desai College, Pune.
- 6] Pushpendra Singh Pal from T. Y. B. Sc secured second rank in Poster Competition at Ramkrishna More College, Akurdi, Pune.
- 7] Manasvi Nimbalkar from T. Y. B. Sc. secured 3rd rank in C programming Competition at Ramkrishna More College, Akurdi, Pune.
- 8] Kunal Singh from T. Y. B. Sc. secured first rank in Seminar Competition at Ramkrishna More College, Akurdi, Pune.
- 9] Kunal Singh from T. Y. B. Sc. secured third rank in Project Competition at Ramkrishna More College, Akurdi, Pune.
- 10] Abhishek Asawale from T. Y. B. Sc. secured first rank in programming competition in Baburaoji Gholap College, Sanghvi, Pune.
- 11] Abhishek Waghmare from T. Y. B. Sc. secured 3rd rank in programming competition Baburaoji Gholap College, Sanghvi, Pune.
- 12] Kunal Singh and Abhishek Waghmare from T. Y. B. Sc. Secured 1st rank in web development competition Baburaoji Gholap College, Sanghvi, Pune.
- 13] Kunal Singh and Manasvi Nimbalkar from T.Y.B.Sc. secured second prize in project competition Baburaoji Gholap College, Sanghvi, Pune.
- 14] Atharva Mahamuni and Akash Parchekar from T. Y. B. Sc. secured first rank in web development competition at Bharati Vidyapeeth University, Pune.
- 15] Bipin Kokate and Kunal Singh from T. Y. B. Sc. secured first rank in Web Development Competition at AISSMS College, Pune.
- 16] Azad Singh from F. Y. B. Sc. secured third rank in C Programming Competition, H. V. Desai College, Pune.
- 17] Krishnakant Singh from F. Y. B. Sc. secured second rank in C Programming Competition, as 'C' Champion (Desai Karandak) at H. V. Desai College, Pune.

- 18] Tejal Shinde from F. Y. B. Sc. secured first rank in Fastest Circuit Builder Competition, at Baburaoji Gholap College, Sanghvi, Pune.
- 19] Sanika Nimje from F. Y. B. Sc. secured second rank in Fastest Circuit Builder Competition, at Baburaoji Gholap College, Sanghvi, Pune.
- 20] Riya Panchang from F. Y. B. Sc. secured second rank in C Programming Competition, as 'C' Champion (Desai Karandak) at H. V. Desai College, Pune.
- 21] Riya Panchang from F. Y. B. Sc. secured second rank in BLIND CODING C Programming Language at Modern College of Arts, science and Commerce, Ganeshkhind, Pune.
- 22] Nisarge Ovhal from F. Y. B. Sc. secured first rank in M-Pulse 2k20 M-Technophilia by MCA Dept. Web Spider (Web Development) at Modern College of Engineering, Shivajinagar, Pune.
- 23] Nisarge Ovhal from F. Y. B. Sc. secured first rank in Technovation 2020 by ISSC Web World (Web Development) at Savitribai Phule Pune University, Pune.
- 24] Azad Singh from F. Y. B. Sc. secured first rank in BLIND CODING C Programming Language at Modern College of Arts, science and Commerce, Ganeshkhind, Pune.
- 25] Shubhangi Mahadik from M.Sc. I secured second rank in Project Competition H. V. Desai College, Pune.
- 26] Shubhangi Mahadik from M. Sc.I participated in paper presentation on 'Recent trends in Computer science and Applications' at Indira college of Commerce and Science, Pune.
- 27] Rutuja Shirishkumar Pingale from MSc (CS) Part 1 presents classical dance at Suvarna Zankar 2020, Ahir Suvarnakar Samaj Yuva Group, Pune.
- 28] Shubham Mahadik from M. Sc II secured first rank in project competition at St. Mira's College of Girls, Pune.
- 29] Shubham Sonar from S. Y. B. Sc. completed National Camp RDC and represented Maharashtra directorate at Republic Day CAMP-2020 held at Delhi as a Best cadet of Maharashtra directorate Secured 5th best cadet at all India level of Naval Wing.
- 30] Krishna Raju Saindane from S. Y. B. Sc. completed National Camp AITSC and represented Maharashtra directorate at ALL INDIA THAL SAINIK CAMP-2019 as a Best cadet held at Delhi Cantt. and received in TSC gold medal.
- 31] Krishna Raju Saindane from S.Y.B.Sc. attended BASIC LEADERSHIP CAMP (SSB-screening capsule)-2020 held at Nagpur and first position in camp sports activities.
- 32] Krishna Raju Saindane from S.Y.B.Sc. attended ADVANCE LEADERSHIP CAMP (SSB-screening capsule)-2020 held at Gujarat.
- 33] Saurabh Patil from S. Y. B. Sc. secured first place in State Level Hockey Championship and was the caption of the team.
- 34] Vinit Mali from S. Y. B. Sc. represented Pune group at Thal Sainik Camp held at Amravati as a best cadet of Pune Group.
- 35] Shrikant Nikam from S. Y. B. Sc. represented Modern College in Inter College Volleyball Championship under SPPU conducted by Pune City Zonal Sports Committee and secured second position in it.
- 36] Arti Bhalerao from S. Y. B. Sc. participated in the Inter University Softball Championship held at Patiala secured first winning trophy.

Research Profile:

There has been a rise in Ph.D., M.Phil., and NET/SET qualified staff members. Current Research publication details are as follows:

- Ph.D. Awarded: 2, M.Phil. Awarded: 4
- NET/SET qualified: 7
- Total Research papers published: 38
- Book Chapters: 2 (Springer International)
- Number of Citations in all: 50
- Academic Publications: Text Books: 10

Placement service provided to the students:

- Department of Computer Science has a **Placement Cell** and runs placement activity for Post-Graduate Students and Under-Graduate Students. Prof. Manisha Suryawanshi has been working as a Placement Co-ordinator and Chairperson of the Placement Committee for the placement activity and under her able guidance 95% of students from the Post-Graduate wing (M.Sc.(Computer Science), MCA) have been placed in reputed organizations.
- All teaching and non-teaching staff members of the Department provided the necessary support in the smooth conduct of this activity.

Under Graduate students are also placed in reputed software companies.

Additions / Up gradation in Computer Hardware / Software:

Following additions/upgradations were made in Hardware /Software in order to fulfill the requirements of the current syllabus for UG and PG students and better availability of machines to students.

- Lenovo Think system SD 550 Server -48 GB RAM, 4 TB Hard Disk.
- Total 13 RAMs (8GB).
- 10 Computer Systems.
- Purchase of Raspberry Pi kits and accessories required for the course Recent Trends in IT (Internet of Things).

Additions / Upgradation in Computer Software:

- 22 Machines are made Dual Boot with Windows and Linux Operating System.
- Installation of software like Python, Android Studio, MongoDB, Visual Studio.
- Quick Heal Antivirus Internet Security with three years for 150 users.

Any other relevant information:

- Staff members have taken active participation in the online admission process of F.Y.B.Sc.(Computer Science), FYBCA (Science), M.Sc. (Computer Science) and M.Sc. (Computer Application) courses and participated in counseling the students.
- A committee was constituted for conducting M.Sc. (Computer Science) Entrance Examinations. Prof. Dr. G. R. Ekbote (Chairman, P.E. Society) Prof. P. S. Chirputkar (Chairman, LMC), Dr. A. K. Pande (Chairman, LMC), Prof. Mrs. Jyostna Ekbote (Chairperson, LMC) Principal Dr. R. S. Zunjarrao (Chairman of the Entrance Examinations Committee) provided necessary guidance and administrative support in organizing the entrance examinations smoothly.

Apart from the several events and activities conducted by our department every year, we wish to organize some more Workshops, Seminars and Conferences in the future. We plan to conduct some more fruitful employability enhancement programs for our students. We plan to increase the number of M.Phil., Ph.D. and NET/SET qualified staff. We feel confident about reaching higher targets within time due to our active, dynamic

and highly skilled faculty members and constant support received from college authorities and our parent body Progressive Education Society.

- Prof. Deshmukh Shamkant

Vice Principal and

Head, Department of Computer Science

Department of Electronic Science

The department of Electronic Science of the college is actively engaged in various academic, curricular and extracurricular activities during the year. The student strength of the department was about 503 during the academic year 2019-20, which includes Junior, Senior and P.G. students. Seven Ph.D. students are doing research work at the recognized Post Graduate Research Centre by Savitribai Phule Pune University in our department. In this academic year our college received autonomous college status and our department successfully implemented the syllabus for first year UG and PG courses. Staff members also conducted online internal examination through LMS technology.

[A] Activities conducted during the year

- The department conducted Electronics Excellence Examination (EEE) Examination on 08th January 2020 under Society for promotion of Excellence in Electronics Discipline (SPEED), 51 students from F.Y. and S.Y. successfully passed this examination with various grades. Prof. T.R. Kumbhar and Prof. Vaishali Chaudhari organized this examination.
- The department organized a Workshop on "Robot using 8051" on 04th and 05th, February 2019 for T.Y.B.Sc. students. Sixteen students participated in this workshop, along with a competition organized for them.
- The department organized a felicitation program on 18th January 2020, for our inspiration in the subject Electronic Science, Honorable Prof. Dr. A. D. Shaligram in our college assembly hall as a mark of respect and gratitude.

[B] Research, Paper Presentation by Staff Members

- Presented a research paper "Novel approaches for Reuse of Sensors from Discarded Smartphone" at the 4th International

Conference on Emerging Technologies: Micro to Nano (ETMN-2019), on 16th and 17th December 2019 in Pune, Maharashtra (India). The conference was organized by The Department of Electronic Science, Savitribai Phule Pune University in collaboration with Manipal University Jaipur ETMN paper.

- Published a research paper “ICT based Teaching-Learning and Evaluation”, Dnyanamay, Volume 4, number 2, ISSN No. 2395-7484.
- Published research paper in International Journal JETIR entitled “Polyaniline SnO₂ nanocomposite Based Room Temperature Ammonia Sensor”: May 2019.

[C] Activities and Support from Alumni.

- Imagine 2020: Project cum Poster Competition was held on 22nd February 2020. For the competition three categories were formed and F.Y. & S.Y.B.Sc., T.Y.B.Sc. and M.Sc. Students actively participated in all three categories. The students presented a total of 31 projects and 37 Posters. Seven esteemed Judges (Alumni) carried out the assessment of projects and posters.
- Organized Guest lecture on “Job Opportunities in Electronics” by Babasaheb Kadam, Asst. Manager Intelux Electronics Pvt. Ltd. on 21st December 2019.
- A guest lecture by Prof. U.N. Kothawade was organized for F.Y.B.Sc. Computer Science on topic “Robotics” on 11th February 2020.
- A guest lecture by Dr. Varsha Bapat was organized for S.Y.B.Sc. Computer Science students on the topic “IOT and applications” on 17th February 2020.

[D] Achievements by students

- T.Y.B.Sc. and M.Sc. Students successfully completed an industrial study visit to “Tescom” at Hyderabad on 8th January 2020. This trip was organized by Dr. M.R. Bodke, Prof. T.B. Sonawane and Prof. G.M. Tarate.
- Students of T.Y.B.Sc. completed a two-day Mini Drone Workshop organized by Electronics and Telecommunication Student Association (ESTA) and PDC Cell E&TC department in association with IEEE Students Chapter PCCoE on 14th and 15th of September 2019 at Pimpri Chinchwad College of Engineering, Akurdi, Pune.

[E] Achievements by staff members

1. Prof. S. R. Chaudhari

- Published Text Books for F.Y.B.Sc. Electronic Science and F.Y.B.Sc. Computer Science on Analog Electronics, Digital Electronics.

2. Prof. A. V. Kamble

- Got promoted from Lt. to Lt. Commander on 09th October 2019.
- Selected as “Contingent Commander” of Maharashtra NCC directorate for All Nausainik Camp at Vishakhapatnam.

3. Prof. P. S. Varade

- Prof. P.S. Varade has been awarded Ph.D. degree in the subject Electronic Science on research topic “Development of Saw Devices for Application in Polymer Nanocomposite Based Gas Sensors”.
- Worked as organizing committee member in Guinness World Record activity organized by SPPU in April/May 2019.
- Worked as organizing committee member for the international conference-‘Emerging Trends: Micro to Nano (ETMN- 2020), jointly organized by the Department of Electronics Science SPPU and Manipal University Jaipur on 16th and 17th December 2019.
- Worked as Health committee member for the state level –‘Swachha Wari -Swastha Wari – Nirmal wari’ organized by NSS Unit Government of Maharashtra and SPPU.
- Participated in the State level Seminar on – E-Content Development, organized by Department of Animation, Modern College, Shivajinagar, Pune.
- Appointed as Area coordinator of NSS for the Shivajinagar area, Pune, for the academic year 2019-20.
- Participated in the University level activity – Cleaning drive at Sinhgad Fort, Organized by SPPU on 23rd 2020.
- Participated in the one day workshop on –IPR Dimensions in Electronics and IT organized by Design and Innovation Center, SPPU. (3rd August 2019)
- Participated in the one day National level workshop on ‘Media and Entertainment’ organized by Whistling Woods International HRD New Delhi - at Mumbai.

- Worked as a member of Teacher Selection Panel at – Nowrosjee Wadia College, Pune.
- Attended a two-day National Level Workshop on “Evaluation Reforms in Higher Education” at IISER,Pune on 19th and 20th August 2019.
- Attended a three-day Workshop on “Training of Teachers” (ToT) for Student Induction Programme (SIP) from 6th to 8th June, 2019 at IISER, Pune conducted by Western Regional Office, UGC, Pune.

4. Prof. Vaishali A. Chaudhari

- Completed a two-day workshop training on “Python Programming” organized by the dept. of Computer Science.
- In charge of EEE examination in Electronics.

5. Prof. G.M.Tarate

- Completed a course on “Covid-19: Tackling the Novel corona virus” of London School of Hygiene & Tropical Medicine and UK Public Health Rapid support Team, in March 2020.

6. Prof. U.N. Kothawade

- Conducted a workshop on the topic “Verilog Coding” for Undergraduate students, organized at MIT College Alandi, Pune, held on 28th December 2019.
- Delivered a guest lecturer at S.P.College, Pune on the topic “Robotics” for undergraduate students held on 4th January 2020.
- Completed a one week faculty Development program on “ARDUINO” organized by Department of E & TC Engineering, JSPM’S College of Engineering, Tathwade, Pune. This was in association with ISTE student chapter and spoken tutorial, IIT Bombay held from 25th to 30th April 2020.

Dr. P.K. Bhadane and Dr. Umesh Hiverkar, Dr. M.P.Ghatule are research guides at our research centre and conduct lectures for the post Graduate course.

Vice Principal and

Head, Department of Electronic Science

Department of Mathematics

Department of Mathematics is one of the oldest and most developed departments of Modern College. It is also popular among the student community. The teaching staff of the department is highly qualified, efficient and devotes itself whole heartedly to the benefit of the students throughout the year. The strength for the respective classes in the academic year 2019-20 was as follows:

Sr.No.	Class	Strength
1	F.Y.B.Sc.	176
2	S.Y.B.Sc.	150
3	T.Y.B.Sc.	51
4	F.Y.BSc.(Comp. Sci.)	176
5	S.Y.BSc.(Comp. Sci.)	171
6	M.Sc. I	42
7	M.Sc.II	60

Departmental Activities:

1. The department of Mathematics successfully arranged a **Workshop on “Maxima Software and Restructuring of F.Y.B.Sc./B.Sc. (Comp.Sci.) Syllabus in Mathematics”** on 20th July 2019 for Mathematics Teachers under SPPU.Dr. N. H. Mahajan was the coordinator of the same. Meritorious students of Mathematics from each class were also felicitated in the inaugural program of this event.
2. As a yearly activity, the department organized a **Guest lecture series** for M.Sc. Mathematics students from 30th September 2019 to 15th October 2019.
3. The department celebrated **National Mathematics Day** on 23rd December, 2019. This departmental activity is conducted every year with huge response from the students/staff. More than 280 students participated in various activities such as Project, Poster, Quiz, Rangoli and Seminar competitions / exhibitions. Eminent mathematician Prof. S. A. Katre was the chief guest for this program. He also delivered a popular talk on “Life of Ramanujan”.
4. The department successfully organized a workshop on **“Python Programming for Teachers of B.Sc. (Computer Science) and B.Sc. of SPPU Colleges”** on 17th-18th January,

2020. Dr. N. H. Mahajan was the coordinator for the same.

5. The department has taken institutional membership of "Mathematics Consortium". The department is thankful to the college authorities for paying Rs.20, 000/- for this.
6. All staff members participated in online faculty development program arranged by MCASC, Pune-5 for all the staff of the college during 10th – 25th May, 2020.
7. This year two new faculty members viz. Prof. Ms. V. S. Purnale (PG wing) and Prof. M. P. Shelke (UG wing) joined the department.

Achievements of Students:

1. Shreyas Dhase of T.Y.B.Sc. represented SPPU at All India Inter University Chess Championship and received a gold medal in the West zone. He also got silver medal at All India Special National Integration Camp held at Leh, Ladakh.
2. Mr. Akshay Kolhe of MSc qualified CSIR-NET (JRF) December-2019.
3. Mr. Shashank Patil of MSc qualified CSIR-NET December-2019.
4. Two students of M.Sc. Akash Veer and Amol Sarode got placed in Tecknit, e-learning services, Pune.

Staff Achievements:

Dr. A. N. Bhavale:

1. Participated in the Workshop on "Maxima Software and Restructuring of F.Y.B.Sc./ B.Sc.(Comp.Sci.) Syllabus in Mathematics" on 20th July 2019 for Mathematics Teachers under SPPU.
2. Convener of the "National Mathematics Day Celebration" held on 23rd December, 2019.
3. Participated in e-content development workshop, arranged by department of Animation, Modern College, Pune-5, on 17th-18th January, 2020.
4. Participated in the workshop on "Restructuring of S.Y.B.Sc./ B.Sc. (Comp.Sci.) / S.Y.B.A. Syllabi of SPPU" organized by Abasaheb Garware College, Pune in March 2020.
5. Coordinated a guest lecture series for M.Sc. Mathematics students held in during 30th September 2019 to 15th October 2019.

Mr. D. S. Mane :

1. Participated in the Workshop on "Maxima Software and Restructuring of F.Y.B.Sc./ B.Sc.(Comp.Sci.) Syllabus in Mathematics" on 20th July 2019 for Mathematics Teachers under SPPU.
2. Worked as a coordinator for seminar competition of "National Mathematics Day 2019" held on 23rd Dec. 2019.

Dr. Mrs. N. H. Mahajan :

1. Worked as a member of subcommittee of Board of Studies Mathematics, SPPU for syllabus restructuring of S.Y.B.Sc.(Computer Science).

Head, Department of Mathematics

Department of Microbiology

Last year (2018-19) Department of Microbiology was shifted to Modern College of Engineering premises because of construction work for new building as well as department. Last year was very busy in getting settled at new place so could not able to take routine activities but this year department could able to organize some of them again efficiently. This year we have organized Microcosm activities as well as we have also conducted one alumni meet.

Following are the activities organized by Department and achievements of staff as well as students :

Staff Achievements :

Dr. Shilpa. Mujumdar

- Received certificate from peer reviewed Journal of Basic Microbiology as Top downloaded paper of 2018-19.
- Worked as advisor for Criteria II of NAAC
- Department received Ph. D recognition. Two Ph. D. students are registered under her guidance.
- Department carried out Model-poster competition, Documentary, Fermented foodzz and micro toon competitions under her guidance
- Organized Alumni meet at Department
- Invited as subject expert and V. C. Nominee for two different Ph. D. Centers for Ph. D. student's interviews
- Completed online COVID-19 course of Harvard School of Medicine, USA
- Attended National conference organized by Department of Microbiology, SPPU, Pune

Mr. Vivek Bobade :

- Published a paper in a peer reviewed international journal. The details are as follows:
- Bobade V.N. nas N. Dahanukar (2020) Molecular characterization of stinkhorn fungus *Aseroe coccinea* Imazeki et yoshimi ex kasuya 2007 from India. Journal of Threatened Taxa 12 (4) : 15530-15534
- Worked as coordinator for Alumni Meet

Ms. Sheetal Pardeshi

- Project selected for AYUSH fellowship and working as internal guide for AYUSH FELOW 2019-2020
- Won best oral presentation award (Life Science-Staff) at national conference on Phage-a boon in disguise, held on January 2020, Organized by Abeda Inamdar College, Pune.
- Worked as coordinator for course "Pharmaceutical Techniques"
- Guided M.Sc. and B.Sc. student for solar eclipse project of MCC, NCCS, Pune.
- Worked as a senior active member and guided others for microcosm competitions organized by the department

Mrs. Anushka Devale

- Organized an academic visit to Naidu hospital sewage treatment plant for S.Y.B.Sc. Microbiology students
- Worked as a senior active member and guided others for microcosm competitions organized by the department
- Doing Ph. D. under the guidance of Dr. Shilpa Mujumdar, MCASC

Mrs. Rupali Naik

- **Appointed as UG coordinator for year 2019-20**
- Organized an academic visit to Naidu hospital sewage treatment plant for S.Y.B.Sc. Microbiology students.
- Worked as a senior active member and guided others for microcosm competitions organized by the department
- Doing Ph. D. under the guidance of Dr. Shilpa Mujumdar, MCASC

Mrs. Madhuri K. Kothawade

- Worked as coordinator for State Level Microbiology Quiz Competition organized for B.sc. students by R. C. Patel College, Shirpur.
- Worked as a senior active member and guided others for microcosm competitions organized by the department

Dr. Vishakha Baikar

- Organized a visit at MCC, NCCS, Pune for M.Sc. Part II students
- Worked as Coordinator for Fermented Foodzz Competition conducted under Microcosm

Ms. Vanashree Sahasrabudhe :

- Appointed as Asst. Prof. at Department of Microbiology
- Worked as PG coordinator for year 2019-2020
- Worked as coordinator for Alumni Meet

Ms. Ankita Kulkarni

- Appointed as Asst. Prof. at Department of Microbiology
- Worked as Coordinator for Micro-toon activity conducted under Microcosm
- Organized a visit for TY students at Agriculture College, Pune

Ms. Apurva Berge

- Appointed as Asst. Prof. at Department of Microbiology
- Organized visit to NCMR, Pashan Pune, for T.Y. B.Sc. students
- Worked as coordinator for Documentary activity conducted under Microcosm

Komal Nadkarni

- Appointed as Asst. Prof. at Department of Microbiology
- Worked as coordinator for Model and Poster competition

Lavina Pinto :

- Appointed as Asst. Prof. at Department of Microbiology
- Worked as coordinator for Alumni meet organized by Department

Students Achievements**Student achievements and awards:**

- Best Student trophy was awarded to Ms. Himani Dhyani, Senior wing, from T.Y. B.Sc. Micro for excellence in academic and curricular activity.
- Mr. Vishal Rajput, M.Sc. II, Cleared NET Examination. He also qualified Ph.D. entrance exam of National Institute of Immunology, held on 23rd February 2020.
- M.Sc. II student Siddhi Whavel and Gautami Kulkarni from TY B.Sc. worked for eclipse project of MCC, NCCS of Dr. Yogesh Shouche under the guidance of Ms. Sheetal Pardeshi

- a) **Quiz:** F.Y. B.Sc., F.Y. B.Sc. (Computer Science) and S. Y. B.Sc. Quiz first Round was organized on 17th January 2020.

Result of the Quiz was as follows:

F.Y. B.Sc.

1. Ms.Dhole Sukanya V. First rank
2. Ms. Jadhav Akanksha A. First rank
3. Mr. Pyati Prajyot S First rank

F.Y.B.Sc. (Comp. Science)

1. Ms. Surve Gayatri First rank

S.Y. B.Sc.

1. Ms. Deshmukh Manasi S
2. Ms. Pate Swati B.
3. Mr. Kodre Pranav S.
4. Mr. Ramoshi Mangesh C. Selected for the Final round.

b) Participation and Achievements of Students:

Following students participated in internship program at various organizations.

1. **Varun Deshpande:** Two months Internship at IISER Bhopal
2. **Keshav Wagh:** Completed Two month internship in National Sample Survey Office (NSSO) regional office Mumbai
3. **Rushreeta Roy:** MOSPI National Sample Survey Office (DQAD), Kolkata.
4. Mr. Sunny Bhilare and Mr. Dnyaneshwar Darekar secured First rank in "Sankhyakriti" the Quiz Competition organized by Vishwakarma University, Pune
5. State level "**Big Data Analysis Championship**" competition was organized by New Arts, Commerce and Science College, Ahmednagar. Following students participated:
M.Sc. Part II students : Ms. Mehta Priyanka, Ms. Preeti Guram, Swati Mustapure
M.Sc. Part I students : Londhe Neha, Dhamne Snehal, Latapte Sandhya
T.Y. B.Sc. students : Mustapure Jyoti, Patil Awanti.
6. Following Students worked as volunteer for S.Y. B.Sc. Quiz Competition :
M.Sc. Part II students: Vivek Jagtap, Sukhada Pawar, Rushreeta Roy
T.Y. B.Sc. students : Pushkar Patil, Vrushali Pawar, Madhura Gandhi Sonali Gawade, Supriya Lad, Kajal Patil.

2. Workshops/ Lecture Organized:

Head, Department of Statistics

Department of Zoology

The departmental staff smoothly completed the academic responsibilities. The entire staff was actively involved in co-curricular and extra-curricular activities held for the benefit of students. This year new add-on courses were also conducted.

Educational visits/study tours

Students of F.Y.B.Sc. have a course in Animal Biology and Diversity. Thus, a visit of this class was organized to Zoological Survey of India, Western Regional Centre [ZSI, WRC], Akurdi, on 3rd January 2020. Prof. B.T. Kalbage, Prof. P.S. Kudnar and Ms. Varada Kulkarni accompanied the students. The scientists at ZSI showed the rich museum and the Molecular Biology laboratory to our students. They also had a lively interaction with the students. It was an enriching experience for the students.

As the students of S.Y.B.Sc. 'B' have a course in Applied Zoology; an educational visit was organized to Wai and Mahabaleshar on 10th January 2020. They visited the Sericulture Institute at Wai. Here, they saw Mulberry plantation (Moriculture), life-cycle of silk moth, Sericulture equipment and all related amenities. Their staff gave live demonstrations of rearing activities of silkworm. In the afternoon; they visited the Apiculture Institute at Mahabaleshar. The students were shown bee handling, rearing methods, various types and species of bees and also Apiculture equipment.

Prof. B. T. Kalbage, Dr. P. S. Kudnar, Dr. Y. S. Shinde, Ms. Varada Kulkarni and non-teaching staff Mr. Pawan Lambe accompanied the ninetytwo students. The students were highly benefitted by this trip.

As one of the practical prescribed in the syllabus, for the T.Y.B.Sc. Zoology students a field visit was organized to a water body, on 14th January 2020. The location selected was the Savitribai Phule

Pune University pond. Dr. Yugandhar Shinde explained to the students the pond-ecosystem and also practically showed them the biodiversity therein. Ms. Varada Kulkarni also accompanied the students.

The educational tour of the T.Y.B.Sc. Zoology was arranged from 26th to 30th January 2020. They visited Sawantwadi, Goa, Malvan, Ratnagiri, Dapoli and Harnai to study biodiversity. The students and staff had direct interaction with few experts during their tour. A wide variety of birds was observed at Sawantwadi. At Goa they visited the National Institute of Oceanography [NIO]. One of our alumni Mr. Shriraj Jakhalekar who is pursuing his Ph.D. there also interacted with our students. At Ratnagiri they visited the Marine Museum. At Dapoli they visited the Dr. Balasaheb Sawant Konkan Krishi Vidyapeeth [KKV]. Hence, the students got a taste of field work as well as a glimpse of research at institutes of international repute.

The students were accompanied by Prof. B.T. Kalbage, Dr. Yugandhar S. Shinde, Ms. Varada Kulkarni and non-teaching staff Mr. Atul Kanhere.

The post-graduate students of first year M.Sc., visited Zoological Survey of India (ZSI), Akurdi, on 19th September 2019. It was a very informative session for them. Dr. Priyanka Dutta Saha escorted the students.

Study tour for students of final year M.Sc. was organized to Anandwan, Hemalkasa, Somnath and Tadoba Wild Life Sanctuary from 9th to 15th January 2020. Our PG staff Dr. Shubhangi S. Puranik and Ms. Netra Kulkarni accompanied the students. This tour was a wholesome package of wildlife observation and, an exposure to social responsibility.

ZooVision

Poster and Model Exhibition cum Competition called 'ZooVision' is a regular activity of our department. This year it was held on 7th February 2020. 175 students from Junior College, F.Y.B.Sc. to M.Sc. enthusiastically participated in this activity. Topics such as Animal diversity, Cell Biology, Molecular Biology, Genetics, Evolution, Parasitology, Taxonomy, Corona virus and Applied Zoology were chosen by the students.

Principal Dr. Rajendra S. Zunjarar inaugurated this annual event and appreciated the efforts of the students and staff.

27 students from our college and H.V. Desai College, Pune actively participated in this course.

Mr. Narendra Naidu was the Course Coordinator and Prof. B. T. Kalbage was the Assistant Coordinator.

Animal Models in Developmental Biology

Department of Zoology in collaboration with department of Biotechnology of our college started this course in June 2019. Three separate batches were conducted as follows: 24th June 2019 to 4th July 2019 [20 participants], 10th July 2019 to 20th July 2019 [19 participants] and 16th December 2019 to 28th December 2019 [20 participants].

Dr. Surendra Ghaskadbi, CSIR-Emeritus Scientist, ARI, Pune, Dr. Parul Sood, Post-doc fellow in IISER, Pune, Dr. Manisha Modak, Department of Zoology, S. P. College, Pune, Dr. Chinmoy Patra, Scientist – D, Cardiovascular Biology, ARI, Pune, Dr. Savita Datar, HOD, Department of Zoology, S. P. College, Pune, and Dr. Ravindra Kshirsagar, Department of Zoology, Modern College, Ganeshkhind, Pune were the resource persons for this course.

Dr. Shubhangi S. Puranik and Ms. Mukta Kothari were the Course Coordinators.

Animal Systematics for Beginners

This newly started course was held from 27th January 2020 to 6th February 2020 and the very first batch and it consisted of 28 participants.

The resource persons were Dr. K.P. Dinesh, Scientist 'D', ZSI, WRC, Akurdi, Dr. H.V. Ghate, Former Head, Zoology, Modern College, Pune-5, Dr. Shruti Paripatyadar, Symbiosis, Pune, Dr. Sayali Sheth, Garware College, Pune, Dr. R.M. Sharma, Deputy Director and Officer-In-Charge [Retd], ZSI, WRC, Akurdi, Dr. D.B. Bastawade, Dr. Sameer Kumar Pati, Dr. Neelesh Dahanukar, Dr. Anand Padhye, Mr.

Ashok Captain, Dr. Varad Giri, and Dr. Priyanka Dutta Saha.

Dr. Priyanka Dutta Saha was the Course Coordinator.

Basics of Biological Data Handling by Using 'R'

This course was held in three batches on 21st, 24th and 28th September 2019. A total number of 135 participants consisting of students, researchers and teachers from our college, other colleges, SPPU and various other research institutes availed of this opportunity.

Dr. Sameer M. Padhye was the resource person and Dr. Yugandhar S. Shinde was the Course Coordinator.

Decipher DNA-Techniques in Molecular Biology

This year a new three days Hands on Techniques in Molecular Biology course was held from 29th to 31st August 2019. 14 participants completed this course.

Ms. Netra Kulkarni and Ms. Varada Kulkarni conducted a few theory sessions and all practical sessions and the hands-on training. Dr. Manisha Modak and Mr. Mandar Sahasrabudhe were invited to conduct theory sessions.

Ms. Netra Kulkarni was the Course Coordinator and Ms. Varada Kulkarni was the Assistant Coordinator.

Limnology - Wonders of Water

This course was conducted in collaboration with Institute of Natural History Education and Research [INHER], Pune; from 17th Feb 2020 to 3rd March 2020. 28 participants coming from various institutes and organizations completed this course.

The resource persons were Dr. A. D. Padhye, Garware College, Pune, Dr. Neelesh Dahanukar, IISER, Pune, Mr. Shiraj Jakhalekar, NIO, Goa, Dr. Karthick Balasubramanian, ARI, Pune, Dr. Karthick Balasubramanian, ARI, Pune, Dr. Yugandhar Shinde, Modern College, Pune-5, Dr. Avinash Vanjare, Ahmednagar College, A. Nagar, Dr. Mandar Datar, ARI, Pune, Dr. P.S. Kudnar, Modern College, Pune-5, Mr. Narendra Naidu, Modern College, Pune-5, Dr. Priyanka Saha, Modern College, Pune-5, Dr. Shruti Paripatyadar, Symbiosis, Pune, Dr. Sayali Sheth, Garware College, Pune, Dr. Mihir Kulkarni, SPPU, Pune, Dr. Sameer Pati, ZSI, Pune, Prof. B. B. Nath, SPPU, Pune, Dr. Talmale, ZSI, Pune, Dr. H. V. Ghate, Modern College, Pune-5.

Dr. Yugandhar S. Shinde was the Course Coordinator.

The non-teaching staff rendered their support for all these add-on-courses.

Remedial Peer Teaching

This was a unique activity taken up by the students of F.Y.B.Sc. Div. B and Div C in response to the appeal made by Mr.Narendra M.Naidu. Student volunteers helped their own classmates to overcome examination fever and get prepared well to clear their backlog examinations.

Twenty-six student volunteers passionately and systematically tutored such **seventy** students; from 6th March 2020 onwards for a period of two weeks. All the students involved benefitted by this activity.

Social responsibility

The entire batch of T.Y.B.Sc.Zoology students paid a visit to 'Niwara'-Old Age Home, Pune on 16th January 2020. The authorities of the organization. Mr.Natu and Mr. Vishwas Dixit gave information about Niwara and showed us the campus. Later our students presented a cultural programme to entertain the senior citizens on the campus. The students felt a sense of satisfaction when they saw the joy on the face of the inmates. Our students handed over a donation in cash, grocery, antiseptic solutions and household cleaning solutions.

Mr.Narendra Naidu, Dr.P.S.Kudnar and laboratory assistant Mr. Umesh Gore accompanied the students.

Collaborative Project

Chinmaya Vishwavidyapeeth is a deemed to be university which conducts a degree course in Music. The students of B.A. Music have to complete a course in Environmental Science. Ms. Pramodini Rao, Director, Chinmaya Naad Bindu [CNB] Gurukul, Kolwan approached us to collaborate in conducting the EVS Course. Principal Dr.Zunjarrao gave his consent and a team was formed to conduct the EVS sessions. Mr.Narendra M.Naidu took lead and coordinated this activity on behalf of our college and Ms.Sheetal Tare, Librarian, CNB Gurukul, coordinated on behalf of the Chinmaya Vishwa Vidyapeeth.

The Modern Team consisted of Mr. Narendra Naidu, Dr. Yugandhar Shinde and Prof. Renu Bhalerao from the department of Zoology; Dr.Aarti Goggi from the department of Botany; Dr. Rahul Mungikar [alumnus-Botany] and Dr.Bhuvanesh Awasthi [alumnus-Zoology]. As per our commitment, the course inclusive of theory sessions, field work and project work was smoothly conducted online to the satisfaction of the

heterogeneous group of students and the Chinmaya office bearers.

Alumni Involvement

Talks and Interaction

- Mr. Omkar Sampgaonkar, an alumnus of our department, who is now a Corporate Motivational speaker addressed our students of F.Y.B.Sc. Div.B and Div. C.
- Ms.Shabnam Ansari, a research fellow in Dr.K.P.Dinesh's Molecular Biology at ZSI explained to our students the instrumentation and the research work carried out there.
- Mr.Shriraj Jakhalekar, a CSIR Ph.D. student, an alumnus of our department working at NIO, Goa helped us to coordinate the educational visit. Moreover, he also shared his research work with our students during their visit there.
- Mr. Swapnil Jagtap helped in planning and execution of the M.Sc. educational tour to Anandwan and other projects. He also escorted the batch along with our staff.
- Dr.Bhuvanesh Awasthi and Dr. Rahul Mungikar were a part of the Modern Team in the collaborative project with Chinmaya Vishwavidyapeeth for EVS course.

Alumni Meet

A Re-Union of the Silver Jubilee batch of T.Y.B.Sc.Zoology[1994-95] was organized on Sunday 1st March 2020. Ex-students from various batches joined.

Retired teachers Dr.Hemant V.Ghate and Dr.Sushama .J.Thatte and all the present staff of the department were present.Dr.Gauri Haval our former staff also was present. The event was very well managed. Fashion Technology

1) FACE MASKS for Covid 19 – May 2020

This year the ever enthusiastic and socially sensitive students of the Department of Fashion Technology, Modern College of Arts, Science & Commerce, Shivajinagar, Pune 5 volunteered to create the much needed face masks, to protect individuals from the corona virus. These self-motivated and skilled students took it upon themselves to create these FACE MASKS from their homes using the material available to them. These were distributed in their respective areas to cleaning staff, police on duty, security personnel, grocery shop people, vegetable vendors, milk delivery boys, senior citizens, ZP office staff,

family and friends. One of the students has delivered Face Masks to a government school near Lonavala who will distribute it to the school children when the academic year starts. More than 100 students participated in this initiative, stitched and distributed over 4,500 FACE MASKS!

2) **Annual Fashion Show- Darpan2020 : 4th Feb 2020**

Every batch organizes a Fashion show which is a platform to showcase their talent in varied dimensions. On 4th February 2020, the Annual Fashion show – ‘Darpan’ was organized at our institute. More than forty students participated in the show which showcased around 120 garments – designed and stitched by the students themselves. The garments were designed on 14 distinct themes. Students gained experience on how Fashion Collections get created by in-depth research, working around a given theme, selecting the garment pattern, style, its accessories and the way it needs to be presented. We were fortunate to have an expert jury panel comprising of academicians and professionals from the industry judge the show and give critical feedback for benefit of the students.

3) **Industrial Visits : 3rd March 2020**

Students of B. Voc (Fashion Technology & Apparel Designing) and Diploma in Dress Designing & Tailoring visited the Baramati HiTech Textile Park. Students were able to experience the mass production of Cotton King Pvt. Ltd. Purple Creation, Prom Girl. Mechanized Mass Production Techniques were observed. It gave an insight of how a garment is designed, developed, produced and marketed.

4) **Vyapaar Mela: 13-14th February 2020**

Students participated in the Vyapaar Mela organized by the college. Vyapaar Mela serves as an opportunity for students to learn various business techniques, customer handling, product costing, product marketing, how to display products to attract maximum customers.

5) **Skill Development Workshops**

Fashion Designing is a profession where practical knowledge and creative skills is the key to success. To enhance student's creativity, perceptions and to make them more observant, the following workshops were arranged by the department.

i) **Lenocut Printing Workshop:** The age old personalized technique of printing was introduced. Students actually created samples by printing designs using self-carved linocut blocks and printing them on cotton fabric.

ii) **Origami and Kirigami workshop:** A very creative workshop on origami and kirigami (paper folding techniques) was organized. Students learned various paper folding techniques and made beautiful embellishments.

6) **Internships**

Students underwent internships at various garments manufacturing industries like Cotton King, Baramati, Cotton Village Sadashiv Peth. Here students undergo training at various departments of the garment manufacturing industry.

HOD, Department of Fashion Technology

Anti-Ragging Committee

To ensure a safe and secure environment for all in the college campus and to prevent the possibility of ragging, our college has constituted the Anti-Ragging Committee.

This committee has taken the following steps:

- The Committee includes students' representatives in addition to members of the staff.
- Information about the Committee and its functions has been spread amongst the student community.
- Anti-ragging Vigilance squad has been formed. This squad has regular rounds in the campus.
- The entire college campus is under CCTV surveillance. Students are made aware of this fact.
- This information has been included in the College Prospectus too. So even the parents are aware about these measures.
- Notices about Anti-Ragging have been displayed in the college campus.

These preventive measures have helped the Committee to avoid any untoward incident in the college campus.

- Dr. Amruta S. Oke

Vice-Principal and
Chairperson, Anti Ragging Committee

Art Circle

- **Inauguration-** Inauguration program of our ArtCircle for year 2019-20 was done at the hands of famous actor and our past student Saurabh Gokhale on 25th September 2019. Despite many obstructions like heavy rain, Corona pandemic, our Art Circle students fared well in their respective areas of interest. Many celebrity actors like Sonalee Kulkarni, Bhushan Pradhan visited the college campus and interacted with the students. All activities of our committee were successful because of the able guidance of our Principal Dr. Zunjarrao. We thank our Principal Dr. Zunjarrao and all vice principals Dr. Amruta

Oke, Prof. S.R. Choudhari, Dr. Ashok Kamble, Dr. Prakash Dikshit, Prof. Doiphode for their encouragement. Also we are thankful to Mr. Vilas Lad, Mrs. Swati Patwardhan from accounts section and Mr. Shawalkar, Mr. Shendkar, Mr. Ghane for their helping hands. We are also thankful to all teaching, non-teaching staff, students for their constant support.

Best Student Trophy Committee

‘Success is the sum of small efforts, repeated day in and day out’.

The Best Student Trophy committee focuses on selecting ‘The Best’ among more than 10,000 students in the college. The competition is open for students of junior, senior and postgraduate wing.

The principle of the committee is ‘KAIZEN’-development and innovation step by step. The committee trusts on ‘value addition’. The committee conducted the following activities in the academic year 2019-20.

1) Guest Lecture By Ms. Trishla Jaiswal (Winner 2007-08)

The Best Student Trophy committee arranged special lectures by our past winners. One such programme organized by the committee was an interactive session for T.Y.B.Com. (Finance) on 14th December 2019 with Ms. Trishala Jaiswal (Winner 2007-08), Deputy Manager, State Bank of India. The session was quite useful to all as it was a good learning experience. Committee members Prof. Reeraja Nair and Prof. Prajakta Sabane organized this lecture.

2) Anchoring Workshop Ms. Mrunalini Chaturvedi (Winner 2013-14)

A workshop on ‘Anchoring skills’ was conducted by Ms. Mrunalini Chaturvedi (Winner 2013-14) for our students on 21st December 2019. It was inaugurated at the hands of our honourable Principal Dr. R. S. Zunjarrao in the presence of the Vice-Principal, the chairperson, committee members and students. The students got an idea about how to write a script and how to

make a script effective through practice. The programme was well organized by Dr. Vaishali Aher and Prof. Bhakti Kapre. The entire workshop was a success and students enjoyed it.

3) Advanced Learners Club

This year Best Student trophy has started new activity for advance learners. We collected top 10 students from all classes division-wise. These are the students who are academically excellent, but need more nurturing.

On the basis of result analysis conducted by the Result Analysis committee, an initiative was taken by Prof. Pooja Paratane to conduct a programme for Advanced Learners for each class of under graduate and post graduate sections. Ten students securing highest marks in their respective classes were sorted and a list of topper students is prepared. This group of students is named as ‘Advance Learners Group’. A program was arranged for all these students in Assembly Hall on 4th October 2019. The intention of this programme was to introduce the upcoming academic programmes for these advanced learners. The programme was chaired by Principal, Vice Principal and Dr. Shubhangi Puranik. Prof. Pooja Paratane gave an introductory speech and gave a brief idea of the programme. Principal Dr. R. S. Zunjarrao shared many interesting activities and ongoing projects in our college. He thereby motivated the students to contribute their talent for the betterment of these projects.

4) Best Student Contest 2019-20

This year also the entire process was online keeping in mind the transparency of the procedure. In order to make this competition a success this year also, our committee members gave the information about this trophy to each class. The students were informed about the competition through college website. In response we received more than 250 applications which were analysed and scrutinised by the committee members. We followed all the pre-decided norms of shortlisting the students.

Our committee members Dr. Sheetal Pardeshi, Prof. Kiran Kulkarni, Prof. Reeraja Nair, Prof. Latika Chaudhari, Prof. Ann Joy, and Prof. Savita Fernandice analysed and scrutinized all forms thoroughly. Prof. P. V.

Gadagkar, Dr. Arti Goggi and Dr. Shilpa Dange prepared the final list of shortlisted students. Prof. Umesh Kothawade helped in downloading documents of students.

The following students were shortlisted for the final round:

Junior Wing:

Tanvi Neeta Gunjal (XI Commerce), Samay Suresh Parmar (XI Commerce), Ravindra Nagesh Shinde (XII Commerce), Urja Shekar Bakale (XI Commerce), Priyanka Rajendra Tikole (XI Science)

Senior Wing: Himani Dhyani (T.Y.B.Sc. Microbiology), Nikita Shankar Bahirat (F.Y.B.Sc.) Harshada Makarand Tilloo (F.Y.B.Com), Vedika Balasaheb Jadhav (F.Y.B.A.), Shantanu Dyaneshwar Ghumatkar (T.Y. B.Sc. Mathematics).

Post Graduate Wing: Nikita Shashikant Sathe (M.Com Part I), Rima Dindayal Ahuja (M.Sc.II Mathematics), Kartik Kailaskumar Adake (M.Sc.I Zoology), Anshuman Arun Surjuse (M.Sc.I Physics)

The shortlisted students were called for personal interview and group discussion on 31st December 2019 at hall no.432 and 433.

The panel of judges judged the students on the basis of confidence, personality, communication skills, general knowledge, their perspectives etc. Also for each wing, students were told to select the topic for group discussion from given topics. The selected topics by students were:

Junior Wing: **Books vs Google**, Senior wing: **Classroom Learning vs E-Learning**, Post Graduate wing: **Education and Jobs**.

We are thankful to all judges of respective wings who have assessed, analyzed each candidate from all aspects for the best student.

The best students declared from junior, senior and post graduate wing are:

Junior Wing :

Tanvi Gujal (11th Com.),

Under Graduate Wing:

Himani Dhyani T.Y.B.Sc. (Microbiology),

Post Graduate Wing:

Nikita Sathe M.Com Part I

The committee is extremely thankful to the Principal Dr.R.S.Zunjarrao, Vice Principal Prof. S.R Chaudhari, panel of judges, staff members,

students and non-teaching staff for their support and encouragement.

5) Felicitation Program of Best Student Trophy Winners 2019-20

On 9th January 2020 a grand felicitation function was conducted in the assembly hall. The function was presided by the Principal Dr. R. S. Zunjarrao, Chief Guest was Dr. Sanjeevani Rahane (former professor and chairperson of best student trophy committee), Guest of Honour Prof. Shamakant Deshmukh (HOD Dept. of computer science and Secretary Progressive Education Society)

Dr. Sanjeevani Rahane felicitated the best students of different wings with 'Excellent Trophy' and shortlisted students were given mementos. Her speech was extremely inspirational and was appreciated by the audience a lot. Heads of various department, parents and students attended the function. This year as our college mark its 50th year of existence the best student trophy committee launched its own handbook. The committee members contributed a lot towards the launch of this book.

The entire program was compered by Prof. Sheetal Pardeshi, Prof. P.V Gadagkar introduced the Chief Guest and Prof. Reeba Nair gave the final vote of thanks.

Later during the Annual prize distribution function-

The best student from Junior wing received college trophy and Late Jyotsna Godbole cash prize. The best student from senior college received Damodar shield and Veer Savarkar cash prize. The best student from post graduate wing received Late Prof. GM Bansode Trophy.

The selected best student from each wing was felicitated with a blazer by the college.

6) Release of Best Student Trophy Souvenir

On the occasion of **Golden Jubilee Year of college** and under the able guidance of honourable Principal Dr. R. S. Zunjarrao and Vice- Principal Prof. S. R. Chaudhari, we launched the souvenir of the Best Student Trophy. The committee marks its presence from the last three decades in the college and act as a medium to inculcate self confidence and self belief in students to boost their morale by arranging activities for advance learners.

The committee aims to arrange programs to handle multiple intelligence and provide platform not only to groom the student for the future endeavours but also to prepare them for the battles of life.

The souvenir was released by the hands of Chief Guest Dr. Sanjeevani Rahane, Guest of Honour Prof. Shamkant Deshmukh, Honorable Principal Dr. R. S. Zunjarrao, Advisor and Vice-Principal Prof. S. R. Chaudhari.

Souvenir consists of the articles of past chairpersons, the articles from the past best student trophy winners, the list of all Best Student Trophy Winners, Activities conducted by committee and feedback about this contest.

7) Grooming Workshop for Advance Learners

Modern College of Arts, Science and Commerce, Shivajinagar, Pune in association with the Rotary Club of Pune organized a Grooming Workshop for advanced learners on 20th January, 2020 in the assembly hall of the college. The Workshop gathered eminent speakers: Mr. Ninad Puranik, Ms. Kavita Awasthi and Ms. Manjoo Phadke.

Dr. R. S. Zunjarrao, Principal of the college felicitated the speakers. Prof. Pooja Paratane, co-ordinator of this workshop introduced the topic of the workshop, the speakers and the relevance of such workshop to the students. Dr. Shubhangi Puranik introduced the speakers.

The workshop was divided into three sessions. The first session was conducted by Mr. Ninad Puranik. In his lecture Mr. Puranik discussed various points that are to be considered while facing an interview.

The second session was conducted by Ms. Kavita Awasthi. The topic discussed by Ms. Kavita Awasthi was Image Grooming. She discussed various points that are essential to be followed during an interview like-how to dress-up for an interview, how to present oneself in an interview, all the precautions that should be taken before appearing for an interview.

The third session was conducted by Ms. Manjoo Phadke. The topic of her session was time management. She discussed various obstacles in time management.

The workshop was concluded after the third session. Miss Himani Dhyani the best student trophy winner from senior wing concluded the workshop by delivering Vote of Thanks.

The workshop was a great success because it has guided the student towards the critical areas that are essential in the corporate world. 130 students participated in this workshop.

All the activities conducted are of great success due to endless efforts and valuable contribution of all committee members. The committee is bound to conduct more activities for students of our college.

Centre for Innovations in Teaching, Learning and Evaluation

Over the past few years the Centre for Innovations in Teaching, Learning and Evaluation has been taking initiative to enhance the quality of teaching and evaluation; so as to make the learning process interesting and rewarding for the students as well as the teachers themselves.

Major activities conducted in the academic year 2019-2020:

- A special workshop on *Ideal Paper Setting* was organized on — August 2019. Dr.Suresh Isave,Associate Professor, Tilak B.Ed. College, Pune conducted this workshop. It was informative and extremely useful for the teacher participants. The workshop included hands-on training and feedback session.
- A two-day workshop on *Cooperative Learning* was organized on 8th and 12th February 2020 for the benefit of newly appointed teaching staff of our college. Dr. Lalita Agashe, Freelance Teacher educator, International Association for Study of Cooperation in Education [IASCE], was the resource person. The workshop consisted of several exciting activities and lively interactive sessions. The 25 participants found this workshop very relevant and rewarding.
- Department of Animation had taken lead in organizing a State level Seminar on '*e-content development*' on 11th and 12th January 2020. The Centre for Innovations in Teaching, Learning and Evaluation collaborated in this venture.
- *Peer Teaching:*

This was a unique activity taken up by the students of F.Y.B.Sc. Div. B and Div C in response to the appeal made by Mr.Narendra M.Naidu [Subject teacher in Zoology and Chairman, Centre for Innovations in TLE]. Student volunteers were supposed to help their own classmates who were lagging behind in studies and were required to clear their backlog examinations.

Twenty-six student volunteers passionately and systematically tutored such **seventy** students; from 6th March 2020 onwards for a period of two weeks. They covered all the

courses under the syllabus of F.Y.B.Sc.Div B and Div.C for the following subjects: Botany, Chemistry, Geography, Microbiology, Physics and Zoology.

Talks in groups, Group discussion, power point presentation and question paper solving were the methods used. Written notes and e-content were shared with the participants. The beneficiaries actively participated and appreciated this initiative. The volunteers experienced a sense of satisfaction in this selfless activity of Peer Teaching under the guidance of Mr.Narendra M.Naidu.

Names of F.Y.B.Sc. studentvolunteers:

मेरी प्यारी मातृभूमि,

आज मेरे प्यारे भारत देश के प्रति यह पत्र लिखते हुए मेरे मन में मिश्रित भावनाएँ निर्मित हो रही हैं। मुझे अफसोस है, मातृभूमि के प्रति पत्र लिखने में मैंने इतना विलंब क्यों कर दिया ? मैं किसी भी समय आपसे बात कर सकती थी। ना आप मुझे रोकती और ना ही कभी मेरी बातों से मेरे सवालियों से परेशान होती। परंतु मैंने ही आपको नजरअंदाज कर दिया। मैं तो मेरी जीवन की परेशानियों में व्यस्त थी। मुझे आपसे बात करने के लिए आसानी से समय मिल सकता था पर मैं ऐसा कर ना सकी, भारतमाता मुझे क्षमा करें।

हे मातृभूमि, आपको शत-शत नमन है। आपके वैभव के बारे में जितना कहूँ कम है। आपको इतिहास का वैभव तथा वीर पुत्रों की परंपरा प्राप्त हुई है। उत्तर दिशा में हिमालय

आपके सर के ताज की तरह शुभ्र हिम से चमचमा रहा है। दक्षिण का विशाल सागर आपके चरण कमल धो रहा है। सूरज बिंदू के भाँति प्रतीत होता है। आपने पहाड़ों की हरियाली की धानी चुनरी ओढ़ रखी है। आपके सौंदर्य की तारीफें सबके दिल में अभिमान और गर्व की भावना निर्माण करनेवाली है।

हे भारत माता, मुझे गर्व है कि मैं आपकी बेटी हूँ। इस पवित्र भूमि की स्वयं को नागरिक कहते हुए मुझे फक्र है। इस धरती की दो माँ हैं एक जो जन्म देती हैं और दूसरी धरती माँ। जो अपने बच्चों को बोझ अपने कंधे पर हुए हैं, परंतु कभी उफ तक नहीं कहती।

भारतमाता आपकी संस्कृति बिल्कुल निराली है। भारतीय संस्कृति विश्व की सर्वाधिक प्राचीन एवं समृद्ध संस्कृति है। आपकी संस्कृति को ही पूर्ण विश्व की जननी माना जाता है। संस्कृति किसी भी देश, जाति और समुदाय की आत्मा होती है जिसके सहारे वह अपने आदर्शों, जीवन - मूल्यों आदि का निर्धारण करता है। भारतीय संस्कृति में आश्रय अवस्था का विशिष्ट स्थान है। इसलिए भारत माँ आपने अपने सभी बच्चों को समानता से स्वीकार कर प्यार दिया है।

मेरी प्यारी भारत माँ, आपके संविधान का पूरा विश्व आदर करता है। किसी भी देश का संविधान उसकी राजनीतिक व्यवस्था का वह बुनियादी ढाँचा निर्धारित करता है। भारतीय संविधान एकता, बंधुता, विश्वशांति, नागरी समानता, धार्मिक स्वतंत्रता और मूलभूत अधिकार प्रदान करनेवाला सक्षम संविधान है। प्यारी मातृभूमि, आपके नियम भी अपने बच्चों के जीवन के गुलामी से परे स्वतंत्रता से जीने का अधिकार प्राप्त करा देती है।

मेरे देश के नाम पत्र

अनिसा अलिअहमद शेख - एम.ए. हिंदी, प्रथम वर्ष

हे भारत माँ, इतिहास गवाह है कि आप बलिदान की मातृभूमि हैं। आपके पुत्र आपके सेवा हेतु और स्वाभिमान हेतु वीरगती को प्राप्त हुए हैं। भारत माँ आपकी पुत्रियाँ भी त्याग और बलिदान में पीछे नहीं हैं। जिस माता के बच्चे इतने अपने माँ के प्रति प्रेमी हो, वह माँ का वैभव कभी मिटा नहीं सकता।

भारतमाता, आपको बताते हुए बेहद उलझन और मन में दुःख की भावना निर्माण हो रही है। भारत माँ आपकी सुंदरता का विनाश आपके ही बच्चे कर रहे हैं। ऐसा प्रतीत होता है कि वह अपनी जिम्मेदारी को भूल गये हैं, या वह अपनी जिम्मेदारी समझना नहीं चाहते। माँ आपके भीतर स्थित पहाड़ों-नदियों, पेड़ तथा पूर्ण नैसर्गिक संपत्ति की हानि मनुष्य कर रहा है, जैसे वह अपनी मातृभूमि के प्रति अपने कर्तव्य पूर्णतः भूल चुका है। आप

जो ताजी हवाएँ प्रदान करती थी, वह अब आपके बच्चों ने प्रदूषित कर दी है। सुंदर नदियों को मनुष्यों ने नाले बना कर रख दी हैं। इतना ही नहीं आपके भीतर बहनेवाली पवित्र गंगा भी प्रदूषित हो चुकी है। हे माँ, आपकी सुंदरता को आपके बच्चे ही नष्ट कर रहे हैं।

हम सब अपने कर्तव्यों का पालन करना भूल गए हो, जैसे पवित्रता, स्वच्छता को भूल गए हैं। हर जगह कूड़ा-कचरा फैला रहे हैं। नदियों में नालों का पानी छोड़ा जा रहा है, जिस वजह से नदियाँ दूषित तो हो ही रही हैं। उसके साथ ही जलजीवन को भी धोका निर्माण हो रहा है। भारत माँ, आपके कुछ ऐसे पुत्र थे, जो आपके वैभव के लिए जान तक की परवाह नहीं करते थे। कुछ पुत्र ऐसे हैं जो अपनी जरूरत और ऐशों-आराम के लिए आपकी परवाह नहीं कर रहे हैं। मुझे यह बात बताते हुए अत्यंत दुःख और खेद है।

भारत माँ को ये कैसा भूषण,

जगह-जगह फैला प्रदूषण।

भारत माँ प्राचीन काल के राजनैतिक, सामाजिक और धार्मिक अवस्था को ध्यान में रखते हुए, आपको कुछ बातें बताने की कोशिश कर रही हूँ। माँ प्राचीन काल की अवस्था अगर देखा जाए तो, तब और अब में विकास जरूर हुआ है। आपको सुनकर खुशी होगी कि व्यवस्था में बहुत बड़ा सुधार हुआ है। अब नागरिक अपने प्रधानराजा को खुदही चुनते हैं। आज का राजा किसी राज्य के लिए नहीं तो पहले अपने देश के लिए कार्य करता है। धार्मिकता भी अब नागरिकों पर थोपी नहीं जाती। नागरिक खुद अपना धर्म चुनता और उसका पालन करता है। सामाजिक स्थिति भी अब सुधर चुकी है; अब कोई अपनी जाति से नहीं, अपने कार्य से पहचाना जाता है।

माँ, आप कभी प्यार से अपने गोद में लेनेवाली माता है तो अपनी कोख में वीरगती प्राप्त वीरों को समा लेनेवाली माँ है। आप ही दुर्गा हो, आप ही दशप्रहरणधारिणी हों, विद्या देनेवाली माता हों। आप ही हमारी हृदय में हों। माता आप ही इन बाहुओं की शक्ति हों। आप ही मन की भक्ति में हों। आप ही मधुर भाषा बोली जानेवाली मातृभूमि हों।

सारा जहाँ देखा है, परंतु आपके जैसा कोई नहीं। माँ मैं जहाँ कभी रहूँ खुदको अपनी मातृभूमि से दूर नहीं रख सकती। ये जो देश है मेरा स्वदेश है मेरा। माँ आपसे हमारा जो बंधन है, वह कभी न टूटनेवाला बंधन है, इस मिट्टी की खुशबू मुझमें समाई हुई है। इस खुशबू को हम सभी नहीं भूल सकते।

माँ हमने आपको जितने दुःख पहुँचाये हुए हैं, वह माफी माँगने के लायक भी नहीं। आप माँ है और आप अपने बच्चों के लिए अच्छा चाहती हैं। आपने हमें सब मुफ्त में दिया और हमने इसे बरबाद कर दिया। आप शक्तिशाली हैं, सर्व शक्तिमान हैं। लेकिन आपके पास एक माँ का हृदय है, आप कभी भी अपने बच्चों को नुकसान नहीं पहुँचाएँगी।

आज जिंदगी सफल हो गई। मेरी जिम्मेदारी आज से सही मायने में जानी है। आज मुझे आपको पत्र लिखकर सुकून और शांति प्राप्त हुई है।

धन्यवाद, मेरे देश, मेरी भारतमाता, आपको कोटि-कोटि नमन।

आपकी बेटी।

फरेबी

फरेबी वादों पर,
कुछ बेनाम सी आदतें बनाई हैं,
वो कौनसे मिट्टी के लोग हैं,
जिन्होंने हमारी जिंदा कब्र बनाई है।
ये दिल है जो बेवक्त-सा धड़कता है।
खयाल उनका कुछ कंबख्त-सा लगता है।
वो लफ्ज़ों का दरियाँ किसने जलाया है,
जलाने वाला अज़नबी भी,
पहचानवाले शख्स-सरा दिखता है।
अब लूट गए हैं,
पर लौटना नहीं चाहते,
जा के बताये उन्हें कोई,
हम तबाह भी अपने शौक से हुए हैं।

दोस्त

दोस्त क्या खुबसूरत शब्द है।

हमे किसी प्रकार का दबाव नहीं देता।

उसे चुनना भी हमारे हाथ में होता है।

और उसके साथ रहना ना रहना भी।

दोस्त तो आखिर दोस्त होता है।।

खुन का तो रिश्ता नहीं होता उससे लेकिन उससे भी कई गुना ज्यादा होता है।

हमारे सुख में आये ना आये दुख और परेशानी में सबसे आगे होता है।

दोस्त तो आखिर दोस्त होता है।।

हमारे साथ नहीं रहता एक छत के नीचे लेकिन हमें कभी भी गलत राह पर नहीं जाने देता।

यह कैसा रिश्ता है

खून का तो नहीं पर उससे ज्यादा है।

दोस्त तो आखिर दोस्त होता है।।

-साक्षी पंकज सोमवंशी-प्रथम वर्ष, व्यवसायिक प्रबंधन

माँ

कच्चे रंगों में सजावट देखी।

हर जीव में मिलावट देखी।

अरे हँसी भी बनावट देखी।

पर जब।

गौर से देखता हूँ मैं माँ के चेहरे को

न उसमें कभी थकावट देखी।

न उसके प्यार में कोई बनावट देखी।

माँ तुम्हारी तारीफ कर सकूँ इतनी मेरी औकात नहीं।

मैं छोटीशी झोपड़ी तुम आलिशान महल हो।

मैं प्यासा हूँ तुम प्यास हो।

मैं वो छुटी हुई उम्मीद तुम मेरी आस हो।

क्या बताऊँ माँ तुम्हें तुम कितनी ख़ास हो।

जब मुझे नींद आये तो मेरे सर पे तेरा हाथ हो।

बस दुवा करता हूँ तुम हमेशा हसती मुस्कुराती रहो।

- अंकित भाटी - प्रथम वर्ष, व्यवसायिक प्रबंधन

१५ दिसंबर २०१९ का वह दिन था। जिस दिन पुणे में भरतनाट्य मंदिर सदाशिव पेठ, रोटरी क्लब और भरतनाट्य मंदिर की ओर से रोटरी क्लब शताब्दि होने के अवसर पर रोटरी क्लब ने नाट्य-महोत्सव आयोजन किया था।

सुबह मैं अपने दिनचर्या अनुसार सब काम करके दोपहर को ठीक ढाई बजे पिंपळे गुरव से बस से होकर भरतनाट्य मंदिर की ओर जा रहा था तो जाते समय हमें बहुत देर चुकी थी। हमें पहले बताया था की भरतनाट्य मंदिर को ढाई बजे पहुँचना है। तब भी हमें देर हो गई। मैं और मेरा दोस्त चार बज कर बत्तीस मिनट पर भरतनाट्य मंदिरपर पहुँचे। वह भी आधा रस्ता रिक्शा से होकर भरतनाट्य मंदिर में प्रवेश करते ही, हमें पता चला कि, यह मंच ज्यादा बड़ा नहीं है। मैं और मेरा दोस्त अंदर जाने के बाद, हम दोनों ने नाटक के निर्देशक श्री. स्वागत थोरात सर को मिले। उनसे संवाद किया और हमारी मेक-रूम के पास गए। और हम दोनों ने सभी दोस्तों से बात की। और उसके बाद ठीक चार बजकर पैंतालीस मिनट को चाय मिली। चाय लेकर हम सब दोस्त इसी में होनेवाले ड्रेस की तरफ देख रहे थे। वहाँ पर एक ही आदमी था, जो ड्रेस की इस्त्री कर रहा था। हमारे नाटक का प्रस्तुतीकरण ठीक साढ़े छह बजे होने वाला था। इसलिए हम सब दोस्त मिलकर वहीं पर मस्ती करने लगे। ठीक छह बजकर बीस मिनट को मुझे और मेरे दोस्त यानी बळीराम को कॉन्स्टेबल का ड्रेस दिया था, जो कि मेरा किरदार था।

हम सब लोग उस वक्त का इंतजार कर रहे थे। जिस वक्त को हमें तीन अंक के नाटक प्रस्तुतीकरण करना था। साढ़े छह बजे के बाद कुछ तकनीकी कारणों से हमें नाटक का प्रस्तुतीकरण ठीक साढ़े सात बजे शुरू करना पड़ा। इसी दौरान सब परीक्षक उत्साह से देख रहे थे की यह दृष्टिबाधित कलाकार इस छोटे से मंच पर कैसे नाटक का प्रस्तुतीकरण करेंगे। यह सब उत्साह से देख रहे थे। आखिर वह वक्त आ रही गया, जब नाटक की शुरुवात हुई। जैसे ही पर्दा ऊपर उठा, सभी परीक्षकों ने तालियाँ बजाकर सभी दृष्टिबाधित कलाकारों को प्रोत्साहित किया। नाटक का पहला अंक शुरू हो चुका था, तो सभी के मनमें एक ही बात चल रही थी, की आज का मंचन कैसा होगा हमारे लिए। नाटक के इस अंक में सूत्रधार और पुजारी की भूमिका निभानेवाले दोनों कलाकारों ने अपनी छाप परीक्षकों पर छोड़ दी थी। सभी परीक्षकों ने पहला दृश्य शुरू होने के

भरतनाट्य मंदिर में मेरा नाटक

पवन धोंडिबा नांगरे - तृतीय वर्ष, कला

बाद नृत्य देखकर तालियाँ बजाई। इसके बाद आया पहले अंक का दूसरा दृश्य, जिसमें कॅप्टन अंकुश, प्राचार्य पंचपात्रे और उनकी सभी टीम ने प्रस्तुतीकरण बहुत ही अच्छा किया था। ऐसा बहुत सारा अच्छी तरह से यह अंक चल रहा था।

पहला अंक के खत्म होने

पर दूसरे अंक का पहला दृश्य शुरू हुआ। जिसमें कॅप्टन अंकुश, मालन और अनु भाभी का समावेश था। इन सभी ने यहाँ पर सामाजिक, रुढ़ी, परंपराओं पर प्रकाश डाला है। इस अंक को देखकर सभी परीक्षकों को उत्सुकता थी आगे क्या होगा ?

यही सोचते-सोचते सब परीक्षक गण नाट्यगृह में मध्यांतर के बाद आए। क्योंकि उन्हें बहुत ही अच्छी तरह से महसूस हो रहा था कि आगे और कुछ सामाजिक स्थिति एवं अंधविश्वास पर झाँकने का मौका मिलेगा। इस अंक में दो हवालदार याने कि एक मैं और बळीराम, कॅप्टन अंकुश, मालन, महु, पुजारी, परमेश्वर भंडारी लालन साथ ही अनु भाभी, रंगु तळेगावकर इनकी सभी टीम दो हवालदार जैसे ही गाना खत्म हुआ है वैसे टाईगर भंडारी का प्रवेश शुरू हो चुका था। वे हवालदार कॅप्टन को लेकर टाईगर भंडारी के पास लेकर जाते हैं। फिर उन दोनों में बातचीत शुरू होती है। उसके बाद एक जेलर हथकड़ी लेकर आता है और कॅप्टन को हथकड़ी दिखाकर उसे धमकाता है। टाईगर भंडारी यह हथकड़ी देखकर जेल में कॅप्टन को डाल देता है। इस अंक में दोनों जिगरी दोस्तों की बचपन कि यारी दिखाई है। जो आगे चलकर कॅप्टन को भारी पड़ गई।

इस अंक का दूसरा दृश्य शुरू होता है। जिसमें उद्योजक और एक चोर का उदाहरण देकर उन दोस्तों के कुशलता के बारे में कहा गया है।

इस नाटक के अंत में वॉर्डर कॅप्टन को अपनी आखिरी इच्छा के बारे में पूछता है तब वह कॅप्टन कहता है बैंगन की सब्जी और जवार की रोटी मुझे चाहिए। उस समय प्रवेश होता है, जो एक कॉन्स्टेबल है। वॉर्डर को कॅप्टन की अंतिम इच्छा पूर्ण करने के लिए आधी रोटी और बैंगन की सब्जी देता है। तब कॅप्टन कहते हैं

मरनेवाले की अंतिम इच्छा भी पूरी नहीं हो सकी। मेरी एक रोटी में से आधी रोटी और बैंगन की सब्जी भी खा ली। ऐसा करते-करते आखिर में कॅप्टन कहता है कि हे परमेश्वर मेरे पास तुम्हें देने के लिए कुछ भी नहीं है। तब परमेश्वर कहता है, कॅप्टन धीरे-धीरे देना। ऐसा करते-करते कॅप्टन की

सजा माफ होती हैं, और कॅप्टन अंकुश जिंदा रहता है। नाटक के तीनों अंक खत्म होने के बाद इस नाटक में उद्योजक और चोर के बारे में, वेश्या की वस्ती, दोनों दोस्तों के बारे में भी बताया गया है।

पुणे में हम दृष्टिबाधित कलाकारों के इस नाटक के चार प्रयोग हो चुके हैं। सब कलाकार मिलकर और सभी स्वयंसेवक मिलकर पैंतीस से चालीस लोगों की यह टीम सफलतापूर्वक यह नाटक आगे लेकर जानेवाली टीम हैं। इस नाटक के निर्देशक थोरात सर ने नाटक खत्म होने पर अपनी अविस्मरणीय यादें बताई कि ४ अगस्त १९९७ का एक नाटक था जिसमें दृष्टिबाधित कलाकार थे। उस नाटक का नाम महाराष्ट्राची यशोगाथा था, जिससे दृष्टिबाधित कलाकारों की रंगमंच की शुरुआत थी। उन्होंने अपनी यादों में यह भी बताया है। कुल मिलाकर वैश्विक स्तर पर देखा जाए तो एक करोड़ बीस लाख दृष्टिबाधित लोग हैं। आज के जमाने में देखा जाए तो कुल मिलाकर तीन करोड़ बीस लाख दृष्टिबाधित लोग हैं। उनमें से एक सौ पैंसठ दृष्टिबाधित कलाकारों ने काम किया है और कर रहे हैं। 'महाराष्ट्राची यशोगाथा' यह नाटक गिनीज बुक ऑफ वर्ल्ड रेकॉर्ड में दर्ज हो चुका है। और अभी जो चल रहा है उस नाटक का नाम है – तीन पैशांचा तमाशा।

जिसमें मुझे अभिनय करने का स्वर्ण अवसर मिला।

हँसीन मंजिल तक का सफर

दोस्तों धीरे नहीं सँभलकर चलो,
दूसरों की नकल नहीं बल्कि उनसे कुछ सीखो,
औरों से आगे जाने की नहीं,
खुद से आगे जाने की सोचो।

कोशिश करनेवालों की हार नहीं होती,
इस बात को समझने की कोशिश करो,
हर मोड़ होगा डँटकर पार,
जैसे कोई जलता हुआ चिराग।

मंजिल पर ध्यान दो रास्ते अपने आप बन जाएँगे,
सफर यूँ खत्म हो जाएगा जैसे कोई बेहतरीन किताब,
जिसके अंत की ना होती कोई खबर,
हो सकती है तुम्हारी हार या,
शायद अभी भी जीतने के बाकी हो आसार।

मतलबी रिश्ते

अजनबी थे हम इस दुनिया में,
लोक हमें रिश्ते बताए गए...
एक वक्त ऐसा भी आया,
जब वो रिश्तों को ठुकरा गए...

हर पल अपनापन जतानेवालों,
पलभर में पराए हो गए...
क्या अजीब किस्सा है ज़िंदगी का,
वो किस्सों को हादसा बता गए....

होकर खुदगर्ज मतलबी,
वो मतलब की बातें निकाल गए,...
अपनों की कसमें खानेवाले,
भरोसों को तोड़ गए...

क्या शिकायत करते किसी से,
वो तो शिकायतों में भी गुस्ताखी कर गए...
नहीं आयाम-नहीं हवा में,
खुदगर्ज का जहर घाल गए...

अपराधी को अपराधी कहना भी गलत है,
जब मुजरिम हमें वो बता गए...
वक्त के रेत पर वो अपने निशान छुपाकर,
पैर हमारे बता गए..

क्यों किया वाकिफ़ रिश्तों से,
जब रिश्तों में मतभेद बनाना था...
दो पल की ज़िंदगी में,
काँटों को हमेशा के लिए बो देना था...

क्या रिश्ते हैं मेरे,
अब रिश्तों में रिश्तों-सा नहीं लगता...
कोई अपना था ही कब,
अब अपना कहनेवाला भी कोई अपना नहीं लगता।

– धवल बारेवार (डेविल) – प्रथम वर्ष, कला

आजकल जो वस्तु हमारे हाथ में सबसे ज्यादा रहती है वो है मोबाइल फोन । और उसके साथ जुड़ी आधुनिक टेक्नोलॉजी । आज २४-२४ घंटे, मोबाइल ने लोगों के हाथ जकड़े रखे हैं । लोगों में इस मोबाइल और टेक्नोलॉजी के दुष्प्रभाव बढ़ते ही जा रहे हैं ।

पिछले एक दशक में मोबाइल हमारी जिंदगी का अभिन्न अंग बन चुका है । मोबाइल फोन के बढ़ते उपयोग को देखते हुए आज हम कह सकते हैं कि मोबाइल फोन में हमारी इस असली दुनिया से दूर एक वर्चुअल (आभासी) दुनिया बन गई है जिसके कारण हम इसमें खो गए हैं और अपनी असली दुनिया से दूर होते जा रहे हैं । मोबाइल फोन के कारण दिन-प्रतिदिन सेल टावर की गिनती बढ़ती जा रही है । मोबाइल फोन और सेल टावर के कारण हमारे शरीर पर भारी मात्रा में दुष्परिणाम हो रहे हैं ।

हमारा मस्तिष्क सेलफोन की किरणों के कारण धीमा होता

जा रहा है । इससे हमारी जागरूक रहने की क्षमता प्रभावित हो रही है । पश्चिमी इंग्लैंड में ब्रिस्टल रॉयल इन्फ़र्मरी में स्वास्थ्य विभाग द्वारा प्रायोजित अनुसंधान के अनुसार, एकाग्रता की कमी के कारण स्मरणशक्ति भी कमजोर हो सकती है और ध्यान केन्द्रित करने में असमर्थता के कारण नए कार्यों को सीखना भी कठिन हो सकता है ।

मोबाइल फोन कई न्यूरोलॉजिकल समस्याओं को भी जन्म देता है । जैसे कि अचानक चक्कर आना, जी मचलना, बिना मौसम बीमार होना और आदि दुष्प्रभाव होते हैं ।

एक ब्रिटिश चिकित्सा पत्रिका 'द लांसेट' के मुताबिक सेलफोन विकिरण सीधे हमारे शरीर के सेल फंक्शन को बदल सकते हैं और रक्तचाप मेंमकक वृद्धि का कारण भी बन सकते हैं । छाती में दर्द का अनुभव, दिल का दौरा पड़ना, साँस की कमी और न जाने कितने नुकसान होते हैं इस सेलफोन के हमारे स्वास्थ्य पर ।

मोबाइल फोन और सोशल मीडिया ने हमारी गोपनीयता पर भी भारी प्रहार किया है । आज किसी के बारे में कुछ भी जानना बहुत ही ज्यादा आसान हो गया है । दूसरों की जिंदगी की गुप्त बातों का पता लगाकर न जाने कितने लोग इसका दुरुपयोग करते हैं ।

कई लोग तो खाना खाते वक्त भी फोन पर लगे रहते हैं । कभी खुद की सेल्फी निकालते हैं तो कभी बार-बार खाने की चीजों की फोटो निकाल-निकालकर सोशल मीडिया पर डालते रहते हैं । कई देर तक लोग उस फोटो पर लाईक और कमेंट का इंतजार करते रहते हैं ।

एक नई चीज जो आजकल इस मोबाइल की तरफ हमारा ध्यान बार बार केंद्रित करती हैं वो है नई-नई आनेवाली वेबसीरीज । आज फिल्म से ज्यादा पैसे अगर कोई कमा रहा है तो वो है वेबसीरीज । उन लोगों को भी हमारी कमजोरी का पता चल गया है जिसका उपयोग वह बहुत ही अच्छे से कर रहे हैं । इस तरह मोबाइल हमारा ध्यान खरीदकर हमें कंगाल बना रहा है और हम बेवकूफों की तरह इस जाल में फँसते ही जा रहे हैं ।

अगर मोबाइल फोन हमारी जिंदगी में न रहा तो यह विचार ही हमें डरा देता है । यह डर सदैव हमारी जिंदगी में तनाव पैदा कर देता है । हमें इस डर से मुक्त होने की जरूरत है ।

इस तनाव और डर से मुक्त होने के लिए हमें मोबाइल फोन का उपयोग कम करना होगा । हमें जीवन और वक्त को इस मोबाइल फोन में न लगाते हुए किसी उपयोगी चीज को करना होगा । क्या आपने कभी सुना है

कि कोई कामयाब इंसान अपनी सफलता का राज ज्यादा से ज्यादा समय मोबाइल फोन को देने को बताता है?... नहीं । मोबाइल हमें जिंदगी काटने में मदद तो कर सकता है लेकिन वह हमारी जिंदगी की डोर कभी भी काट सकता है ।

अर्थ : वृंद जी इस दोहे में कहते हैं कि व्यक्ति को पहले अपनी क्षमता का आकलन करने के बाद ही अपना लक्ष्य निश्चित करना चाहिए, ताकि आप अपने लक्ष्य को प्राप्त कर सकें । अपनी क्षमता का सही आंकलन किये बिना लक्ष्य पाने की लालसा करना चादर से बाहर पैर पसारने जैसा है ।

१२ वी कक्षा के मेरे पेपर हाल ही में खत्म हो चुके थे और मैं बहुत खुश थी। पेपर खत्म होने के खुशी में एक छोटी पार्टी भी की। पहले में पेपर होने के कारण टीव्ही देखती ही नहीं थी। चारों ओर माहौल परीक्षा का ही था। इस वजह से मुझे टीव्ही देखने का भी मन नहीं करता था। लेकिन अब मेरे पेपर खत्म हो चुके थे। इसी कारण घर में रात के बारह बजे तक टीव्ही चालू ही था। आखिर में नींद आ ही गई। फिर अम्मी की आवाज आई, उठ देख कितने बजे हैं? उठ। जल्दी उठ जा। फिर उठकर देखा तो क्या सुबह के ग्यारह बजे थे। मुझे खुदको ही भरोसा नहीं हो रहा था कि सुबह के ग्यारह बज चुके हैं। फिर मन में एक ख्याल आया कि यदी घड़ी ही नहीं होती तो? हाँ, सच ही कह रही हूँ यदि घड़ी ही नहीं होती तो?

वाह ! क्या माहौल बन जाता वो। फिर अम्मी सुबह जल्दी उठाती ही नहीं, ना अब्बूजान रात में जल्दी सोने के लिए चिल्लाते। सिर्फ और सिर्फ अपने मन के मालिक। जब जो चाहिये वो करने आता। सुबह का वक्त, शाम का वक्त यह किटकिट ही न होती। कहा जाता है, हाँ और ज्यादातर दिल्ली जैसे शहरों में की शाम के सात बजने के बाद लड़कियों को घर के बाहर भेजना सही नहीं। यदि यह घड़ी ही नहीं होती तो सभी लोग बिंदास्त घर से बाहर शाम में निकल पाते। फिर लड़कियों को तकलीफ देनेवाले, उनसे गंदा बताव करनेवाले लोगों की गंदी नजर लड़कियों पर नहीं पड़ती। यदि घड़ी न होती तो जब भूख लगे तब खाना खाने आता। जब चाहे जहाँ चाहे वहाँ घूमने जा सकते थे। सबसे खुशी की बात तो ये कि विद्यालय-महाविद्यालय इनका कोई वक्त ही न होता। वाह ये लिखते वक्त सोचते वक्त कितना मजा आ रहा है ना भाईयों और बहनों। यह एक घड़ी ही है जो हम सभी मानव सजीव को एक नियमों में बंद कर लेती है। जैसे - सुबह छह बजे उठना, सात बजे तक महाविद्यालय में पहुँचना, बारह बजे तक घर आ जाना, दोपहर के एक बजे खाना खा लेना और रात में दस के बजे तक सो जाना। इसी कारण हम कितने नियमों में बंद हो जाते हैं ना।

हाँ लेकिन सुनो तो

मैं जो कह रही हूँ, वो सही कह रही हूँ क्या? यदी घड़ी न होती तो? नहीं बिल्कुल नहीं। यदि घड़ी नहीं होती तो सब लोग वक्त का महत्त्व नहीं समझ पाते। सब लोग आलसी बन जाते। घड़ी

यदि घड़ी नहीं होती

शबाना खाजेभाई अत्तार - प्रथम वर्ष, कला

ही नहीं होती तो सभी लोग अपने मन के मालिक होते। इसी कारण सबमें एक अनोखा घमंड आ जाता। वक्त पर कुछ भी काम न हो पाते। सभी लोग सुस्त बन जाते। सभी लोगों को सूर्योदय - सूर्यास्त पर अवलंबित रहना पड़ता। लोगों को देर तक सोने की गंदी आदत लग जाती। लोगों को सुबह, शाम और दोपहर का खाना वक्त पर न हो पाता इसकी वजह से

उनके स्वास्थ्य पर परिणाम हो जाता। विद्यार्थी विद्यालय-महाविद्यालयों में वक्त पर नहीं पहुँचते। इसी कारण उनको व्यक्तित्व विकास न हो पाता।

घड़ी दिखने में तो बहुत छोटी है पर उसके कार्य बहुत बड़े। इसके माध्यम से लोगों को वक्त का महत्त्व पता चलता है। ये घड़ी ही है जो इंसान को वक्तपर

चलना सिखा देती है। घड़ी की ही वजह से लोगों के काम वक्तपर होते हैं। घड़ी के ही कारण हम पूरे दिनों का एक अच्छा दिनक्रम बनाकर उसके अनुसार चलते हैं। घड़ी की ही वजह से ऑफिस, बैंक, विद्यालय, महाविद्यालय, अस्पताल और अनेक जगहों के काम वक्त पर हो पाते हैं। डॉक्टर घड़ी का इस्तेमाल कर मरीजों की नब्ज चेक करते हैं।

यदि यह घड़ी न होती तो इस संसार का क्या हो पाता?

कुछ लोग अपने काम मुहूर्त पर करना पसंद करते हैं। यदि घड़ी न होती तो यह मुहूर्त कहाँ से मिलता। अपने वैज्ञानिक अलग-अलग प्रयोग करते हैं। यह प्रयोग ज्यादातर वक्तपर ही अवलंबित होते हैं। यदि घड़ी न होती तो अपने वैज्ञानिक प्रयोग न कर पाते। यहाँ तक कि बैंकों में के काम वक्तनुसार चलते हैं और मरीजों का ब्लडप्रेसर भी वक्त से ही जाना जाता है। घड़ी का महत्त्व हम इन पंक्तियों से स्पष्ट कर सकते हैं -

जागो प्यारे लोगों जागो,

देखो समय का इशारा,

इस सुंदर घड़ी ने है आज पुकारा,

जरा सोचो घड़ी के बिना कैसे होगा गुजारा।

घड़ी का महत्त्व समझो

सुख चैन का जीवन बिताओ ॥

सचमुच प्यारे लोगों, सोचो कि घड़ी के बिना हमारा गुजारा कैसे हो पाएगा। जब हम घड़ी का महत्त्व दिल से अपना लेंगे तब ही जाकर हमें सुख चैन प्राप्त हो जाएगा।

अधजल गगरी छलकत जात, एक मुहावरा है हिन्दी भाषा में। यह कहावत बड़ी प्रचलित तथा सुप्रसिद्ध है। शब्दों से देखा जाए तो यह अर्थ निकलता है कि, पानी का घड़ा अगर आधा भरा हुआ, तो घड़े का पानी चलते समय आवाज करती छलकती है। घड़े में भरा पानी कभी-कभी बाहर भी आता है। पानी का छलकना और घड़े से पानी बाहर आना नुकसानदायी है।

नदी का ही उदाहरण लीजिए। जब नदी पहाड़ों से निकलती तो कंकड़ों से, पत्थरों से टकराती, रास्ता बनाती हुए चलती है तो उसके पानी की बड़ी आवाज आती है। इतनी तेजी से चलती है कि आवाज के साथ-साथ पानी भी बह जाता है। नदी का उछलना शोरगुल लगता है।

यही कहावत हमारे जीवन में बार-बार हमें जीने के नुस्के देती है। जब मैं गाँव की स्कूल में पढ़ता था, तब मैं स्कूल में मॉनिटर था। गुरुजी ने हमें नया-नया अध्याय पढ़ाया था अंग्रेजी का। एक दिन किसी कारणवश एक-दो घंटे के लिए गुरुजी बाहर गये थे और मॉनिटर होने के नाते मुझे क्लास सँभालनी थी। मैं अंग्रेजी स्पेलिंग की तालीम ले रहा था। एरोप्लेन शब्द की स्पेलिंग मैं बोल रहा था कि तभी गुरुजी क्लास में आये और उन्होंने सुना मैं गलत स्पेलिंग कहकर तालीम ले रहा हूँ। गुरुजी ने स्पेलिंग तो ठीक करवाया लेकिन मुझे यह भी समझाया कि पूरा ज्ञान अवश्य हो, अर्धे-अधूरे ज्ञान से काम नहीं चलता। आधा-अधूरा ज्ञान अधजल घगरी का समान होता है। सिर्फ आवाज ज्ञान नहीं।

मेरे बचपन की एक दूसरी घटना मुझे याद है। उसी वक्त की मुझे मेरे चाचाजी ने ये कहावत का दर्पण दिखाया था। हुआ यूँ था कि, चाचाजी और उनके साथ ओर कुछ लोग उनके बिसनेस के हिसाब कर रहे थे। कहाँ से मैं वही टपक पड़ा और चाचाजी के पास बैठा। साथ बैठे लोगों के सामने चाचाजी ने मेरी जमकर तारीफ की। मेरे चित्रकारी, स्कूल के नंबर, नाटक में लिया हुआ पार्ट सब बताया। मुझे बड़ा गर्व हुआ। चाचाजी कुछ हिसाब कर रहे थे। मैंने देखकर ही बताया कि उस पेज की टोटल इतनी आती है। चाचाजी को भरोसा था उन्होंने ये टोटल लिख दी। अब मैं वहाँ से चला गया। डेढ़ राज तक वो सब लोग हिसाब करते बैठे थे। हिसाब

नहीं लग रहा था। तब उनमें से एक सज्जन ने जो मैंने टोटल लगायी थी वो फिरसे कराई तो गलती सामने आयी। हिसाब का घोटाला नहीं था। चाचाजी ने मुझे डाँटा भी और समझाया भी, पूरे ध्यान से पढ़ाई और काम करना चाहिए। नहीं तो, बात ये होती है कि अधजल गगरी छलकत जाये।

हमारे समाज में सामाजिक कार्य करनेवाले नेता उभर आये हैं। उनको राजनीति के नेता भी कहा जा सकता है। राजनीति और

समाजसुधार दो अलग अलग हैं। जिनको समाजसुधार की चिंता है या तो वो समाजसुधार करते हैं, या राजनीति करते हैं। ये चिंता का रूप कहीं ना कहीं अधजल घगरी के कहावत समान होता है। करते थोड़ासा हैं और कहते ज्यादा हैं। इतने बड़े - बड़े फ्लेक्स बनवाकर नुककुड पर लगाएँगे और कहेंगे हम कुछ

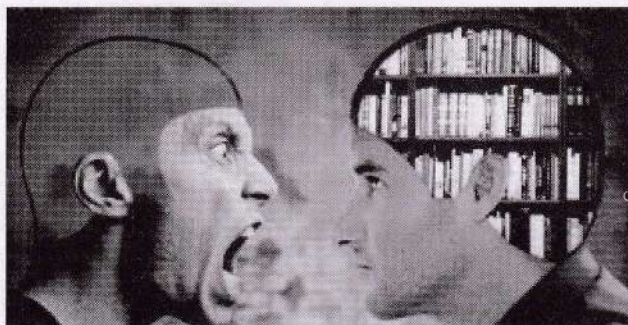

बोलते नहीं सिर्फ काम करते हैं। लेकिन जिनके सामने आप बोल रहे हो वो लोग तो जानते ही हैं ना आप बोलते ज्यादा हो और करते कम हो। इसमें ऐसा भी होता है कि काम किया किसीने है, और कोई और इसका श्रेय ले रहा है।

पत्रकारिता का विषय देखिए एक थोड़ासा छोटासा विषय लेकर उसको इसी तरह से पेश करेंगे कि, ये अधजल घगरी वाली कहावत याद आ जाये। ऐसे अखबार दिखाई देते हैं कि वे लगता है शायद सिर्फ विज्ञापन के लिए निकाले हैं। उनके संपादकीय में कोई ज्ञान, कोई दम नहीं होता। किसी छोटीसी खबर का बढ़ा-चढ़ाकर लिखेंगे और बड़ी बात किसी कोने में छिपवायेंगे। पता नहीं पत्रकारिता का ज्ञान उनके पास होगा या नहीं।

हमारे समाज में दानशूर व्यक्तियों की कमी नहीं है। लेकिन दान भी करेंगे तो समारोह के साथ होना ये चाहता कि, एक हाथ से दान करे तो दूसरे हाथ को पता भी नहीं लगना चाहिए। पर ऐसा होता नहीं। ढिंढोरा पिटकर, बॅनर लगवाकर, समारंभपूर्वक दान करेंगे। उदाहरण के तौर पर, अगस्त माह के पहले-दूसरे सप्ताह में

कोल्हापूर-सांगली में बारीश के प्रकोप के बाद जो लोग, समाजसेवी दान करने निकले तो भी बॅनर के साथ। जिनको दान का मतलब मालूम नहीं वो लोग अधजल घगरी कहावत के अनुसार मतलबी बनकर दान दे रहे हैं।

एक विद्वतापूर्ण समाज गहरे पानी के नदी के समान होता है,

जहाँ आवाज नहीं होती । वो गगरी पूरी भरी हुई होती है जिनसे छलकना नहीं होता । पानी का नारा नहीं होता । जो विद्वान है, ज्ञानी हैं, बोलते कम हैं यानी छिलकते नहीं पर उनका काम आसमाँ छू लेने का होता है । हाल ही में चंद्रयान की सवारी हो गई । यहाँ नहीं मिला लेकिन कही यह नहीं लगा की अधजल घगरी है । पूरी तैयारी के साथ चंद्रयान छोड़ा गया था ।

आजकल अखबार में कलम ३७० की चर्चा है । विद्वानों का एक सतर्क, अभ्यासपूर्ण निर्णय जिससे कश्मीर से भारतीय घटना कलम ३७० से भारत से अलग करना था उसे हराया गया । विश्वभर में भारत के निर्णय के विरोध में किसी ने बात नहीं की । इसे कहते हैं पानी से पूरा भरा हुआ घड़ा, पानी आवाज नहीं करता बल्कि धीरगंभीरता से अपनी मंजिल की ओर चलता है । विचारधारा खोखलेपन नहीं होनी चाहिए, एक ठोस कदम उठाकर चलने के लिए प्रद्युक्त करनेवाली धारा ही विचारधारा होती है । जितनी सोच गहरी उतना ही अनुभव गहरा होता है ।

सच जो विद्वान है, गुणवान है, परोपकारी है, सदाचारी है, उनके व्यवहार से, वाणी से आचरण से स्पष्ट रूप से झलकते हैं । किसीके प्रमाणपत्र की जरूरत नहीं होती । उनका काम ही ऐसा बोलता है कि छिछोरेपन की बोलती बंद हो जाती है ।

इस विषय में मुझे महात्मा गांधीजी के बारे में लिखना मजबूर कर रहा है । एक बैरिस्टर एक पंचे और एक काठी के सहारे, सच के सहारे, बिना युद्ध के, बिना रक्तपात के उन्होंने भारत को १५० साल के अंग्रेज से मुक्त करवाया । मजबूत विचार, वैसे ही आचरण । तकलीफ खुद को करवा ली लेकिन भारत को आजादी दी । बंदूक की गोली झेली और 'हे राम' कहते-कहते इस मिट्टी में मिल गये, और स्वतंत्रता भारत को दे दी ।

यही कहना है, मानव जीवन एक ही बार प्राप्त है । मानव ही सभी प्राणियों में बुद्धिमान प्राणी है । इस जीवन में हम ऐसे कदम उठाते चले कि, गगरी का पानी छलक न जाए । विनाश की ओर ना बढ़े । किसी में आधापन ना हो । अपने विचारों में, आचारों में पूरी गहराई हो ।

हिंदी भाषा

प्रकृति की पहली ध्वनि ॐ है ।
मेरी हिंदी भाषा भी, इसी ॐ, की देन है ।
देवनागरी लिपी है इसकी, देवों की कलम से उपजी ।
बांगला, गुजराती, भोजपुरी
डोंगरी, पंजाबी और कई,
हिंदी ही है, इन सब की जननी ।
प्रकृति की हर एक चीज ।
अपने में संपूर्ण है ।
मेरी हिंदी भाषा भी ।
अपने में संपूर्ण है ।
जो बोलते हैं, वहाँ लिखते हैं ।
मन के भाव, सही उभरते हैं ।
हिंदी भाषा ही तुम्हें,
प्रकृति को समीप ले जाएगी ।
मन की शुद्धि, तन की शुद्धि,
सहायक बन जाएगी ।
कुछ हवा चली है, ऐसी यहाँ कहते हैं ।
इस मातृभाषा को बदल डालें
क्या बदल सकते हो तुम अपनी माता की ?
मातृभाषा में फिर क्यों बदलाव करें
हिंदी की जड़ों पर आओ, हम गर्व करें ।
हिंदी भाषा पर, आओ हम गर्व करें ।

जिंदगी

दो पल की जिंदगी है
आज बचपन, कल जवानी
परसों बुढ़ापा, फिर खत्म कहानी है
चलो हँसकर जिए, चलो खुलकर जिए
फिर ना आनेवाली यह रात सुहानी
फिर ना आनेवाला यह दिन सुहाना
कल जो बीत गया सो बीत गया
क्यों करते हैं आनेवाले कल की चिंता
आज और अभी जिओ, दूसरा पल हो ना हो
आओ जिंदगी को गाते चले,
कुछ बातें मन की करते चलें,
रुठों को मनाते चलें,
आओ जीवन की कहानी प्यार से लिखते चले
कुछ बोल मीठे बोलते चले
कुछ रिश्ते नए बनाते चले
क्या लाए थे क्या ले जायेंगे
आओ कुछ लुटाते चले
आओ सब के साथ चलते चले
जिंदगी का सफर यूँ ही काँटते चले

"Today's Readers ,
Tomorrows Leaders"

यह वाक्य हर ग्रंथालय में लगा रहता है। ग्रंथालय किताबों से भरा, लोगों की और विद्यार्थियों की जिंदगी में ज्ञान फैलाने काम लगातार करता है। जब हम अपनी पढ़ाई की उम्र में किताबों से पढ़ाई गहराई से करते हैं तो फिर आगे की जिंदगी अच्छी चलती है।

"Knowledge is power" जैसे सुविचार किताबों का महत्त्व दर्शाते हैं।

हम सब अब्राहम लिंकन की कहानी जानते हैं। उनके जीवन में किताबों का बहुत बड़ा रोल था। उन्होंने किताबों को बहुत महत्त्व दिया था। उन्होंने एक बार एक आदमी से किताब पढ़ने के लिए लाई। पढ़ने के बाद वो किताब खिड़की के पास रखी। उस रात बारीश आयी और वो किताब गीली हो गयी। अब्राहम लिंकन के पास उस किताब की कीमत चुकाने के लिए पैसे नहीं थे, उन्होंने उस आदमी के पास काम करके पैसे चुकाए। उन्होंने किताबों को महत्त्व समझा और आगे जाकर वो अमेरिका के राष्ट्राध्यक्ष बने। किताबों के सहारे एक सामान्य आदमी कितना बड़ा बन सकता है, यह इसका उदाहरण है। जब वे राष्ट्राध्यक्ष के पद पर काम कर रहे थे, तब उन्होंने किताबों से प्राप्त ज्ञान के संचित के आधार पर यूएसए की बहुत सारी समस्याएँ हल कर दी। उसमें से सबसे बड़ी समस्या थी, काले-गोरे का भेद। उन्होंने उसे खत्म कर दिया।

हमें किताबों का महत्त्व जानना है, तो हम फिर एक और महापुरुष की कहानी जान सकते हैं। वे हैं महामानव, भारतरत्न डॉ. बाबासाहब आंबेडकर, जिन्हें किताबों में बहुत रुचि थी। वह जीवन में किताबों को सबसे बड़ा दोस्त मानते थे। एक दलित अस्पृश्य समाज का लड़का भारत जैसे विशाल और विविधतापूर्ण देश का सबसे बड़ा संविधान बना सकता है, वह सिर्फ किताबों की अच्छी पढ़ाई से ही संभव है। उन्होंने अपने घर में अपने लिए एक ग्रंथालय बनाया था। इससे हम समझ सकते हैं कि किताबों का हमारे जीवन में कितनी बड़ा भूमिका है। बाबासाहब आंबेडकर को मिला ज्ञान उन्होंने भारत के संविधान बनाने में, औरतों को अधिकार देने में और बिछड़े पिछले वर्गों का उत्थान करने के लिए इस्तेमाल किया।

जैसे किताबों ने महापुरुषों के जीवन में भूमिका निभाई है। उसी तरह किताबें सामान्य आदमी के जीवन में भी भूमिका निभाती हैं। सामान्य आदमी किताबें पढ़कर असामान्य बन सकता है। महात्मा

जीवन में किताबों का महत्त्व

अशोक नारायण माने - द्वितीय वर्ष, कला

ज्योती शिवा - एम.ए. द्वितीय

गांधीजी, बाबा आमटे, सुभाषचंद्र बोस, जवाहरलाल नेहरू, रवींद्रनाथ टागोर, नेल्सन मंडेला, वल्लभभाई पटेल, ए.पी.जे.अब्दुल कलाम जैसे महापुरुष एक दिन सामान्य ही थे। उन्होंने किताबें पढ़कर और उसे प्रत्यक्ष जीवन में आचरण में लाकर महान बने।

किताबों के अनेक प्रकार होते हैं कथात्मक, कल्पनारम्य,

आत्मकथाएँ इ. इनमें से आत्मकथाएँ बहुत महत्त्वपूर्ण रोचक, प्रेरणादायी हैं। उनसे हम अपने व्यक्तिगत जीवन में बदलाव ला सकते हैं। हमारे आदरणीय प्रधानमंत्री जी ने ये आत्मकथाएँ पढ़ने के लिए विद्यार्थियों के प्रेरित किया है। उन्होंने गुजरात में पढ़ो गुजरात नाम का कार्यक्रम चलाकर किताबों को मानवी जीवन स्तर लाने का प्रयास किया था। उन्होंने भी बहुत सारी किताबें पढ़ी हैं। उसका फायदा हमारे देश को हो रहा है। डिजिटल इंडिया, मेक इन इंडिया, स्टार्ट अप इंडिया, स्कूल इंडिया इ. सब हमारे प्रधानमंत्री जी के इनिशिएटिव्ह है।

किताबें हमारे जीवन में मार्गदर्शक का काम करते हैं। वे हमें जीवन का अर्थ समझने में, जीवन को बेहतर बनाने में मदद करते हैं; हमें प्रबुद्ध बनाते हैं। हमारे जीवन में बुद्धि का अच्छा विकास हो तो कुछ भी पाना असंभव नहीं है। किताबें हमें राजनैतिक, सांस्कृतिक, आर्थिक, विज्ञान से संबंधित इ. ज्ञान देने में मदद करते हैं।

कोई भी विषय अच्छी तरह से समझने के लिए किताबें बहुत बड़ी भूमिका निभाते हैं। हर एक लड़का या लड़की एक जैसे चीजें समझ नहीं सकती, क्योंकि उनका किताबों का पढ़ना अलग अलग रहता है। कुछ विद्यार्थियों को पढ़ाया हुआ, अच्छी तरह से समझ आता है क्योंकि वह किताबों को अपना दोस्त मानते हैं।

हमारे करिअर में किताबों का महत्त्व होता है। हमें चाहे UPSC/MPSC/SET/NET/SSC/NEET/IIT/AIMS/Banking etc. कोई भी परीक्षा देनी हो तो किताबों की पढ़ाई अनिवार्य है। इसे कुछ भी पर्यायी स्रोत नहीं है। हम कोई भी नौकरी करते हैं, तब हम किताबों का ज्ञान प्रत्यक्ष में लाते हैं। परंतु आज बहुत सारे युवा मोबाइल और समाज माध्यम में अपना समय खत्म कर रहे हैं। उससे उनका बौद्धिक आत्मिक विकास रुक जाता है। हमारे युवा जैसे गेम में बर्बाद हो रहे हैं। वह अपना समय गँवा रहे हैं। विज्ञान कितना भी आगे क्यों ना जाए किताबों का महत्त्व रहनेवाला है।

किताबों का महत्त्व समझने के लिए हम स्वतंत्रता आंदोलन का उदाहरण लेते हैं। जब अंग्रेजों ने हमें गुलाम बनाया था, तब हमारे समाजिक जीवन में राष्ट्रीयत्व (Nationalism) की भावना नहीं थी। जब उन्होंने पाश्चिमात्य शिक्षा शुरू की, तब हमारे भारतीय लोक जागृत हो गए। उनको राष्ट्रवाद, लोकशाही, गुलामगिरी, एकता व सार्वभौमत्व की संकल्पनाएँ स्पष्ट हो गई। उन्होंने फिर अंग्रेजों के खिलाफ अपनी लड़ाई प्रारंभ कर दी। उन्होंने जो भी ज्ञान किताबों से लिया था, उसे जीवन में इस्तेमाल किया। आखिरकार उन्होंने १५ अगस्त १९४७ को भारत को आज़ाद किया। वैचारिक क्रांती और राष्ट्रीयता को जागृत करने के लिए किताबों ने बहुत बड़ा योगदान दिया है।

हमारे पूर्व राष्ट्रपति ए.पी.जे. अब्दुल कलाम जी किताबों से बहुत प्रभावित थे। उनके जीवन में किताबों का बहुत बड़ा योगदान था। एक गरीब घर से आए, ए.पी.जे. अब्दुल कलाम देश के मिसाइल मैन बन गए। यह सिर्फ किताबों की पढ़ाई से संभव था। किताबें हमें एक संतुलित और तार्किक विचार करने के लिए मदद करती हैं। किताबों से हम समाज में जागृति पैदा कर सकते हैं। इसका असर हर एक आदमी पर पड़ता है।

"Education is the powerful weapon which brings now changes in the persoality - Mahatma Gandhi."

यह महात्मा गांधीजी ने कहा था। शिक्षा से आदमी के व्यक्तित्व में बदलाव आते हैं। यह बहुत सही है, लेकिन जो शिक्षा हम लेते हैं, वह किताबों से ही होती है। उन्होंने अपनी आत्मकथा 'माय एक्सपेरिमेंट विद ट्रूथ' में किताबों का जिक्र किया है। उनके व्यक्तित्व को किताबों ने कैसे बदल दिया। उन्हें बचपन में बहुत बुरी आदतें थीं जैसे झूठ बोलना, स्मोकिंग करना, मांसाहार करना, पैसे चुराना इ. यह सब बुरी आदतें जाकर इनमें इतनी अच्छी आदतें निर्माण, और वे देश के राष्ट्रपिता बन गए। उन्होंने स्वतंत्रता आंदोलन में बहुत बड़ा योगदान दिया। आफ्रिका में Racial Discrimination को खत्म किया। यह सब उनके जीवन में किताबों की वजह से ही हुआ।

किताबों की वजह से हम "एनिथिंग अंडर द सन इन्कमुडिंग द सन" पढ़ सकते हैं। हम भौतिकशास्त्र, रसायनशास्त्र, जीवशास्त्र, अर्थशास्त्र, राजनीतिशास्त्र, गणित, हिंदी, इंग्रजी, इंजिनिअरिंग, मेडिकल इ. पढ़ सकते हैं। हमारी प्राचीन संस्कृति को पढ़ सकते हैं। हम धर्मों के ग्रंथ भी पढ़ सकते हैं। गुरुग्रंथ साहिब, गीता, बायबल, कुराण इ. को पढ़ सकते हैं। हमारा इथिक्स स्ट्रॉंग बनाने में यह किताबें सहायता करते हैं।

जब किसी भी किताबों का पन्ना खोलते हैं, तब एक नई ज्ञान की दुनिया में खो जाते हैं। हम जब किताबों को पढ़ते हैं, तब हमें किताबें अच्छे लगने लगते हैं, इसमें हमारा प्यार और बढ़ जाता है। हम किताबें पढ़कर एक सामान्य आदमी से असामान्य बन सकते हैं। हम साथ अच्छे बन जाते हैं, जब हमें किताबों का अच्छा ज्ञान हो

और उसे प्रत्यक्ष जीवन में इस्तेमाल करना पता हो।

हमें स्वामी विवेकानंद जी की कहानी पता है। उन्होंने इतनी किताबें पढ़ी थी, वो एकबार किताब पढ़ लेते थे की उन्हें सब याद रह जाता था। किताबों की वजह से आज जगत प्रसिद्ध है। शिकागो के भाषण से उन्होंने भारत के युवा को प्रेरित करने के लिए अच्छे विचार दिए हैं। उनका आदर्श लेकर भारत सरकार ने हर एक गाँव में पुस्तकालय खुला किया है। इससे गाँव के बच्चे आगे आकर बड़ी-बड़ी पोस्ट को हासिल कर रहे हैं। इस वजह से गाँव में एक पढ़ाई का माहौल बन रहा है।

हम किताबों का महत्त्व जानने के लिए हमारे समाज में हुए सुधार की ओर जा सकते हैं। जब हमारे देश में सती, बालविवाह, दहेज जैसी बुरी प्रथाएँ थी, तब हम यह नहीं कह सकते कि तब भारत में किताबें नहीं थे। भारत किताबें थी, लेकिन वह इसे समर्थन देनेवाली किताबें थी। हम मनुस्मृति उदाहरण के सकते हैं,

जब राजा राममोहन राय, स्वामी दयानंद सरस्वती, महात्मा फुले, सावित्रीबाई फुले जैसे समाजसुधारकों ने वेस्टर्न थिंक्स को पढ़ा तब, उन्हें यह चीजें गलत लगने लगी। तब उन्होंने इसके खिलाफ आंदोलन छोड़ दिया। भारत को बनाने के लिए किताबों की बहुत बड़ी भूमिका रही है।

हम जब अखबार पढ़ते हैं, उसमें जो भी एडिटोरियल आते हैं, वे भी एक किताबों का ही हिस्सा होता है। अखबार हमें सर्वांगीण ज्ञान देता है, इसका आधार किताबें ही होते हैं। हम सारी दुनिया की सैर कर सकते हैं लेकिन किताबों की मदद से सारी दुनिया का ज्ञान ले सकते हैं। हमारे जीवन में अच्छा प्रदर्शन करने के लिए किताबें बहुत बड़ा रोल निभाती हैं।

किसी कमजोर व्यक्ति के लिए किताबें उतनी ही उपयोगी सिद्ध होती हैं, जितना एक अंधे व्यक्ति के लिए आईना होता है। ... चाणक्य कहते हैं -

"किताबों में इतना खजाना छुपा है, जिसे कोई भी लुटेरा कभी लूट नहीं सकता।"

इससे हम समझ सकते हैं, कि हम कभी भी पूरा ज्ञान नहीं ले सकते। "श्याम की माँ" किताब पर फिल्म बनी है, उसे राष्ट्रपती पुरस्कार मिला है।

ऐसी अनेक पुस्तकों के नाम बताए जा सकते हैं - प्रेमचंद का उपन्यास 'गोदान', 'भीष्म' साहनी का उपन्यास 'तमस', अमृता प्रीतम का 'पिंजर' आदि। जब ये फिल्म रुम में आई, तब भी लोगों से काफी प्रशंसा मिली। इन फिल्मों ने मनोरंजन ही नहीं किया बल्कि संदेश भी दिया।

सचमुच किताबों का बहुत बड़ा महत्त्व हमारे जीवन में है।

पुस्तकों का मूल्य रत्नों से भी अधिक है क्योंकि पुस्तकें अंतःकरण को उज्ज्वल करती हैं।

जब बच्चा पैदा होता है तो वह अपनी माँ का दुलारा होता है, पूरा परिवार उसकी देखभाल करता है। वह पूर्ण रूप से अपने माता-पिता एवं परिवार के सदस्यों पर निर्भर होता है। जब वह बड़ा होता है तब भी वह अपने परिवार पर ही निर्भर करता है। माँ हर चीज का ध्यान रखती है ना कभी खाने की चिंता सताती

और ना ही कोई चीज की परेशानी। ना कमरे की चिन्ता, ना सामान की। फिर वो समय आता है जब उसे अपने परिवार को छोड़कर बाहर अपनी उच्च शिक्षा के लिए जाना पड़ता है। यह बात अक्सर उन लोगों के साथ होता है। जो छोटे शहर, गाँव या प्रांत से होते हैं। कुछ बच्चे बड़ा खुश होते हैं कि वे एक नई दुनिया से रूबरू होंगे उन्हें लगता है कि उन्हें आजादी मिल गई पर वे लोग भूल जाते हैं जितनी आजादी उतनी ही जिम्मेदारी और दूसरी तरफ जो पढ़ने के लिए नये चीजें सीखने के लिए उत्सुक होते हैं। माता-पिता खुश तो बहुत होते हैं कि उनका बच्चा बाहर पढ़ने जा रहा है। परंतु उनकी सुरक्षा को लेकर वे काफी चिंतित रहते हैं और हो भी क्यों ना नया शह नये लोग। तो सभी बच्चों की तरह अपनी आकांक्षाओं को पूरा करने के लिए मैं भी एक बड़े शहर में आ गई। जब बच्चा घर से बाहर निकलता है वो और हॉस्टल में रहने लगता है तो वह किसी पर निर्भर नहीं करता और शायद यह ही छात्रावास का सबसे बड़ा फायदा है। तो मैं एक बड़े शहर में आ गई। जब मैं हॉस्टल आई थी तब मुझे माँ-पापा की याद सताती थी। उनकी हर छोटी-छोटी बात याद आती थी। हॉस्टल में विभिन्न गाँवों, शहरों, प्रांतों से लोग आते हैं तो हमें भारत के विभिन्न संस्कृति के बारे में पता चलता है। पुणे जैसे शहर में तो उत्तर-दक्षिण, पूरब-पश्चिम हर जगह से लोग आते हैं। कई बच्चे तो अपने माँ-पापा को याद करते और रोते रहते। जब बच्चा हॉस्टल पहुँचता है और वहाँ की दुनिया समझने की कोशिश में रहता है तब उसे काफी परेशानियों का सामना करना पड़ता है। शुरुआती दौर में आप अक्सर कम लोगों को जानते हैं और जिससे आपकी मुलाकात होती है। वह आपके रूममेट्स होते हैं। हॉस्टल में सबसे महत्वपूर्ण यह है कि आपके रूममेट्स अच्छे होने चाहिए। आप

लोगों के विचार मिलने चाहिए और सबसे महत्वपूर्ण है भाषा। मेरे रूममेट्स से मैं बातलाप नहीं कर पाती थी। क्योंकि मुझे मराठी नहीं आती थी। हॉस्टल अपने-आप में एक छोटी दुनिया हैं। इसे छोटा संसार भी कह सकते हैं। जहाँ आपको कई तरह के लोग मिलेंगे। कई आपके साथ मीठा बोलेंगे पर काम पढ़ने पर

कभी मदद नहीं करेंगे। कई चालाक, कई अपनी पढ़ाई में सिरियस तो कई एकदम ही मस्तमौला। आपको एक किस्सा बताना चाहूँगी जब मेरे दोस्त बने थे, तो मुझे लगा यह लोग बहुत अच्छे हैं, हम साथ में खाना खाते थे। फिर मुझे इस बात का ज्ञान हुआ कि वे लोग मुझे तभी बुलाते थे जब उनके साथ कोई नहीं होता था। मैं बिल्कुल अकेली हो गई थी। नया शहर, नये लोग, ना कोई जान-पहचानवाले। इतने भरे-पूरे शहर में भी मैं स्वयं को अकेला मानती थी। वैसे तो मुझे अकेले रहना अच्छा लगता है, लेकिन यह अकेलापन कभी-कभी चुभता था। यहाँ सारा काम मुझे खुद करना पड़ता था। यहाँ परिवार नहीं था। खुद उठना, नाश्ता करना, सब कुछ स्वयं करना। जैसा कि मैंने कहा कि हॉस्टल एक छोटी दुनिया तो इसमें अच्छे और बुरे दोनों तरह के लोग होते हैं। अब मेरे दोस्त बनने लगे हैं और हम जब रात में बैठते हैं तब उन्होंने बताया कि वो धूम्रपान करते हैं, मदिरा का सेवन करते हैं, तो मैं तो हक्का-बक्का रह गई क्योंकि मेरे लिए यह बहुत ही अलग बात थी। कई बार अपने माता-पिता से झूठ बोलकर बाहर जाना, झुठे नाईट आऊट और कई थे जो अपने माँ-बाप से सब शेअर करते थे। मेरे रूममेट्स बदल गये। इनके साथ मेरी अच्छी दोस्ती हो गई थी और कई दोस्त भी बने। मैं जब बीमार हुई तब मेरे दोस्तों ने मेरा बिल्कुल मेरी माँ की तरह ख्याल रखा। अब हम सब साथ में नाचते गाना गाते हैं। और बहुत धमाचौकड़ी मचाते हैं।

अब एक और महत्वपूर्ण चीज जो कि हॉस्टल का खाना जब माँ घर में रोटी सहजी बनाती तो मैं खाने से इनकार करती पर अब वो रोटी की बहुत याद आती है। दूध भी एक ही कप मिलता है। और घर में माँ हॉट-हॉट कर दूध एक गिलास पिलवाती। अब वो सब बातें बहुत याद आती हैं। अब

धीरे-धीरे आदत हो गई है इस खाने की। अब खाने की मेज पर बठते तो सब अपने माँ के स्वादिष्ट व्यंजनों को याद करते करते हॉस्टल का भोजन करते हैं। जैसे परिवार में सब साथ बैठकर भोजन करते तो हम भी सब एक साथ खाना खाते हैं। किसी के घर से कोई चीज़ आई तो वह सब मिल बाँटकर खाते हैं। खाना हो या कोई बात अब सब एक-दूसरे से बाँटते। अब ऐसा लगता है मानो हॉस्टल की जिंदगी में भी अलग ही मजा है। दोस्तों का आपस में मज़ाक उड़ाना। एक दोस्त की दिक्कत मानो सबकी बन जाती। ये मानो एक छोटा-सा संसार अब एक परिवार बन गया। जहाँ कभी-कभी रुठना और मनाना भी होता है। अब धीरे-धीरे ये हॉस्टल की जिंदगी की आदि हो गई हूँ। पर यहाँ आपको कई तरह के लोग मिलेंगे जो आपको एक अलग दुनिया की तरफ ले जायेंगे पर यहाँ आपके संस्कार आपका साथ देंगे। कुछ दोस्त आपको गलत राह पर ले जाते हैं पर आपका खुदपर नियंत्रण और संयम आपको बचा

सकता है। आपको जो शिक्षा स्कूल में और माँ बाप के द्वारा मिली है, उसे याद रखिए। हॉस्टल की दुनिया आपको आत्मविश्वासी और आत्मनिर्भर बनाती है। यह आपके निर्णय लेने की क्षमता को मजबूत करती है। यह आपको अपने महीना खर्च कैसे इस्तेमाल करना, यह सिखाती है, वह आपको जिंदगी के कई पहलू सिखाती है। यहाँ आप अपने कार्य खुद करते हैं। आप अपने दोस्तों के साथ घुमें, मौज मस्ती करें, उनके साथ का आनंद ले, परंतु इस बात का हमेशा स्मरण रहे कि मस्ती या मौज में आप उस लक्ष्य को मत भूलिये जिसके लिए आप अपने माँ-बाप, अपने दोस्त अपने शहर से दूर हुए हैं। हमें यह भी याद रखनी चाहिए कि माँ-पापा बड़ी मेहनत से पैसे कमाते हैं तो हमें उनकी मेहनत की ध्यान में रखते हुए कोई भी कार्य करना चाहिए। यह बात हमेशा याद रखें कि जितनी आजादी उतनी ही जिम्मेदारी।

पंछियों की आकाश की सैर

पंछियों की आकाश की सैर
यूँ ही नहीं होती...

वह होती है एक तपस्या,
एक प्रार्थना, एक आराधना,
और मिलने की आरजू उनको,
जिनको पड़ा है बिछड़ना
अपनों से बिदाई लेकर... !

पंछियों की सैर यूँ ही नहीं होती...

पंछियों की आकाश की सैर
यूँ ही नहीं होती...
वह होती है एक खोज,
एक जिज्ञासा, एक आशा,
और उनको तलाशने की तमन्ना,
जिन्होंने छोड़ा है साथ,
अपनों की निभाने दुनियादारी...

पंछियों की सैर यूँ ही नहीं होती...

पंछियों की आकाश की सैर
यूँ ही नहीं होती...
वह होती है एक सर्कस, कसस्त
पंखों में समेटकर बल अपना,

पीकर आँसू अपने निभाने रिश्तेदारी अपनों की,
अपनी ही देकर आहुति...

पंछियों की सैर यूँ ही नहीं होती...

पंछियों की आकाश की सैर
यूँ ही नहीं होती...
चुरा के चाह मिलने की
अपने ही गम में हो के चूर
अपनी ही छाया से रहके दूर
अपने ही आकाश के वीराने में
पंछियों को करनी होती है सैर...

पंछियों की आकाश की सैर
यूँ ही नहीं होती...
वह होता है एक वादा...
अपनापन निभाने का दावा,
होती है एक कोशिश...
आँखों में भरे आँसू छिपाने की
अपने ही आकाश में होकर मजबूर...

पंछियों की सैर यूँ ही नहीं होती... ॥

प्राणियों के लिए वन कितने आवश्यक हैं, ये सभी को पता हैं। जैसा हमने कभी-कभी उनका परिणाम ब्राजील के अमेजन वन और ऑस्ट्रेलिया के वन में भी देखा। हम सब जानते हैं कि वन ही जीवन है। यह सब जानकर भी हम पेड़-पौधों को काटते हैं। यह समस्या दिन-ब-दिन बढ़ती तथा और भी मुश्किल घेती जा रही हैं।

पृथ्वी का कुछ हिस्सा पानी का है और कुछ जमीन का है। उसमें से कुछ हिस्सा जंगल के लिए हैं। इस तरह जंगल मूल रूप से भूमि का एक टुकड़ा है। जिसमें बड़ी संख्यामें वृक्ष और पौधों की तरह तरह की जातियाँ शामिल हैं। प्रकृति की ये खूबसूरत रचनाएँ जानवरों की विभिन्न प्रजातियों के लिए घर के समान है। वन घने पेड़ों, झाड़ियों और विभिन्न प्रकार के पौधों से भरा होता है। दुनिया भर में विभिन्न प्रकार के वन हैं। ये अपने-अपने प्रकार की मिट्टी, पेड़ों और वनस्पतियों और जीवों की अन्य प्रजातियों के आधार पर वर्गीकृत किए गए हैं। जंगल या वन ग्रह की जलवायु को बनाए रखने में मदद करते हैं, वातावरण को शुद्ध करते हैं। वॉटर शेड की रक्षा करते हैं। हमारे दिन-प्रतिदिन के जीवन में उपयोग किए जानेवाले कई उत्पादों के उत्पादन के लिए लकड़ी आदि वन से ही मिलते हैं। वन पृथ्वीपर जैव विविधता को बनाए रखते हैं और इस प्रकार वन पृथ्वी पर एक स्वस्थ वातावरण बनाए, रखने के लिए महत्वपूर्ण है।

“वन” शब्द की उत्पत्ति, फ्रांसीसी शब्द से हुई है। जिसका मतलब है की बड़े पैमाने पर पेड़ों और पौधों का प्रभुत्व होता। इसे अंग्रेजी के एक ऐसे शब्द के रूप में पेश किया गया था जो कि जंगली भूमि को संदर्भित करता है। जिसको लोगों ने शिकार के लिए खोजा था। इस भूमि पर पेड़ों द्वारा कब्जा हो भी सकता है या नहीं भी हो सकता। कुछ लोगों ने दावा किया कि “जंगल” शब्द मध्यकालीन लैटिन शब्द “फोरेस्ट” से लिया गया था। जिसका अर्थ था- ‘खुली लकड़ी’। मध्यकालीन लैटिन में यह शब्द विशेष रूप से राजा के शाही शिकार के लिए प्रयुक्त मैदानों को संबोधित करने के लिए इस्तेमाल किया गया था।

मानव-सृष्टि और प्रकृति के संतुलन के लिए वन आधार है। जंगलों को संरक्षित करने और अधिक पेड़ों का विकास करने की आवश्यकता पर अक्सर जोर दिया जाता है। ऐसा करने के कुछ प्रमुख कारण निम्नानुसार है - वन तरह-तरह के फल-फूलों,

वनस्पतियों, वनौषधियों और जड़ी-बुटियों की प्राप्ति का संचार हो रहा है। इसके समग्र स्रोत भी वन ही हैं। वन धरती और पहाड़ों का क्षरण रोकते हैं। नदियों को बहाव और गतिशीलता प्रदान करते हैं। वन ही बादलों और वर्षा का कारण हैं। पेड़ बादलों को अपनी ओर खींचते हैं। वन पशु-पक्षियों की उत्पत्ति,

निवास और आश्रयस्थल हैं। छाया और इमारत के लिए लकड़ी, मनुष्य की इंधन की आवश्यकता की भी बहुत कुछ पूर्ति करनेवाले हैं। यह सामान्य लोगों को भी पता है कि पौधे ऑक्सीजन लेते हैं और कार्बनडाइऑक्साइड छोड़ते हैं। वे अन्य ग्रीनहाउस गैसों को भी अवशोषित करते हैं जो वातावरण के लिए हानिकारक होती हैं

और वातावरण को निर्मल और शुद्ध रखे के लिए मदद करते हैं। वृक्ष जंगलों से निकल रही नदियों और झीलों पर छाया का निर्माण करते हैं और उन्हें सुखने से बचाए रखते हैं। दुनिया भर के लाखों लोग सीधे या अप्रत्यक्ष रूप से आजीविका के लिए जंगलों पर निर्भर हैं। इस प्रकार वनों के और भी अनेक महत्व हैं। इस स्थिति में पेड़ से बढ़कर हमारा मित्र और कौन हो सकता है। इसलिए

पेड़ों की रक्षा करना हमारा धर्म है। यह स्पष्ट है कि आरम्भ से लेकर आज तक तो वनों की आवश्यकता - उपयोगिता बनी ही रही है, आगे भी बनी रहेगी किन्तु मानव शिक्षित, ज्ञानी होते हुए भी लगातार वनों को काटकर प्रकृति का, धरती का, सारी मानवता का सन्तुलन बिगाड़ कर सभी कुछ तहस-नहस करके रख देना चाहता है। हम ये भूल गए हैं कि वनों को काटकर हम अपने ही ऊपर मुसीबत ला रहे हैं और हमारे आनेवाली पीढ़ियों का कितना बड़ा नुकसान कर रहे हैं।

इसके दुष्परिणाम हम अभी देख ही रहे हैं। जैसे, उचित मात्रा में वर्षा नहीं हो रही है या मौसम में बदलाव, जो की लोगों के लिए हानिकारी साबित हो रहा है। सूखा था बाढ़ और भूकंप जैसी प्राकृतिक आपदाओं से रक्षा होती रहेगी। हम इन्सानों को जो तीन चीजें जिंदगी में आवश्यक हैं भोजन, वस्त्र, घर सब कुछ हमें पेंड-पौधे से ही मिलता है, ये हमें नहीं भूलना चाहिए। फिर भी मानव ने वनों को काटकर अपनी खेती व बस्ती बनाई। इसका उदाहरण हमने अभी-अभी देखा है। अमेज़ॉन के जंगलों में लगी आग इस का उदाहरण है। आग के बाद से पूरे विश्व में एक बार फिर जलवायु परिवर्तन और पर्यावरण सुरक्षा का मुद्दा हावी हो गया है। अमेजन के

वन संरक्षण की आवश्यकता

मुस्कान सय्यद - द्वितीय वर्ष, कला

जंगलों को दुनिया का फेफड़ा कहा जाता है, २०% ऑक्सीजन यहीं से मिलता है। अमेज़ॉन के जंगलों में ३९००० पेड़ हैं और १६००० से अधिक जीव प्रजाति भी यहां रहते हैं। लेकिन आग लगने के कारण कम-से-कम ४८० मिलियन जानवरों ने अपनी जान गवा दी और अमेज़ॉन वन के आग में ३ मिलियन अलग-अलग तरह के पशु और पेड़-पौधे खत्म हो गए। आम तौर पर शुष्क मौसम में जंगल में आग लगने की घटनाएँ होती हैं। कई बार जान-बूझकर भी जंगलों में आग लगाई जाती है ताकि उस जमीन का प्रयोग खेती के लिए किया जा सके। यह है इन्सानों का लालच। अमेज़ॉन पृथ्वी के ३०% से अधिक पेड़-पौधों और कीटों का निवासस्थान है। अमेज़ॉन में विश्व का १०% बायोमास है। इस कारण इन जंगलों में बड़ी मात्रा में पूरे विश्व का कार्बन रहता है। जंगल में लगी आग के कारण बड़े पैमाने पर जंगल से कार्बन उत्सर्जित होता है और यह ग्लोबल वॉर्मिंग बढ़ने का भी कारण है। इससे हमें पता चलता है कि, सिर्फ वन काटने से क्या-क्या नुकसान होता है। सृष्टि का पूरा संतुलन बिगड़ जाता है।

रबर, लाख, गोंद, दियासलाई, कागज, पैकिंगबोर्ड, भलाई, रेल्वे आदि उद्योग वनों पर आधारित हैं। वनों की कटाई की समस्या किसी एक की समस्या नहीं है बल्कि सब जीवों की समस्या है। यदि इस समस्या से निपटने के लिए कुछ नहीं किया गया तो पूरा प्राणी जगत समाप्त हो जाएगा। जो वन इमारत निर्माण करने के लिए काटते हैं, उस जगह पर फिर से पेड़ों को लगाया नहीं जाता। आँकड़े बताते हैं कि औद्योगिक युग के विकास के बाद से दुनिया भर के लगभग आधे जंगलों को नष्ट कर दिया गया है। आनेवाले समय में यह संख्या बढ़ने की संभावना है क्योंकि उद्योगपति लगातार निजी लाभ के लिए वन भूमि का उपयोग कर रहे हैं। बढ़ती हुई जनसंख्या की उदरपूर्ति के लिए, कृषि हेतु अधिक भूमि उपलब्ध कराने के लिए वनों का काटा जाना बहुतही साधारण बात है। वैज्ञानिकों के अनुसार, स्वस्थ वातावरण के लिए ३३ प्रतिशत भूमि परवन होने चाहिए। इससे पर्यावरण का संतुलन बना रहता है। दुःख की बात है कि भारत में सरकारी आँकड़ों के अनुसार मात्र १९.५ प्रतिशत में ही वन हैं। अरुणाचल प्रदेश, मध्यप्रदेश, ओडिशा, छत्तीसगढ़ और महाराष्ट्र उन राज्यों में से हैं जिनके पास भारत में सबसे बड़ी वन क्षेत्र भूमि है। हमारे शास्त्रों में पेड़ लगाने को बड़ा पुण्य कार्य बताया गया है। यहाँ के बच्चे बच्चे यह कोशिश कर रहे हैं कि ज्यादा-से-ज्यादा पेड़ लगाएँ। वनों के प्रत्यक्ष व अप्रत्यक्ष लाभों को देखकर उनका संरक्षण करना हमारा कर्तव्य है। इस शताब्दी में वनों के विनाश के कारण होनेवाले खतरों को भी विज्ञान पेड़ कितना उपयोगी है या हो सकता है बताया है।

वन मानव जाति के लिए एक वरदान है। वन प्रकृति का एक सुंदर सृजन है। भारत को विशेष रूप से कुछ सुंदर जंगलों का आशिष मिला है जो पक्षियों और जानवरों की कई दुर्लभ प्रजातियों

के लिए घर है। वनों के महत्व को पहचाना जाना चाहिए और सरकार को वनों की कटाई के मुद्दे पर नियंत्रण के लिए उपाय करना चाहिए। वन पर्यावरण का एक बड़ा और महत्वपूर्ण हिस्सा है। हालांकि दुर्भाग्य से मनुष्य विभिन्न प्रकार के उद्देश्यों को पूरा करने के लिए पेड़ों को काट रहा है जिससे परिस्थितिक संतुलन बिगड़ रहा है। पेड़ों और जंगलों को बचाने की आवश्यकता को और अधिक गंभीरता से लिया जाना चाहिए। इस प्रकार हम इन्सानों के लिए वन महत्वपूर्ण है। ताजा हवा से लेकर लकड़ी तक जिसका इस्तेमाल हम सोने के लिए बिस्तर के रूप में करते हैं - यह सब कुछ जंगलों से प्राप्त होता है। इसलिए मानव को रोगों से प्रदूषण से बचाने के लिए पेड़ों की संख्या बढ़ानी चाहिए। हमारी और बाकी देशों की सरकार को भी वनों की सुरक्षा करनी चाहिए और और भी नए पेड़ लगाने चाहिए।

स्त्री की व्यथा

छुट्टी तो आती है,
पर कोई आराम नहीं आता।
क्यूँ औरत के हिस्से में,
उसका इतवार नहीं आता।
देखो देखो सुबह हो गई,
सरपट-सरपट भाग रही।
सब तेरा ही तो है पगली,
ये तोच-सोच के नाच रही।
फिर भी कोई चुक हुई, तो सुनती
काम नहीं आता
क्यूँ औरत के हिस्से में,
उसका इतवार नहीं आता।
एक अकेली नार यहाँ पर,
जाने क्या-क्या काम करें।
उसका कुछ भुगतान करो तो,
शायद तुमको पता चले।
घर की स्त्री को साहब, कोई व्यापार नहीं आता
क्यूँ औरत के हिस्से में, उसका इतवार नहीं आता
सोती है वो आखिर में,
और सबसे पहले जगती है।
होती है वो पीड़ा में,
फिर भी देखो हँसती है।
उसकी ही इच्छाओं का, क्यूँ तुमको ध्यान नहीं आता
क्यूँ औरत के हिस्से में, उसका इतवार नहीं आता
- कृतिका द्रविवेदी - ग्यारहवीं, कला

लगातार परिश्रम करते रहने से मन-प्राण थक जाते हैं। इनको भी समय-समय पर विश्राम की आवश्यकता होती है। लंबे समय तक काम करने के बाद कुछ विश्राम करने से, कहीं कुछ घूम-फिर आनेसे मन का भार हल्का हो जाता है, शरीर में स्फूर्ति और शक्ति आ जाती है और हम दुगुने उत्साह से अपने काम में लग सकते हैं। इसीलिए तो बहुतांश लोग छुट्टियों में घूमने-फिरने की योजनाएँ बनाते हैं।

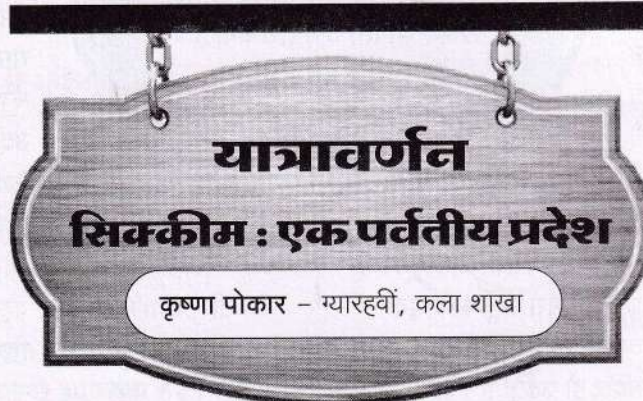

मेरी वार्षिक परीक्षा समाप्त हो चुकी थी। हमने पारिवारिक यात्रा के लिए सिक्किम जाने का विचार किया और आनेवाले रविवार को हमने सिक्किम यात्रा के लिए रेल्वे से प्रयाण किया।

परिवारवालों संग रेल्वे का लंबा सफर कुछ ही घंटों में हँसते-खेलते कट गया और हमारा रेल्वे स्टेशन पर उतरने का वक्त आ गया। वहाँ से टैक्सी में बैठकर हम सिक्किम का आनंद उठाने के लिए निकल पड़े।

यात्रा का सफर बड़ा ही रोमांचक था। सिक्किम की घाटियों ने हमारा मन मोह लिया। हरे-हरे पहाड़, टिस्टा नदी का सुंदर पथरीला नजारा, बड़ी-बड़ी घाटियाँ यहाँ आनेवाले सभी का मन तरंगायित कर देते हैं। यहाँ की प्राकृतिक सुंदरता ही सिक्किम को एक अनोखा राज्य बनाती है। इस राज्य को पर्वतों का घर भी कहा जाता है। छोटा होने के बावजूद इस राज्य में प्राकृतिक सुंदरता की कोई कमी नहीं है।

कुछ ही देर में हम चेरी ब्लू रिसोर्ट पहुँच गए। यहाँ हमारे खाने-पीने तथा रहने का इंतजाम किया गया था। कुछ देर आराम करने के बाद हम सिक्किम के पर्यटन स्थलों को भेट देने के लिए बड़े उत्साह और उमंग से निकल पड़े। सर्वप्रथम हम फ्लॉवर गार्डन देखने गए। यह सिक्किम का एक ऐसा बगीचा है जहाँ हमें देश-विदेश में पाए जानेवाले सभी प्रकार के फूलों के दर्शन हो जाते हैं। वहाँ के फूलों को देखकर ऐसा लग रहा था कि मानो हम किसी अलग ही दुनिया में आ गए हैं।

फ्लॉवर गार्डन से कुछ दूरी पर ही रिंबी वॉटरफॉल्स स्थित है। झरने का नाम सुनते ही हम खुश हो गए और हमारी गाड़ी उसके

दर्शन के लिए निकल पड़ी। गाड़ी अचानक रुकी और झरने का कलकल आवाज हमारा ध्यान उसकी ओर आकर्षित करने लगा। हरे वस्त्र पहने, दो बड़ी पहाड़ियों के बीच से पानी का बहना...वाह। यह दृश्य तो अवर्णनीय था। झरने के पास हमने नेपाली पोशाख पहनकर कुछ तस्वीरें भी खींची। वहाँ के सूचना फलक पर लिखी कुछ कविता की पंक्तियाँ मुझे आज भी याद हैं। उनके शब्द कुछ ऐसे थे -

“यह है एक निवेदन
न करो प्रकृति का शोषण।”

उपर्युक्त पंक्तियों में उद्धृत का आचरण भारत जैसे

देश में अतिआवश्यक है। शाम हो चुकी थी, इसलिए हम फिर रिसोर्ट में विश्रांती के लिए आ पहुँचे। दूसरे दिन फिर अधिक उत्साह के साथ हमारी सवारी नथुला देखने के लिए निकल पड़ी। नथुला पास एक ऐसी पर्वत शृंखला है जो भारत और चीन को अलग करती है। यह पास १४,०४० फूट समुद्र तटसे उंचा है। यहाँ जाने के बाद, वहाँ का माहौल देखने के बाद हम सभी के मन में देशभक्ति का भाव जाग उठा। वहाँ खड़े जवानों की हिंमत और हौसले को हम शब्द से बयान नहीं कर सकते। उनके लिए तो हमारे दिल से सलामी ही निकलती है। नथुला पास देखने के बाद हम कंचनजंगा राष्ट्रीय उद्यान देखने के लिए निकल पड़े। इस उद्यान में विविध तरह के प्राणी तथा वनस्पतियाँ पाई जाती हैं।

अगले दिन हमने गुरुदोनमर लेक में बोटिंग का लाभ उठाया। रावन्ग्ला, झुलुक, नामची जैसी अनेक प्राकृतिक सुंदरता से परिपूर्ण स्थलों को हमने भेट दी। सिक्किम के इस छोटेसे राज्य में पाँच दिन कैसे निकल गए कुछ पता नहीं चला। सिक्किम को छोड़ते समय लगभग सभी लोग उदास हो गए। लेकिन एक नए प्रदेश की अनोखी संस्कृति, सुंदरता देखने का मौका हमें मिला। अपने अनुभवों का पिटारा लिए हम फिर पूना आने के लिए निकल पड़े।

“ऐसी वाणी बोलिए, मन का आपा खोए,
औरन हूँ को सीतल करे, आपहुँ सीतल होय”

— संत कबीर

मनुष्य के विचार, चिंतन का प्रभाव उसकी वाणी

पर पड़ता है। वाणी अर्थात् मनुष्य को मिली एक अद्भुत देन। इन्सान को यह एक तोहफा जो मिला है और कोई जीव को नहीं मिला। संवाद से अपनी आशा-अपेक्षाएँ, सुख-दुःख, निराशा, ध्येय, भावना, प्रेम व्यक्त करने का मौका सिर्फ मानव को मिला है। हम भावनाओं का आदान-प्रदान वाणी से करते हैं। वाणी की माधुर्यता और अपनी प्रियता साथ-साथ चलती

है। आपकी वाणी का माधुर्य वह रसायन है, जिससे लोहा भी सोना बन सकता है। यह वह औषधी है, जिससे मानव हृदय के संपूर्ण विकार दूर करें, यह वह वशीकरण मंत्र है। जिससे आप दूसरे के हृदय में बैठ जाते हैं। यह ऐसा बाण है जिससे मनुष्य के हृदय में घाव नहीं होता स्नेह की मधुरता उत्पन्न होती है। यह वह अमृत है जिससे मृत प्राणी में भी जीवन का संचार हो उठता है। जीवन और जगत के लिए सुखी और शांत बनाने के लिए मधुर वाणी से अधिक लाभदायक वस्तु और क्या हो सकती है। श्रोता और वक्ता दोनों को आनंद-विभोर कर देनेवाली यह मधुरवाणी समाज की पारस्परिक मान-मर्यादा, प्रेम-प्रतिष्ठा और श्रद्धा-विश्वास की आधारस्तंभ है। इसके अभाव में समाज कलह द्वेष और वैमनस्य का घर बन जाता है। जिस समाज में पारस्परिक सौहार्द नहीं और सहानुभूति नहीं, वह समाज नहीं, प्रेतों का घर है। इसलिए शास्त्र आज्ञा करते हैं —

प्रिय ब्रूयात,

मीठी वाणी बोलने से हम जिसमें बात कर रहे हैं उन्हें तो अच्छा लगता ही है पर हमें भी मानसिक समाधान की प्रप्ति होती है। जब हम मधुरवाणी बोलते हैं, तब हमारा कोई भी दुश्मन नहीं होता। वाणी हमारा सन्मान बढ़ाती है। जो व्यक्ति दूसरे से क्रोध करता है उससे गलत बोलता है, वह कभी सुखी रह नहीं सकता। हमारे इस पवित्र देश में कई कवियों ने अपनी कविताओं, दोहों के माध्यम यह बताने की कोशिश की है कि हम सभी ने हमारी वाणी का माधुर्य बनाए रखना चाहिए।

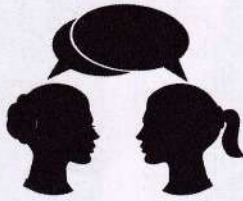

“कागा काको धन हरे,

कोयल काकु देत।

तुलसी मीठे वचन से,

जग आपनो करि लेत।”

कौआ और कोयल के प्रति जो विचार हमारे मन में घर किए बैठे हैं, वे कितने भिन्न हैं। कौआ अशुभ और कोयल शुभ ऐसा

वाणी का माधुर्य

क्यों? यह व्यवहार-विभेद प्राणी के गुण-अवगुणों पर आधारित है। मधुरभाषी के भूख से निकले शब्द पर सुननेवाले का जी लुभाता है। तुलसीदास ने लिखा है -

तुलसी मीठे वचन ते, सुख उपजत
चहूँ और। वशीकरण एक मंत्र है, परिहर
बचन कठोर।”

मधुर भाषी कभी अहंकारी नहीं हो सकता अहंकारी कभी मधुर भाषी नहीं हो सकता। उसके मन की अहंकारी, दंभ और वैमनस्य की भावनाएँ स्वतःही समाप्त हो जाती हैं। मधुर वाणी से मनुष्य में नम्रता, शिष्टता, सहृदयता आदि उदात्त गुणों का संचार होता है। मृदु

भाषी क्रोध को काबू में रख सकता है। मधुर वाणी का यह अनंत विस्तार है। मधुर भाषी सदैव ध्यान रखता है कि -

“मेल प्रीती सब सौं भली, बैर न हीत-मत गोल।

रहिमन यही जनम में, बहुरी ने संगत होत।”

मधुर वाणी समाज में सद्भावना और सहअस्तित्व का संचार करता है। इस प्रकार वह समाज के अभ्युत्थान में भी सहयोग देता है। बड़े-बड़े शस्त्रों का प्रहार वह काम नहीं कर सकता, जो मनुष्य को कटू वाणी कर देती है। शस्त्रों के घाव चिकित्सा से भर जाते हैं, परंतु वाणी के घाव की कोई चिकित्सा नहीं। कटू वाणी से तो मनुष्य दूसरे व्यक्ति को चोट पहुँचाता ही है, स्वयं भी स्थान स्थान पर अनादर का पात्र बन जाता है। इसलिए तुलसीदास कहते हैं -

“खीरा को मुख काटी कै. मलिये नौन लगाए।

तुलसी कहए मुखन को, चहिए यही सजाए।”

जहाँ मधुर भाषी को देवता की उपाधि दे, वहाँ कटू भाषी की राक्षस की। जहाँ मधुर भाषण अमृत है वहाँ कटू भाषण विष। कबीरदासजी ने लिखा है -

“मधुर वचन है औषधी, कटू वचन है तीर।

स्तवन द्वार से संवरे, सालैं सफर शरीर।”

मनुष्य को जीवन में उन्नत बनने के लिए मधुर वाणी की बड़ी आवश्यकता है। इससे समाज में गौरव और ख्याति प्राप्त होती है। आजकल के युवकों ने इस बात की गंभीरता समझाकर चलना चाहिए। अपना चरित्र उज्ज्वल बनाने के लिए, हमें मृदु भाषी होना चाहिए। तभी हम देश में एकता स्थापित कर सकते हैं; हम विश्वबंधुत्व की भावना को आगे बढ़ा सकते हैं। मधुर वाणी के अभाव में न सहयोग संभव है, न ही सहानुभूति।

“सीलवन्त सबसे बड़ा रतन की खानि।

तीन लोक की संपदा रही शील में आनि।।”

आज मैं बाहर निकला

क्यों ?

आज मैंने खुला आसमान देखा,
आसमान तस्वीरी दुनिया से सुंदर है
और विभिन्न भी ।

क्यों ?

आज मैं दोस्तों से मिला,
दोस्तों से मिलने का भाव आनंदित था
और खास भी ।

क्यों ?

आज मैं खेल भूमि पर उतरा,
खेल भूमि प्रादुयोगिकी भूमि से शक्तिशाली है,
और अलग भी ।

क्यों ?

आज मैंने माँ-पिताजी के साथ खाना खाया,
माँ-पिताजी के साथ बैठकर खाना खाने
का भाव आनंदपूर्ण था और मुदित भी ।

क्यों ?

आज मैंने असली दुनिया देखी,
असली दुनिया वास्तव दुनिया से आकर्षक है
और मनमोहन भी ।

क्यों ?

क्योंकि आज मैं कल्पनाशील
दुनिया से बाहर निकला ।

कुछ उन दिनों की बात करते हैं

कुछ उन दिनों की बात करते हैं,
जब हल्की सी मुस्कान भी सबके चेहरेपर
मुस्कुराहट ला देती थी।
कुछ उन दिनों की बात करते हैं,
जब रोने की एक आहट से सब दौड़े चले आते थे।
कुछ उन दिनों की बात करते हैं,
जब पहले शब्द भी मोतियों की तरह खिल जाते थे।
कुछ उन दिनों की बात करते हैं,
जब नजरों ने सिर्फ हमे प्यार से घेरा था।
कुछ उन दिनों की बात करते हैं,
जब खुशियों से जीवन जी उठता था।
और कुछ आजकी बात करते हैं,
की उन दिनों को ही हमे अपने पलक की छांव में रखना है ।

इरफान के नाम

आज आप कह खबर सुनी
कहीं आप जहां में नहीं रहे
अब भी नामुमकिन लगता है
हम कैसे इसपर यकीं करे ?

वो आँखें क्या अब नहीं रही ?
जो हर जज़्बात में खिलती थी ।
मुश्किल से मुश्किल बात जहाँ
वो सीधे हमको मिलती थी ।

हंसी, खुशी, आँसू गम सब कुछ
चेहरे का सब पर काबू था ।
जो ध्यान खींच ले सब का ही
आवाज़ नहीं था जादू था ।

मुश्किल, आसों या सतरंगी
सारे ही किरदार निभाए ।
सहज अदा जैसे कपड़े हो
यूँ अंदाज़ बदलकर छाए ।

दिल में आपकी जगह बनी थी
वो आधी हठ भरी रहेगी ।
सुबह तो कल हो जाएगी पर
वहाँ हमेशा रात मिलेगी ।

गर्दिश में तारे खूब हैं पर
वो चाँद कहाँ से लाएँगे ।
जैसे उन फिल्मों का काम
जो हम देख नहीं पाएँगे ।

क्या फूल बाग से चला गया !
तितली को अब ये कमी खले ।
अब भी नामुमकीन लगता है
हम कैसे इसपर यकीं करे ?

तों क्या हुआ

जिन्दगी में मुश्किलें हो तों क्या हुआ..
रास्ते ना मिले तों क्या हुआ..
कल का दिन है एक नयी उम्मीद..
आज तू हार गया तों क्या हुआ..
मुश्किलों से लड़ने की हिम्मत तो कर..
फिर उड़ान भरने की कोशिश तो कर..
जमाना क्या सोचे ये चिंता मतकर..
सफर में तू अकेला रह गया तो क्या हुआ..
जिन्दगी की संघर्ष से डर मत..
अपने हार से रुक मत..
मुठियों में हिम्मत बाँधि आगे बढ़..
तू थक भी गया तो क्या हुआ..
हो अधिरा चारों ओर..
दिखे ना सपनों का छोर..
चल ओढ़ के जिद की ढाल तू..
चमकना हो हिरे सा तो घिसना पड़े
सो क्या हुआ..

शब्द

उठती सी आवाज में या
चुभती सी कोई कलम से,
बच निकलकर शब्द जन्में
जिनका कल तुमको सताए
जो तुम्हारे आँडे आए,
पकड़ो उनको धर दबोचो
हो सके तुम उतनी जल्दी
उनसे उनकी जान नोचो
कुछ अगर जो बच गए हो
देख लो की ना बढ़े वो
लड़ना है तो लड़ने देना
बस के आपस में लड़े वो

। नजरिया ।

जिंदगी में कुछ किमती और अनोखे अवसर बार बार नहीं आते ।
किसी और की तकदीर से अपने तकदीर की तुलना नहीं करते ।
बिते कल में, कभी खोए नहीं रहते ।
आने वाले कल में, बेहतर इन्सान बनना सिखते ।

मशहूर बनने के लिए दूसरों का जमीर दुःखाया नहीं करते ।
अपने उसूलों पे कायम रह कर इतमिनान जिंदगी हे जिते ।
सफलता के उस मुकाम को हासिल करने के लिए खून-पसीना एक करते ।
जिंदगी में मिले हुए छोटे-बड़े चिजों का हमेशा दिल से शुक्र गुजार करते ।

कुछ आदते हमेशा बुरे नहीं होते ।
आशा हो या निराशा अपना दिमागी संतुलन खोया नहीं करते ।
अनकही बातें छानने में वक्त जाया नहीं करते ।
दुनिया में कभी कभी कुछ सवालियों के जवाब नहीं मिलते ।

लोगों के विकृत बुद्धी के जंजिरो को तोड़ते ।
जिंदगी का हर पल पुरी होश और आवाज में जिते ।
न्याय-अन्याय के असमंजस में अपना अस्तित्व भुला नही करते ।
ये जिंदगी इतनी भी बेरहम नही, तो क्यों अपने ही बुरे कर्म से
उसका सर्वनाश करते ।

अक्स

वो कहते हैं इस तरह नाराज क्यों होते हो?
वो कहते हैं, थोड़ा तुम बदलो, थोड़ा वो बदलेंगे।
थोड़ा हम बदले, थोड़ा वो बदलेंगे ऐसा सोचकर हम हर बार
बदलते आए हैं ।
अपनी आदतों से दूर खुदको मरोड़ते आए हैं ।
हर समय, हर बारी खुदको खुदसे ही दूर ढकेलते आए हैं;
खुदको बदलनेकी कोशिश में ।
क्या पता इस धीरे-धीरे होनेवाले बदलाव से भूल जाऊँ मैं
मेरा असलपन, मेरा अपनापन ।
कुछ समय बाद अगर पहचान न पाऊँ आईने में दिख रहे
अपने ही अक्स को !
फिर आईने के दूसरे बाजू का चेहरा हँस के बोलेगा, क्यों
भाई, क्या हुवा? काफी बदल गए हो!

डॉ. ए.पी.जे. अब्दुल कलामांसारख्या प्रतिभावान
अलौकिक कार्यानि अवघ्या विश्वावर अमीट ठसा
उमटवतात. आदरणीय डॉ. कलाम हे खरोखरचं
एक असामान्य कर्मयोगी आणि तेजःपुंज
व्यक्तिमत्त्व होतं. त्यांचं निर्सर्ग आणि
मानवतेवर विलक्षण प्रेम होते. विभ्रमता,
कठोर परिश्रम आणि साधेपणासाठी
आयुष्यभर ओळखले जाणारे कलाम
पैसा अथवा वंशाने नव्हे तर आपला
प्रेमळ स्वभाव आणि आदर्श
वागणुकीमुळे दिग्गज व्यक्तींच्या
पंक्तीच्या पंक्तीत विराजमान झाले.

डॉ. कलाम साहेबांचं बालपण
तुमच्या-आमच्यासारख अतिशय
सर्वसामान्य होतं. अभ्यासाशी त्यांची
विशेष जवळीक होती. ते जसजसे मोठे होत गेले, तसतसे निसर्ग
आणि विज्ञान विषयाप्रति त्यांचं आकर्षण वाढतच गेलं. झाडाच्या
पानांची हळुवार सळसळ, पक्ष्यांचा सुमधूर किलबिलाट, नदीचं
झुळझुळ वाहणारं पाणी आणि अथांग पसरलेला आसमंत त्यांना
आयुष्याच्या प्रत्येक टप्प्यावर सतत प्रेरित करत राहिला. त्यातूनच
त्यांच्या मनात स्वतःच्या आयुष्यात काहीतरी विशेष आणि उदात्त
करून दाखवण्याची दाट उर्मी निर्माण झाली. त्यांनी जिद्द आणि
अथक परिश्रमांच्या जोरावर त्यांनी स्वतः हे स्वप्न साकार केलंही.

भारताच्या दक्षिणेकडे असणाऱ्या तामिळनाडूतील रामेश्वरम् या
नितांत सुंदर समुद्रकिनारा लाभलेल्या गावात कलामांचा जन्म झाला.
सामान्य कौटुंबिक पार्श्वभूमी असलेल्या कलामांच्या डोळ्यांतल्या
स्वप्नांचा म्हणूनच अथांग महत्त्वाकांक्षेरी लहानपणापासूनच परिचय
असावा. तीक्ष्ण बुद्धिमत्तेचं वरदान मिळालेल्या कलमांनी या स्वप्नांकडे
झेप घेण्यासाठी कठोर परिश्रम घेतले. त्रिची येथील सेंट जोसेफ
महाविद्यालयातून विज्ञान विषयात पदवी घेतल्यानंतर कलामांनी 'मद्रास
इन्स्टिट्यूट ऑफ टेक्नॉलॉजी मधून एअरॉनॉटिकल इंजिनियरिंगच
शिक्षण पूर्ण केलं.

पुढे भारतीय अवकाश इतिहासातील उत्तुंग व्यक्तिमत्त्व असलेल्या
विक्रम साराभाई यांच्याबरोबर काम करण्याची कलामांना संधी मिळाली.
रोहिणी, अग्नी, त्रिशू, पृथ्वी अशा अनेक सॅटेलाईटस् आणि
मिसाईलच्या निर्मितीत त्यांचा सिंहाचा वाटा होता. साहजिकच भारताने
'मिसाईल मॅन' म्हणून कलाम जगद्विख्यात झाले.

महामानव डॉ. ए. पी. जे. अब्दुल कलाम

सुधीर विलास आगाशे - एम.ए. - भाग २

चैन्नईच्या अण्णामलाई विद्यापीठातून कलामांनी
प्राध्यापक आणि संशोधक म्हणून काम केलं. भारतीय
तरुणाईवर त्यांचा गाढ विश्वास होता. उद्याच्या
सामर्थ्यावान भारताचं स्वप्न या तरुणाईत
रुजवण्यासाठी कलामांनी स्वतःला अक्षरशः झोकून
दिलं. बहुतांश वेळ ते मुलांच्याच गराड्यात राहत.

लहान मुलं आणि तरुणाईचा सहवास त्यांना
नवी उर्जा देत असे. मुलांना प्रेरित
करण्यासाठी कलामांनी अनेक

उत्तमोत्तम पुस्तकं लिहिली. ज्यांचा
विविध भारतीय आणि परदेशी
भाषांमध्ये अनुवाद झाला आहे. डॉ.
कलाम साहेब नेहमी म्हणायचे,

“जग कधीच तुमच्या
स्वाभिमानाची पर्वा करत नाही,
स्वतःबद्दल अभिमान
बाळगण्याआधी काहीतरी करून
दाखवा.

स्वतःला सिद्ध करा.”

अब्दुल कलाम हे भारताच्या अत्यंत प्रतिभाशाली शास्त्रज्ञांपैकी
एक होते. तब्बल ४८ भारतीय आणि विदेशी विद्यापीठांनी त्यांना
मानद डॉक्टरेट देऊन सन्मानित केलं आहे. डॉ. कलामांनी अध्यात्म
आणि विज्ञान यांचा विचार अतिशय चिकित्सक पद्धतीने केला. त्यांनी
विज्ञानाचा धागा कलेमध्ये इतका बेमालूपणे विणला, साहित्य आणि
विज्ञान हे पैलू नेहमीसाठी त्यांच्या आयुष्याचा एक अविभाज्य भाग
ठरले. विज्ञानातील प्रत्येक नवनिर्मितीच्या टप्प्यावर त्यांचं सृजनशील
मन कागदावर शब्दांची सुंदर उधळण करीत असे. आपल्या अंतर्मनाशी
प्रामाणिक राहत ठरवलेली उद्दिष्ट पूर्ण करणं तर जणू त्यांचा स्वभावतःच
भिनलं होतं. सतत असलेला नावीन्याचा ध्यासच त्यांचं वेगळेपण
सिद्ध करत असे. स्वतःकडे उपलब्ध असलेल्या वेळेतील क्षणाक्षणाचा
सदुपयोग करत ते संशोधनात अगदी सान्या जगाचं भान हरपून बडून
जात. इतकी प्रचंड एकाग्रता हेच त्यांच्या अद्वितीय यशाचं मुख्य
कारण होतं.

१९८१ मध्ये 'पद्मविभूषण' या पुरस्कारांनी गौरवण्यात आलेल्या
या महान शास्त्रज्ञाला १९९७ मध्ये भारताचा सर्वोच्च नागरी सन्मान
असलेल्या 'भारतरत्न' या पुरस्कारानं गौरवण्यात आलं. डॉ. ए.पी.जे.
अब्दुल कलाम यांच्या गुणवत्तेला आंतरराष्ट्रीय पातळीवरही असंख्य
मानसन्मान मिळाले. 'रॉयल सोसायटी, युके' तर्फे 'किंग चार्ल्स II
मेडल', रॉयल अकॅडमी ऑफ इंजिनियरिंग लंडन तर्फे 'इंटर्नॅशनल
मेडल २००८', ह्यूडर बोर्ड ऑफ अवॉर्डस् तर्फे 'व्हू मेडल २००८'
आणि वूड्रो विल्सन अवॉर्ड २००८' यांसारख्या अनेक नामांकित
पुरस्कारांना कलामांच्या उत्तुंग कार्याचा सन्मान करण्यात आला.

देशाचे अकरावे राष्ट्रपती म्हणून काम करताना डॉ.ए.पी.जे. अब्दुल कलामांनी भारताच्या नावाला आंतरराष्ट्रीय क्षितिजावर एक नवी ओळख मिळवून दिली. डॉ. अब्दुल कलाम म्हणजे साध्या राहणीचं एक मूर्तिमंत उदाहरण होतं. सभ्यता, सुसंस्कृतता आणि विद्वत्ता याचा अनोखा मिलाफ त्यांच्या व्यक्तिमत्त्वात सहज जाणवत असे. विज्ञान विश्वातील या ध्रुवताऱ्याची अध्यात्मिकतेवरही अपार श्रद्धा होती. सर्वसमभावाचे संस्कार त्यांच्यावर लहानपणापासूनच झाले होते. प्रामुख्याने संगीत आणि वीणावादन हे त्यांचे उर्जस्रोत होते. भारतरत्न डॉ.ए.पी.जे. अब्दुल कलाम साहेबांनी दाखवलेलं विकसित भारताचं स्वप्न साऱ्या देशवासीयांना सदैव प्रेरणा देत राहिल. डॉ. कलामांनी संपूर्णपणे विकसित झालेल्या भारताचं सोनेरी स्वप्न आयुष्यभर बाळगलं. २०२० पर्यंत भारताचं सोने स्वप्न महासत्ता होऊन साऱ्या जगासामोर आपला आदर्श ठेवावा, अशी त्यांची मनोमन इच्छा होती. तरुणाईच्या क्षमतेवर तर कलामांचा दृढ विश्वास होता. आपली पात्रता आणि कार्यकौशल्याच्या बळावर लवकरच भारतातील तरुण-तरुणी आपल्या देशाला यशाच्या एका अशा सुवर्णयुगात घेऊन जातील, जेथे गरीब, अशिक्षितपणा आणि जातिभेदाला अजिबात थरा नसेल असं कलामांचं ठाम मत होतं. त्यामुळेच अखेरपर्यंत ते तरुणाईला आपल्या अनुभवाची आणि ज्ञानाची शिंदेरी निःस्वार्थ मनानं वाटत राहिले.

कला ही जीवनातील सौंदर्य अत्यंत उदार रूपात व्यक्त करते, मानवी अस्तित्वाला अर्थ आणि गहनता देते आणि जीवन त्या हेतूसाठी उत्क्रांत झालं आहे. त्या हेतूला न्याय देते' असं कलाम साहेबांचं परखड मत असायचं ! १९५८ साली अब्दुल कलामांनी वैमानिक अभियांत्रिकी पदवी पूर्ण केल्यानंतर त्यांनी भारतीय वासयुसेनेतल्या नोकरीस आणि संरक्षण मंत्रालयात तांत्रिक विकास व उत्पादन विभागात काम करण्यासाठी अर्ज केले. शेवटी डी.टी.डी. ऑण्ड पी.मध्ये कलामांची निवड झाली होती आणि मग तिथेच त्यांना सहाय्यक वैज्ञानिक पदासाठी निवडलं गेलं. कलाम साहेबांनी तो पदभार स्वीकारला आणि खऱ्या अर्थानं त्यांच्या नाविन्यपूर्ण आणि देशहितकारक अशा शोधक प्रवासाला सुरुवात झाली. डॉ. कलाम एके ठिकाणी म्हणतात. 'शिक्षक फक्त ज्ञानदानच करत नाहीत, तर विद्यार्थ्यांच्या आयुष्याला आकार देण्यासाठी त्यांच्यात एक महान शिक्षक-मार्गदर्शकही दडलेला होता. डॉ. कलाम साहेब हे खऱ्या अर्थानं देशभक्त होते. त्यांच्या देशभक्तीचा सुगंध त्यांनी लिहिलेल्या पुस्तकांतील सुवर्णाक्षरांनी साऱ्या जगभर दरवळत आहे.

आपल्या सहीचं रूपांतर स्वाक्षरित झालं की, आपण यशस्वी झालो असं समजायला काही हरकत नाही' असं कलाम साहेब नेहमी म्हणायचे. प्रामुख्याने अडचणी सगळ्यांनाच असतात; यशस्वी आणि अयशस्वी व्यक्तींमध्ये फरक असतो तो दृष्टिकोनाचा ! हाच दृष्टिकोन आणि त्याची प्रभावकारक प्रगल्भता डॉ. कलाम साहेबांनी जाणीवपूर्वक जपली, अंगीकारली आणि आपल्या राष्ट्राच्या हितार्थ स्वतःला

निसंदिग्धपणे वाहून घेतले. आयुष्य अविवाहित आणि शाकाहारी असलेले कलाम साहेब हे एक आगळं वेगळं व्यक्तिमत्त्व होते. शिवाय तरुणाईच्या भविष्याची काळजी करणारे सर्वांचं लाडकं चालत-बोलतं विद्यापीठ होतं. देशाच्या पुनरुत्थानासाठी निःसंकोचपणे झटणारं एक निखळ आणि सत्कर्मी व्यासीपठ होतं. त्याचं विद्यापीठाकडून, व्यासपीठाकडून, या आगळ्यावेगळ्या व्यक्तिमत्त्वाकडून आपल्या भारतीय तरुणाईने काहीतरी प्रभावी आणि देशहितास परिणामकारक असं शिकण्याची गरज आहे. आपल्याचं भारतातील काही बोटार मोजण्याइतके शास्त्रज्ञ, अभियंते हे जास्त पैशांच्या लोभापोटी परदेशात वर्षानुवर्षे नोकरी करतात. भारत हे देश आज जागतिक लोकसंख्येच्या बाबतीत दुसऱ्या क्रमांकावर आहे. २०२१च्या जनगणनेत कदाचित प्रथम क्रमांकावरही असेल; परंतु हीच सुशिक्षित आणि सज्ञान लोकसंख्या आपल्या देशाच्या प्रगतीचं एक प्रमुख स्रोत होऊ शकतो. आपली माती, मायभूमी सोडून परकीय देशांना आपल्या अमुल्य बुद्धीचे प्रदर्शन करणे डॉ. कलामांना मुळीच आवडत नसे. डॉ. कलाम साहेबांनी त्यांच्या भाषणात कित्येकवेळा ही गोष्ट बोलूनही दाखवली आहे.

डॉ. कलाम हे मनाने खूप संवेदशील व सोजवळ शिवाय साधे होते. त्यांना रुद्रवीणा वाजवण्याचा व मुलांशी गप्पा मारण्याचा छंद होता. देशाचे ११वे राष्ट्रपती म्हणूनही त्यांनी कारभार पाहिला. त्यांचा या अलौकिक आणि अभुतपूर्व कार्याबद्दल 'पद्मभूषण', 'पद्मविभूषण' आणि 'भारतरत्न' या महत्त्वाच्या पुरस्कारांनी त्यांना गौरवण्यात आले. मी इथे त्याचं कार्य आणि पुरस्कार यासाठीच पुन्हाच उल्लेखलेली की, भारत हा तरुणांचा आणि कणखर शिवाय बुद्धिवादी मेंदूंचा देश आहे असे अनेक निष्कर्षांती समोर आले आहे. डॉ. कलाम हे क्षितिजाच्याही पलीकडं अगदी उंच यशाची भरारी मारणारे पहिले अभिव्यक्ती आहे. आजच्या तरुणाईने डॉ. कलाम साहेबांच्या आचार-विचारांचे विचारपूर्वक आचरण केले पाहिजे. डॉ. कलाम साहेबांची समाजमनाशी असलेली अतुट नाळ ही अगदी त्यांच्या जीवनाच्या शेवटच्या श्वासापर्यंत जोडलेली होती, स्नेहमय होती. शिलांग येथील आय.आय.एम.च्या कार्यक्रमात व्याख्यान देत असताना तब्यते बिघडली. शिलांगमधीलच एका रुग्णालयात त्यांनी २७ जुलै २०१५ रोजी त्यांनी अखेरचा श्वास घेतला. डॉ.ए.पी.जे. अब्दुल कलाम यांचे भारतातील तसेच वैज्ञानिक क्षेत्रातील कार्य खूप मौल्यवान आहे आणि याच महामानवाचा जन्मदिवस १५ ऑक्टोबर हा 'वाचन प्रेरणा दिन' म्हणून साजरा केला जातो. या साक्षात देवरूप अभिव्यक्तीस त्रिवार वंदन करून शेवटी एवढेच म्हणेन की,

"संबंध जनतेच्या हृदयातला, प्राण होते कलामसाहेब, खरोखरच आधुनिक भारताचे, शान होते कलामसाहेब, राष्ट्रहितालाच देव मानणारे, देवमाणूस होते कलामसाहेब, हास्याचे कमळ अन् विकासाचे बळ होते कलामसाहेब !"

प्रेमाला लिंग नसते...

दोन जीव जेव्हा एकमेकांवर प्रेम करतात,
तेव्हा त्यांच्यातील त्या निरागस बिनशर्त
भावनांचा आदर न करता,
त्यालासुद्धा आमचा हा असा सुसभ्य समाज,
लिंगाच्या मापदंडावर

अक्षरशः उगडा-नागडा करून भेदभावतो ...

अजूनही आठवतेस तू

अजूनही आठवतो मला

हसरा तुझा चेहरा

अजूनही दरवळतो मनी

माळलेला तो गजरा

तुला जराही न जुमानता

पदर उडवता तो वारा

पदराभोवती फिरत राहिला

माझ्या मनाचा भोवरा

हलकेच सावरत होतीस

उडणारा केसांचा पिसारा

डोळ्यांपुढून जात नाही

सुंदर तो नजारा

अजूनही दरवळतो मनी

माळलेला तो गजरा

चंचल तुझ्या डोळ्यांवर

पापण्यांचा नाजूक पहारा

माझ्याकडे बघून लगेच

बावरलेल्या तुझ्या नजरा

बोलत नव्हतीस काही

नजरेचा खेळ सारा

नाजूक स्वर छेडतात

आठवणींच्या त्या तारा

अजूनही दरवळो मनी

माळलेला तो गजरा

आई

आई ही आईच असते

आईची जागा कोणीच नाही घेऊ शकत

प्रेम म्हणजे काय,

हे आईकडून शिकावं

आईसारखं निःस्वार्थ प्रेम कोणी करू नाही शकत.

रांगता रांगता तुझ्या कुशीतून,

कधी मोठे झाले कळलेच नाही.

चुकीच्या वाटेने जाताना

नेहमी मला थांबवले

चांगला मार्ग दाखवून,

तू मला समजावले.

तू लावलेल्या शिस्तीमुळे

समाजात मिळतो मान

तुझी मुलगी असण्याचा

वाटतो मला अभिमान.

कधी रागावलीस माझ्यावर

तरी डोळ्यांत तुझ्या पाणी येई,

चुकलं असेल माझं कधी तर

माफ कर ग आई.

आजही मला लहान समजून

प्रेम माझ्यावर तूच करते

छोटी आहे समजून

घरी सगळी कामं पण तूच करते.

तुझ्याएवढं प्रेम

कोणी करू शकत नाही.

मी हसताना हसतेस

मी रडताना तूही रडतेस

माझ्या सुख-दुःखाला फक्त

तुझीच साथ असते.

तुझ्यासाठी किती लिहिले, तरी शब्द अपुरे पडतील

तुझ्याएवढं प्रेम कोणी करेल का गं आई...

साधारण २०१९ सालच्या शेवटी चीनमध्ये कोरोना विषाणूचा (covid-19) फैलाव झाला. डिसेंबर - २०१९ मध्ये चीनच्या हुबेई प्रांतात वुहान या शहरात कोरोनाचे रुग्ण आढळून आले. न्युमोनिया सारखी तीव्र आजाराची लक्षणे दिसून येत असणाऱ्या रुग्णावर नेहमीचे उपचार लागू पडत नाहीत, असं लक्षात आल्यावर हा एक वेगळाच रोग असल्याचे निदान करण्यात आले. त्या अनुषंगाने त्यावर मोठ्या प्रमाणात संशोधनही सुरू झाले, पण तो रोग कसा पसरतो, त्याची लक्षणे काय, हे सगळं कळायच्या आतच तो जगभर झपाट्याने पसरला. इटली, जर्मनी अमेरिकेपाठोपाठच कोरोनाचा भारतातही शिरकाव झाला.

दरम्यानच्या काळात जैविक युद्धाच्या हेतूनेच हा नवा व्हायरस चीनने जन्माला घातल्याचे म्हटले जात होते. त्याचबरोबर चीनमध्ये वटवाघुळ, कसलेही समुद्री प्राणी खाल्ले जातात आणि त्यातूनच कोरोनाचा संसर्ग झाला असल्याच्या बातम्याही कानावर येऊ लागल्या. तशाच विरुद्ध गेल्या.

०.०६ ते ०.१४ मायक्रॉन इतक्या आकाराने लहान असणाऱ्या आणि मुकुटासारखा आकार असणाऱ्या Covid-19 चा संसर्ग हा श्वसनमार्गाला होत असून, शिंक, खोकला यातून बाहेर पडणाऱ्या थेंबांवाटे पसरतो. त्याचबरोबर, विषाणू असणारा वस्तूचा पृष्ठभाग, कपडे यांना स्पर्श केल्यावर आणि तोच हात त्वचा, नाक, तोंड आणि डोळ्यांना लागून त्यावाटे विषाणू शरीरात जाण्याची शक्यता असते, अशी प्राथमिक माहिती या विषाणूबाबत होती.

या पार्श्वभूमीवर भारताचे पंतप्रधान नरेंद्र मोदी यांनी २१ मार्च २०२० ला जनता कर्फ्यूचं आवाहन केलं आणि त्यापाठोपाठच २४ मार्चच्या सायंकाळी १४ एप्रिलपर्यंत २१ दिवसांचे लॉकडाऊन जाहीर केले. दरम्यान संपूर्ण जग कोरोना व्हायरस विषयी अनभिज्ञ असल्यासारखे होते. शास्त्रज्ञांना देखील कुठल्याही प्रकारचे अंदाज बांधता येत नव्हते. शाळा-महाविद्यालये, उद्योगधंदे तात्पुरते का होईना पण एकाएकी बंद ठेवण्यात आले. अशातच लॉकडाऊनमुळे लोकांना समाजमाध्यमांसाठी मुबलक वेळ मिळाला आणि अफवांचे पीक सुरू झाले.

पंतप्रधान मोदी २१ तारखेला संपूर्ण देशावर यानातून, विमानाने, हेलिकॉप्टरने औषध फवारणी करणार असून, संपूर्ण देश एका दिवसात कोरोनामुक्त करणार आहेत, अशा आशयाचा संदेश समाज माध्यमांवर फिरायला सुरुवात झाली. संदेश प्रत्येकाच्या स्क्रीनवर जाऊन धडकला. अतिउत्साही तरुण कार्यकर्त्यांनी हीच गोष्ट अगदी व्यवस्थित घरातील

महिला वर्ग वडीलधारी मंडळींना कसलाही तर्कशुद्ध विचार न करता समजावून सांगितली. त्याचा परिणाम म्हणूनच गावाकडे शौचविधी सुद्धा सूर्योदयापूर्वीच आवरून घेतले. धुतलेले कपडे घरात वाळायला घातले. लहान मुलांना जबरदस्तीने घरातच डांबून ठेवले आणि संपूर्ण दिवसभर सर्वांनी या फवाऱ्याची वाट पाहिली ! मुळात ही पोस्ट कुणी सुशिक्षित माणसाने खोडसाळपणे (उपरोधिक) लिहिलेली होती आणि तेवढ्याच खोडसाळपणे ती समाजमाध्यमांवर फिरवण्यात आली, परंतु कसलीही वैज्ञानिक चिकित्सा न करता गावाकडे मात्र याचे तंतोतंत पालन

केले गेले. यात कसलीही जीवितहानी नसली, तरी आणीबाणीच्या काळात असे अफवांचे पीक पसरवणारे मेसेज व्हायरल होणं हानिकारकच !

नाही म्हटलं तरी सुरुवातीच्या काळात कोरोनाचा वेगाने होणारा प्रसार पाहता तो कसा भयंकर आहे, गावेच्या गावे, शहरेच्या शहरे कशी नष्ट करू शकतो, हेच अगदी भयानक पद्धतीने सांगितलं जाऊ लागलं. चीन आणि थकज (World Health Organization) ची भूमिकाही संशयास्पद ठरत होती. सर्वसामान्य, अशिक्षित जनतेबरोबरच शिक्षित मध्यमवर्गीय लोकांत देखील भीतीचे सावट पसरले होते. या संधीचा फायदा मात्र प्रसिद्धीच्या वाहत्या गंगेत हात धुऊन घेण्यासाठी तयार असलेल्या तथाकथित वैद्य, आयुर्वेदाचार्य यांनी पुरेपूर घेतला. कांदा, लसूण, हळद, मीठ, पुदिना, ओवा, चहा यांसारखे उग्र वासाचे उष्ण असणारे पदार्थ विशिष्ट प्रमाणात घेतल्यास आपणांस कोरोना कसा होणार नाही, भारतात हवामान कसं उष्ण आहे, त्यामुळे आपल्याकडे कोरोना कसा पसरणार नाही, अशा सुटसुटीत काळजीवाहू आशयाच्या पोस्ट्स या लोकांनी केल्या. सोशल मीडियावर त्या झपाट्याने पसरल्या आणि लोक त्याचा अवलंबही करू लागले. कापूर, धूप याची धुरी घेतल्याने, गोमूत्र पिल्याने, नाकात मोहरीचे तेल, गार्डचे तूप टाकल्याने कोरोना कसा बरा होतो या संदर्भातही तथाकथित तज्ज्ञ लोकांचे व्हिडिओ मेसेज सोशल मीडियावर फिरत राहिले. याचाच परिणाम म्हणून एकट्या गुजरातमध्ये दिवसाला सहा हजार लिटर गोमूत्र फस्त केले जात असल्याची बातमी होती. महत्वाचं म्हणजे शुद्ध गोमूत्रात घातक अल्कली अमोनियम असते, जे की वॉशिंग पावडरमध्ये असते. मानवी शरीरासाठी ते हानिकारकच ! मांस, मासे खाल्ल्याने कोरोना होत असल्याची अफवा पसरवली गेली होती. त्यामुळे भारतातली मांस विक्री ठप्प झाली. मोठ्या प्रमाणावर जिवंत कोंबड्या गाडून नष्ट करण्यात आल्या; परंतु कोणीही WHO

सारख्या अधिकृत वेबसाईटवर खऱ्या-खोट्याची शहानिशा करणं हिताचं समजलं नाही, ना सरकारने तशा मार्गदर्शक सूचना दिल्या.

हायड्रॉक्सिक्लोरोक्वीन हे मलेरिया या मूळ रोगावरचं औषध आहे. त्यानेच कोरोनादेखील बरा होत असल्याचा गवगवा करण्यात आला. भारताने ते अमेरिकेला निर्यात केले. अमेरिकेचे राष्ट्राध्यक्ष डोनाल्ड ट्रम्प यांनी ते स्वतः हे औषध घेत असल्याचा दावा केला. त्यामुळे लोकांमध्ये अजूनच संभ्रम निर्माण झाला आहे, तरी हे औषध खरंच कोरोनावर परिणामकारक आहे का ? किंवा नाही ? याबद्दल शास्त्रज्ञही नेमकी माहिती देत नाहीत. यामुळे या बाबतीतला संभ्रम कायम आहे. ट्रम्प यांनी अमेरिकेत मध्यंतरी Lyzol हे कोरोनासाठी गुणकारी असल्याचे सांगितले होते. यातून अफवा आणि अंधश्रद्धा ही भारतालाच लागलेली कीड नसून, ही एक वैश्विक समस्या असल्याचं जाणवतं.

लॉकडाऊनच्या काळात आपले पंतप्रधान नरेंद्र मोदी यांनी ३१ मार्च २०२० रोजी सायंकाळी ५ वाजता पाच मिनिटे सर्वांनी टाळ्या, घंटानाद किंवा थाळीनाद करण्याचं आवाहन केलं. त्याचबरोबर ५ एप्रिल २०२० ला रात्री ९ वाजता आपापल्या घरातील लाईट पूर्णपणे बंद करून मेणबत्त्या किंवा मोबाईल फ्लॅश लाईट ऑन करून सरकारी कर्मचारी, पोलीस, नर्स, डॉक्टर्स यांना सन्मानित करण्याचं आवाहन जनतेला केले; परंतु जनमानसात याचे पडसाद उमटले ते मात्र भयंकर होते. दोन्ही घटनांच्या किमान दोन दिवस आधीपासून घंटानाद थाळीनाद केल्याने ठराविक फ्रिक्वेन्सीच्या ऊर्जालहरी तयार होऊन कोरोनाचा नाश होणार आहे, तर दिवे पेटवल्याने संपूर्ण देशात उष्णता वाढेल आणि कोरोनाचा नाश होईल, कारण कोरोना उष्णतेच्या ठिकाणी टिकत नाही. भरीस भर या मंत्राचा जप केल्यास आपणास कोरोना होणार नाही, हे ग्रहांच्या हालचालींचा संदर्भ देऊन पटवून सांगण्यात आलं. यामुळे आपण सुरक्षित राहाल अशाही पोस्ट व्हाट्सअपवर फिरत होत्या.

दिवे लावणे, घंटानाद, थाळीनादाच्या बहाण्याने काही ठिकाणी हजारांच्या संख्येने लोक रस्त्यावर उतरले, डीजे लावले गेले, लोकांनी फटाके देखील फोडले. थोडक्यात दिवाळीच साजरी केली आणि इतके दिवस मन मारून घरात राहिले त्या सगळ्यावर पाणी फेरले.

मध्यंतरी एका प्रस्थापित वृत्तवाहिनीच्या पत्रकाराने रेल्वे गाड्या सुटणार असल्याची खोटी बातमी दिल्यामुळे संचारबंदीच्या काळातही हजारांच्या संख्येने परराज्यात आपल्या गावी पोहोचण्यासाठी म्हणून मोठ्या संख्येने कामगार बांद्रा स्टेशन येथे जमा झाले. यात त्या पत्रकाराला अटकही झाली. ही अटक योग्य की अयोग्य हा जरी संशोधनाचा विषय असला, तरी यातून शासकीय पातळीवर विसंगती आढळून येते. कामगारांच्या तिकिटांच्या बाबतीतही संभ्रम आढळून आला. कामगारांना प्रवास फुकट असणार आहे की तिकिट काढावी लागतील या बाबतीतही एकमत नव्हते. अशात सरकारी योजनाही अफवा वाटायला लागल्या. उपासमारीपुढे कामगारांना हजारो किमीचा

रस्ता पायी चालत जाणं परवडेल, असं वाटू लागलं. इथे एकसूत्री कारभार आणि नियोजनाची कमी जाणवते. त्यामुळे अफवांना आणखीनच खतपाणी मिळालं.

दिल्लीतील निजामुद्दीन मरकज येथे मोठ्या प्रमाणावर मुसलमान तबलिगी कोरोनाबाधित आढळले. त्यातूनच मुसलमान तबलिगींमुळेच भारतात कोरोना कसा मोठ्या प्रमाणावर पसरला जात आहे हे बिंबवलं गेलं. त्यामुळे मुस्लिम फळभाज्या विक्रेत्यांकडून लोकांनी भाज्या घेण्यास नकार दर्शवला. या अफवांमुळेच भाजी विक्रेत्यांना स्वतःचा धर्म सांगण्याची वेळ आली. या बरोबरच कोरोना काळातच महाराष्ट्रातील पालघर येथे दोन साधु आणि एक झयव्हर यांना लहान मुले पळवणारे असल्याच्या संशयावरून स्थानिक माहितीनुसार जमावाने पोलिसांसमोर काठ्यांनी ठेचून मारले. समाजमाध्यमांतून या मुद्द्याला हिंदू विरुद्ध मुस्लिम असा रंग दिला गेला. अशा पद्धतीच्या धार्मिक तेढ निर्माण करणाऱ्या अफवा पसरवणे हे आपत्ती-काळात देशहिताचे नाहीच नाही.

बाबा रामदेवसारखे प्रतिष्ठित व्यक्ती सांगतात की, ७०% भारताला मास्क किंवा सॅनिटायझरची गरज नाही. ज्यांचा कुठूनही परदेशी लोकांशी संबंध येत नाही, त्यांनी कोरोनाच्या बाबतीत निर्धारित असावं. मात्र वास्तवात असं करून चालणार आहे का ? १ मिनिट श्वास रोखून धरू शकणाऱ्या व्यक्तीला कोरोना नसल्याचे निदान होते आणि मोहरीचे तेल नाकात सोडल्याने श्वसनमार्गातले विषाणू पोटात जाऊन तेथील नैसर्गिक केमिकल्सच्या संपर्कात आल्याने कोरोनाचे विषाणू मरतात, असे दावे त्यांनी केले. मुळातच आपली श्वसनसंस्था आणि पचनसंस्था एक आहेत का ? WHO ने त्यांचे दावे फेटाळून लावले आहेत. रामदेव बाबांसारख्या प्रतिष्ठित व्यक्तींनी अशा प्रकारच्या अफवा पसरवणे कितपत योग्य आहे ? तरीदेखील त्यांच्यावर कसल्याही प्रकारची कारवाई केली जात नाही तेही तितकेच खरे आहे.

मोठ्या प्रमाणावर अफवांचे पीक पसरवले जाते, त्या त्या क्षेत्रातले तज्ज्ञ म्हणवणारे लोक चुकीची माहिती लोकांपर्यंत पोहोचवतात, चुकीचे संदेश देतात. तरीही तिथे आपत्ती व्यवस्थापन कायद्याची अंमलबजावणी होताना दिसत नाही. इथे कायद्याचे, सरकारी यंत्रणांचे अपयश दिसून येते.

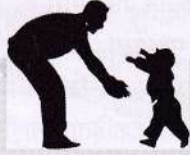

तरी अशा अफवा पसरवणारे मेसेज फॉरवर्ड करण्यात सुशिक्षित लोक, उच्चशिक्षित विद्यार्थी यांचाही समावेश मोठ्या प्रमाणात आढळून येतो. मोबाईलवर जे जे येतं, पाहिलं जातं, ते ते खरंच असतं अशी लोकांची धारणा आहे. अशा अफवा वेळच्या वेळी रोखायला हव्यात त्यासाठी प्रत्येकाने स्वयंसेवक म्हणून काम करायला हवे. खरी माहिती देऊन अफवांचा, अंधश्रद्धांचा विरोध करता येतो हे शिक्षणातून, समाजप्रबोधनातून लोकांच्या मनावर बिंबवणे गरजेचे आहे.

मुळात समाजमाध्यम ही समस्या नसून ती समाजमाध्यमं 'वापरणारे हात' हे समस्या आहेत. समाज माध्यम वापरण्याचे पूर्ण स्वातंत्र्य देत असतानाच तो समाज, ती व्यक्ती, देशहित आणि व्यक्तिगत

स्वातंत्र्य, याबाबतीत कितपत जागरूक आहे ! हे पाहणं इथे महत्वाचे ठरते. त्यानुसार कायदे आणि अंमलबजावणी किती कठोर किंवा शिथिल असावेत हे ठरवता येईल.

कोणताही नागरिक मुद्राम ह्या अफवा पसरवण्यासाठी कारणीभूत असतो किंवा स्वतः पसरवतो असं मुळीच नाही. बऱ्याचदा अज्ञानापायी तो या सर्व गोष्टींबाबत अनभिज्ञ असल्याचं जाणवतं. आपल्याकडे समाजमाध्यम, इतर गप्पांमधून किंवा प्रसारमाध्यमांमधून मिळालेली माहिती नेमकी खरी-खोटी कशी ठरवावी, याचं पुरेसं ज्ञान नागरिकांना हवं. सरकार, सामाजिक संस्थांनी त्यासाठी जनजागृती आणि प्रत्यक्ष असे प्लॅटफॉर्म सर्वसामान्य जनतेपर्यंत पोहोचवायला हवेत.

माझा बाप

कसे मोजू त्याच्या प्रेमाचं माप
सांगू किती मोठा हाय माझा बाप
आयुष्याला ज्यानं दिली माझ्या साथ
पंढरीचा विठ्ठल पाहिलाय मी त्यात

कमी पडू दिलं नाही त्यानं आजवर काय
आजूनही डोळ्यांसमोर ठेवलेत त्याचेच पाय
साथ देते त्याला माझी लाडाची माय
म्हणूनच धस्त नाही तो कुणाचे पाय

पळ पळतोय माझ्या भविष्यासाठी
नाही घेत आधाराला कोणाची काठी
त्याच्यामुळेच घेतलाय मी ध्येयाचा वसा
सोडणार नाही सहजच असा.....

घेतली हाय मी आता उंच भरारी
काही वर्षांत देईन त्याला फिरायला फरारी
ध्येयासाठी करणार मी जीवाचा खेळणा
बांधणार त्याच्यासाठी माडीत पाळणा...

जीव लावलाय त्यानं माझ्यावर
नाही कमी कुठं पडला आजवर
टाकलंय आयुष्यात माझ्या सुखाच माप
असा हाय माझा बाप.....

असा हाय माझा बाप.....

आयुष्य

आयुष्य हे आपलं असतं

आपणच आपल्याला घडवायचं असतं.

मनापासून प्रेम करायचं असतं.

कोणाला कधी दुखवायचं नसतं.

आयुष्य हे आपलं असतं

आपणच आपल्याला घडवायचं असतं.

समजून घेणं योग्य असतं

पण अपेक्षा करणं चुकीचं असतं.

मनातील दुःख एका कोपऱ्यात ठेवायचं असतं.

पण सुख हे भरभरून वाटायचं असतं.

आयुष्य हे आपलं असतं

आपणच आपल्याला घडवायचं असतं.

स्वार्थाच्या ह्या जगात

निःस्वार्थीपणाने जगायचं असतं.

आयुष्य हे आपलं असतं

आपणच आपल्याला घडवायचं असतं.

कठीण सगळंच असतं.

पण प्रयत्न करणं जास्त महत्वाचं असतं.

कोणाला एकटं कधी सोडायचं नसतं.

सगळ्यांना नेहमी सोबत घेऊन चालायचं असतं.

आयुष्य हे आपलं असतं

आपणच आपल्याला घडवायचं असतं.

सगळ्यांचा नेहमी आदर करायचा असतो.

कोणाच्या भावनांचा कधी खेळ करायचा नसतो.

संकटांना नेहमी सामोरे जायचे असते.

ताकद आत्मविश्वासाची तेव्हाच मजबूत असते.

जगायचं हे असंच असतं

कारण एकदाच मिळालेलं हे आयुष्य

आपल्यालाच घडवायचं असतं.

सध्या जगात आधुनिक काळ सुरु आहे. माणसाने विविध क्षेत्रात खूप प्रगती केली. आता तर या पृथ्वीच्या सीमांना न जुमानता माणूस स्वतंत्रपणे आकाशाचे रहस्यही उलगडतो आहे; परंतु या प्रगतशील माणसाने प्रगती करताना खूप मोठ्या चुका केल्यात हे आपण सगळेच जाणतो आणि मानतो. आपल्या

अहंकारात चूर होऊन, “मीच या धरेवर सर्व प्राणिमात्रांमध्ये सर्वश्रेष्ठ आहे, मीच या जगाचा सर्वेसर्वा आहे, मी अजिंक्य आहे, अमर आहे आणि माझ्याशिवाय हे जग चालूच शकणार नाही” असे मत त्याने तयार केले. परंतु माणसाच्या या भासाला आव्हान देण्याचे काम निसर्गाने केले; त्याने एका सूक्ष्म जीवसृष्टीचे सृजन केले आणि माणसाच्या बुद्धीवर आणि शक्तीवरच प्रश्नचिन्ह उभारले.

हा सूक्ष्म जीव म्हणजे सध्या सगळ्या जगात आपल्या भीतीचे वातावरण निर्माण करणारा, मृत्यूचा तांडव रचणारा कोरोना आहे. आपण सगळेच आता या विषाणूच्या शक्तीपासून वंचित नाही. काही काळाच्या अवधीतच त्याने ७०% जग स्वतःच्या ताब्यात घेतले आहे. त्याच्या शक्तीसमोर स्वतःला सर्वेसर्वा समजणारा माणूसही हतबल दिसतो आहे. विडंबन तर असे आहे की, जे लोक जगाला निर्माण करणाऱ्या परमेश्वराच्या अस्तित्वावरच प्रश्न उभे करत होते तेच लोक आज देवाच्या नावाचा धावा करत आहेत. आपल्या वैद्यकीय सेवांसाठी प्रसिध्द असलेल्या देशांची अवस्था कोरोनाने दयनीय करून ठेवली आहे. सगळ्या जगावर स्वतःचे वर्चस्व प्रस्थापित करू पाहणारे काही विकसित देश आज विकसनशील देशांकडे मदत मागत आहेत.

तर कोरोना हा शत्रू आहे का? या प्रश्नाचे उत्तर मिळावे म्हणून आपल्याला अंतर्मुख होऊन आत्ममंथन करावे लागेल. काही प्रश्न विचारतो स्वतःच्या मनाला त्यांची खरी उत्तरे द्या. माणसाने इतकी प्रगती केली? हे मान्य. प्रगती करण्यासाठी त्याने निसर्गाची अतोनात हानी केली? मान्य. छाया देणारे वृक्ष, जीवन देणाऱ्या नद्या, दूध देणारे प्राणी आणि जन्म देणारे वृद्ध आई-वडील यांची विटंबना केली? मान्य. स्वतःच्या वसाहती वृद्धिंगत व्हाव्यात, मानव प्रजाती नष्ट होऊ नयेत म्हणून पृथ्वीचा भार वाढेल इतकी लोकसंख्या वाढवली. प्रगतीसाठी निसर्गाचा समतोल बिघडवला, जमिनीत दडलेल्या साधन संपत्तीसाठी जमिनीला छिन्नविछिन्न केले, जंगले कापली,

कोराना - एक शत्रू ?

- जयेश रमेश सोनावणे
बी.एससी., संगणकशास्त्र

प्रदूषण केले? मान्य. जर हे सगळं तुम्हाला मान्य असेल तर तुम्हाला हे मान्य करावेच लागेल की कोरोना हा शत्रू नाही, आणि तो मानवापेक्षा जास्त सभ्य आणि चांगला आहे.

माझ्या या वक्तव्याचा तुम्हाला राग आला असेल. साहजिक आहे; परंतु विचार करा, या विषाणूने केले तरी काय. प्रत्येक जीवाची एकच

गरज असते एकतर जीवित राहाणे आणि दुसरे म्हणजे स्वतःची प्रजाती नष्ट होऊ नये म्हणून आपला प्रसार करणे. माणसाने हेच करण्यासाठी संपूर्ण पृथ्वीचा विनाश केला. हेच काम तो विषाणू पण करत आहे. म्हणूनच आपण त्याला मानव जातीचा शत्रू म्हणतो; परंतु स्वतःच्या प्रसाराव्यतिरिक्त त्याने निसर्गाची ना नासाडी केली, ना पृथ्वीचा समतोल बिघडवला.

ही सगळी परिस्थिती पाहता मनात विचारही येतात की हे सगळे ठरवून तर झाले नाही ना?, निसर्गाने मानव जातीला शिक्षा तर दिली नाही ना? किंवा देवाने स्वतःचे अस्तित्व सिद्ध करण्यासाठी तर हा खेळ रचला नसेल ना? हे सगळे प्रश्न येण्याचे कारण असे आहे की, सध्या जगभरातून बातम्या येत आहेत की ज्या ठिकाणी कधी एक प्राणीही दिसला नाही तिथेही आता त्यांचे कळप येत आहेत. समुद्रालगत डॉल्फिन परत येत आहेत. हरणे, सांबर शहरी भागात दिसत आहेत. हे सगळे जणू माणसाला सांगत आहेत की, आता आम्ही आमच्या हक्काची जागा पुन्हा ताब्यात घेण्यासाठी आलो आहोत.

याच विषयावर विचार करत असताना एका थोर व्यक्तीचे विचारही ऐकण्यात आले. माणसाच्या तार्किक बुद्धीला जरी हे पटत नसेल तरीही विज्ञानाचा चष्मा जरा वेळ बाजूला ठेवा आणि विचार करा. हा विषाणू प्राण्यांपर्यंतच मर्यादित राहिला असता; त्याला आवश्यक तेवढा प्रसार त्याने प्राण्यांमध्ये राहूनच केला असता. परंतु माणसाने आपल्या इच्छा, जिभेची लालसा यांसाठी आजवर अब्जावधी प्राण्यांची हत्या केली आणि नाईलाजाने हा विषाणू मानवात पसरला. माणसाला अद्वल घडवण्यासाठी निसर्गदेवतेने हा प्रकोप आपल्यावर केला असाही एक पैलू आपण विचारात घ्यायला हवा.

कोरोनामुळे जगातल्या अनेक देशांमध्ये टाळेबंदी झाली. त्यात आपला भारत देशही आहे. नेहमी मुक्त राहणाऱ्या माणसाला जेव्हा जबरदस्तीने घरातच बसा असे सांगण्यात आले तर बहुतांशी

लोकांना याचा राग आला. आधुनिकतेच्या या चक्रात आपल्याला घरात राहाणेच कैदेसमान वाटू लागले. टाळेबंदीमुळे जगावर आर्थिक संकट येईल असे भाकीत विविध विद्वानांनी केले आहे आणि ते खरेही आहे. कोरोनामुळे आपल्याला अनेक संकटांना सामोरे जावे लागणार आहे. म्हणूनच तो आपला शत्रू आहे, नाही का; परंतु आता दुसऱ्या बाजूने विचार करूयात. याच टाळेबंदीमुळे सर्व कारखाने, वाहने बंद आहेत त्यामुळे जगातले प्रदूषण मोठ्या प्रमाणावर कमी झाले आहे. गंगा, यमुना पुन्हा एकदा त्यांच्या खऱ्या स्वरूपात आल्या आहेत. दोघींचे पाणी निर्मळ झाले आहे. त्यांच्यातील प्राणवायूचे प्रमाण वाढले आहे. प्राणवायू वाढल्यामुळे नद्यांमधले जलचर प्राणी आनंदाने मुक्त संचार करत आहेत. असेही म्हणता येईल की, माणसाने निसर्गाचा जो विनाश सुरू केला होता त्याला रोखण्यासाठी आणि स्वतःला सावरण्यासाठी निसर्गानेच कोरोनाला पाठवले आहे. कोरोनाने माणसाला सक्तीने किंवा कसेही असेना, परंतु आपल्या माणसांसोबत राहायला शिकवले, त्यांच्याबरोबर वेळ घालायला शिकवले. या काळात वेबसीरिज बघणाऱ्या तरुण पिढीने रामायण आणि महाभारतही पाहिले. कोरोनाच्या कारणाने त्यांच्यावर चांगले संस्कार झाले आणि निश्चितच त्यांच्यात सकारात्मक बदल झालेत. कोरोनाने प्रगतीच्या शर्यतीत अडकलेल्या माणसाला नव्याने श्वास घ्यायला शिकवले. आता परत विचारतो खरंच कोरोना आपला शत्रू आहे का?

शत्रू कोण असतो? तो व्यक्ती जो आपल्या कामांना विरोध करतो, आपल्या जीवावर उठलेला असतो, आपल्या प्रगतीला आळा घालतो; परंतु दुसऱ्या बाजूने विचार केला तर शत्रू तो असतो ज्याच्यामुळे उन्नतीसाठी आपण नेहमी प्रेरित राहातो. कोरोना शत्रू आहे मान्य, कारण इतक्या जलद गतीने तो मनुष्यजातीला नष्ट करतो आहे; परंतु त्याच्याच मुळे सगळ्यांना एक गोष्ट निश्चित समजली आहे की निसर्गाच्या शक्तीसमोर माणसाची शक्ती काहीही नाही, आणि यापुढे निसर्गाचा समतोल राखण्याचा सर्वजण प्रयत्न करतील. दुसरी बाब म्हणजे कोरोनामुळे काही वर्षे का असेना; परंतु जगात शांततेचं वातावरण कायम असेल.

एकदा नीट निचार करा. माणूस जो स्वतःच्या असुयेपोटी आणि स्वार्थापोटी दुसऱ्या माणसापासून वेगळा झाला होता. या जगात फक्त युद्ध आणि विनाश या गोष्टींवर चर्चा सुरू होती. अशावेळी एक सूक्ष्म जीव आला. जे काम अनेक महान व्यक्ती इतक्या काळात करू शकले नाही ते काम एका सूक्ष्म जीवाने करून दाखवले. अर्थात त्या जीवाचा हे काम करण्याचा मार्ग विचित्र आहे. तरीही नीट बघा सगळ्या जगात ऐक्याचे वातावरण आहे, आपापसांतले वैर नष्ट झाले आहे, सगळेच एकमेकांना मदत करत आहेत. या जीवाने माणसातली माणुसकी जागवली आहे.

संकट तर भयावह आहे. मीही एक मानव आहे म्हणून माणसाची काळजी मलाही आहे. या विषाणूची लस शोधण्याचे काम चालूच आहे आणि जगावर अनेक संकटे आली आणि गेली. हेही संकट जाईल;

परंतु सर्व मानवजातीला अशी परिस्थिती पुन्हा उद्भवू नये म्हणून काही संकल्प सोडण्याची आवश्यकता आहे. आपण पुन्हा निसर्गाची हानी करणार नाही, प्राण्यांची विनाकारण हत्या करणार नाही, प्रगती करू पण तीच जी सर्वांच्या हिताची असेल. संकट निवारल्यानंतरही जे एकोप्याचे वातावरण निर्माण झाले आहे ते टिकवून ठेवू.

आपल्या सगळ्यांना ही आशा नक्कीच आहे की, या संकटाच्या काळोखानंतर प्रखरतेने नवीन सूर्योदय होईल आणि या तेजस्वी किरणांमध्ये संपूर्ण जग पुन्हा एकदा नव्याने हसायला शिकेल.

होऊ दे पराजय आमच्या तत्वांचा कितीही

मोडू पण वाकणार नाही.

अरे, जाऊन सांगा त्यांना विचार आमचे ..

कारण, आम्हाला हार मान्य नाही.....

अभेद्य संयम आमचा तरीही

विचारांशी तह आम्हाला पटत नाही.

होऊ दे, एक घाव दोन तुकडे...

कारण, आम्हाला हार मान्य नाही.....

आम्हाला हार मान्य नाही.....

प्रत्येक जीवाला ज्ञात होणारी पहिली भावना म्हणजे 'प्रेम' ! प्रेम हा शब्द ऐकला, की आपसूकच प्रेम म्हणजे प्रेम म्हणजे प्रेम असतं, तुमचं आणि आमचं अगदी सेम असतं! या पाडगावकरांच्या कवितेतल्या ओळी आठवतात. 'लव इज लव' हे याच पंक्तींच मॉडर्न, पश्चिमात्य रूप असावं बहुतेक, पण खरंच, प्रेम म्हणजे प्रेमच असतं का? आणि ते खरंच तुमचं-आमचं सेम असतं का?

Lockdown मध्ये आणखी कोणतं काम नसल्यामुळे मी या प्रश्नाचं उत्तर शोधायचं ठरवलं. प्रेमाच्या इतिहासापासून ते त्याच्या बदलत्या भविष्यापर्यंत सगळीकडे डोकावून पाहिलं. प्रेमाच्या कवींनी केलेल्या व्याख्यांपासून ते फिलॉसॉफीमधल्या व्याख्यांपर्यंत सगळ्यांचा अभ्यास केला, तेव्हा समजलं, प्रेमाएवढं कॉन्ट्रास्ट इमोशन आजपर्यंत तरी कोणी अनुभवलं नसावं.

प्रेमाच्या इतिहासात, जसे प्रेमाने जग जिकणारे अनेक आहेत, तसेच प्रेमात स्वतःलाच हरवून बसलेले पण बरेच. कधी कोणाचं, कशावरचं प्रेम उफाळून येईल काही सांगता येत नाही. एखाद्याचं बाईकवरचं प्रेम, दुसऱ्याचं आईस्क्रिमवरचं प्रेम. कुणाचं एकारंगावरचं प्रेम, तर कुणाचं एका जागेवरचं प्रेम.

आजकाल वृत्तपत्रात तर प्रत्येक बातमी ही प्रेमाने ओतप्रोत भरलेली असते. एखादा प्रेमभंग झाला म्हणून द्वेषाच्या प्रेमात पडून दुसऱ्याचा जीव घेतो, तर कोणी 'प्रेम केलंच का?' या विचाराने कंटाळून, पुन्हा मृत्यूच्याच प्रेमात पडतो. एखाद्याला दुसऱ्यांच्या पैश्यांवरच इतकं प्रेम येतंय, की तो पैसे परत करायलाच तयार नाहीये.

कोणाचं मन त्या दिल्लीतल्या खुर्चीवर इतकं खिळून बसलंय, की तिला मिळवण्यासाठी जनतेच्या मनातलं एकमेकांवरचं प्रेम आटवून, त्यात मत्सर भरण्याचा प्रयत्न जोरात चालू आहे. सीमेवर दोन्ही बाजूंनी गोळ्या झाडल्या जातायेत, पण एका गोळीवर 'देशप्रेम' कोरलेलं आहे, तर दुसऱ्या गोळीवर 'धर्मप्रेम' !

ज्या महात्म्याने जगाला अहिंसेच्या प्रेमात पाडलं, त्याचाच अंत, द्वेषाच्या प्रेमातून झालेल्या एका हिंसक घटनेनेच झाला, हे या प्रेमाच्या इतिहासातलं एक कटू सत्य.

'प्यार सबको होता है, पर सबका प्यार जायज़ नहीं होता ।'

आपल्या उत्तराच्या शोधात या वाक्याचे सार खूप महत्वाचे आहे. जायज़ प्रेम कोणतं? जायज़ प्रेम ते असतं का, जे कोणतीही अपेक्षा न ठेवता केलं जातं? एखाद्या वस्तू, प्राणी अथवा व्यक्तीवरचा निस्सीम विश्वास म्हणजे प्रेम? त्यांच्या असण्याने होणारा आनंद

म्हणजे प्रेम? की त्यांच्या नसण्याने होणारं दुःख म्हणजे प्रेम?' जायज़' प्रेमाची व्याख्याही अशी न संपणारी असू शकते. पण, विंटलेफिप्स या गोस्पेलसिंगर ने दोनच वाक्यांत प्रेमाचा कॉन्सेप्ट समजवला आहे.

त्यातलं पहिलं वाक्य - Love is when you choose to be at your best when the other person is not at their best.

दुसरं वाक्य - Love is when what you want is never important. But what the other person needs and wants is always paramount.

हे वाचून क्लिष्ट वाटणारं प्रेम, अगदी सोपं नक्कीच वाटेल, पण प्रेमाचा क्लिष्टपणा, आता पाहूया.

आजच्या काळात, वरवरच्या प्रेमामध्ये लपलेला द्वेष किंवा अहंकार हा काही नवीन नाहीये. 'प्रेम' या शब्दाचे, दोन अर्थ झालेले आहेत जे केवळ भिन्न नसून, विरुद्धार्थीसुद्धा आहेत.

दोन्ही अर्थांमध्ये, प्रेम म्हणजे इच्छाच, पण एक 'देण्याची' आणि 'मदत' करायची इच्छा, तर दुसरी 'घेण्याची' व 'शोषण' करण्याची इच्छा. प्रेम, जे केवळ दुसऱ्यांसाठी असतं, ते या जगात अव्यावसायिक होत चालले आहे. हे प्रेम, देणाऱ्यांची कठोर परीक्षा घेतं, कारण यात वाटणारी आपुलकी ही खोटी नसते, म्हणूनच वेळीच कठोर पावलं उचलायला भाग पाडतं.

म्हणूनच की काय, आजकाल प्रेम

मानवी भावनांचा भागच नाहीये, हे खरं प्रेम विरळ होत चाललंय, आणि त्याची जागा, 'institutionalised' प्रेमाने घेतलीये.

दैसाकुइकेडा सांगतात, हा प्रॉब्लेम सोशल सायकॉलॉजीशी निगडित असल्यामुळे सोडवण्यास तसा अवघड आहे.

ते म्हणतात, आजच्या समाजात 'जी ही' ही बंदिस्त संकल्पना परत आणली तरच समाजातून दुःख दूर करून आनंद आणता येईल आणि काळाच्या ओघात हरवलेलं खरं प्रेम, पुन्हा सापडेल.

जर प्रेमाचा अर्थ आणखी विस्तारून पहिला, तर लक्षात येईल, की जे कोणालाही न दुखवता, स्वतःचा स्वार्थ न बघता केलं जात ते प्रेमभावनेचं खरं रूप ! स्वतःच्या स्वार्थासाठी जे केलं जातं, ते प्रेम नव्हेच.

Schweitzer Mrconcept of reverence सांगते की, 'The highest value must be attached to the dignity

of life as a universal standard.' निश्चितच, हे सर्वोच्च मूल्यप्रेमच आहे, आणि म्हणूनच तो म्हणतो, जेव्हा जेव्हा या उच्चमूल्याची जागा प्रेमाऐवजी दुसरं कोणतंही मूल्य घेईल, मग ते धार्मिक असो वा सामाजिक ते नक्कीच समजाचा विनाश करणारं ठरेल !

इटालियन लेखक, लुइगी पिरांडेल्लोयाचं 'one, no one and one hundred thousand' हे पुस्तक आपल्याला स्वतःचाच नव्याने विचार करण्यास भाग पाडतं. 'the person you think of yourself exists only for you' या संकल्पनेवर हे पुस्तक आहे. प्रत्येक माणूस, ज्याच्याशी आपण बोलतो, भेटतो, किंवा अगदी येता-जाता पाहतो, तो त्याच्या मनात तुमचं एक नवीन वर्जन तयार करतो, ते वर्जन म्हणजे तो तुम्हाला कसा पाहतो? काय समजतो? तुम्ही खरे कोण? तुम्ही जे स्वतःला समजता तुम्ही खरेच तेच आहात का? हे तुम्हालाही माहीत नसते. तुमचे असे हजारो वर्जनस अस्तित्वात आहेत, त्यात लेखक 'तुम्ही' कोण हे कसे ठरवणार?

मला वाटतं, प्रेमाचं पण असंच असतं. तुमच्यासाठी जे खरं प्रेम आहे, अगदी बरोबर आहे, निस्वार्थ आहे, पण ते दुसऱ्या व्यक्तीसाठी तसेच आहे का? तुम्हाला जो स्वार्थ दिसत नाहीये, तो त्या व्यक्तीला दिसतोय का? प्रेमाचा अर्थ शोधत, आणखी पुढे गेलो, तर असे अनेक प्रश्न वाढत जातात, आपण शोधत होतो, त्या प्रश्नाचं उत्तर तर मिळालंय.

नाही, प्रेम म्हणजे प्रेम नसतं आणि तुमचं आमचं सेम तर नक्कीच नसतं, निदान आजतरी.

सो, फेक प्रेमाच्या युगात का जन्माला आलो, याचा जास्त विचार न करता, थोडंफार जे काही "true love" शिल्लक आहे, त्याचा शोध घेऊया, स्वाइप, लाईक्समध्ये खरं प्रेम चुकून मिळेल ही, पण पु.लं.च्या पुस्तकातलं, आईच्या हातच्या जेवणातलं, पहिल्या पावसातलं, सुचलेल्या कवितेतलं प्रेम शोधायची गरज नसते, ते कालही होतं, आजही आहे, आणि उद्याही असेलच....

ती मुलगी

शांत शांत चेहरा तिचा

नजर बोलकी होती,

अनोळखी चेहऱ्यांमध्ये जणू,

ओळख शोधत होती.

सागरापरी डोळे जणू

दिशा सूर्य घेऊन बुडाली होती

काजळ लावून पापण्यांनी जणू

रात पांघरली होती...

भिरभिरणारी नजर तिची

जणू साद मागत होती,

नकळत माझ्या हृदयाची,

तार छेडत होती...

हलकेच भिडली नजर तिची

जणू लाट किनारी थबकली होती,

माझीही नजर बेजार होऊन

तिच्या नजरेतच अडकली होती...

नजरेचा हा खेळ सारा,

बराच वेळ चालला,

श्रावणातल्या पावसापरी मनात

आपलं घर करून राहिला...

‘तुझी वाट वेगळी’ हे रणजित देसाई लिखित तीन अंकी नाटक असून या सर्व कलाकारांची भूमिका महत्वाची वाटली. या नाटकात जयपाल हा सावनगडचा राजा आहे व सुरजीत हा त्यांचा पुत्र. यामध्ये चंदा ही बेवारस मुलगी असून तिचा लहानपणापासून काळजी घेणारा कालीचरण हा तिच्या वडिलांच्या भूमिकेत आहे व त्याचं चांदविषयी असलेलं प्रेम व्यक्त करण्याचा एक सकारात्मक प्रयोग साकारण्यात यशस्वी झाल्याचे दिसते.

चंदाला गायनाचा खूपच लळा होता. तिच्या गळ्यातून येणारा प्रत्येक स्वर मंत्रमुग्ध करून जाण्यासारखं होतं. तिच्या गायनावर राजा जयपाल खूश होऊन त्यांनी तिला गायन शिकण्यास केलेलं प्रोत्साहन व दिलेली संधी हे तिचं आयुष्य बदलवण्यात एक महत्वाची भूमिका पार पाडली. हरिप्रसाद राजवाड्यातील नामांकीत गायनपंडीत हा चंदाच्या गुरुच्या रुपात एक उत्तम भूमिका साकारली आहे. यानंतर सुरजीत व चंदा यांचं प्रेम प्रकरण न विसरण्याजोगं आहे. “प्रेम बोलून दाखवायचं नसतं तर ते समजून घ्यायचं असतं” हे सुरजीत चंदाविषयी प्रेम व्यक्त करताना उद्गारलेलं वाक्य त्याचं तिच्यावर असलेलं खरा प्रेमाचा दाखला देतो.

नाटकातील दुसऱ्या अंकात राजा जयपाल व पुत्र यांच्यातील रोमांचक प्रसंग पाहायला मिळाला. यात सुरजीत हे सावनगडचे भावी राजे असून त्यांनी आपले कर्तव्याच पालन करावे व चंदाला सोडून देण्याचा आग्रह धरतात. त्यावेळी चंदाला कळून चुकतं की सुरजीत ने जर असं केलं तर सावनगडच अस्तित्व संपून जाईल म्हणून ती स्वतःच्या प्रेमाचं त्याग करते, यातील हा प्रसंग खूप भावनिक आहे.

तिसऱ्या अंकात चंदाला गायनासाठी मिळालेलं पद्मभूषण पुरस्कार हे सगळ्यांचं लक्ष वेधून घेणारा ठरला. त्यानिमित्ताने राजा सुरजीत व चंदा यांची शेवटची भेट आणि राजांनी तिला दिलेली शेवटची भेटवस्तू (कंठा) हे सावनगडची निशाणी हे चंदाला अर्पण करतात.

हे नाटक वाचताना मी प्रत्येक भूमिकेत असलेल्या कलाकारांनी

साकारलेली रोमांचक कलाकृती हुबेहूब वर्णन करत होतो. सावनगडाची असलेली प्रतिष्ठा हे अबाधित ठेवण्यासाठी चंदाने केलेलं प्रेमाचं त्याग व तिचा संघर्ष हे वाचून खूप मन भरून आलं.

रणजित देसाई हे एक चांगले लेखक असून त्यांनी लिहिलेली नाटकं व कादंबरी यामधून माझ्यासारख्या वाचकांना खूप प्रेरणा व नवीन ऊर्जा प्राप्त होते आणि जगण्यास नवीन दिशा प्राप्त होते.

प्रेम तुझे दे ना मजला

हसतो तुझा चेहरा मनात
हास्य तुझे हे दे ना मजला
प्रेमात तुझ्या होईल प्रेमरोगी मी
रोग असा हा दे ना मजला
आठवण येता मून जाई मी
आठवण तुझी ही दे ना मजला
डोळ्यांत बघता स्वप्नं प्रेमाची
स्वप्न हे न वेदना मजला
गाणे एकवती एकांत आपुले
त्याचा स्पर्श हा होऊ दे ना मजला
जसे रात्र मोजती चांदणे आकाशी
तसे प्रेम तुझे दे ना मजला

अश्मयुगापासून सुरू ही परंपरा बदलाची
आधुनिकतेच्या युगात होईल का ती धोक्याची
संस्कृती आणि पावित्र्य यांचा पवित्र संगम
विज्ञानरूपी शतकात झाले ते दुय्यम
धावतोय हा मनुष्य क्षणिक सुखाकडे
आणि आता आम्हाला पडलं माणुसकीचं कोडं
भ्रष्टाचारी या दुनियेत मुश्किल झालं आहे जगणं
आणि बलात्कारसारख्या घटनांनी सत्य ठरतंय वागणं
पैशाच्या या दुनियेत पैसा झाला आहे मोठा
आणि माणसानेच माणूस केला छोटा
जागतिकीकरणाच्या आम्ही मारतोय गप्पा

आज कर्ण-गाथा वाचली आणि मन अत्यंत अस्वस्थ झाले. तुझ्याबद्दल खूप मोठी खंत उद्भवली. दानवीर महायोद्धा असे त्याचे चरित्र. युधिष्ठिरपेक्षा अधिक धार्मिक, भीमापेक्षा अधिक बलवान, अर्जुनापेक्षा श्रेष्ठ धनुर्धर, नकुलापेक्षा रूपवान आणि सहदेवपेक्षा अधिक बुद्धिमान. पाच पांडवांचे सद्गुण त्या एकट्या योद्ध्यांकडे... ज्याच्यासमोर प्रत्यक्षात इंद्रदेव एक याचक म्हणून येतात आणि पुत्र स्वार्थापोटी त्याचे सुवर्ण कवचकुंडल घेऊन जातात असा तो दानवीर कर्ण. ज्याच्यासमोर स्वयं भगवान जरी अवतरले तरीही त्याचा विजय होणारच असा महायोद्धा... पण अशा ह्या सूर्यपुत्राला आयुष्यभर मिळाले काय? फक्त अन्याय,

उपहास आणि अपमान. ज्या राज्यावर जन्मतः त्याचा सर्वात जास्त अधिकार होता त्याच राज्यात त्याचा पदोपदी अपमान करण्यात आला, त्याच राज्यात त्याला दुर्योधनाच्या आश्रयाखाली राहावे लागले, त्याच राज्यात त्याला तुच्छपणे वागवले गेले आणि एक क्षत्रिय असून सुद्धा 'सूत' बोलविण्यात आले. हे सगळे घडत असताना तू पाहात होतीस ना ? मग का स्वतःला थांबवले? आपल्या चारित्र्यावर डाग लागू नये म्हणून स्वतःच्या मुलावर झालेल्या अन्यायाला तू फक्त बघत राहिलीस! केवढा हा अक्षम्य अपराध!

सर्वात पहिली चूक तुझी तेव्हा झाली जेव्हा सूर्यदेवाचा हा प्रसाद तू त्यागलास. तिथेच एक हत्या झाली. हत्या?... हो हत्या! हत्या एका महावीराच्या हक्काची आणि अपेक्षा यांची. हत्या ही त्याच्या मनाची. हत्या-जी त्याच्या सामर्थ्याची आणि हत्या त्याच्या अस्तित्वाची. युद्धाच्या अगदी काही दिवसांआधी आपल्या समाजमान्य आणि नैतिक पाच पुत्रांच्या रक्षणासाठी तू त्याच्याकडे गेलीस. कृष्ण आणि तू मिळून त्याच्यासमोर त्याचे जन्मरहस्य उघडकीस केले. खचला ग तो माते! तुझा पुत्र पूर्णपणे खचून गेला. कोणावरती शस्त्र उगारणार होता तो ? त्याच्या भावंडांवरती? तो कर्ण होता माते! भावंडांवर तो शस्त्र उगारू शकणार नव्हता; याचे परिणाम सुद्धा त्याला माहीत होते; परंतु तरीही त्याने आपल्या मित्र दुर्योधनाला दिलेल्या वचनाचा भंग नाही केला. शेवटपर्यंत निस्वार्थीपणे दुर्योधनाच्या पाठीशी उभा राहिला. याला म्हणतात निष्ठा आणि मित्रप्रेम. भरसभेत अपमान होत असताना केवळ दुर्योधन त्याच्या पाठीशी उभा राहिला. तेव्हापासून आपले सर्वस्व त्याने दुर्योधनाला अर्पण केले. हीच ती निष्ठा.

कुरुक्षेत्र युद्ध वेळी त्याने तुझ्या पाचही मुलांना अपराजित केले होते; परंतु वध करण्याची त्याची हिंमत झाली नाही. कसा वध करेल

॥ मी वाचलेला कर्ण ॥

- तन्वी प्रवीण गुंजाळ - ११वी वाणिज्य

तो? संपूर्ण युद्ध तो एकटा जिंकू शकत होता, पण तुला दिलेले वचन तो कसा मोडेल? अंतिम वेळी अर्जुनाशी युद्ध करत असताना त्याचे रथचक्र भूमीत अडकले आणि परशुरामाच खरा ठरला. त्याच निशस्त्र योद्ध्यावर प्रहर करण्यास श्रीकृष्णाने सांगितले. तेव्हा कुठे गेला होता धर्म? कृष्ण म्हणे, जोपर्यंत कर्णाच्या हाती त्याचे शस्त्र आहेत तोपर्यंत त्याचा वध करणे अशक्य आहे. स्वयम् स्वर्गातून भगवान जरी अवतरले तरीही ते शक्य नाही. ह्याच वेळेस कर्णाने केलेल्या अधर्माची त्याला जाणीव करून देण्यात आली. द्रौपदीला अपमानित करण्याचा आरोप त्यावर लावला गेला. अभिमन्यूची हत्या केली

त्याचा हाच प्रतिशोध आहे असे म्हणण्यात आले. याच पापांची शिक्षा त्याला आता मिळण्याची वेळ झाली आहे असे कृष्ण म्हणाला. हे सर्व ऐकून एखाद्या सुंदर खिळखिळ्या फुलावर जसं कडकडीत ऊन पडून ते कोमेजते तशी कर्णाची अवस्था होती. त्याच्या पवित्र शरीरावर दुःखाची आणि कटू शब्दांची धारा वाहू लागली. पाप ! कसलं पाप ? तीच ती द्रौपदी जिने भर स्वयंवरात महावीर कर्णाचा सूतपुत्र म्हणून अपमान केला होता. जिने सामर्थ्य न पाहता कुलद्वेष केला होता आणि अभिमन्यूची हत्या! स्वयं कर्णाच्या सात मुलांची हत्या अर्जुन, भीम आणि सहदेवाने केली होती. अभिमन्यूची हत्या केवळ त्याच्या जखमी आणि तळतळत्या शरीरापासून त्याला मुक्ती देण्यासाठी होती.

हे माता कुंती, का अस्वस्थ राहिलीस, जसे कर्णाला युद्धाचे अगोदर त्याचे जन्मरहस्य सांगितले तसे ते तुझ्या पाचही मुलांना का नाही सांगितलेस? त्याच रणभूमीवर जर कर्णाने त्याच्या आणि अर्जुनाच्या नात्याची जाणीव करून दिली असती तर अर्जुनाने कदापिही शस्त्र उगारले नसते; परंतु तो योद्धा मौन राहिला. एक स्मित त्याच्या चेहऱ्यावर झळकले आणि त्याने आपला अंत स्वीकारला. अर्जुनाच्या धनुष्यातून बाण सुटला तो थेट कर्णाच्या मानेत खुपला. तो योद्धा भूमीवर पडला. त्याला पाहून कृष्णालाच नव्हे; परंतु अर्जुनालाही डोळ्यांतले पाणी आवरता आले नाही. तो योद्धा होता - महायोद्धा. आपल्या मृत्यूलाही आव्हान देणारा तो योद्धा. सदैव धर्माच्या पाठी उभा असलेला. त्यादिवशी सूर्यदेव सुद्धा अश्रू ओघळीत होता. धरणीमाता रडत होती. त्या वीराचा देह एक सूर्यकिरण बनून आकाशात जाऊन विसावला आणि त्या पराक्रमी योद्ध्याचा अंत झाला.

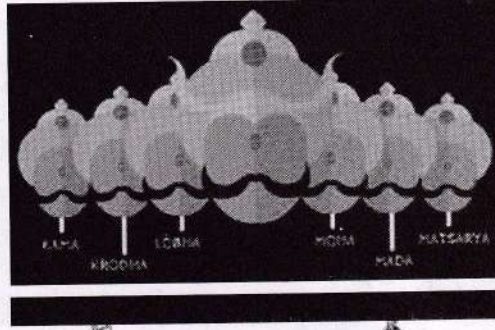

आजच्या जगात जगताना प्रत्येकाला चांगले-वाईट अनुभव येत असतात. आपण समाजात राहात असल्यामुळे प्रत्येक माणसाचा एकमेकांशी संबंध येतोच. तुम्हाला हे मान्य असेल की, आपल्याला आलेल्या चांगल्या आणि वाईट अनुभवांचे जास्त तर कारण हे वाईट माणसांशी आलेले आपले संपर्क असतात. माणसाचा स्वभावच असतो की, आपल्या झालेल्या चुकांचे खापर तो दुसऱ्याच्या माथी फोडत असतो. कधी असा विचार करत नाही की, आपले झालेले नुकसान हे आपल्याच झालेल्या चुकांचे फळ असते. बऱ्याचदा त्याला हे माहीत असते; परंतु त्याचे मन हे मानायला तयार होत नसते.

आपल्याला नष्ट करतील असे सामर्थ्य बाहेरच्या जगात कोणाच्या कडे नसते. आपले चांगले अथवा वाईट हे आपल्यावरच अवलंबून असते. सदगुणी माणसांचे नेहमी चांगलेच होते, तर दोष असलेली माणसे नेहमी अधोगतीच्या प्रवाहात वाहत जातात. आज मी तुम्हाला तुमच्या सर्वात मोठ्या शत्रूबद्दल सांगणार आहे. हे मला माहीत आहे की, तुमचे सगळ्यात मोठे शत्रू कोणते आहेत. कारण हे शत्रू फक्त कोण्या एका माणसा साठीचे नसतात. हे प्रत्येक माणसाच्या विध्वंसाचे कारण बनतात.

आपल्याला या शत्रूबद्दल आपल्या वडीलधाऱ्यांनी आधीच सांगून ठेवले आहे. संस्कृतमध्ये षड् म्हणजे सहा आणि शत्रू या शब्दाला पर्यायी शब्द रिपु आहे. त्याचप्रमाणे षड्रिपु म्हणजे सहा शत्रू हे दृश्य स्वरूपाचे नसतात. यांना पाहणे शक्य नसते; परंतु त्यांना अनुभवता येते. ते आता आपण जाणून घेऊयात.

पहिला शत्रू म्हणजे काम. काम याचा अर्थ अथक वासना असा आहे. या जगात माणसाच्या मनाला सर्वात आधी अडकवणारा शत्रू म्हणजे हा काम. या जगातल्या सौंदर्याचा जेव्हा मोह आपल्याला पडतो, तेव्हा या जगाशी आपले मन असे जुळते की, याला सोडून जाण्याच्या कल्पनेनेच आपण शहारतो. त्यामुळे आपल्याला मृत्यूचे भय वाटायला लागते. या जगाशी नाते तोडणे कठीण होऊन बसते त्यामुळेच आपल्या चित्ताला आध्यात्माच्या मार्गावर चालणे शक्य होत नाही.

दुसरा शत्रू क्रोध आहे. हा शत्रू प्रत्येक माणसाच्या आत कमी-अधिक प्रमाणात नेहमी असतोच. या एकट्याच शूत्रत इतकी शक्ती आहे की, तुमच्या सर्व संबंधांना नष्ट करू शकतो. क्रोध हा सगळ्यात

आधी आपल्या बुद्धीवर ताबा मिळवतो. आणि मग मनावर. जेव्हा काही गोष्टी आपल्या मनाविरुद्ध होतात, तेव्हा हा क्रोध प्रकट होतो आणि जिभेच्या साहाय्याने असे काही शब्द वदवून घेतो की जे शब्द तलवारीच्या घावाहूनही अधिक घातक घाव दुसऱ्याच्या मनावर निर्माण करतात. या शब्दबाणांनी जखमी झालेला मनुष्य आपल्याशी असलेले सर्व संबंध तोडून टाकतो. क्रोधच आपल्या मनात प्रतिशोधाचा अग्नी निर्माण करतो. जोपर्यंत प्रतिशोध पूर्ण होत नाही तोपर्यंत हा अग्नी प्रदीप्त ठेवण्याचे काम क्रोध करतो; परंतु एक गोष्ट सांगू इच्छितो की, प्रतिशोधाच्या अग्नीत कोणी दुसरा नाही ती आपण स्वतःच जळत असतो. क्रोधाने आपल्या शरीरावर वाईट परिणाम

होतात. मेंदूर जास्तीचा दाब पडतो आणि हृदयाचे ठोकेही वाढतात. अशा या घातक शत्रूपासून नेहमी सावध राहा.

पुढचा शत्रू म्हणजे लोभ. लोभ हा सुप्त पद्धतीचा असतो. लोभ हा असा शत्रू आहे ज्याचा जो चांगला उपयोग करतो, त्याची उन्नती होते आणि चुकीचा वापर केला तर हानी. आधी लोभ काय आहे ते समजून घेऊ. लोभ तेव्हा जन्माला येतो जेव्हा आपल्या मनात एखादी गोष्ट मिळवण्याची इच्छा निर्माण होते. जेव्हा ती इच्छा पूर्ण होते तेव्हा आपल्याला चांगले वाटते; परंतु त्या गोष्टीचे प्रमाण अजून वाढवण्याची इच्छा पुन्हा जन्माला येते आणि ही इच्छा लोभाला जन्म देते. लोभामुळे माणसाला आत्मिक शांतता कधीच मिळत नाही. तो समाधानी कधीच होत नाही. लोभी मन असे पात्र आहे जे खालून भंगलेले आहे. तुम्ही त्यात जितके भराल तितकेच ते अजून खाली होत जाणार आणि त्या पात्राला कधीच पूर्णत्व प्राप्त होणार नाही. लोभ जर संपत्ती, ऐश्वर्य, कीर्ती, महानता मिळवण्याचा असेल, तर हानी होते, आणि जर लोभ प्रेम, ज्ञान, शांतता, समाधान मिळवण्याचा असेल, तर उन्नती होते.

पुढचा शत्रू हा खूपच हानिकारक आहे. हा शत्रू कधी जन्माला येतो हे भल्याभल्यांना कळतच नाही आणि विशेष बाब म्हणजे हा शत्रू ज्ञानी किंवा समृद्ध माणसालाच चिकटतो. हा शत्रू आपल्या आत आहे हे त्या माणसाला त्याच्या विध्वंसाच्या अंतिम टप्प्यात समजते, तर ह्या शत्रूचे नाव आहे मद म्हणजेच अहंकार.

अहंकार हा सुप्त असतो. त्याचा सुगावा लागणे कठीण असते. सगळ्या जगाला दिसत असते की माणूस अहंकारी झाला आहे; परंतु विटंबना अशी आहे की, त्या माणसालाच हे कळत नाही की

अहंकाराने त्याच्या बुद्धीत प्रवेश केला आहे. अहंकार माणसात तेव्हा जन्माला येतो जेव्हा मनुष्य यशाच्या सर्वोच्च शिखरावर असतो. हळूहळू त्याला आपल्या समृद्धीचा गर्व व्हायला लागतो. ज्या लोकांमुळे तो इथवर पोहोचला, त्याला ती माणसं क्षुल्लक वाटू लागतात. तो स्वतःमध्येच गुंगून जातो. त्याला त्याची प्रशंसा आवडते. जर त्याला त्याचे दोष कोणी दाखवायला लागला, तर त्याला ते असह्य होते. अहंकार माणसाच्या विवेकबुद्धीवर प्रभुत्व मिळवून हळूहळू त्या माणसाचा समूळ विनाश करतो. अशा या महाभयानक शत्रूपासून सावध राहा.

आता वळूयात पुढच्या शत्रूकडे जो आहे मोह. हा शत्रू, शत्रू आहे की नाही हाच बऱ्याच जणांना प्रश्न पडतो. बऱ्याच जणांना हा मोह काय आहे हेच समजत नाही. ते या मोहाला प्रेम समजून बसतात. खरेतर कोणावरही प्रेम करण्याच्या अगोदर हा मोह जन्माला येतो. जर हा मोह वेळीच ओळखला आला नाही, तर तो संबंध नष्ट करतो. मोह यास आपण सक्ती म्हणू शकतात. ज्याच्यावर आपण प्रेम करतो त्याने आपल्याला कधीच सोडून जाऊ नये, आपल्या शिवाय कोणाशीच बोलू नये, कोणाशी संबंध ठेवू नये, आपल्यालाच महत्त्व द्यावे असे सगळे विचार मोह आपल्या मनात निर्माण करतो. मोहाला समजण्यासाठी प्रेम आणि मोह यांच्यातला फरक समजावा लागतो. प्रेम आपण प्रत्येकावर करतो. माता-पित्यांचे आपल्या पुत्रावर प्रेम असते. मुलाचे त्याच्या पालकांवर प्रेम असते, भक्ताचे त्याच्या आराध्यावर प्रेम असते, गुरूचे शिष्यावर प्रेम असते. मुळात प्रेम हे मुक्तीचे दुसरे नाव आहे. प्रेमाच्या माध्यमातून आपण मुक्ती मिळवू शकतो, तर मोह एक बेडी आहे जी आपल्याला अडकवून ठेवते. आपल्याला मुक्ती मिळू देत नाही. एक उदाहरण समजूयात. मला एक गोष्ट सांगा आई-वडिलांचे आपल्या मुलावर प्रेम असते की मोह? तुम्ही म्हणाल प्रेम. आई-वडिलांना वाटत असते की, त्यांच्या मुलांना त्यांनी कधीच सोडू नये. आपल्या सोबतच राहावे. त्यांना स्वतःहून काहीही निर्णय घेण्याचे स्वातंत्र्य काही आई-वडील देत नाहीत. त्यांना वाटते की, त्या मुलाची काळजी आपणच सर्वात योग्य पद्धतीने घेऊ शकतो. आता खरे सांगा हे प्रेम आहे की मोह. होय, जर असे वागणे असेल, तर याला मोह म्हणतात. एक सरळ गोष्ट असते. एक प्रसिद्ध वाक्य आहे, 'जर तुम्हाला माहीत आहे की, तुम्ही ज्याच्यावर प्रेम करतात तोही तुमच्यावर प्रेम करतो तर पुढची चिंताच मिटली. त्या माणसाला तुम्ही त्याच्या पद्धतीने जगू द्या. त्याला स्वतंत्र राहू द्या. कारण स्वतंत्रता हा असा भाव आहे जो प्रत्येक सजीवाला प्रिय असतो. म्हणून ज्याच्यावर तुम्ही प्रेम करता त्याला स्वतंत्र सोडून द्या, जर तुमचे प्रेम खरे असेल तर तो माणूस निश्चितपणे तुमच्या जवळ परत येईल'.

पुढचा शत्रू आहे मत्सर. हा शत्रू इतरांप्रती असलेल्या असुयेमुळे आपल्या मनात निर्माण होतो. स्पर्धा करणे हा मानवाचा नैसर्गिक स्वभाव आहे. हे स्वाभाविक आहे की, दोन माणसांमध्ये स्पर्धा होतेच.

त्याच्या श्रेष्ठत्वामुळे, ऐश्वर्यामुळे, बुद्धीमुळे आणि अनेक कारणांमुळे; परंतु केव्हा ही स्पर्धा चुकीच्या मार्गावर जायला लागते हे आपल्याला कळतच नाही. जेव्हा एखाद्या माणसाची सातत्याने प्रगती होत जाते आणि आपली परिस्थिती आहे तशीच किंवा अधिक खालावते तेव्हा आपल्या मनात त्या दुसऱ्या माणसाबद्दल मत्सर निर्माण होतो. हा मत्सर जेव्हा वाढतो, तेव्हा त्या दुसऱ्या माणसाचा विनाश करण्याची भावना आपल्या मनात निर्माण होते. हे कार्य करण्यासाठी आपण प्रयत्नांची पराकाष्ठा करतो, पण जरा विचार करा की हे सगळं करून तुम्ही काय मिळवाल. जरी तुम्ही त्या दुसऱ्या माणसाचा विनाश केलात तरी तुमच्या सध्याच्या परिस्थितीत तसूभरही बदल होणार नाही. याउलट तुम्ही तुमची ऊर्जा, बुद्धी, शक्ती आणि बहुमूल्य वेळ वाया घालवाल. जर तुम्ही तुमच्यातल्या मत्सराला नष्ट केले तर तुमची ऊर्जा, बुद्धी, शक्ती आणि वेळ तुमच्या प्रगतीसाठी वापरली, तर तुमचेच भले होईल. म्हणून दुसऱ्याचा मत्सर करण्यापेक्षा स्वतःतील दोषांचा शोध घ्या आणि त्यांना कमी करण्याचा प्रयत्न करा. मग बघा तुमची प्रगती कोणीच रोखू शकणार नाही.

आता तुम्हाला सगळ्या शत्रूंबद्दल माहिती झाली. तर आता या षड्रिपूं पासून सावध राहा. तुमच्या मनावर, बुद्धीवर यांनी विळखा घालू नये म्हणून प्रयत्न करा. सात्त्विक जीवनपद्धतीचा अवलंब करा आणि परमेश्वरावर निष्ठा ठेवा. मग बघा तुमचे जीवन उजळून निघेल.

नशिब

जी माणसं हवीशी वाटतात,
ती माणसं कधीही भेटत नाही.
जी माणसं नकोशी वाटतात,
त्यांचा सहवास संपत नाही.
ज्यांच्याकडे जावेसे वाटते,
त्यांच्याकडे जायला जमत नाही.
ज्यांच्याकडे जाऊ नये असे वाटते,
त्यांच्याकडे जावे लागते.
जेव्हा जीवन नकोसे वाटते,
तेव्हा काळ संपत नाही.
जेव्हा जीवनाचा खरा अर्थ कळतो,
तेव्हा काळ संपलेला असतो.
नशिब हे असेच असते,
त्याच्याशी जपून वागावे लागते,
तेथे कोणाचेच चालत नाही,
जिकडे नेईल तिकडेच जावे लागते.....

विविध लिंग आणि लैंगिकता : पूर्णतः सामान्य व नैसर्गिक 'विश्वप्रगतीची गति आणि आपली मानसिकता'

मनसा महानंद कोष्टी - प्रथम वर्ष, कला

विविध लिंग आणि लैंगिकतांच्या शक्यतांमध्ये, स्त्री आणि पुरुष या लिंगांना व विषमलिंगी या लैंगिकतेला सोडलं तर, तृतीय लिंगी (ट्रान्स- जेंडर) हे लिंग आणि समलैंगिक (गे किंवा लेस्बियन) व उभयलैंगिक (बाय-सेक्शुअल) या लैंगिकताही मुख्यतः खूप मोठ्या प्रमाणावर प्रत्येक समाजात आढळतात. विश्वपातळीवर या सर्व वेगळ्या शक्यतांना एकत्र आणून 'एलजीबीटीआय' या नावाने ओळखले जाते. 'जागतिक आरोग्य संघटने'ने ही, लिंग आणि लैंगिकतांचे हे सर्व प्रकार पूर्णपणे सामान्य व नैसर्गिक असल्याचे बऱ्याच वर्षांपूर्वी मान्य केले आहे.

भारतामध्ये, १९९१ मध्ये पासून सुरू असलेल्या निरंतर प्रयत्नांस अखेर २०१८ मध्ये सर्वोच्च न्यायालयाद्वारे, भारतीय दंड संहिता, कलम ३७७ ला असंवैधानिक निकाल देण्याबरोबर यश मिळाले. या प्रयत्नांस जवळ-जवळ प्रत्येक लिंग व लैंगिकतेच्या व्यक्तींचा सहभाग व समर्थन लाभले. सर्वोच्च न्यायालयाच्या या निर्णयाने भारतीय संविधानातील समानतेच्या सिद्धांतासोबत खऱ्या अर्थाने न्याय केला. पण, आजही हा समानतेचा सिद्धांत भारताच्या संविधानाचे संपूर्ण सत्य नाही. ही परिस्थिती तेव्हाच बदलू शकेल, जेव्हा प्रत्येक भारतीय नागरिकाचे अधिकार व हक्क पूर्णपणे सारखे व समान असतील आणि ते लिंगाच्या व लैंगिकतेच्या आधारावर भेदभावलेले नसतील.

१९९१ मध्ये सुरू झालेल्या, समलिंगी व तृतीय लिंगी व्यक्तींच्या हक्कांसाठीच्या लढाईस तेव्हाच पूर्णविराम लागू शकेल, जेव्हा समलिंगी विवाह आणि त्या विवाहित जोडप्यास मुलं दत्तक घेण्याच्या अधिकारास भारतीय संविधानात आणि प्रत्यक्ष समाजमनात, त्याच्या हक्काची जागा मिळेल.

गेल्या एक-दोन दशकांत, भारतामध्ये बऱ्याच लोकांचा समलैंगिकतेकडे व तृतीय लिंगी व्यक्तींकडे बघण्याच्या दृष्टिकोनात सकारात्मक बदलाव झालेला दिसून येतोय व सध्याही वेग-वेगळ्या माध्यमांद्वारे चालू असलेले हे जागरूकता प्रसाराचे प्रयत्न फळास येताना दिसून येत आहेत, पण अजूनही खूप काम करण्यास बाकी असल्याचे, भारतात मोठ्या प्रमाणावर आजही तशीच असलेली परिस्थिती सांगत आहे, जी या गेलेल्या एक-दोन दशकांपूर्वीच्या परिस्थितीपेक्षा काही खास वेगळी नाही. मुख्यतः या परिस्थितीमध्ये, जेव्हा एका व्यक्तीचे समलैंगिक किंवा तृतीय लिंगी असल्याचे सत्य

त्याच्या समाजासमोर येते (विशेषतः स्वतःला पारंपारीक मानून जसं चालू आहे तसंच चालू ठेवण्यात श्रद्धा बाळगणारा समाज), तेव्हा त्या क्षणानंतरच त्या व्यक्तीसोबत होणाऱ्या प्रत्येक सामाजिक हिंसा, छळ आणि भेदभावाच्या घटनेस समाजमान्यता प्राप्त होऊन जाते. त्या व्यक्तीस व त्याच्या कुटुंबीयांस सामाजिक व आर्थिक व्यवस्थेतून वगळण्याचा परिपूर्ण प्रयत्न होतो. पालक तर भावनांच्या अशा कोंडीत सापडतात की, एकीकडे ममता, तर दुसरीकडे समाजाच्या अस्वीकृतीची भीती. बऱ्याच प्रकरणांमध्ये या मानसिक हिंसा एवढ्या तीव्र असतात की, कलम ३७७ वर निकाल देताना स्वतः न्यायमूर्ती महोत्रा म्हणाले की, 'एलजीबीटी' समुदायाचे सदस्य आणि त्यांच्या कुटुंबीयांना गेल्या अनेक वर्षांपासून समान हक्क नाकारल्याबद्दल समाजातर्फे त्यांची माफी मागितली जात आहे.

समलैंगिक आणि तृतीय लिंगी लोकांच्या आयुष्याची सर्वात दुःखद परिस्थिती म्हणजे, जेव्हा त्यांना त्यांच्या पालकांद्वारे स्वीकृतीची व आधाराची गरज असते, तेव्हाच या गरजेची पूर्ती त्यांच्या जीवनातील त्या वेळेची सर्वात अशक्य गोष्ट सिद्ध होते.

जे पालक त्यांच्या समलैंगिक किंवा तृतीय लिंगी मुलाला स्वीकारण्याची हिंमत ठेवतात, त्यांना खरंच मानलं पाहिजे, ज्यांच्या या असीम बिनशर्त ममतेच्या सामर्थ्यापुढे प्रत्येक सामाजिक धोरण व नैतिकता सुद्धा अर्थहीन ठरून वितळून जातात.

एक सन्मानकारक व न्याय करण्यास सक्षम समाज तोच ठरतो जो, स्वरचीत व्यवस्था, परंपरा व नैतिकतांपेक्षा निसर्गाला सर्वश्रेष्ठ मानतो. व निसर्गाच्या अनन्य आणि विविध रूपांना स्वीकार करण्याची ताकद स्वतःत बाळगतो, व त्याचसोबत निसर्गाच्या इच्छेनुसार गरज पडल्यास स्वतःला बदलण्यास समर्थ राहाण्यासाठी परिवर्तनशील राहातो.

तृतीय लिंग संबंधित चालू असलेल्या निरर्थक मानवरचीत सामाजिक व्यवस्थांमध्ये तृतीय लिंगी व्यक्तींना (ज्यांना आपण मोठ्या प्रमाणावर 'हिजडा' किंवा 'छक्का' म्हणून ओळखतो) सामान्य समाजापासून वेगळे केले जाते व त्याचसोबत, त्यांच्याविषयीच्या कित्येक अर्थहीन मान्यता व अंधविश्वासांवर विश्वास ठेवून त्यांचे जीवन अजून अवघड बनवून टाकले जाते. हे आजचे एकूण दृष्ट्य, व दृष्ट्यातील सामाजिक व्यवस्था, नैतिकता व मानसिकता कायमस्वरूपी

प्राचीन काळापासून जशाच्या-तशाच चालत न आल्याचे अनेक प्रमाण आपल्या देशाच्या इतिहासात ठळकपणे दिसून येतात. त्यातीलच एक उदाहरण म्हणजे, महाभारतकाळातील राजा शिखंडी, जे एक तृतीयलिंगी होते.

राज्यशास्त्राचा प्राचीन भारतीय ग्रंथ 'अर्थशास्त्र' यात अनेक प्रकारच्या लैंगिक संबंधांचा उल्लेख आहे, ज्यात त्यावर दंडाच्या सर्वात कमी दर्जाच्या शिक्षेवर भर दिलेला आहे. यात समलिंगी संभोगास परवानगी नसली तरीही हा अगदीच छोटा गुन्हा मानला गेला आहे, मग ती समलिंगी व्यक्ती स्त्री असो किंवा पुरुष.

मध्यकाळातील भारतात, मुस्लिम शासनामध्ये, मुस्लिम नियमांच्या आधारे शरियतमध्ये समलिंगी संबंध व संभोगास निषेध असूनही दिल्ली सल्तनतच्या सुल्तानांनी पुरुषांशी संबंध प्रस्थापित केल्याने हे अधिकच सामान्य झाले होते. पहिला मुघल सम्राट, बाबर याने आपल्या 'बाबरनामा' या आत्मचरित्रात किशोरवयीन मुलाबद्दल त्याच्या मोहाविषयी वर्णन केले आहे. मुघल दरबारी जागीरदार असलेल्या, अली कुली खान याचेही पुरुषांशी समलैंगिक संबंध असल्याची नोंद मिळते. अशी अनेक उदाहरणे आपल्या अस्तित्वाच्या इतिहासपानांवर नमूद आहेत. ही प्रमाण स्वरूपातील उदाहरणे लिंग व लैंगिकतेच्या विविध शक्यतांना पूर्णपणे नैसर्गिक असल्याचे स्पष्टपणे सांगून जातात.

भारतीय लोक पूर्वाजांपासून चालत आलेल्या परंपरा, संस्कृती व मान्यतांवर निसंशयित, अतूट विश्वास ठेवून त्या तशाच चालू ठेवतात. व पुढील पिढीसही त्या तितक्याच श्रद्धेने सोपवतात, पण मग या विषयाबाबत आपल्या इतिहासात आणि वर्तमानकाळात एवढा फरक कसा काय ? कोणत्या ताकदीमुळे हा बदलाव घडून आला ? की... आपण आपल्याच समृद्ध परंपरांना विसरून गेलो ?

हा फरक खूप आश्चर्यजनक व तितकाच चित्तवेधकही आहे, की जशी मानसिकता आपल्याला या आधुनिक काळात बाळगणं अपेक्षित आहे, तशी इतिहासात दिसून येते व जर आपले मोठ्या प्रमाणावरील सध्याचे लैंगिकतेबाबतचे विचार आपल्या प्राचीन व मध्ययुगीन इतिहासातील पूर्वाजांचे असते तर, कदाचित ते काळानुसार प्रगति'च्या धोरणेच्या सावलीखाली झाकले गेले असते.

असंही नाही, की प्राचीन किंवा मध्ययुगीन भारतामध्ये पूर्णतः खुल्या मनाने तृतीय लिंगी व्यक्तींना व समलिंगी संबंधांना स्वीकार केलं जायचं, पण असं ही नव्हतं की, मानवतेचे सर्व बांध तोडून त्यांच्याकडून त्यांचे मूलभूत हक्कही हिसकावून घेतले जायचे, मानसिक आणि शारीरिक यातना सहन करण्याच्या मजबुरीला त्यांच्या जीवनाचे संपूर्ण सार बनवून टाकणाऱ्या सामाजिक व्यवस्था व मानसिकतेवर कट्टर विश्वास ठेवला जायचा, जी मजबुरी सामाजिक अत्याचार आणि लिंग व लैंगिकतेच्या आधारावर केलेल्या भेदभावातून उत्पन्न होते.

प्राचीन किंवा पारंपरिक भारतीय संहितांमध्ये समलैंगिक संबंध कधीच बेकायदेशीर किंवा अपराधिक नव्हते. ते केले गेले ब्रिटिश

शासनाद्वारे, १८६१ मध्ये, भारतीय दंड संहिता, कलम ३७७ अंतर्गत. जो त्यांच्या ग्रेट ब्रिटनमधील, १५३३ च्या बगरी कायद्यावर आधारित होता. बगरी कायद्याची सजा मृत्युदंड होती, ज्यानुसार 'समलैंगिक संबंध निसर्गाच्या व देवाच्या इच्छेविरुद्ध मानले जायचे.'

या कायद्याच्या कठोरतेमुळे ब्रिटन देशातील मानवतेला तर नुकसान झालेच, पण सोबतच काही महान व्यक्तिमत्त्व ठरलेल्या व्यक्ती सुद्धा सरकारच्या या अन्यायकारक वागणुकीपासून वाचू शकले नाहीत. असेच एक उदाहरण आहे, अँकलन ट्युरिंग, ब्रिटिश गणितज्ञ व सैद्धांतिक संगणक विज्ञान (Theoretical Computer Science) आणि कृत्रिम बुद्धिमत्ता (Artificial Intelligence) चे जनक. अँकलन एक समलिंगी असल्यामुळे, ब्रिटिश सरकारद्वारा जबरदस्ती थोपवलेली हार्मोनल थेरपी घेण्यास मजबूर झाले, पण त्यामुळे होणाऱ्या शारीरिक व मानसिक वेदनांपुढे त्यांनी स्वतःचा जीव घेणं कमी वेदनादायक मानले १९५४ साली, वयाच्या ४१व्या वर्षी त्यांनी आत्महत्या केली.

पण आधुनिक युगात पदार्पण करता-करता ब्रिटन (U.K) व इतर प्रगत देशांनी विविध लैंगिकतांबाबत असा मोड घेतला की, सध्या तिथे 'एलजीबीटीआय' समुदायातील लोकांना ते सर्व अधिकार प्राप्त आहेत जे तिथल्या कोणत्याही सामान्य व्यक्तीला आहेत.

या लढाईत भारत थोडा मागेच राहिला, पण तोही आता तृतीय लिंग व विविध लैंगिकतांबाबतच्या कट्टर मानसिकतेतून उदार मानसिकतेकडे हस्तांतरण करण्याच्या दिशेने चालण्यास तयार आहे. या बदलावात थोडा वेळ लागणार यात काही शंकाच नाही. कारण भारतात अशा प्रकारच्या विषयांना समजून घेण्यास गरजेची असलेली साक्षरता कमी आहे. प्रगत देशांत सुशिक्षित नागरिक जास्त प्रमाणात असल्यामुळे त्यांना नवीन सामाजिक जागरूकतेची व बदलावांशी स्वतःला जुळवून घेण्यात व त्यांना समजून घेण्यात जास्त त्रास होत नाही. थोडक्यात, इथं बदलावाच्या गतिची तुलना करणं व्यर्थ आहे. सर्वात महत्वाचं म्हणजे, भारतीयांच्या मानसिकतेला बदलण्याचा प्रयत्न करणं म्हणजे जवळ-जवळ अंतहीन लढाईच लढणं; पण हे अशक्य नाही. आणि तसंही, बदलाव कधीही आपल्याला अनुकूल ठरेल अशा सामान्य गतिनेच यावेत, तसं झाल्यास जास्तीत-जास्त लोकांना त्या बदलावात सहभागी होण्याची संधी मिळते.

सर्वोच्च न्यायलयाच्या, कलम ३७७ कायद्याला २०१८ मध्ये संविधानविरोधी घोषित केल्यापासून आज भारतात तृतीय लिंगाची आपली स्वतःची कायदेशीर ओळख आहे, आज त्यांना काम करण्यास स्वतंत्रता आहे, इतर महिलांसारखेच आज 'एलजीबीटी' समुदायाच्या सदस्यांसाठी सुद्धा 'रोजगारात भेदभाव विरोधी कायदे' लागू आहेत.

जे कायदेशीर हक्क आजही भेटायचे बाकी आहेत तेही आस्थापूर्वक नक्कीच लवकरच भेटतील. कारण भारत हा एक लोकशाही प्रमाण मानणारा देश आहे व त्याच्या संविधानाच्या प्रस्तावनेत नमूद प्रत्येक सिद्धांताचा त्याला अफाट अभिमान आहे; सोन्याच, सिद्धांतांना त्याच्या

नागरिकांच्या आयुष्यातील सत्य बनवण्याची त्याची जबाबदारीही त्याला चांगलीच ठाऊक आहे.

पण खरी लढाई आपण तेव्हाच जिंकू जेव्हा प्रत्येक भारतीयाचा या सत्यावर विश्वास बसेल की, "प्रत्येक विषमलिंगी, समलिंगी, तृतीय लिंगी व उभयलिंगी व्यक्ती निसर्गासमोर समसमान पातळीवर आहेत", व पूर्णतः नैसर्गिकरीत्या सामान्य आहे. मग त्या बलाढ्य व विशाल निसर्गाचे एक अतिशय छोटा भाग असलेले आपण, कोण होतेय या पातळींना वर-खाली करून निसर्गाच्या समतोल भयान व्यवस्थेला बिघडवणारे.

तर चला आपण प्रस्तुत विषयाकडे अत्यंत व्यापक संवेदनशीलपणे पाहायला सुरुवात करू, ह्या विषयात दडलेल्या निसर्गतत्वाला समजून घेऊन न्यायिकदृष्ट्या तसा विचार करायला लागू आणि वर्तनात अत्यंत निस्सीमपणे निखळ, नितळ जगण्याचा निर्धार करू.

अडकलेले बालपण

खेळ तो पारंब्यांचा
कसा कुठे हरवला,
बालपणाचा ताबा सारा
त्या मोबाईलने मिळवला
लहानपणीची पकडा पकडी
Temple run ने पळवली,
पाटीवरची चल्लस पाकळी
ludo मध्ये हरवली
डिजिटल म्हणत लहानग्यांचा
रोबोट कधी झाला,
Remote त्यांच्या बालपणाचा
त्या मोबाईलला मिळाला
मजा-मस्तीची अल्लड वारे
कुठल्या वृत्तावर सरकली,
बालपणीचे जीवन सारे
चार भिंतींमध्ये अडकले
आजही ते झाड वडाचं
किती सुनं सुनं वाटतं,
पुन्हा त्या कलकलाटाची जणू
वाट पाहाताना दिसतं

निष्पाप बालपण

वेळ येतो वेळ जातो
त्या सोबत चालतो आपण,
त्या क्षणांना उजाळा द्यायला
राहते आठवण राखण.
वेळेचे नसते भान
जेव्हा भेटतो मित्र छान,
आठवून सर्व गोष्टी
पुन्हा होतो आपण लहान.

शाळेची येताच आठवण
आठवते डब्याचे झाकण,
पण वेळ गेल्यावर समजते
तेच होते खरे जीवन.
कॉलेजमध्ये आम्ही
करायचो खूप गंमत,
मित्रांची होती संगत
म्हणून जीवन होते रंगत.

माझ्या गावचं वर्णन न्यारं
तेथील भरी आठवडी बाजार,
आमच्या चिंचेचा तो पार
अजूनही देतो होकार.
माझे आदर्श आईबाबा
ज्यांनी शिकवली मला संस्कृती,
करून त्यांची कृती
करणार मी स्वप्नपूर्ती.

आता होत आहे मोठा
काळ आहे खोटा,
पण आठवतो तो ओटा
जिथे होतो मी छोटा.
त्या निष्पाप जगातून
आलोय पाप घ्यायला,
त्याच भोळेपणाच्या जगात
पुन्हा नाही का येत जायला?

एवढेच विचारतोय देवा
समजून घे माझे भाष्य,
का पुन्हा नाही बालपण
इतकेच मजेत नैराश्य !

...आणि तिला सांगायचं होतं !!!

तिच्या रोजच्या अबोल भाषणात, खूप काही दडलेलं होतं...
शांततेच्या शब्दांना जणू तिनं, आपलंसं करून घेतलं होतं...
काळाच्या ओघात कदाचित तिचं, आपलंपणं हरवलं गेलं होतं...
जाता जाता शेवटी जणू तिला, खूप काही सांगायचं होतं...!!

आयुष्याची चौकट मोडून, तिला थाटात मिरवायचं होतं..
रानावनातून फिरताना तिला, गवतांबरोबर बोलायचं होतं..
त्यांच्या गोष्टी ऐकून आपलं, आभाळ तिला रंगवायचं होतं..
फुलांप्रमाणे कोमजलेल्या तिला, आयुष्य जणू फुलवायचं होतं...!!

आयुष्यात जगणं हे गरजेचं असतं...
आपल्या शब्दांना समाजात, खूप काही महत्त्व असतं..
हिंसा, द्वेष, राग, सोडून, आयुष्य रुबावात जगायचं असतं..
आपल्या आयुष्याची पैज हरल्यावर, तिला हे समजवायचं होतं...!!

आपल्याच मुलांना अपेक्षेच्या चौकटीत बांधून..
चौकट विचारांच्या साखळीने, घट्ट करून जाणं बरं नसतं..
कारण प्रत्येकाला आपल्या चौकटी मोडणं, तितकं शक्य नसतं..
स्वतः चौकटीत राहून, तिला हे इतरांना कळवायचं होतं...!!

पाखरांना त्यांच्या आभाळात, मुक्त सोडणं गरजेचं असतं...
कारण बंद खिडकीतून बाहेरचं जग, त्यांना इवलंसं दिसत असतं..
मग उंच भगरी घेतल्यावर त्यांना, शेवटी मायेनं गोंजरायचं असतं..
उंच उडताना वाटं हरवलेल्या तिला, हे कधीतरी बोलायचं होतं...!!
जाता-जाता शेवटी जणू तिला, बरंच सांगायचं होतं..
समाजाच्या चौकटी बाहेर एकदा, मात्र डोकवायचं होतं...!!

माझ्यात जे आहे ते तुला पसंत नाही !

माझ्यात जे आहे, ते तुला पसंत नाही
तुझ्यामधला बहरलेला मी वसंत नाही

जिथे झाल्या तुझ्या माझ्या वेगळ्या वाटा
आजकाल त्यांनासुद्धा माझा पत्ता नाही

जरी भेटला पत्ता, माझ्या त्या जुनाट वस्तीचा
उगाच शोधू नको, सध्या तिथे मी राहत नाही

माझ्यात जे आहे, ते तुला पसंत नाही...

रात्रीचाही असतोच मी लख्ख जागा
उठवण्यास तुझ्या पैंजणांचा आवाज नाही

तुझ्या स्पर्शाविना चालते हे माझ्यातले शहर
सध्या काळोख आहे, तो गुलाबी रंग नाही

माझ्यात जे आहे, ते तुला पसंत नाही...

ना कोणता अर्थ ना कोणती भाषा आहे
आपल्याच नात्याला आपला आधार नाही

आत्ताच लिहिलेली कविता निशब्द आहे
ह्या कवितेस तुझे नाव नाही ना स्पर्श नाही

माझ्यात जे आहे, ते तुला पसंत नाही
तुझ्यामधला बहरलेला मी वसंत नाही

आयुष्य हे असंच जगायचं असतं

दुःख आलं म्हणून जीवन संपवायचं नसतं

दुःख आलं म्हणून जीवन संपवायचं नसतं

परिस्थितीसमोर ढाल बनून उभं राहायचं असतं

आयुष्य हे असंच जगायचं असतं

कधी निसर्गाच्या सानिध्यात समान व्हायचं असतं.

कधी अनाथांसाठी त्यांचं माय-बाप व्हायचं असतं.

थोडा स्वार्थ थोडा निःस्वार्थ दोन्ही साधायचं असतं...

प्रत्येक नात्याला मात्र जिवापाड जायचं असतं.

आयुष्य हे असंच जगायचं असतं

अपयश आलं म्हणून खचून जायचं नसतं,

यशाचे शिखर गाठण्यासाठी शेवटपर्यंत झटायचं असतं.

आपलं नशीब आपल्या कपाळावर नसतं.

आपलं नशीब आपल्या कपाळावर नसतं.

ते तर आपल्या मनगटात असतं

हेच ध्यानात ठेवून असंच सुंदर बनवायचं असतं

आयुष्य हे असंच जगायचं असतं...

आयुष्य हे असंच जगायचं असतं...

माझी आई...

मिटलेले माझे डोळे

तुला शोधतात आई

डोळे उघडून पाहता

तू कुठेच दिसत नाही...

ओढ लागली घरची मला

आवाज ऐकू येतो गावच्या देवळातला.

अन् ऐकू येते मस्जिदीतली आजानही...

तुझ्या हातच्या जेवणाचा तो

खमंग सुवास,

आणि तू भरवलेला तो मायेचा घास

नको अजून काही माझ्या या जगण्यास...

जेवल्यावर तुझ्या पदराला

पुसायचो मी हात

आणि रागवायची तशी तू मला

मायेच्या रागात...

इथे कोण आहे रागवायला

अन् कोण इथे आहे भरवायला

चव मेसच्या जेवणाला...

अनोळखी लोकांच्या गर्दीत एकटा बसलो आहे,

ठेवून तुझे स्वप्न डोळ्यांत

परिस्थितीशी लढतो आहे,

येईल दिवस तो लवकरच

तूही म्हणशील "मला तुझ्यावर गर्व आहे."....

In the 21st century, examinations are akin to vaccinations for children; they are painful. We forget about these tests in a few years, but they support us in today's world. Education, and by extension examinations, is, therefore, a serum that protects us against a life with bleak prospects. Well, at least conventional wisdom tells us so.

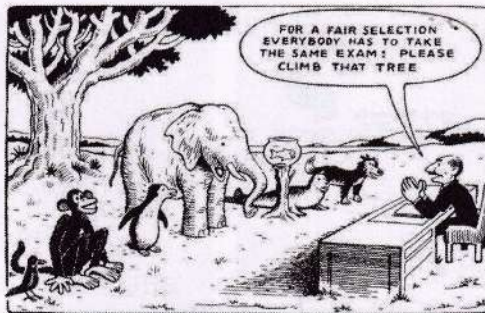

At the risk of overextending the metaphor, allow me to draw a parallel to challenge this traditional understanding. Most parents would rather shell out 500 rupees for a vaccine despite the possibility that its necessity may have been the result of powerful persuasion on the part of pharmaceutical corporations.

From a Game Theory point of view, this would make sense. The downside has far graver consequences: Would you rather have your child getting sick, or risk losing 500 bucks? There is lots of affinity for this rationale and the inclination for higher education. We often pursue education not for the desire of learning, but because we fall prey to the fear of a lesser life. Fear replaces ambition as the principal driver of education. We fail to inspire as a system and as a society.

The standardized testing regimes relate to what Einstein claimed is "judging a fish by its ability to climb a tree". Teachers push kids to pass exams, instead of understanding what makes kids unique in their own right. The irony of standardized testing is that the teachers fail to identify the genius that resides in every child.

A fear-inspired safety-net approach to education compromises the foundation of an individual's personality. Building a solid structure on a weak foundation is hard. What education systems world over are instrumental in doing is, for instance, making an architect out of an individual. However, since we tell the child that "architecture will pay your bills for life", it is likely that we will make an architect with a weak foundation – one who will build libraries, without accounting for the weight of the books.

One of the biggest unintended consequences of education in our age is that without choosing to,

Why Is The Indian Education System Flawed?

Abhay Chandrasen Jogiya
F.Y.B.Sc.

we are contributing towards building a weaker future species.

Think about any individual who has been conditioned to believe that they need a college education to survive in life. He pursues all these specialist degrees. He gets a job that stresses him out, a job that makes him sick but it pays the bills. He develops health issues and passes it on to the next generation. Worst still is the example he sets for the next generation. He portrays to his children that it is okay to be unhappy and stressed out in life – as long as your job pays the bills.

They follow in his footsteps, having assumed that it's a way of life when it doesn't have to be.

Economists often refer to the 'incentives' model to deal with principal-agent problems in organizations. In its simplest form, the model states that if an individual is judged on two tasks – say, on sales and customer service in a shop – but only one of the tasks has a directly observable outcome – perhaps we can't accurately measure an individual's customer service skills due to monitoring issues – then the individual will distort towards the more observable outcome, which is working on maximizing sales. They will be a free-rider on the other outcome. Standardized testing has similar issues about incentives. Teachers may want to judge a student on creativity, critical ability and intelligence to determine their grade. However, since most importance is given to performance on exam scores, students may only work towards acing these exams.

Assume the following equations:

$$T = \text{Exam Score} + \text{Creativity} + \text{Critical Thinking} + \text{Team Player} + n$$

$$S = \text{Exam Scores} + e$$

-'T' is the area based on which a teacher wants to judge a student (plus an error term).

However, what the teacher really observes is:

-'S' is the performance measure which is actually observable. Instead of saying "the student tests well", we conclude that the student is a good overall student – which includes being creative, critical and a team player. That is, a student who

tests well free rides as having all these other qualities.

I do believe a lot can be done to improve education. I think universities and colleges are great training grounds that help students build and retain an invaluable work ethic. Nothing makes a student work harder than an impending deadline or examination. But unless the student loves what they're doing, he will show acclivity towards the more observable outcome – passing the exam. The unobservable, yet desired, outcome of retaining knowledge is lost given the incentive structure. This would be a good starting point for reformation.

Education, when done right, is available at demand just when needed.

"The graveyard is the richest place on earth because it is here that you will find all the hopes and dreams that were never fulfilled, the books that were never written, the songs that were never sung, the inventions that were never shared, the cures that were never discovered" ~ Les Brown.

Time to make the graveyard a little poorer by inspiring the youth to pursue their passion, so they leave the world richer than when they arrived.

Moment of time

*From the glass window panes,
To the closed wooden doors...
It's always been a ray of hope...
Which never ceases making its way
through the squares and circles.....*

*The rotation of thoughts ,
From each nerve and vein...
Exalts with curiosity
And attenuates with Time.....*

*Might it be the fear,
Triggered by adrenaline..
Or the pursuit of happiness..
Which pushes me forward in the
destined way....*

*The mind for execution,
Leading the neurotransmitters...
For a long drive in this short world..
With the heart for any fate.....*

Gone

*My funeral playlist is ready
Should I suddenly cease to exist,
But so many questions still plague me
Like for how long would I missed?*

*Would I have had a lasting impact?
Did I help someone along the way?
Would I be remembered for eternity,
Or forgotten in a day?*

*Who would cry for me tomorrow?
Who would sob for a whole week?
Whose world would be better without me?
And whose world would surely turn bleak?*

*Have I touched anyone's life so greatly?
Or have I simply been around?
And will the ones that mattered come visit
me later,
When I'm decaying in the ground?*

*Because the saddest truth I've learnt
Is that from the moment you are born,
Your life's worth is only realised
When it's over and you're gone.*

- Sana Oswal - T.Y.B.A.

Memories

*Life keeps moving on
Time never stopped for anyone
Meeting new people
Forgetting old ones
But the thing that always remains, are
the memories created
Always lasting never fading
School times , college times
Pranks played, punishments enjoyed
Images created, images destroyed
Our imagination expanded to the
infinite
Stories left in these walls behind
Hearts broken, hearts mended
Bunking in classes
Talking in classes
Jokes on friends, jokes on us
Tears shed, tears wiped
Lasting always are the memories that
never faded.*

Have you wondered about the kids you see at the railway station roaming alone? Are they lost in crowds or have they abandoned their homes? Or, do you know how our farmers work in farms when there is less water availability? The book 'Gems of Purest Ray Serene' reveals about 22 eminent personalities who work on social issues to make living better of people. And its foreword is written by honorable Mr. Ratan N. Tata. The social workers mentioned in this book have not only worked for the welfare of society but have also set an example which inspires young minds.

'We sometimes think that poverty is being hungry, naked and homeless. The poverty of being unwanted, unloved, and uncared for is the greatest poverty' says Mother Teresa. Personalities like Jameela Nishat from Hyderabad, Telangana is determined to work for welfare of women deprived of education and equality. She started her own organization in year 2002 called, 'Shaheen Women's Resources & Welfare Association' which keeps women employed in small scale business of fabric painting, bangle production, weaving etc and the organization is working successfully till now.

A bit of courage and perseverance is required to bring about a change in society. The book depicts the journey of Chingmak Chang from Tuensang, Nagaland: from a Pope to a social activist. He found that the Naga society was deprived of basic necessities when he came across a life changing incident - a woman had nothing at home to feed her baby. So she had to catch fish and sell it to buy rice. By the time she reached home, her baby had breathed her last. The woman was shocked. "How could you die when you mother had gone to get food?" she kept crying. That incident had blown him. Besides, the people used to consume drugs at regular basis. Use of a single syringe by multiple people resulted in spreading of disease like AIDS. Thus, in 1993, 'Eleutheros Christian Society' was established which aimed to create awareness about AIDS/HIV and ill effects of drugs. Today, this

society initiated by Chingmak Chang has provided service in 100 villages of Nagaland.

The social workers do not tell what to do, instead they show how it is done, which makes them a lighthouse in the sea. The book includes personalities like (Late) Madhukar Dhas, who worked on the issues related to scarcity of water in Marathwada and Vidarbha regions. In 1995, he established an organization called 'Dilasa' which worked on awareness of solar energy sources for irrigation purpose and cultivation in watershed regions. He initiated water conservation program in 1200 villages and was honoured with "Paanidar Manus" award in 2016 by the then Chief Minister of Maharashtra. Besides, the book includes information about Pramod Kulkarni working for the welfare of kids we see at railway station who have left their homes, through his organization called

'Saathi'.

The book also includes narratives about people working for farmers, abandoned kids at railway station and also for fishermen. It is the life story of V. Vivekanandan who worked as CEO of 'South Indian Federation of Fisherman Societies' (SIFFS) for well being of fishermen in Kerala and Tamil Nadu. In 2004, a devastating tsunami killed 8000 people in Tamil Nadu. At that time, the federation helped to build 2000 houses and 700 new boats. The work of the federation was "larger than life" says V. Vivekanandan. This effort helped the fishermen to business restart their after the devastating tsunami and its horrible effects on their livelihood.

The book is an inspiration to young minds and will be helpful to those who want to create a reformation in the society. According to Gordon Hinckley, "the happiest people I know are those who loose themselves in service of others". The examples in this book exactly replicate the meaning of this quote. After reading this book one can get an idea how to work for society and which principles are required to carry out work successfully.

India is the land of spirituality and what we have learned from our culture is that the real wealth of a person is his stability. The lesser a person reacts to an incident happening around him, the more stable he is. It's not that the stable person is not reacting because he is too weak to give a reaction, but it's because the reaction is actually not needed. An unstable person will tend to react to small things even though there is no need to do so.

But why is stability the real wealth? Why is it not money? Money is useful; it's the currency to buy stuff. The more money you have, the more expensive stuff will you be able to buy. That's the importance of money. But we Indians never aimed towards that goal. Our forefathers were spiritualists (the word spiritualist is contaminated nowadays and misused for other things) and they always tried to seek the way to grow; growth not in terms of more wealth or power, but it was a whole science put forward to lead to the state of ultimate union, to what we call Yoga. It's that state when all our three bodies: physical body, mental body and energy body are at their best and work most efficiently. And this is possible only when a human being is peaceful within. Most of the people, public speakers and life coaches keep telling that the ultimate goal of life is to be peaceful; but that's NOT true. Peace is a fundamental requirement. We need to be peaceful within all the time to do our jobs efficiently. Peace is a basic need. And one will be peaceful only when he is stable. That's why stability is the real wealth.

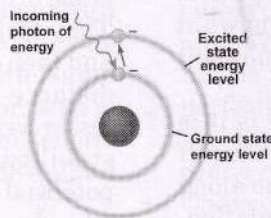

The question is, how to gain or increase stability. The answer is straightforward: **By doing more of the things with which we have associated ourselves.**

Being a spiritualist and also a Physics graduate, I have concluded that spiritual processes and Physics give answers to all the questions in their own way. So, talking about stability in terms of Physics, let's consider a system. A system will be the most stable when it has the least potential energy. An electron orbiting around the nucleus (according to Bohr's model) has the least energy when it's in the ground state and that is its stable state. Whenever it absorbs energy from the outside, it gets excited to the upper higher energy states but those are the unstable states. It has to come

Stability

Chaitanya Gokhale

M.Sc. Part 1, Electronics Science

back to the ground state and so is true in your case.

You will be stable only when you have the least internal friction. Internal friction here refers to the fight between your intellect and your activities. Intellect can be thought of as a knife that is created by you over the years, which dissects

everything you do and categorizes into good and bad, useful and useless and so on by analyzing the things based on your memories and past experiences. This knife is purely self-created over the years by assigning some things as Good and the others as Bad. Thus, by comparing your activities with past experiences and memories, that knife, that is your intellect tells you whether you're doing right or wrong. That's how the intellect works. Though these rights and wrongs are purely your assumptions, your intellect will now distinguish everything as good or bad or useful or useless, etc. according to that. This is about the how the intellect functions.

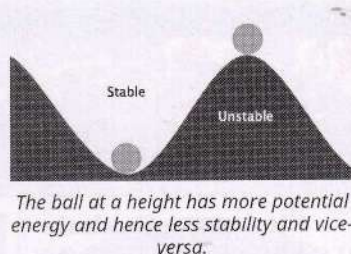

Now talking about activities, there are always two ways of doing things either compulsively or consciously. When you choose the latter, you'll surely do what is needed and what is the best for you at that moment. But most of the population doesn't know how to choose the conscious way and hence they get carried away compulsively. While doing things without being conscious about them, there may be a kind of pleasure at the time of doing that; but once you're done, your intellect will keep bothering you for you've done something which you shouldn't have; OR you haven't done something which you actually should have. And when this happens, there arises friction: friction between your intellect and your activities, which then results in decreased stability.

But that's not useful. Care must be taken in order to keep the internal friction to a minimum possible level, and only then will stability increase. And for that you should do more of the things with which you've associated yourself. For example, if you've told yourself that you want to be a doctor but are not preparing for it; or you want to be a good cricketer but are not preparing for that, your intellect will always keep troubling you for that and consequently you'll lose stability. On the other hand, when you do more of the things that are in

support to what you've committed to, your intellect will keep congratulating for doing that and you will automatically feel motivated. This way, you'll become more stable. The reason why you are likely to avoid the necessary things is that it requires more efforts, consistency and discipline. Because of this, important tasks are often postponed in the absence of any governing authority and priority is given to the things which require less energy or no discipline. But that's not going to work. As told by Bo Eason, **"There are only two types of pains: the pain of discipline and the pain of regret. The choice is yours, you can avoid only one"**, it's in your hand what to choose. Laziness now is surely going to result in regret later.

The fundamental fact about stability is it is the function of itself which integrates over time. If you begin with a small amount and continue along the same path, there will be a great accumulation. Thus, in order to gain stability, the basic need is to do things consciously and NOT compulsively. Only then will the internal friction vanish and the system will be in the lowest energy state, that is the ground state, the state having maximum stability. There are lots of examples in Physics to support this. Like an electron spontaneously loses energy and returns

to the ground state, every other thing is trying to gain stability by minimizing its potential energy. A bar magnet placed in an uniform magnetic field will quickly align itself parallel to the field lines, otherwise there will require a lot of work to keep it in a way other than

parallel alignment and hence it will be unstable. It is stable only when it's parallel (or anti parallel) to field lines. Also there is Hund's rule for filling of orbitals with electrons. An orbital has a maximum capacity of two electrons, but when the electrons are to fill up the sub shells, they don't go to the same orbital at first though there is space for two. They fill up all the orbitals in a sub shell singly and then do pairing. This is to ensure the maximum distance between the electrons, so there will be lesser repulsion and hence comparatively more stability. A ball kept at a height has greater potential energy than when it's on the ground; thus whenever it gets a chance, it will roll off and come to the ground level to decrease potential energy and increase stability.

There are lots of similar examples. Everything in the universe is trying to achieve stability because that's the proper way to live and the same is true for us. Consider this stability issue and increase your wealth. Think and grow rich! ❀❀❀

The Beauty of the rain

Dear rain,

*It's been so long that I have seen you
Every time you approach after some hot humid day
you bring that little hope which says everything
is supposed to have an end!*

*Not every one has to be lonely always
Not every one has to be surrounded too!*

*Not every rain brings back memories
Nor does every rain hide does the naked truth*

*Every time I see you drizzling on the ground, I see those little granules of sand jump
in glee as if they have been deserted for a long time and it's your appearance which
has brought the happiness back in their lives*

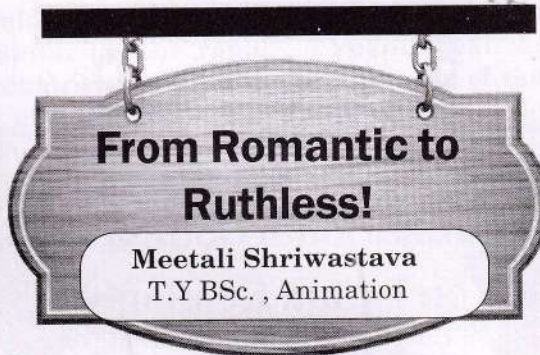

*All the dust tired of settling on the ground now blows in delight
Trees dance in ecstasy with all their leaves blowing wildly*

*It's when you arrive that the beautiful naked soil aroma rises
In this euphoria, the weather and the cool gentle breeze seems to make love complete
You fade that drought of misery and despair away and quench its thirst by mixing
bliss and elation*

*We are drenched with the beauty of yours
Dear rain, you are magical !*

Rishi Kapoor might not be termed as a really great actor of his time, but his evolution throughout the years with respect to his understanding of the art and the progress in his skills has been undeniably remarkable. As nepotism paved his way in the industry with his debut film “Mera Naam Joker”, directed by his father Raj Kapoor; who is called as the showman in the industry, Rishi’s efforts and skills won him a “Film Fare” for the “Best Child Artist”.

Beginning his journey in his teenage years with a character like “Raju” who is infatuated by his teacher and discovers the world of femininity and desires was indeed a distinctive accomplishment, especially for making such a bold and transparent statement at that time.

His adult debut was marked with the film “Bobby”; a teen love story, which became one of the biggest hits of the decade. The chocolate boy romantic role portrayed by Rishi, was loved and adored by youngsters throughout the nation.

Followed this successful inception was a road to stardom with hit movies and block-busters like “Kabhi- Kabhi”, “Amar Akbar Anthony”, “Karz” and many more . With “Chandni” in the 90’s Rishi

entered a new genre of films which was followed by movies like “Bol Radha Bol”, “Damini” and “Hum Tum”. Later in his journey Rishi started playing more versatile roles as a supporting actor in many hit movies involving “Fanah” which was a massive hit in its time. He lived his characters with perfection.

Rishi has been known for his romantic and comic roles; for his work in movies like “Luck by Chance”, “Love Aaj Kal” and “Do Dooni Chaar”; but the release of “Agneepath” in 2012; introduced Rishi as a ruthless menacing evil person , and he left the audience astounded with his performance. . Later he just became the go-to actor for versatile roles, his characters now had diversity; he played a homosexual character in Karan Johar’s “Student of the Year” (2012), while actors might not take such risks in mainstream cinema, Rishi marked the roles with new beginnings in movies like “Manto”, “D Day” etc.

“Kapoor and Sons”, “102 Not Out” and “Mulk” were some of his final works addressing his progress and maturity which made him an acknowledged force in the Industry.

A Multinational company (MNCs) is defined as a company, which operates in a number of countries and has production and service facilities outside the country of its origin. The term 'Multinational' is widely used all over the world to denote large companies having vast financial, managerial and marketing resources. A multinational company generally has offices or factories in different countries and a centralized head office where they coordinate global management. Their activities have both good and bad impacts on the economy. They take decisions on a global context or basis. Their maximum profit objectives take no account of the reactions produced in the countries falling in their orbit. They operate in different institutional forms some are: Subsidiaries companies wholly owned by MNC in other countries Subsidiary company enter into joint venture with a company another company Agreement among companies of different countries regarding production and discussion of market.

After Independence, foreign capital entered India in the form of direct investments through MNC's, Companies had been formed in advanced countries with the specific purpose of operating in India. Such companies started their subsidiaries, branches and affiliates in India. At times the government gave some tax concessions to them with in the FERA (Foreign Exchange Regulation Act) and streamlined the licensing procedures. The purpose was to secure advanced, technical and industrial know-how.

Multinational Companies generally operate in the less developed or developing countries with their head offices in the foreign developed countries. They have been playing a significant role in the economies of those countries where they are operating. As the coin has two sides, operation of Multinational Companies has both the advantages as well as drawbacks.

Due to India's growing economy, globalization and its potential in market, many multinational companies are coming to India to extend their business; on the basis of their total revenue below is the list of top ten MNCs in India.

1. Microsoft
2. IBM
3. Nestle
4. Proctor & Gamble
5. Coca Cola
6. Pepsi Co.
7. Citi Group
8. Sony Corporation
9. Hewlett Packard (HP)
10. Apple, Inc

Advantages of MNCs are as follows:

Capital and Technology: The Service of MNC's with respect to supply of capital is of great importance. The

investment of a single MNC's is much greater than that of several Indian companies. It is a great advantage for industrial growth along with which capital transfer of technology also takes place. They transfer technology highly intensive to the use unskilled labour. But their aim is cheap production and more profit. They also develop new technology needed by India.

Research and Development: This is must for promotion of technology which involves huge expenditure. A good part of the expenditure of R&D is spent outside the country of MNC Salaries of research personnel is much more in Indian than in the country of the MNC.

Marketing : The marketing services that MNCs make available for the goods and services from less developed countries is great. International competition is necessary involves several market related key services such as Research, advertising warehousing package design, removal of barriers in marketing.

Employment Generation: MNCs create large scale employment opportunities in host countries. This is a big advantage of MNCs for countries; where there is a lot of unemployment.

Automatic inflow of foreign capital: MNCs bring in much needed capital for the rapid development of developing countries. In fact, with the entry of MNCs, inflow of foreign capital is automatic. As a result of the entry of MNCs, India e.g. has attracted foreign investment with several million dollars.

Technical and Managerial development: MNCs employ latest management techniques. People employed by MNCs do a lot of research in management. In a way, they help to professionalize management along latest lines of management theory and practice. This leads to managerial development in host countries.

Solve the problem of unfavourable balance of payment: In the initial phase of economic development, developing countries have unfavourable balance of payments. They have to import more in order to meet the growing requirements of development and at the same time their export decreases to meet the growing domestic requirements. These countries have to take recourse of deficit financing which results in inflationary pressures. The prices increase and the cost of production goes up. This further reduces exports and increases imports. As a result the balance of payment condition is distorted.

Improvement in standard of living: By providing super quality products and services, MNCs help to improve the standard of living of people of host countries.

Promotion of international brotherhood and culture: MNCs integrate economies of various nations with the world economy. Through their international dealings, MNCs promote international brotherhood and culture; and pave way for world peace and prosperity.

Disadvantages of MNCs are as follows:

Danger for domestic industries: MNCs because of their vast economic power, pose a danger to domestic industries; which are still in the process of development. Domestic industries cannot face challenges posed by MNCs. Many domestic industries have to wind up, as a result of threat from MNCs. Thus MNCs give a setback to the economic growth of host countries.

Misuse of mighty status: MNCs are powerful economic entities. They can afford to bear losses for a long while, in the hope of earning huge profits—once they have ended local competition and achieved monopoly. This may be the dirtiest strategy of MNCs to wipe off local competitors from the host country.

Careless exploitation of human and natural resources: MNCs tend to use the natural resources of the host country carelessly. They cause rapid depletion of some of the non-renewable natural resources of the host country. In this way, MNCs cause a permanent damage to the economic development of the host country.

Repatriation of Profits: (Repatriation of profits means sending profits to their country) MNCs earn huge profits. Repatriation of profits by MNCs adversely affects the foreign exchange reserves of the host country; which means that a large amount of foreign exchange goes out of the host country.

Risky undertakings: There is a great risk involved in the setting up of new undertakings. The shortage of capital, small extent of the market, absence of enterprising groups and underdeveloped infrastructure signify a high degree of risk in different fields like mining, oil exploitation, power, transport, etc. MNCs will undertake such initial risk and when such businesses become successful the home enterprises feel inspired and try to collaborate with foreign enterprises without suffering initial losses. It shows that foreign capital has a vital role to play in the economic development of underdeveloped countries.

Conclusion: Therefore, we get to know that in the present day world of globalization, Multinational Companies have played an important role in the development of home countries where the MNCs are operating. Foreign direct investment by multinational companies involves much more than just transfer of capital as it brings with them technologies of production, managerial services and other business practices. Employment opportunities created by the MNCs have solved an important problem of unemployment which is an important characteristic of the underdeveloped as well as developing countries. With the shortage of savings for financing developmental projects, there is need to depend on foreign capital. Inviting and making ways for MNCs to operate in India will enhance the economic development of the country. Prime Minister Narendra Modi's initiatives for 'Make in India' and 'Skill India' campaigns, inviting Global Companies to invest in India as well as efforts to simplify the Foreign Direct Investments regulations will certainly make India a favourite destination of MNCs.

We use several types of shoes and chappals and throw them or discard them every month. We throw them out without awareness towards society. If we give or donate our old pairs of shoes we can help someone. Many students in rural areas dream of possessing a pair of shoes or chappals.

This realization inspired two athletes to change the thought of people: Shriyans Bhandari and Ramesh Dham. Three years ago, they started a Startup called Green Sole that has helped more than 2, 00,000 people, mostly in the rural areas.

Shriyans Bhandari says, "As athletes, we ran hundreds of kilometers every year, and would dump three to four pairs of shoes every year. Their soles would be in good condition; however the sides were in a bad shape. We discovered that they could be refurbished into trendy slippers and used again. They cut the soles according to the required sizes, and use them to make the base of the slippers. The uppers are used to make slipper straps and the laces used to pack the footwear for donation. They send the shoes that still have some life left in them to athletes at the Sports Authority of India (SAI), in exchange for their old shoes. Instead of melting the shoes like many shoe manufacturers do, we refurbish them so there is minimal carbon emission"

According to him, about 35 crore pairs of non-biodegradable shoes are discarded every year, worldwide. At the same time, 1.5 billion people in the world currently do not have footwear and millions of them suffer from diseases like elephantiasis, tungiasis, etc. contracted because of unprotected feet each year. To fight this problem, Green Sole first selects the villages to work in, conducts surveys on how many school-going children need slippers, gets their sizes, and then provides what they need. They have tie ups with

organizations that provide us with discarded shoes. Once the shoes reach our unit, they are taken apart. The soles go for die cutting to standardize the sizes and a new upper is created to be put together. They use parts of the shoe to make uppers for slippers and other recycled materials, thus reusing a non-biodegradable shoe.

They do not have their own manufacturing unit but are partnering with RAM Fashion Exports Pvt. Ltd and its directors. RAM is a leading export house in India supplying to brands like ALDO, H&M, Marks & Spencer and many more. They employ 1,500 workers and have a manufacturing capacity of 1.5 lakh pairs/month. The tie up them has really strengthened their vision by adding back-end strength to execute their dream.

These projects create awareness in the youth about the environment and society. Green Sole is creating positive impact

Humans always have a desire of reducing efforts and enjoying the thrill of Human errors and fixing. But will this dilemma of problems and solutions come to an end, if Artificial Intelligence becomes the mankind's last invention? Let's explore.

machine through software. To summarize in short, the following are the three bases of A.I.

- ❖ Mimic human's problem solving capabilities.
- ❖ Solve problems with maximum efficiency and accuracy.
- ❖ Get better with learning.

So why do we need A.I. in the first place?

Humans always want to amplify their capabilities and also create comfort and convenience; due to this we invented tools from fire, wheels and stone weapons to computers, satellites & nuclear bombs. Technology is designed for our senses and behaves like our seamless extension. For example Keyboard & Touch functionality for fingers, displays for eyes, sound & headphones for ears and so gradually now Artificial Intelligence for Brain. In simple terms, our brain generates Natural Intelligence and CPU generates Artificial Intelligence. Both Artificial and Natural intelligence are the same; they work on memory (big data) and intellect (Algorithms). The only difference is speed and extendibility. According to scientists, our Brain has evolved to the peak of evolution and it cannot get any better. Hence Brain is physical and limited in the skull, whereas A.I. can fit in a huge room with more processing power. In addition to this, the current education system is only memory based and so even after reading libraries on chemistry, we made a hole in the ozone layer which has not yet recovered, causing severe and permanent damages to the ecosystem and the list goes on. This clearly indicates we have failed to handle our intelligence and so there is an urge to make a machine solve problems better than us and reduce human errors and efforts as well. So is A.I. the ultimate solution? Let's find out.

What is AI?

AI is the implementation of Human reasoning, problem solving and learning capabilities into a

Artificial Intelligence: Mankind's last Invention

Tanmay Borde -
T.Y.B.Sc. Computer Science

Ex.: We identify a dog immediately, but how can we make a machine identify a dog. A programmer cannot make software to recognize dogs, but programmers can make software to train itself to recognize dogs. This is only possible with A.I.

What is the difference between Normal Software

Normal Software

Simple & Task Oriented.

Task specific Algorithms.

Manipulate Database

Ex.: Hotel management system, blood bank

Artificial Intelligence

Complex & better result oriented.

Self Learning complex Algorithms.

Find patterns in the database to predict o/p.

Ex.: Facial / Text / Voice recognition, climate management system, etc. modeling, etc.

● Example of A.I. image recognition of a man's profession by his outfit

Types of A.I.

1. Artificial Narrow Intelligence / Weak A.I.:

Artificial Narrow Intelligence is the sole purpose and self learning. It cannot switch its domain, which means an A.I. developed to recognize a dog, cannot recognize a cat. The accuracy of the output is directly proportional to the database, i.e. it needs big data to learn from. Being dataset oriented, it cannot think or invent outside its scope. Currently this is the only widespread A.I. We can use it.

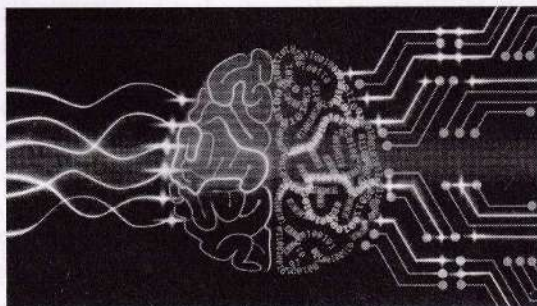

- Ex.: Alpha Go zero, voice assistants, ad or item recommendation on e-commerce etc.

2. Artificial General Intelligence / Strong A.I. :

Artificial General Intelligence is multipurpose and self evolving. It can think for itself and can switch it's domain and extend its scope even with a minimum amount of data. It can do 20,000 years of research in just one week. Accuracy of the output depends upon the domains A.I. has covered. As Strong A.I. is not database oriented, it can think and invent outside the scope. Currently it is not yet achieved completely, but looking at the progress of A.I., it is surely just around the corner.

- Ex.: Humanoid, Ultron from Avengers.

Our achievements so far:

It all started with replicating a human brain and now we have made significant achievements so far. Processing speed of a brain is 2 MHz whereas on a computer it is 2 GHz. We have successfully made an extension of our memory and intellect in the form of A.I. and now it is outperforming us, solving

problems better than us. Thanks to the unlimited memory and 100 times faster processing power than Human brain.

Disadvantages:

1. Economy and politics outplaying agendas.
- Google, Microsoft & Amazon developing A.I. for oil companies to boost revenue.
- Facial surveillance.

2. No creativity or human quality.
True creative Art form with human quality can resonate more with humans than technological form.

Advantages:

1. Reduces Human errors and efforts as well.
Healthcare, banking, finance, autonomous cars, space exploration, gaming, etc.
2. Can predict results with maximum accuracy.
Personalized ads on e-commerce and social media, favorite playlist on Spotify, etc.
3. Self learning and optimal solution predictions.
Climate modeling, recession prediction etc.
4. Better problem solving capabilities than humans.
Medical Surgeries, simulation game developing, etc.
5. People will finally be jobless and on vacations, free to explore other aspects of their life.
The world situations are such that each individual has to fuel the economic engine otherwise s/he is out of the race. But due to the growing pace of A.I., many world systems will need fundamental changes to cope with the potential of A.I. and transformations which are on the horizon. Universal Basic Income is one of them and is taking momentum in many countries, but it's consequences are still unclear, so more work needs to be done on it.

Should Artificial Intelligence replace Natural Intelligence?

Undoubtedly yes, weak A.I. should and it will replace Human intellect completely in a few years because unlike humans it has unlimited memory, 100 times faster processing power and solves problems better than we humans. In the same scenario, back then during evolution, with just a

4% difference between monkey's and our brains, we dominated the planet. Today, we are like monkeys compared to A.I., as it can do 10 PhDs everyday, which is not possible for any human due to mortality and other aspects of life. Therefore the pointless emphasis on human's memory-intellect will become obsolete in upcoming years. For years we have been trained to fill our memory with big data and sharpen our intellect, but A.I. is going to change the game. This clearly indicates that we need fundamental changes in the world systems. Hence weak A.I. should definitely replace human efforts, so that people will focus more on other aspects of their life as nobody is born to fuel the economic engine. But is it reliable if A.I. replaces human intellect when it is just a replication of Natural Intelligence which created irreversible and fragile problems in the first place?

Human Vs Being Human

There is almost nothing left which A.I. cannot do, and it is on the verge to become completely "like human". But there is one phenomenon which no machine can never ever replicate and that is "Human Consciousness". It's this consciousness which makes the huge difference between "like human" and "being human". We are the only species referred to as "being" humans which backs our decisions with wisdom and the only quality left within us to explore. Evolution gave us the privilege of intelligence but we took charge of the world and now plan to colonize Mars. But looking at people and current world situations, one thing is for sure that we have clearly failed to handle our intelligence and will never settle on any planet unless we touch the conscious dimension of Intelligence. This brings me back to my first question:

Is Artificial Intelligence the ultimate solution?

The answer is **NO**, Artificial Intelligence can never be the ultimate solution because it's creator itself is not ultimate. In broader context A.I. is just amplification of the human brain and will still continue the problem and solution dilemma forever. Therefore the quest to develop A.I. to its peak potential needs to be handled by conscious intelligence, otherwise general A.I. will replace human consciousness which is destruction for humanity.

Conclusion: Human Consciousness - The Ultimate Solution

A.I. is now on self start so it will anyway evolve, the only thing which needs a head start is our consciousness. Once humans are conscious, clarity in perception is a natural consequence. No need to teach people morals, ethics, principals or anything, we will come to terms with the existence and consciously do just what is needed, so there is no longer a need for a machine to solve problems. A.I. is at it's best when it replaces human efforts and makes the whole world automated, but it can turn worse if it replaces human consciousness and makes the world a nightmare. So before it happens, let's focus more on Conscious Intelligence than Artificial Intelligence because that is the only phenomenon no other except creation itself can manifest. We should not forget that technology can bring comfort and convenience, but it can never bring well being. At the end of the day nothing in this world justifies growth, if it doesn't bring well being to every single creature of this planet.

Life is a station

*If you take a look at life,
It's a station
Has hundreds of trains waiting to be
picked
Leading to somewhere important
Leading to somewhere fun
Each train with its own worth
Each leading us to the lessons
We learn overtime
Each train is destined
Leaves in the blink of an eye
Lose time, lose the train
Lost will be lesson that could be learnt
Each journey teaches
Something new every time
Corrects the wrong path walked upon
Some journeys are completed alone
Some journeys have companions
But at the end of it all,
All that matters
Is what you learn
And what you work around.*

What if we asked you to draw a mind image of the Future? What do you see? Probably a world filled with flying cars, AI Robots and Machines, people teleporting, automated systems everywhere and every service is available at your fingertips. For humans who are so intellectual and superior, inventing such complex technology doesn't seem difficult. But can you see any trees swaying in the gentle breeze or do you hear the sound of birds chirping? Probably not. Then logically, humans, who are also a part of this nature, won't exist. Sounds like a tough pill to swallow? The truth is we have been preparing our grave over the past decades.

All life on Earth exists in a very delicate balance maintained by a co-dependent exchange between the Biotic and Abiotic constituents of Nature. Every organism on Earth takes only what is necessary for its survival & helps in maintaining all of Nature's various cycles. They never exploit the resources offered by nature. All plants, animals, fungi, micro-organisms are interdependent on each other and hence, none of them will try to annihilate the other completely, unless for survival.

But there is one exception. Man. Who will kill for fun and exploit all other life to boast about his supremacy and satisfy his greed.

What makes us so greedy?

Psychologically speaking, the main reason what keeps an organism going is need. Need can be defined as a requirement of a material that is essential for survival. A need induces a drive i.e. a physical and psychological tension that motivates us to fulfill our need. Drives are mainly of two types. Primary drives are biological and essential for survival. Animals have to deal only with Primary drives. Whereas humans have to overcome primary and secondary drives. They are learnt through experience and one's environment. Humans live in a societal setup where we are forced to believe that materialistic wealth, property, income are what define our greatness in society. We have created an imagined reality that materialistic wealth is the only key to happiness. This has led to a mad race among

humans. We are so blinded by this competition that we don't think twice before taking the lives of other organisms for mere validation. This unending competition is the basic reason behind the exploitation of all available resources.

In hope for limitless growth for the global economy, we have had

limitless appetite for earth's resources which in turn caused limitless violation of planetary, ecosystem and species boundaries. Only if we had taken what we NEED and not what our GREED demands, things would be different.

A misbehaved, greedy man is said to be behaving like an "Animal". He is then told to start being "Humane". The time has come to reverse these metaphors.

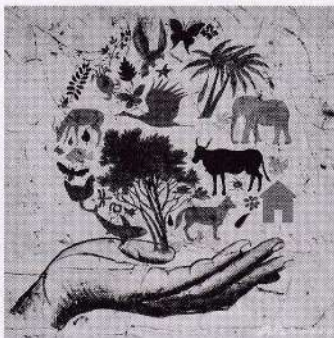

Degradation of the world's natural resources by humans is rapidly outpacing the planet's ability to absorb the damage. If you compress Earth's history to 1 year, then we have been on Earth for just 37 minutes and we have used 33% of the Earth's natural resources in the last 0.2 seconds only! The world has already lost 80% of its forests and the depletion continues at a rate of 375 sq.km per day. We have dumped enough waste in the ocean to make an island of garbage as large as India, Europe and Mexico combined.

The 6th Mass Extinction is majorly affecting Marine Ecosystems. Only 47% of the Coral reefs remain. 15 marine species have gone extinct and many more are endangered majorly due to over-consumption, overfishing, ocean acidification and plastic and oil debris. An astonishing fact is that 70% of Earth's oxygen comes from

tiny Phytoplankton living in the oceans and not from trees! Oceanic water has turned 30% more acidic causing a threat to all marine life.

A few more peeks into the devastating Future:

- The hazardous chemicals and wastes that are dumped into the oceans (50 lakh tons annually) get accumulated in the tissues of marine animals. The same chemicals enter our body when we consume them which may cause abnormalities in humans. Seafood will be over in 27 years.

- The extinction of any species causes a void in an ecosystem which leads to the extinction of its consumer. This chain will eventually reach Humans. Rain forests will be gone in 79 years.
- The melting of polar ice caps (750 billion tons annually) will increase water levels worldwide. But more importantly, there are large number of viruses and bacteria frozen in those glaciers which may now be released causing a whole new variety of deadly diseases. Freshwater will be gone in 19 years.
- By 2030, climate change may cost the global economy \$700 billion annually.
- We are using 50% more than what the Earth can sustain. At this rate we need 1.5 Earths to survive.

Our planet is running out of space and resources. Mankind may itself be the victim of the Sixth Mass Extinction.

At this rate of consumption, the time left till the possible collapse of earth's support systems is just 29 years & 221 days. The end is near.

Humans have just scavenged the surface on the Earth grabbing everything they could and leaving the waste they created. Land after Land, Forest after Forest, Ocean after Ocean, the whole Earth will soon be useless to us.

This tendency to inhabit an area, exploit its resources till they are annihilated and then find another area, makes us the deadliest organism to ever exist. But, there is another organism that shows a similar approach.

But a lot less deadly. A Virus.

Today, mankind is facing a world pandemic caused due to a Virus. Everybody is cursing and criticizing this Virus for the havoc it has caused. We cannot digest the change in our daily cycle caused due to this Virus. But why are we surprised by the harm this Virus is doing when the "Man-Virus" has been causing even severe harm to the ecological cycle for the past hundreds of years?

The Corona Virus may as well be Nature's method of giving us a wakeup call and we have to take it. We are the first generation who is facing the effects of climate change & the last generation who could do something about it.

As we start to realize, and start replacing precarious things with the sustainable ones, polluting cities with the smart villages, and GREED with NEED, things will fall into place and we may see a virtuous Future. We humans have the capacity of foresight. We know what the future holds if we don't change our ways. It's high time we stop living in the delusion of a rosy future and

take our first step towards peaceful co-existence. Nature has shown us during this time that it has the capacity to heal quickly. Don't worry if you are the only one making a sustainable change. The Virus has shown how individual steps make huge differences.

But if we do not change our ways soon, we continue to be a parasite. And if we continue to live believing that we have our superiority over nature, we move forward to the next pandemic and finally to extinction.

We need to understand that co-existence is the only way out of this trap. In the words of Bertrand Russell "It is CO-EXISTENCE or NO-EXISTENCE". We still have the opportunity to pay heed to this warning bell or else the moment COVID-19 is over, mankind will go back to being equivalents of COVID-19 for EVERY organism on EARTH. But, a lot deadlier.

Memories

*The calming scent of soil
Which got intensified by the rain
Playing vintage music
Changed to Hip hop and jazz, quick
Being mischievous, and
Playing throughout the day.
The sound of marbles clicking
And the joy that was ticking
The urge of becoming older
Not knowing anything about
The struggles that burdened the elders
Always wondered, how wonderful
It would be to be a grown up.
As one now
All I wonder is about the happiness
And the joy that I've experienced
How I wish I could relive that past
Even now, still dreaming of that past
Brushing off the dust from old memories
Felt like going back home
To retrieve a forgotten memory
In the end. Life taught me
Some happiness cannot be reclaimed,

I must say even the road leading to Ladakh has its own appeal. There's nothing more enchanting than the nature's handiwork in Ladakh. It's a world full of snow covered mountain, barren lands, clear water and curvy roads. It is one of the most charismatic places of harmony and sight of culture and tradition. When we think of Ladakh, what comes to our mind is snow mountains, narrow curvy roads and freezing winds but what we might not expect is the unpredictable weather, sudden snowfall and shooting stones.

It was a sudden decision to visit Ladakh. June 4, 2018 is when the journey to Ladakh started. Here is my tour diary: (I'll be mentioning only the highlights and the selected places of Ladakh during my visit and of course some of the funny incidents.) We had a good 8 days stay in Ladakh. As it was a family tour all the comfort and care (the main reason to call it a tour) was looked after, so it was a well pre-booked tour. Our journey was: Pune – Bangalore – Kargil.

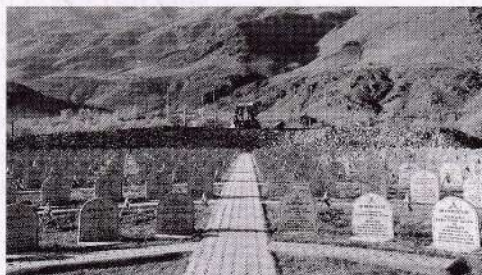

On the way to Kargil we get to see humor and wit in the slogans alongside the roads. Like: "Check your nerves; on my curves." "Drive, don't fly".

So the first day was spent at the **Kargil War Memorial**. Our armed forces are the solution to a majority of the problems. They face war or war like situations on a regular basis. It is gratifying to see them toiling so that we can live peacefully. There's a museum at the memorial where you could actually read the letters of the soldiers written by their families. Just by looking at the entrance you feel patriotic. It is because of their endless efforts and passion, our journey becomes adventurous and not tragic.

Day two was a day to visit **Pangong Lake**. Completely true to its name, Pangong Lake will leave you enchanted by its charm. This lake is

Surprises at every bend- Ladakh

Kaumudi Joshi - T.Y.B.Sc., Zoology

worldwide famous probably due to the shooting of a small part of the film 3 Idiots. It is a saline lake which still freezes in winter. You can find many water birds here. Luckily during my visit I could see a beautiful bird brooding over its eggs. From the hues of blue to green you can observe this lake changing colours. With the backdrop of mountains, this lake is no less than a paradise and so it known a Turquoise Blue Paradise Lake. Just relax and soak in the picturesque!

Along the way back from Pangong Lake we met cute little marmots. Marmots are a rare endemic species. They stay hidden in the potholes and come out often. For all those who would visit here: Please don't feed them human food as they eventually lose their taste for natural food and die.

We had no plans after this and the entire evening was at stake. So our vehicle driver who was a localite told us about the **Tso Moriri Lake**. As we had no inner line permit, he agreed on arranging for the permit instantly. When we arrived near the lake there was a police check post.

The driver got out and while he was talking to the police, my uncle had an uncontrollable urge to urinate. We were told to be quiet whenever we near any check post so we were all quite in the vehicle. Taking an advantage of our silence, my uncle escaped the vehicle and went straight to the fence of the lake. Considering he won't be visible, he spent first ten minutes reading a board there and after a few minutes, he went a little forward towards the fence and started peeing. But he was so unlucky that the police caught him in the act and started shouting at him at the top of their voices. With the fear of police he managed to somehow run as quickly as possible to the vehicle. Fortunately (or because the police thought that my

uncle was so desperate to see the lake that he tried escaping the fence; as the check post was quite far away from the fence and the police did not notice him peeing) the police allowed us to visit the lake that day.

Tso Moriri Lake is the largest high altitude lake. Lush green forests, emerald colour water, and majestic mountains await you at the lake. Being one of the most isolated of the Ladakh lakes; Tso Moriri Lake is mostly visited by the people who like to explore places that are less crowded and have an impeccable view. It is one of the most underrated lakes of Ladakh, probably because television did not make it famous.

The famous Nubra Valley

It is the most loved valley to visit in Ladakh. The double humped camel ride makes it the most loved valley. It is the most gripping rides ever! Rolling down the roads at 18280ft sailing around the crests of huge Himalayas one touches the enthralling Nubra Valley. The double humped camel ride needs much patience as the ticket line reaches out to the grounds where the actual ride starts. But when you are with your family and friends the incidents like considering your family member as one of the camel owners keeps you entertained.

Yes! My uncle (yes, the same one mentioned above) was considered as a camel owner by one of the tourists. His lost patience made him ask my uncle: "Aur kitna time lagega bhaiya?" (Obviously because my uncle wore a Pathani suit that day which quite resembled the traditional outfit of the Ladakhi people). Wherein the even more patient less uncle said: "Vahan jake ruko, 10 minute lagenge." (Vahan as in pointing towards one great crest of the valley where no human or even any camel went to) And yes the man waited there for about half an hour. I am sure he must have cursed my uncle that day!

It is one of the northernmost villages in India. Situated in Leh district yet is 205kms from Leh. It is on the banks of Shyok River. Turtuk is the last outpost of India after which Baltistan (Pakistan) begins. It is known for apricots. You get to see the Balti culture. For years Turtuk was secluded due to the large mountain ranges protecting it. Today with no Wi-Fi, few businesses, limited electricity and distinct local language the border village retains the feel of seclusion yet companionship of the astonishing nature.

We determined to see Turtuk for ourselves considering the full day journey from Leh including a climb over Khardung La. It was not hard to feel instantly attracted with the picturesque village. We started walking towards the village as vehicles couldn't go inside. We climbed up to the view of even narrower roads, open sky, mud houses built on both the sides of the road and swift flowing lakes with the beautiful panorama of lush green trees. The attraction there is natural cold storage, polo ground, Balti heritage house and traditional handlooms.

The afternoon was spent envying the villagers, sipping on traditional drink, nibbling on home-made food and chit-chatting with the villagers in broken Hindi as they aren't very fluent at it. But you don't really need a language to understand each other, do you? After a wonderful day spent with the villagers and amidst the nature, unwillingly we headed towards our stay. Seldom do you get to see such an incomparable nature. It is a must for a nemophilist to visit this place.

If it has to be a vacation in India that's to be lived in memories for a lifetime, it has to be LADAKH! As someone rightly said the journey is more important than the destination. One should visit Ladakh once in a lifetime to experience a beautiful journey. And yes it an adventure to the core! Be it bike, car, flight or even trekking.

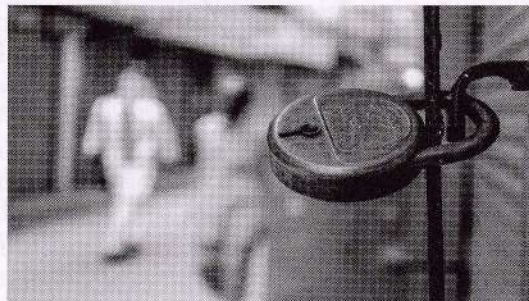

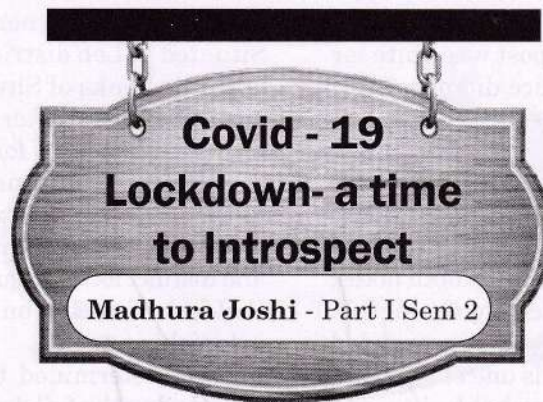

P.S- There are many other places like Magnetic Hill, Zaskar Lake, Guru Pathar Sahib Gurudwara and all the mountain passes where you'll get to experience the thrill. Ladakh is indeed an adventure in itself but it is also home for many adventure activities.

(Some of the information like geographical location, geographical distances and facts about places has been borrowed from Google)

That day a few of my friends and I decided to meet at my place. My brother was to join us and we decided to have a small house party. It was fun having my loved ones around me. By evening all were back at their houses. Reaching home we shared our photos and cherished the time and fun we had together. We were least aware of the days that were coming towards us like a storm. Next day as my friends stay away from their hometown, they decided to go back home for few days. Who knew that we were meeting each other for the last time? Soon the pandemic of COVID- 19 gushed through from country to country, state to state, from district to district and from mind to mind. It came like flowing lava and molted everything on its way and burned each and everything. It was an Apocalypse. Streets were deserted and not a single soul roamed around. We were in a hope that this will end within few days and we will be back with our daily routine. But soon our hope died. Days turned into weeks and weeks into months. It was difficult to face this situation. Companies got shutdown and transport came to a standstill. Freedom was snatched from humans by the nature and was named as LOCKDOWN. It was a nightmare for everyone.

Now what next? Even in such pandemic situation people did not lose hope. We all accepted the truth and it has become a part of our life. Looking for optimism in such despair was the biggest challenge for everyone. It gave me a shiver. It reminded me of the war and post war situations. People were scared of the enemy attacks then and so are scared of the attacks of COVID- 19. I could feel those situations on my nerves, where the police van moved around on the street and people took to their heels. There were announcements made on the speaker about the awareness of the pandemic. So was the same condition during the war. The spread of COVID- 19 and the fear of being quarantined invoked fright in the minds of people. Everybody felt hopeless. People were trapped in the circle of negativity. I still remember my daily routine

had become a monotonous situation where there was no way out. Absurdity had conquered all our lives. The messages shared online were meaningless and insensible. There was nothing for us to do and how to spend our day was the biggest question for everyone. The materialistic living of the modern man was complete taken away. No schools, no colleges, no gyms, no jobs, no parks, no cinema theaters. Tables turned and we were trapped in the world of nothingness. Everyone faced a sheer nihilism. I still remember the kind of messages that were being shared, where people calculated the time required for a ceiling fan to stop or how

many tiles on has in his/ her bathroom and even the number of holes in a Marie biscuit. We did laugh on this but when we understand what it really means it creates a spooky feeling. All we had to do was to just wait, wait for the things to normalize.

Weeks passed on but it was high time now. I cannot just give up so soon. Accepting the reality and facing it was the only way left. I heard, I saw, I read, I experienced that love, affection, brotherhood, humanity, kindness, loyalty, sincerity, unity was still alive. In all this I felt the presence of God. Like an insane person I waited for my life to normalize. But hardly did I know that this lockdown is a gift for all of us. It is three months from now and we have no idea how long will this lockdown go, but this time is the time for us to better our flaws. To wait and think calmly what we do and how are the consequences of our actions. Soon there was news from the weather forecasts about how the mother earth is healing. Lost in the materialistic world of industries, machines, cars, pollution, greed and inhumanity, we forgot to think about the nature. That nature which gave us everything we demanded and fulfilled our needs without any hesitation. But we had no mercy on the nature. Nature took its revenge on us and now it's time for us to repent on the things we did. Lockdown is the time which we will never get back in our life. It's all in our hands how we look at this despair optimistically. It's not only about nature's healing but also about our self

growth. To sense our flaws and work on it. It's time for Earth's renovation. Lockdown has taught us to spend time with our loved ones and to appreciate their efforts, may that be our parents, siblings, spouses friends, everyone. Helping our parents in their work can also be the best part.

Let's not lose hope. We will stand together and support each other. There are people who are struggling for their daily bread. There are our doctors, nurses, police officers, security guards who are risking their lives and are striving for us, so that we stay safe. It's time to help them by creating awareness among us. All we have to do is to just stay at home. I know it's not that easy but it's not even difficult. If we introspect we can unravel many hidden talents stored within us. Trust me it is the best time to develop our skills. Just by roaming around and meeting friends cannot be the only

source of pleasure. Let's go back to the 18th century romantic era. To the time where love was sought in smallest things. In our daily activities, in the midst of nature and also among our loved ones. Many things can be done at home. Plant a tree, give all the love and care and then see how it blooms. It will take time but eventually it will grow. It's necessary for us to grow this tree which symbolizes hope. Paint or write your thoughts. Look I too got inspired to put down these thoughts so that everyone may feel the urge to stay positive and keep ourselves positive. By this I summarize my essay and request everyone to explore the hobbies and the other side of ourselves. Trust me it's the best feeling.

Everything's Fine

When you don't wanna smile, you still fake a smile and say Yeah.

Everything's Fine.

When our dear ones don't notice our hidden scars and often wonder what's wrong what's wrong, it's hard to explain to you my dear; it's the puzzle which you won't understand.

We think this within and say Yeah.

Everything's Fine!

It's difficult to walk alone, along the streets where you see everything unknown, still you walk ahead counting steps in your head.

You see the street light blinking then you start thinking really is it too dark.

What a spark will make a difference when you are overwhelmed by your own darkness.

It's hard to explain even when we know it's not fair.

Looking up towards sky we ask why? Hoping for an answer but, he says "Goodbye".

How to explain there is so much pain, the heart starts burning yet we say Yes Dear!

Everything's Fine.

While eating we keep on thinking when our scenario will change.

It becomes worse when our mom too fails to notice our shattered words.

Painful to cry alone then going to sleep keeping it unknown.

And we say Yeah! Everything's Fine.

Everything's Fine!

For you my soul one day I'll be on "Top" after observing everyday mob.

Meeting old ones after many days and nights, responding to their question Yes

Dear! Everything's Fine.

Everything's Fine!

When you think about an ideal lady what comes to your mind at first? The 36-24-36 body type I suppose. Well why is it so? Why is a lady expected to be pulchritudinous, fair toned, raw-boned, flawlessly undulating, docile and agreeable every single time. These are just indolent misinterpretations and propagandas by a manipulative male writer that are highly supported by the society and have been going on for generations and generations, although it is high time to bring about a prominent change in the society.

At a young age women are taught how to wax the hair off their body and are expected to maintain a clean, soft attractive body at all times. While men are accepted woolly with that ugly thick coat of hair on every inch. Why is it that the length of the dress of a lady decides her character while a man is accepted in his boxers as well. Why is it that every body part is given a special treatment? Why is it that a girl is told not to go out late at night but a boy can wander around carefree past midnight. Is it all just because of that Y chromosome a man's body poses while their only identity is in the whom of their mother?

The unfortunate reality of our society is that rapes have certainly become such a common issue these days. I can't help but wonder if it is because of the pattern she wears or because of his harassing mentally. She is raped being in a burkha or a miniskirt not only at the age of 3 but also at 80. Yet society always says, 'She was at fault' 'She wore an inappropriate outfit' 'She can't carry herself well' 'She needs to learn' 'She has a bad character' Well why is it that women are always at fault. Why is it her fault if she decided to wear an outfit of her choice. Why is it her fault if he chooses to act the way she pleases. Why can't the fingers ever be pointed at the one who really is at fault. How does society consider it acceptable for a man to lose his virginity before marriage but when it

comes to a woman's virtue in her maidenhood it is not acceptable.

On average, 594 million liters of liquor is sold with an anticipation of an expected increase to 1680 million liters in the running year. As stated by the 'Business Wire' statistics. Yet, according to society, it is not commonly acceptable for a woman to drink the way a man does as it denotes as an uncultured behavior. Additionally, when it comes to talking about divorce, a man is considered well cultured despite the fact that he has failed to keep the

vohus he took time after time with three different brides. while a divorced woman is shunned by society. Back in the day, a widow's life was made hell. The beauty of living life the way one pleases was seized away from widowers. While society has evolved and advanced over time the unfortunate reality is that there are still men who dominate women.

It's time to bring about a change in the society's beliefs. It is time to change the false stereotypes fabricated by society. It is time to change the way the world looks at an individual based upon their

gender. Yet, before we change the world we must start by changing ourselves. Every individual is entitled to savor the beauty of life the way they please. One must possess dreams and ambitions that they work towards achieving. It is crucial to be strong and independent enough to survive in the world alone no matter who you are, no matter where you come from, the heart within must stand strong. In this society where individuals profit from others self-doubt it is a rebellious act to stand stronger and love your every minute flaw. The haters will always hate, but true victory is when you accept yourself the way you are and achieve your goals the way you desire.

You

*Here I am, trying real hard,
Keeping the voices in my head calm.*

*But what about the lady,
The lady whose face always seems to
frown?
No, I haven't seen such a face in the entire
town.*

*What about the man I see while walking
around?
Is he still not found?*

*While getting up from a dream,
The dream in which I am completely
drowned,
I see a young girl, beautiful and crowned.*

*Can't you see the old man on the ground?
He's just finished his first round?
Don't you see his complexion?
Don't you think he is really browened?*

*You think I am unsound?
Well, the case might be different,
Maybe you are not so profound?*

*Don't you see this cute dusky girl?
See, she is wearing a nice purple gown.*

*At times, I feel like I am about to drown,
Please get me out of this bind.*

*I think you are right,
All of this, it is not true,
These people I see, I talk to,
They are just in my mind,
With them, reality has nothing to do,
But wait!!! Who the hell are you?!?!?!?*

About the Poem:

'You' can be seen as either a horror poem or a poem based on hallucinations, 'you' can take it as per your perceptions (pun intended). In the poem the narrator is describing all the people she sees, she tries to explain what they are doing, how do they look. Initially it looks like she is saying all of this to a confidant, it looks like that person is also replying and trying to make her understand that all these people are just illusions/ imaginary characters. She seems to deny that until she sees the cute dusky girl in the purple gown. Later, she asks that person to help her get out of all this and acknowledges that all of this is might not be true and the other person is right. Suddenly, there is a twist, she realizes that the other person whom she is talking to is also one of them.

I was thinking, what I should write for the college annual magazine article. I was out of ideas and didn't want to write anything related to COVID-19 or even remotely related to it. But irony struck me and here I am writing about my quarantine experience. Well, I want to shorten my 3-day experience to 2 A4 size papers so bear with me if I miss out on any of the details. On 14th May 2020, I repeated my lockdown routine which involved my entire day revolving around my mobile. After a tiresome schedule which only made my fingers and eyes hurt I fell fast asleep late at night around 2 am. Who knew the following day was going to be the worst day of my life till now.

Then came the morning of 15th May, as usual, I woke up late (around 10 am). I did my morning duties, had my breakfast and was watching TV. There was a call on my Mom's phone, it was one of the neighbours (the one who always delivers you the gossip sorry info faster than the rest of the world). My mother reacted to the call in a way which I always find dreadful that is with long pauses and patient listening. I lowered the TV volume and I knew then something was fishy. She hung up the call and told me, "Nikita, a bus will be coming in an hour to take us somewhere. We also need to pack some essentials for a day like some clothes, water bottle, and tooth-brush." I was shooked and asked her "What? But why? Where are we going?" She also told me that it was not just us but everyone. Okay, you must also think why and where we were called out of the blue without any notice or prior intimation. After this phone call, there were a lot of phone calls and there was chaos everywhere. I was calling my sister, brother and a couple of people and enlightening them about the situation, everyone told me to calm down and follow the instructions. My mother, on the other hand, was like Nikita pack this, pack that. I couldn't understand what I should do.

Oh! I forgot to tell you a small thing (actually it is a huge thing itself). Our building had a COVID positive patient. The patient was detected a week ago and hospitalized and so was the patient's family. So now you might have an idea what was this all about. I knew about the COVID test and the rough

duration for acquiring the report. So that rung a bell in my mind why they were asking to pack essentials for a day. I told my mother that it was just an assumption but I thought they are going to quarantine us until the test report came. Both of us were shocked and we decided no matter what we won't let that happen. It is just that all of us were fine with the test but didn't want to be quarantined whatsoever. We also convinced our neighbours to tell the authorities the same thing that we were ready for the test but would be home quarantined rather remain in some unknown (presumably filthy)

place. We packed all our things. We were informed just an hour earlier so we hurried like some roadrunner.

When we told the authorities about our demand, they said, "You all have to stay at the designated place until the test reports come." They also mentioned the involvement of police and higher authorities, after what they had said no one dared to protest. We all boarded a public transport bus one person one seat apart maintaining the social distance. My sister's workplace was on the way we requested the driver and the authorities to allow her to board the bus and go to the testing facility along with us. She joined us after some time, I and mother were both relieved to see her. We were told about the destination. I didn't know about the consequence of the test but I sure enjoyed perks of being tested. It was obvious because I got to see the outside world after a period of a complete 2 months. I enjoyed my time on the bus. I have to tell you, I got to know my neighbours as well. Despite knowing them for 2 years I hardly knew everyone's name. We reached the test place and were given lunch. After lunch, we were called at the testing facility and asked for symptoms. We were all called name-wise and family-wise, our oral swab was collected. Having a mask on our face three of us were discussing regarding the test. I and my sister made our mother aware of the testing and the aftermath. We told her that the test involves a nasal swab or an oral swab. She was okay with an oral swab but inquired about the nasal swab. To make matter serious, we told her that while taking a nasal swab, it may happen that the person taking the sample will hit a blood vessel and you may start

bleeding profusely. She got afraid as hell and asked us, "then why don't they take my blood sample instead?" We both laughed at her statement and explained to her why the testing method was the way it was. After testing all of us travelled to a college hostel where we would be staying until our reports came in.

The college hostel was nearby our home. We entered the college premises and all of us were allotted a room family-wise. Following the directions given by the staff, we went to the assigned room. The room was well-lit, spacious and airy. We were all curious about when would the reports arrive. On asking they told us it requires a day or two. A day or two? I was furious. Before going to the testing facility we had already inquired and we were told that you will be sent to your home tomorrow after receiving the reports so that was one day of quarantine right? Now they were telling me the reports may arrive tomorrow in the evening or day after tomorrow. Tell me, who won't be furious if you are isolated for two days when you were promised for only one. Anyway, we had no control over the situation and had to follow the orders. We had our last meal for the day and we were tired but sleeping in an unfamiliar place was a challenge for us.

Next day, we spent our entire time looking out the window, exploring (well we couldn't just roam around as we were quarantined. At the most we took few steps in the passage), going down the stairs receiving food parcels, eating from those food parcels and laying around. I and my sister had our cell phones so we passed our time browsing the net or seeing news online or watching a movie. My mother was bored to the core as she was accustomed to the daily routine of household chores, fetching grocery etc. She isn't tech-savvy so she hardly liked spending her time on the cell phone. At night, laying on the bed I was staring at the ceiling of the room and wondering what would be the tests' report.

The verdict day arrived. On the 17th we were sure either of the things would happen. Either we would be quarantined for many days to come or we would be safely dropped home. After having our lunch we confirmed from one of the authorities that our reports would arrive in the afternoon. Apart from the residents of our building, there were numerous other families who were quarantined the same way

we were. During our stay at the hostel, we discovered a ritual. They used to announce your name if the test result came negative and would tell you that you were free to go home. But if the test results came positive they just would call you down. To our surprise, there was an announcement exactly at 2:17 pm. They announced, "People with following names are free to go home." Our hearts were racing. A couple of unknown names were announced. After some time we heard some familiar names. We had packed our stuff in anticipation and were listening to the

announcement carefully. All of our neighbours' names were called upon, we were happy for them but nervous ourselves. Then I heard my mother's name followed by my sister's name. I was relieved. Then came my turn but we couldn't hear it. They kept saying Nik.....the last part of my name was inaudible and unclear. They repeated the name,

Niki..... Again we tried to listen but in vain.

Again they said, "Nikita.....Nikita. Get up! How long are you going to sleep?". It was my mother shouting me to wake up. The day was 15th May 2020 and the time 1 pm !

My hobby is birdwatching. Once I was observing the sky, just when I spotted a beautiful bird with a colorful pattern on its wings. I continued watching the bird hopping from one tree to another, I developed the interest of birdwatching.

Initially, I started clicking the pictures of birds on my mobile, but I noticed the pics were not very good. They were blurred and I could not get enough zoom effect to capture a photo of the bird little further away. So, the next day I requested my father to give his Nikon camera for me to take better pictures. He taught me the complex functions of his camera.

I took some time to understand and get used to this new camera, and soon I graduated from blur pics to good quality bird photos. I spend 3-4 hours each day from my building terrace or parking area to get intricate details of several birds.

Over last few months, I got 46 unique birds in and around my house in Bavdhan. As I was confined to be at home as announced by the Government of India, I could only take pictures from my balcony, terrace or parking area. But, to my surprise, I developed a habit of scanning the area quickly for any new birds and taking pictures instantaneously.

I have taken over 2000 photos and 20+ videos in total and have 46 unique bird species captured by my camera lens.

Some of the birds are common in an area, like common myna, red vented bulbul and so on... however other birds are rare sighting such as wagtails, kingfishers, hornbills. The parrots or parakeets are common visitors near my house, but they are so much

fun to watch.

When I shared my interests on our family group, my uncle Pralhad noticed my keen interest in this serious hobby and bought a Indian bird-encyclopedia for me. This book helps me a lot each day to find the name of the bird and read all characteristics, habitats etc.

Gradually, I also got added to a WhatsApp group called "bird-walk". In this group we share our experiences, help each other with identifying birds and share great stories.

I want to highlight unique features of some of my birds:

- **Kingfisher:** These birds are called as "Khandya" in Marathi and they are found near riversides. Their feathers are very attractive, dark blue, making it unique for the birdwatchers. Even I have captured a screaming voice of a kingfisher right from my house terrace. Everyone at my house was excited to see the pictures of this beautiful bird.

- **Hornbills:** They come near riverside for breeding purpose. I was lucky to find it in Bavdhan, about 300-500 meters from Ram-nadi. They sometimes come in pairs. I have watched them individually but I have read that they also fly in pairs. The most distinguishing feature of hornbill is their crooked beak. They are found in multiple colors such as grey and bright yellow.

- **Oriental white eye bird:** These birds move considerable distance. They migrate from one area to another quite frequently, so they are a very rare sighting. The name of this bird comes from the white patch around its eye.

The other worthwhile mentions from my bird album are: purple sun bird, Brahmini starling, rose-ringed parakeet, tailor bird, copper smith barabet, Asian Koel, Bharadwaj, ashy prinia, laughing dove, ibis, bee-eater, white spotted fantail.

Thanks to the inspiration of my family and because of the hobby of bird watching, I was not bored during the lockdown period. I also learnt many things about the bird daily routines and I learnt to have patience and observe the birds and nature. When I shared my experiences with my cousin, Saket Joshi, he become inspired and started clicking bird photos near his house in Chinchwad. It feels great that more people are becoming interested in bird watching.

In the beginning there was nothing except clouds and water in this world. Then fire was born out of nowhere and the war started between the fire and water until fire capitulated that resulting in a beautiful land emerged out of destruction. Fire was hiding in the stones and woods, and remained there forever. Abotani the first man on earth (according to Tani mythology) was born out of soil. He wasn't born through the present form but passed through many stages of evolution. Tani mythology reveals the various epochs of Abotani.

During this earlier epochs it is said that Abotani got married number of times with various plants and creatures around him which includes the dove, leeches, crow, leopard etc. He was also married to PLUME BYINYI (God of fire) but during the intercourse with her he burnt his private parts due to which he travelled to tallest mountain for healing it.

In another stage it is said that Abotani had the power to transform himself from one form to another. That is how he turned himself into squirrel and visited the confidential places of Gods to learn what they are upto.

There he witnessed many deities were fighting one another for lands and territories for ruling. Abotani was also capable of fighting with the deities as he was born with "Kago-Miiri" (third eye at the back of his head) and he also had "Ludu-Piimi" (two spikes) one each at the end of the heels. He could see everything at once with the help of his third eye, and also with his two spikes Abotani battled with the deities and in this way he captured almost all the fertile lands, gentle rivers, the useful plants and trees and chased away all the deities to the mountains and deserted regions. He even captured the day time and left the night for the spirits. After the battle only Harnyang, one of the female deities refused to go to the deserted place or a mountain and was ready to fight with Abotani. However, after a long period of fighting she finally gives up.

Harnyang : Abotani stop! I will surrender to you now

Abotani : Where will you stay?

Harnyang : I'll stay by the banks of the rivers

and streams

Abotani : What will you do there?

Harnyang : I will protect the rivers and guard the banks from erosion . But a thumb for a thumb, finger for a finger, toe for toe and ear for ear.

Abotani couldn't analyze the meaning but accepted her proposal

without giving a second thought. Therefore, the descendants of the Abotani often prays to the Harnyang with offering to cure a person who is hurt while working near the banks of the river or stream.

Meanwhile, it says that Abotani became so powerful and materialistic life was on rise as Abotani started destroying spiritual lives on earth by killing Gods, Goddesses and many other deities. Resulting, another war between Gods and Goddesses vs Abotani. He fought for his freedom but couldn't defeat the allied force.

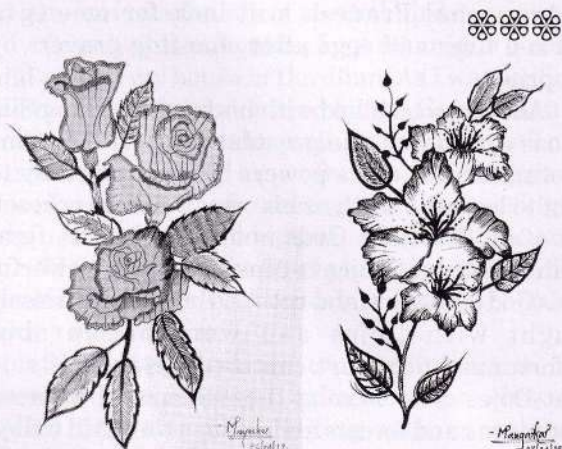

His third eye and spikes were taken away and he was cursed to remain on earth with a miserable life under the command of Gods. Abotani loved freedom and to be in power thereby he prayed and prayed and prayed to Goddess Popi (God of suggestions and advice) she appears in front of him and advised him to communicate with the Supreme God by performing "Yalya" (communication through the medium of chicken liver or an egg) This is the reason till today people of Arunachal Pradesh still look for omens in chicken liver and eggs after chanting prayers by old priest.

Abotani soon allied with his brother Abang Siki who is considered as a greatest worrier. This time Abotani had no extra powers but he was ready to fight to keep the earth as his own. Dojee was chosen out of all the other Gods and Goddesses to fight against the duo. Dojee is considered as a powerful God (God of the sky) and both the brothers fearlessly fought with Dojee and won the war but unfortunately couldn't capture Dojee. It is said that Dojee after losing the war moved to steep mountains and forests and resides there till today. It is believed that certain animals and plants belongs to Dojee. That is why it is important for

hunters to hunt carefully because if you shot down an animal belongs to Dojee he will come for revenge no matter where you are.

In the end Abotani and his brother couldn't remain in a good terms and he decided to kill his brother Abang Siki by giving him poison. After the death of his brother Abotani was filled with grief and guilt. The death of his brother was killing him inside so he decided to consume the same poison he used to kill Abang Siki and die the same way. To which all the deities feared that if Abotani dies there will be no species left on earth as it is said that Abotani has created many species by his own. Everyone including Gods, Goddesses and also the spirit of Abang Siki appeared in front of Abotani and convinced him to make the world a better place for the future generations. Seeing his brother's spirit Abotani breaks down and he asks him for forgiveness and assures him that he will look after the earth with utmost care.

Till date the stories of Abotani is revolving around the people of Arunachal Pradesh. It is passing through generation to generation by folklores and folktales. There are certain clans which are considered to be the descendants of Abotani and they are Nyishi, Tagin, Apatani, Adi and Galo. Since there is no written documents and records about Abotani therefore, there are lot of variations when it comes to the story telling. As we know there are numbers of various tribes in Arunachal Pradesh so there are chances of variability when the same is being transmitted orally throughout the generations.

Star Gazing

*I ponder what the stars hold,
A pattern where truth unfolds.*

*Bright and twinkling, winking at me,
Bringing a smile on my face with glee.*

*Infinite are you like diamonds,
My heart beats as rampant sirens.*

*This constellation is an intricate design,
Existence of unknown yet again giving a sign.*

*I am lost far words astonished by your beauty,
Staring at you is now my only duty.*

*So I wonder, will we see this enchantress later ?
Or will it be destroyed by the hidden traitor.*

- Prerna Pradeep Kadam - T.Y.B.Sc., Zoology

Why ?

*Why is it that the night wakes me up
And lifts with me my pen in its hand
Unwavering, it scribbles away stories
Uncontrollable and unplanned?*

*Why is it that the darkness lights up
Every part of my otherwise idle brain
And that it's only when the
moon shines brightest
That the words turn into refrains?*

*Why is it that the sadness within me
Translates into poetry with such ease
And the day can provide only dying leaves to me
While the nighttime offers me lush green trees?*

*Why is it that the unending black void
Its inviting arms around me wraps
And though the darkness has stolen my eyesight
My mind navigates effortlessly,
without any maps?*

*Why is it that I find this blanket of stars
So cozy and toasty and warm
Even though the night carries chilling winds
And has on a leash its ice cold storm?*

*And why is it that when all the lights are dim
And my words find the courage to flow
I am too distracted to string them together
By the answers to questions I'll never know?*

Sundar Pichai, whose full name is Pichaisundararajan was born on July 12, 1972 in Madras (now Chennai), Tamil Nadu. Indian-born American computer scientist and executive who was CEO of both Google, Inc. (2015-), and its holding company, Alphabet Inc. (2019-).

As a boy growing up in Madras, Pichai slept with his brother in the living room of the cramped family home, but his father, an electrical engineer at the British multinational GEC, saw that the boys received a good education. At an early age he displayed interest in technology and an extraordinary memory, especially for telephone numbers. After earning a degree in metallurgy (B. Tech 1993) and a silver medal at the Indian Institute of technology Kharagpur, he was awarded a scholarship to study at Stanford University (M.Sc. in Engineering and Materials Science, 1995). He remained in the United States thereafter, working briefly for Applied Materials (a supplier of semiconductor materials) and then earning an M.B.A (2002) from that Wharton School of the University of Pennsylvania.

Following a short stint at the management consulting firm McKinsey & Co, Pichai joined Google in 2004 as the head of product management and development. He is initially worked on the Google toolbar, which enabled those using the Microsoft internet Explorer and Mozilla Firefox Web browsers to easily access the Google search engine. Over the next few years, he was directly involved in the development of Google's own browser, chrome which was released to the public in 2008. That same year Pichai was named vice president and he was senior vice president, and two years later he was made product chief of both Google and the Android Smartphone operating system.

In 2001 Pichai reportedly was aggressively pursued for employment by the micro blogging service Twitter, and in 2014 he was touted as a possible CEO for Microsoft, but in both instances he was granted large financial packages to remain with Google. He also was known to have helped negotiate Google's \$3.2 billion deal to acquire Nest Labs in 2014. Therefore, when Google cofounders

Larry Page and Sergey Brin announced the creation of Alphabet. Inc. in August 2015, it came as no surprise to industry insiders that Pichai was named as CEO of Google, which was reorganized as a subsidiary. In December 2019 he also was named CEO of Alphabet, replacing Page, who stepped down.

"Dreaming is not that which you see while sleeping it is something that does not let you sleep". while most of us have shared this famous quote by Dr.APJ Abdul Kalam on social media platforms a zillion times, only a few such as Sundar Pichai who also hails from Tamil Nadu like the former Indian President, seem to have imbibed it and made it

happen. Dr. APJ Abdul Kalam was an inspiration for the Tamil boy who went from a love of technology and engineering to leading one of the world's biggest conglomerates.

Pichai will make \$2 million in salary and up to several hundred million dollar in stocks grant in his new position at CEO of Alphabet. He will not receive any additional voting rights with his shares, leaving Page and Brin in control of the board. Pichai's new salary will take effect January 1, 2020. With his stocks units divided between time and performance – based equity. Of his \$120 million in time – based stocks units will vest on March 25, 2020. As CEO of Alphabet, Pichai is the public face of the company as it continues to face challenges in the year. Google faces an antitrust probe from 50 attorneys general across U.S. and territories as well as reported probe by justice Department.

With all the growth, Pichai has faced his own set of challenges. Talking about the life of Sundar Pichai, nearly every turn is worth inspiration. From his early hardships to his risk taking and cooperating attitude, all marks the qualities of great leader. If past performance is any indication, Google is in good hands and will perform well in the coming months and years.

Jai Hind everyone I am Harshal Tawede, a student of Second year, pursuing Bachelor of Arts. I have written this article to share my experience and view points, "Why one should join NCC".

I remember when I was in 8th standard there was a friend of mine name "Joel", who was in NCC JD (JUNIOR DIVISION). He always used to share the things and activities with us that are carried out in NCC. As he was in the, "Air Wing" unit, they usually used to visit airforce stations where aircraft of Indian airforce are stationed. Where they got to see supersonic fighter aircraft, massive transport aircraft and amazing helicopters and also got joy ride in gliders. Being from defence background I always aspired to be a fighter pilot. So every time Joel used to share his experiences of visits and glider sorties among us it would always ignite my mind and I wished that even I could experience all this by myself. That was the time when I decided to join NCC. So when I was in first year I enrolled and went for the selection of NCC Air Wing unit. I successfully made it through the selection process which included a physical test, an aptitude test and a personal interview. After this the training started First year training focused mostly on drill, service subjects, personality development and rigorous ragda sessions. In second year, selection process of various national camps are been held like, 'AIVSC (All India Vayu Sainik Camp) and RDC (Republic Day Camp). Selected number of cadets were sent to participate in their respective choice of national camps. I chose AIVSC, but unfortunately I wasn't able to make in the last final selection of AIVSC squad and had to return after just completing 3rd stage out of 4. Second year is when we learn a lot of things and shape out our personality by representing our unit and directorate (state) at national level competing with 16 other directorates of India. At the end of second year "B" certificate exam was conducted in the month of February. Third and final year starts from the month of July. In third year cadets are given appointments. TY cadets have the responsibility and are most likely to train their juniors for national camps by their experience and like this

Why should you join NCC ?

Harshal Tawede - S.Y.B.A.

cadets learn squad handling, commanding and leadership qualities by all these activities. In TY I went for ALC (Advance leadership Camp) which was held in Coimbatore, Tamil Nadu. This camp focused more on teaching Advance Leadership techniques and ways to cadets by highly decorated officers of the Indian

Army, Navy and Airforce. At the end of third year "C" certificate exam is being held in the month of February and here the journey of NCC ends.

Now after passing out after undergoing 3 years of NCC training, while remembering and reviewing memories, lessons and teachings of the past years of training, I realize how essential were these years and how right my decision was of joining NCC, which I think that every possible individual should be aware of and undergo NCC training.

At this age of 17-20 youngsters are full of energy, curiosity, enthusiasm and have the zeal to enjoy themselves to the fullest. I think most of such young students should use this energy, enthusiasm and zeal in a productive ways which one can do by joining NCC which is also a good platform for accomplishing achievements. Now for most of the students a question arises that, "why should they join NCC ?".

So here's my answer to all of you my friends. Well as we all just step into the next phase of our journey that is college life, after completing 12th standard, now this is a time which is very essential for all of us, as whatever actions and decisions we take during this time play a crucial role and decide our forthcoming opportunities. Joining NCC benefits an individual greatly in all aspects one could think of. NCC (National Cadet Corps) is the largest uniformed youth organization of the country which itself is the first major thing about it. This platform is especially for the youngsters of the country who aspires vividly to serve the country. Each and every individual gets a fair and equal opportunity to showcase his/her various hidden

potential/ talents on a great and also free platform as it a government aided organization. Being a part of this organization helps one to enhance his/her personality by taking part in various national camps in which various students

participate from all parts of the country. For example young graduate cadets get to participate in the prestigious "Republic Day Parade camp" every year which include, marching on Rajpath, PM rally and guard of honour also "Youth exchange program" wherein cadets as ambassadors represent our country on the international level in various other countries. These are some of the secondary benefits for any cadet. Now coming on primary benefits cadets develop, learn and inculcate various essential qualities like character development, courage, comradeship, discipline, leadership, secular outlook, spirit of adventure, sportsmanship and the ideals of selfless service to make them useful citizen. All these things play and perform a major role in day to day life and all this is done as an extra curricular activity simultaneously with graduation. I would like to conclude by saying that, "NCC shapes an individual subtly and makes one an ideal citizen of the country". I hope everyone must have got a brief and crystal clear idea about NCC from the above text and I strongly believe each individual looking forward to being an ideal personality and serve the country must join NCC as it gives you a much closer look of how armed forces of the country works.

I have now passed out of NCC and I am preparing and aspiring to join the Indian air force in the coming years and can proudly say that this organization (NCC) is one of the most respectful, prestigious and promising organization of the country that one could join and be a part of.

The Ones Who were Left Behind !!

*We got 'privileges' for being "one"
From freedom of education & speech
To execute some morbid laws.
We advanced in many fields,
Science, literature or weapons
But there were some!
Who were just left behind!*

*Got praised, by the so-called "society"
Jobs, that were given only
if you are "the one".
Not being able to get recognised
or even given them proper "rights"
There were some
Who, were just left behind!*

*They've struggled !!
from being tortured by their own
To be blamed for carrying a "girl child".
All those suffering and pain!
But some of them did not go in vain
"WOMEN" !!
they were the ones
Who were left behind!
"THE IMPECUNIOUS"
were the ones
Who were left behind!
But not anymore! not anymore!*

The Circle of Life

*The circle of life
Deep colors in for the dive
Some moving forward towards the centre of heat
Some away where the music basically beats

Dreaming of high end excited nerves
Joining straight lines and curves
Waiting for an idea to strike
Waiting for the notification window to fill with likes

Oh the "buts" and the "what ifs"
Destroying hidden God's gifts
Everytime waiting to shine bright
Fill the darkness with light

Softly putting a foot forward
Cutting all obstacles with a sword
An artist rises up
With an overflowing cup*

Lying on my couch I wondered- Will it ever end? Is all this just temporary? All those things in our lives that we gave way too much of importance to while we were seemingly ignoring the beauty of the little things in life. Spending quality time with our families, and taking care of our health and well being by simply enjoying the comfort of our very own home. Our lives have been hauled from the hustle and bustle of the outside world that has added a different kind of value to life.

While the roads and highways outside seem incomplete without the constant noise of honking, the air we breathe is at last clear from all the pollution it was infused with due to the vast daily commute of individuals. Yes there is fear Yes there is isolation. Yes there is panic buying. Yes there is even death. But, they say after all those hours of noise, you can hear peace. You can smell the rain. You can move from place to place. We humans are all alone together.

Even locked but all gathered in those squares and clapping for hope and positivity. Keeping their windows open, so those who are home alone can hear those who are home together. Today all over the world

people are slowing down and relaxing. All over the world people are looking at their neighbours in a new way. People are waking up to the new reality. To how big we really are. To how little control we really have. To what really matters. To love.

Wake to the choices you make Today let's breathe. Today let's live with positivity. Today I feel blessed that we are all awake and fine. While realising that change and growing isn't always easy, know that you are in process of becoming. It might take time, it might bring you to your knees but it will be worth it. It always win.

The Mind

*The mind has myriad thoughts;
In which we may often feel lost.*

*Here, Joy, Fear, Love and all emotions find their seat;
Without these our lives may seem incomplete.*

*And sometimes, a word or two wrong we may speak;
As the unconscious mind plays hide and seek.*

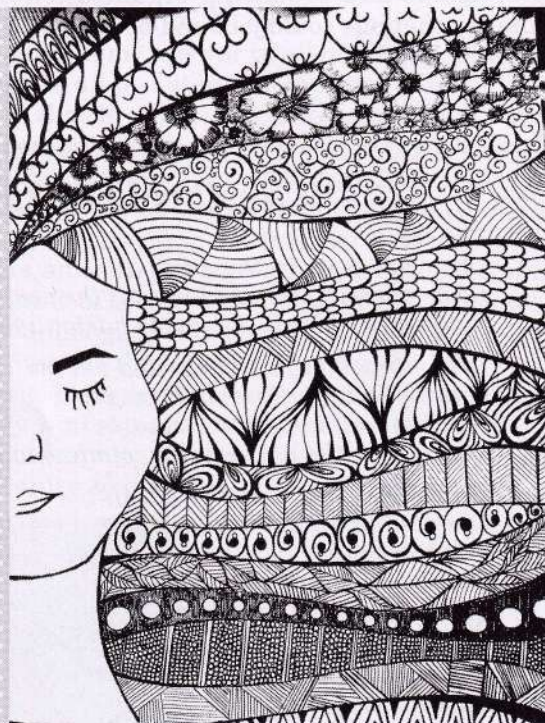

*Then there is ego and id, with their balance dismissed;
And soon we may find our temptations are hard to resist.*

*Also, let's not forget about the memories old and new;
Although some of them are as small as drops of dew.*

*Such is our glorious mind, the learned mind;
Thoughts and feelings it invokes without needing a single remind.*

*Finally, we must learn to sail through the emotional tides;
For us to cruise through life in a smooth ride.*

The Personality is the typical pattern of thinking, feeling, and behaviors that makes a person unique.

When we say that someone has a “good personality” we mean that they are likeable, interesting and pleasant to be with.

Everyone wants to be attractive to others. To that end, having a good personality is vital probably even more so than good look.

In fact, approximately 85 percent of your success and happiness will be a result of how you interact with others. Unlimitedly it is your personality that determines whether people are attracted to, or shy away from you.

While we can only enhance our looks to a certain extent, we have ability to improve the personality as much as we want. We can develop or integrate in our personalities any trait we deem fitting and agreeable.

Read more and expand your intrests

The more you read and cultivate new interests, the more interesting your to others. When you meet new people it creates a new opportunity to share what you know and to exchange your views with them.

Be a good conversationalist

This relates how much you read and know good conversation once you have much to contribute, learn how to talk about it with others. No one can read about or know everything, so it's refreshing to learn from others those things we don't have the time to about read ourselves.

Have an opinion

There is nothing more tiresome than trying to talk to someone who as no opinion on anything. A conversation has nowhere to go if you have nothing to expound on. If, however, you have an uncommon point of view or different opinion, you are most interesting and stimulating to be welcome socially.

Meet new people

Make the effort to meet to new people especially those unlike you. It not only exposes you to different cultures and alternative ways of doing

things, it broadens your horizons.

Be yourself

The next most tiresome thing after having no opinions is trying to be something you're not. Since each of us is unique, expressing that uniqueness is what makes us interesting.

Have a postive outlook and attitude

Who wants to be around people who are negative, complain a lot, or have nothing good to say? Instead, be the kind of upbeat person who lights up a room with your energy when you enter it. Do it by looking for the

best in people and things. Smile warmly, spread good cheer, and enliven others with your presence.

Be fun and see the humorous side of life

Everyone enjoys the company of someone who makes them laugh, or smile, so look for the humorous, quirky side in a situation there always is one. Comic relief is a much welcome and needed diversion at times.

Be supportive of others

Being supportive is probably the most endearing quality you can integrate into your personality. Just as you yourself welcome it, be the support for others when they need it. We all love a cheerleader in our corner; someone who is encouraging, believes in us and help pick us up when we're down.

Have integrity and treat people with respect

Nothing improve a person's personality more than integrity and respect-respect for others, as well as respect for yourself.

Be a better listener

Jacqueline Kennedy cultivated the skill of being an exceptional listener. She was known for the way she would look a person in eyes, hang on their every word, and make them feel important. There is nothing more appealing than having someone else listen to you intently making you feel like you're the only person in the world.

We have the ability and power to create and shape our own personality !

Ich habe im September 2019 in Deutschland an einem Sprachkurs teilgenommen. Das Institut 'Kommunikation Akoun und Scholten' befindet sich in der im Westen von Deutschland gelegenen Stadt Duisburg des Bundeslandes Nordrhein- Westfalen. Der Ruhr, der ein Nebenfluss des Rheins ist, fließt die Region des Ruhrgebiets entlang. Daher wird diese Region sogar als 'Ruhrgebiet' bezeichnet. Der Kurs hat 4 Wochen gedauert, in denen ich Themen wie Medien, Kommunikation, Politik, deutsche Geschichte und Phonetik studiert habe. In dem Kurs, gab es viele Pflichtausflüge z.B nach Köln, Bonn, Aachen, Berlin, Wuppertal, Dortmund , Boppard u.s.w.

In der ersten Woche haben wir die Stadt Duisburg und die Zeche Zollverein in Essen, die auch als Eiffelturm des Ruhrgebietes genannt, besucht. Die Zeche Zollverein war ein aktives Steinkohlbergwerk in Essen, die heute ein Architektur und Industriedenkmal ist.

Das Wochenende war für Aachen und Loreley geplant. Aachen liegt im Dreiländereck Deutschland- Belgien - Niederlande. Und nicht zu vergessen, die weltbekannte Lindt Fabrik hier haben wir auch besucht. Die Loreley Felsen ansässig am Rhein sind ein Anziehungspunkt für die Touristen.

Nächstes Wochenende hatten wir einen Ausflug nach Berlin: das Beste an dieser Tour. Die Stadt hat nicht nur kulturell sondern auch touristisch sehr viel anzubieten: das Reichstagsgebäude, Checkpoint charlie, Brandenburger Tor, Grippe Theater, Alexanderplatz ,Wannsee, the Berlin Mall und vieles mehr. Wirklich eine Traumstadt!

In den nächsten Wochen haben wir das Haus der Geschichte und Schloss Drachenburg in Bonn, die Königbrauerei in Duisburg , der Klett Verlag in Dortmund, den Kölner dom, Wuppertal Universität in Wuppertal und die Düsseldorf Stadt besucht.

In Deutschland habe ich bei einer deutschen Familie gewohnt. Die Familie Kus war ganz nett und verständnisvoll. Ich würde gern hier eine Erinnerung, die mir sehr am Herzen liegt, mitteilen. Am 22. September hatte ich Geburtstag. Die Nacht davor, gegen 23:59 Uhr hörte ich eine

kleine Bewegung und ganz genau um 12 Uhr um die Mitternacht wurde die Tür geklopft und da standen Frau und Herr Kus mit einem großen selbstgebackenen Käsekuchen und 20 Geburtstagskerzen! So eine süße Überraschung erinnerte mich an meine Familie in Indien. Wer tut das eigentlich für jemanden, der aus einem anderen Land kommt, aus ganz anderer Kultur und nur für 21 Tagen bekannt ist? Ich glaube nur wenn man den Anderen mit Heimgefühl komplett akzeptiert, ist es besonders merkwürdig. Die Beiden waren besonders freundlich und ganz schnell sind sie meine Gasteltern geworden. Wenn ich mich verspätet habe, haben die beiden mir von

den jeweiligen Orten nach Hause gebracht und es zeitig bewiesen, dass es nicht nur 'Gastfamilie' ; vielmehr ist es 'die Familie' die uns wohl und sicherfühlendes Gefühl anbietet. Was bemerkenswert war, man kann ja auch im Ausland sich wie Heimat fühlen.

Abschließend möchte ich sagen, bei der Rückfahrt war mein Koffer voll mit

vielen unvergesslichen Erinnerungen und zahlreichen Information. Dieser Kurs gab mir nicht nur einen Einblick in Deutschland, sondern half mir auch dabei, echte Kontakte zu knüpfen.

Erweckt

*Ich habe gestern geschlafen
Und als ich aufgestanden bin
Sah ich meinen leblosen Körper
Wieso? Es machte keinen Sinn.
Okay, dachte ich, vielleicht*

*Ist meine Zeit auf der Erde um
Vielleicht hab ich die Tür zum Tod geöffnet
Und die Welt verlassen, um mich herum.*

*Trotz dieses Limbo fühlte ich mich so wohl
Unüberwindlich, unbesiegbar,
Nie in meinem jetzt endenden Leben
Sah ich alles so unglaublich klar.*

*Es war als ob der Tod
Hat mich irgendwie befreit
Hat meine Seele aufgeweckt
Auf dem Weg zur Unsterblichkeit.*

- Sana Oswal - T.Y.B.A

Ich sage immer, dass wir allein geboren sind und wir sterben auch allein. Aber was ich vergesse ist, dass es ein ganzes Leben dazwischen gibt. Also wegen der garantierten Einsamkeit bei der Geburt und im Tod, wollen wir sie auf Biegen und Brechen in dem Leben ausweichen. Und was steht denn als Lösung dafür? Wir wollen vor allem diese einzige Person finden, die der endgültige Partner unseres Lebens wäre. Daher entsteht diese unweigerliche Sehnsucht nach so einer Zweisamkeit und die lebenslange Suche nach dieser Person. Wenn man das im romantischen Licht sieht, ist es alles so poetisch. Das ist alles, was man im Leben braucht. Eine Hand in seiner Hand, die schönsten Augen, die seine ganze Welt enthalten, der Partner in Freud und Leid, so eine Leibe, die den Tod auch transzendiert. Allerdings vergisst man, dass die einzige Person, womit man sein ganzes Leben teilen kann, ist sich selbst. Nur sich selbst. Obwohl diese Sehnsucht nach der Zweisamkeit verständlich ist, ist man doch und wird auch immer noch in der wichtigsten Momenten seines Lebens allein sein. Das steht überhaupt nicht zur Frage. Also wäre es nicht weise, diese unverwüsthche und für ewig geltende Beziehung in sich selbst zu suchen? Die

unvermeidbare Einsamkeit des Lebens zu akzeptieren? Ich verstehe, dass das alles ganz einfach zu sagen ist. Selbst möchte ich auch immer das Gefühl der Einsamkeit fliehen. Und natürlich ist das Leben auch viel reicher, wenn man es mit wunderbaren Leuten teilen kann. Wesentlich ist es aber auch sich ein bisschen mit der harten

und grauen Realität vertraut zu machen.

Das ist ja die älteste Klischee - Man ist sein eigenes Lebenspartner. Das ist aber gar nicht was ich soweit gemeint habe. Aus meiner Sicht kann es im Zuge von Leben zahlreiche Lebenspartner geben. Ich denke auch, dass der Lebenspartner sich nach der Phase des Lebens ändern kann. z.B. Der erste Hund kann der Lebenspartner in der Kindheit einer Person sein. Oder nicht. z.B. Geschwister können lebenslange Partner sein. Allerdings ist es von großer Bedeutung, dass trotz der Möglichkeit mehrerer Lebenspartner, ist der wichtigste Lebenspartner des Menschen immer sich selbst. Also wir müssen uns nicht nach der Zweisamkeit, sondern nach der Freude an der Einsamkeit sehnen.

Deutschland Und Ich

*Ich bin nur einmal in Deutschland gewesen,
Ich habe, aber, nur ein bisschen des Landes gesehen.
Ich liebe die Deutschen, weil sie sehr pünktlich sind,
Höflich und nett ist jede Frau, Mann und Kind.*

*Am besten hat mir besonders diese Sprache fasziniert,
Aber manchmal sind the Grammatik Regeln sehr kompliziert.
Das Verb kommt immer an die Position 2,
Und immer sind Dativ ,mit', ,nach' und ,bei'.*

*'Hat gebacken' und 'hat gebackt', beide sind richtig,
Um jeder Verb Konjugation zu wissen, ist es auch sehr wichtig.
'Käse Laugenstange' und 'Rhabarberbarabar'
Einige Aussprachen sind noch nicht klar.*

*Aber ich möchte noch mals sagen,
Ich will noch mals nach Deutschland fahren,
Den ganzen Deutschland erleben und suchen,
Denn, da habe ich mein Herz verloren!*

Das echte Verstreichen der Zeit nimmt man durchs Musikhören wahr. So dachte ich immer. Und so denke ich immer noch. Musikhören ist eine der rarsten Aktivitäten, in der man Zeit wirklich berühren kann. Mit jedem Ton öffnet sich die Seele ein bisschen mehr, um die Musik und alles Gutes, das sie mitbringt, einschleichen zu lassen. Und was bringt sie denn mit? Das ist genau das Beste dran. Es ändert sich je nach dem geistigen Zustand des Menschen. Musik kann ein Liebesgeständnis sein, oder auch das Fahrzeug für Kummer sein. Musik kann der Weg zur Selbstentdeckung sein. Musik kann die Basis für die Selbstwiedererfindung einer Person sein. Musik kann ein Ausgang aller Emotionen sein - Ärger, Verlassenheit, Reue, Freude. Musik kann die Reise zu unserer Seele sein. Der Weg nicht nur zu uns, sondern auch zu anderen. Musik verheilt uns. Vor

ist ein Teil von uns. Sie ist für viele eine Zuhause. Für viele anderen eine Zuflucht. Und trotz der zahlreichen Verschiedenheiten der generellen Menschheit, kann jeder in Musik sein eigenes Paradies finden.

alles ist aber Musik eine Art der Selbstdarstellung. Durch Musik verstehen wir uns selbst, verstehen wir uns anderen und fühlen wir uns auch verstanden. Musik ist für die Verschönerung unseres täglichen Lebens verantwortlich. Und wenn das Jetzt zu trostlos ist, übernimmt Musik die Rolle einer Zeitmaschine. Das Leben ändert sich jeden Tag aber ein Wort aus einem Lied

kann uns nicht nur zurück zu einem Moment bringen, sondern auch die in diesem Moment so intensiv empfundenen Gefühle genau so nochmals erleben lassen. Was für eine märchenhafte Erfahrung, oder? Musik ist einfach immer voller Magie. Sie

Freundschaft

*Eine Freundin ist die Rose in dem Garten des Lebens,
Sie ist der Ofen, in dem das Brot des Lebens brennt nicht.
Freundschaft ist mehr als Armut und Reichtung,
Man erinnert sie in alle Freuden und Sorgen.
Es gibt nur eine Person, die man die 'Beste Freundin' nennt,
Wir sagen ihr alles, ohne zu zögern.
Manchmal versteht sie alles ohne zu sprechen,
Und manchmal versteht sie alles, trotzdem zeigt es nicht.
Es ist nicht zu verstehen, dass es in der Freundschaft keinen Streit gibt,
Aber man kann nicht ruhig sein ohne das Problem gelöst zu haben.
Wenn eine der Bogen ist, ist die andere der Pfeil,
Wenn eine der Körper ist, ist die andere die Seele.
Sie haben keine Bedeutung ohne ein ander,
Aber wenn sie zusammen sind, brauchen sie nichts Anderes.
Man sagt richtig, Freundschaft hat kein Haus, kein Ort,
Sie hat keine Haus, denn sie wohnt in deinem und meinem Herzen...*

Seit den letzten zwei Jahren studiere ich Germanistik am Modern College, Shivajinagar, Pune. Die zwei Jahre sind fast wie im Zug verlaufen und jetzt sind wir fast zu Ende unserer Reise. Ich möchte was über meine Erfahrung von dieser spaßigen Reise euch erzählen.

Germanistik ist eine sehr umfangreiche Fachrichtung, die sich grundsätzlich mit der deutschen Belletristik, d.h. Literatur und der deutschen Sprachwissenschaft befasst. Es ermöglicht eine ausführliche Auseinandersetzung mit der Kulturgeschichte der DACH Länder, sowie das Übersetzen. Aber das alles klingt ganz fachspezifisch ne? Einfacher gesagt, man beschäftigt sich mit der deutschen Kultur und der schönen deutschen Sprache. Man lernt die deutsche Literatur, Geschichte, und noch Vieles kennen. Aus den vielen Fächern, die uns beigebracht wurden, Gattungen, Geschichte sowohl in dem zweiten Jahr als auch in dem dritten Jahr, literarische Epochen und letztendlich auch Philosophie, haben mich richtig begeistert. Es wird gesagt, in der deutschen Gesellschaft wird die Meinungsfreiheit ganz hoch geschätzt. Diese Idee spürte ich ganz deutlich während des Studiums. Ich hatte immer das Gefühl, dass ich erstmals eine Meinung über jede Kleinigkeit haben sollte. Und zweitens das meine Meinung wertvoll ist und zum Ausdruck gebracht werden muss. Im Gegensatz zu den anderen Fächern, waren die Deutschunterrichte immer auf eine interaktive und kreative Weise gestaltet worden.

Es wäre hier nicht falsch zu behaupten, dieses Studium hat nicht nur mein Horizont sondern auch mein Allgemeinwissen erweitert. Es steht außer Zweifel, dass man über eine gute Sprachkenntnis verfügen muss, um diese Herausforderung annehmen zu können, aber es lohnt sich auf jeden Fall sich mit diesem Studiengang zu engagieren.

Es gibt drei deutsche Abteilungen in Pune, die mit der SPPU affiliert sind. Und unsere ist die Jüngste und natürlich auch die Beste. Die deutsche

Gerichte zubereiten oder backen. [Sie sind wirklich lecker!] In dem Quiz werden normalerweise Fragen zu den DACH Länder gestellt. Ich muss ja euch davor warnen, es ist wirklich voller Konkurrenz. Und dann kommt mein liebtag, indem wir unseren inneren Dichter, Schriftsteller frei lassen, uneingeschränktes unbegrenztes Schreiben. Dieses Fest ist offen für alle. Aber wir Germanisten hatten auch ein paar sonder Gelegenheiten gehabt, wie z.B. letztes Jahr Frau Lena, eine Lehrerin aus der Wiener Universität hat uns eine kleine Einleitung in der Österreichischen Literatur gegeben. Der Höhepunkt meiner Erfahrung war aber auf jeden Fall der Besuch von den Studenten aus der Ludwig-Maximilians-Universität, München. Das war das erste Mal, dass ich mich mit deutschen Studenten unterhalten hatte. Ich war außer Freude an dem Tag, und habe wirklich diese Austauschmöglichkeit genossen, und wird es für Ewigkeit schätzen.

So sahen meine zwei Jahre aus, voller Vergnügen, Spaß und Lernen. Zusammenfassend möchte ich nur sagen, Deutsch macht wirklich Spaß.

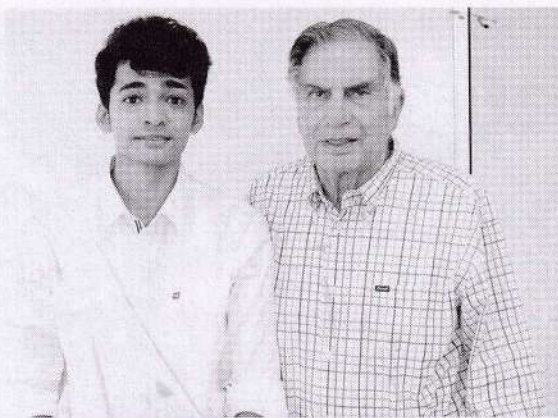

In dieser Corona-Krise alle Leute, die anderen in Ansicht nehmen, sind Helden. Zuerst müssen wir uns bei den Ärzten, den Polizei, den Krankenpflegern, den Geschäftsinhabern und alle anderen Frontarbeiter bedanken. Trotz der großen Erkrankungsrisiko arbeiten die Frontarbeiter rund um die Uhr.

Wegen der Corona-Krise können wir andere Seite der Humanität sehen. Fast alle suchen einander zu helfen, sei es emotionale Unterstützung oder Finanzierungshilfe. Es gibt auch viele Menschen, die eigene Komfortzone verlassen, um die Gesellschaft während dieser Corona-Pandemie zu helfen. Leider bekommen diese Alltags-Helden keine Anerkennung.

Shantanu Naidu ist ein Corona: Alltags-Held. Er ist nicht nur Besitzer einer Nichtregierungsorganisation „Motopows“, die besonders für die Steuerhunde arbeitet, sondern auch einen Assistent zur Ratan Tata.

Er hilft fast alle bei allen Arbeiten- von der Tiere bis zum die Polizei. Er begann sein Arbeit schon bevor die Erklärung der Lockdown-Maßnahmen. Zuerst begann er mit kleine Schritte. Er hat die Rentner und die Personen mit der Immunsystem Mängel Lebensmittel und Medizinen geliefert.

Dann begann er die Streunerkatzen und die Streunerhunden in seiner Nahbereich zu füttern. Aber nach komplette Ausgangssperre war es sehr schwierig, Futter für die Tiere zu Kaufen. Er hat einige Politiker getroffen und hat nachgefragt Futter zur Verfügung zu stellen. Als er die Tiere gefüttert hat, hat er es gemerkt, dass die Tiere nicht genug Wasser bekommen. Deshalb jeden Tag lässt er das Futter in Wasser einweichen, bevor es die Tiere zu geben. Aber plötzlich nach ein paar Wochen hat

die Maharashtra Regierung feste Zeitraum für die Tierfütterung gestellt. Die Zeitraum ist vom 05:30 bis 07:30. Aber wo ein Wille ist, ist auch ein Weg. Trotz dieses ungewöhnlichen Zeitraum füttert er die Tiere. Und die überraschende Sache ist, das er alles Futter aus Eigenmitteln finanziert.

Einmal hat ein Polizist auf dem Weg ihm gesagt,, Es ist gut,dass du die Tiere fütterst. Aber auch wir arbeiten jeden Tag und wir bekommen genug Wasser und Essen nicht! Warum hilfst du uns nicht?“Herr Naidu hat mit dem Polizist mitgeföhlt. Am nächsten Tag hat er eine Flasche

Mineralwasser alle Polizisten, die auf der Straße waren, gegeben. Mithilfe Tata Organisation hat er auch tägliches Mittagsmahl für so viel wie möglich Polizisten in Mumbai zusammengestellt.

Die Regierung hat die Damenbinde in lebensnotwendige Güter nicht inbegriffen. Er hat mit seinen Freunden einen Antrag geschrieben, um sie in lebensnotwendige Güter zu inbegriffen. Später hat die Regierung die Damenbinde in Liste von Lebensnotwendiges eingeschrieben.

Herr Naidu hat gerade mit Ratan Tata gearbeitet, persönliche Schutzausrüstung für die Ärzten auf den Luftwagen zu transportieren. Jetzt recherchiert er die Wirkung von Corona-Krise auf

indische Wirtschaft und welche Maßnahmen soll die Regierung treffen, um die Wirtschaft unterstützen. Es zeigt, dass er nicht nur über die gegenwärtige Situation denkt, sondern auch über die Zukunft.

Können Sie sich vorstellen, dass Shantanu Naidu nur 27 jährige Jung

ist? Trotz viele Schwierigkeiten versucht er alle zu helfen. Wir können von ihm inspiriert werden und für die Tiere und Leute in unsere Gegend zur Verfügung stehen.

„Nimm dir Zeit für Dinge, die dich glücklich machen!“, sagt mein Vati und so tanze ich aus Freude. Mein Leben dreht sich um Tanzen. Meistens beschäftige ich mich den Großteil meines Tages damit- sei es Training, Musik für einen Tanz aussuchen, im Internet nach Infos und Inspirationen suchen.

Ich lerne einer der bliebesten, ältesten südindischen Tanzform namens ‚Bharatnatyam‘. Diese Tanzform stammt aus dem indischen Bundesland Tamil Nadu. Es sind zwei Jahre her, seitdem ich diese Tanzform von einer großartigen Guru, Dr. Sheela Unnikrishnan lerne. Ich habe schon zwei Prüfungen mit guten Noten bestanden.

Bharatnatyam ist die älteste klassische Tanztraditionen Indiens. Sie ist eine von der acht altindischen Tanzformen, die von der ‚Sangeet Natak Akadami‘ anerkannt werden. Der Tanz war traditionell eine Form einer interpretativen Erzählung mythischer Legenden und spiritueller Ideen aus den hinduistischen Texten. Die traditionelle Bharatnatyam-Aufführung folgt eine

siebenteilige Präsentation. Diese Reihe heißt „Margam“- Alarippu, Jastiswaram, Shabdam, Varnam, Padam, Thillana und Mangalam. Die Präsentation normalerweise heißt ‚Arangetram‘. Der Tanz wird von live Musik und Sänger begleitet. Bharatnatyam blieb bis zum 19. Jahrhundert eine exklusive Form in den hinduistischen Tempeln. Bharatnatyam ist eine Kunst, die den Körper segnet.

Diese Form regt die Spiritualität in mich auf. Ich kann die Welt um mich herum vergessen und einfach fliegen. Tanz bedeutet für mich der Ausdruck von Rhythmik und Kreativität im Zusammenhang mit der Körpersprache. Der bedeutet auch Freude, Disziplin und hauptsächlich die Freiheit. Tanzen ist wie ein richtiger Sport für mich.

Ich glaube, Tanzen ist ein Gespräch zwischen Körper und Seele.

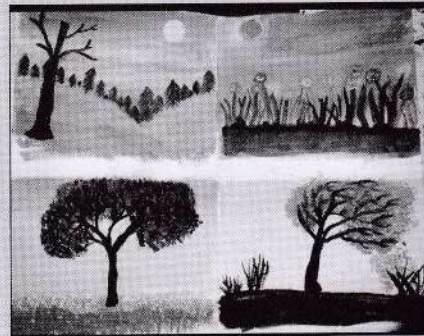

*Als ein Kindchen
mochte ich den Frühling-
Da konnte ich die Blumen riechen,
Aufs Gras laufen und fallen und spielen.
Ganz einfach!*

*Als ein Jüngling
War der Sommer voll mit Streben
Die Hitze dadrin
machte es schwierig,
von der Seele zu sprechen .
Kampf im Inneren
und das Sehnsucht nach Anerkennung ,
so ein Stress!*

*Als ein Erwachsene
erlebte ich den ruhigen Winter,
schneebedeckte Bäume,
warmen Kaffee
und meinen Liebling bei mir!
Alles was ich geträumt hatte
War endlich wahr.
In meiner bequemen
Welt tanzte ich ohne Gefahr.*

Jahreszeiten

*Als ein Ältere
sah ich die Blätter draus,
Mit jedem fallenden Blatt,
kam eine Erfahrung heraus.
Die Wachstumsperiode ist zu
Ende gekommen.
Es war wirklich ein Segen,
die Jahreszeiten wahrzunehmen !*

Als wir im Jahr 2019 lebten, hatten wir Probleme wie Globale Erwärmung, Wälderbrand, geschlechts- und wirtschaftliche Ungleichheit, usw. Gegen Ende des Jahres, wurde diese neue Epidemie in China bekannt. Zuerst nahm niemand diese Krankheit ernst, aber als sie langsam die Leute in China und danach in Italien, Spanien und andere europäischen Länder ums Leben brachte, waren alle Regierungen besorgt.

Seit März 2020 geriet Indien unter Lockdown, nachdem der Corona Virus in unser Land ankam. Niemand wusste was zu tun war, weil man so eine Situation nie erlebt hatte. Die Anzahl der Kranken stieg rasch und die Menschen, überall auf der Welt, fühlten sich hilflos und extrem unsicher. Wir mussten gegen etwas total Unbekanntes und Gefährliches und sogar etwas Unichtbares kämpfen. Jetzt haben die Leute den Zustand langsam akzeptiert aber die Gefühle bleiben gleich.

Die Lage der Obdachlosen und Arbeiter ist wegen dieser Krankheit schrecklich geworden. Viele Angestellte haben ihre Stellen verloren. Am schlimmsten ist aber die immer groß gewordene Anzahl der Kranken und Toten. Die Ärzte, medizinische Hilfskraft, Polizei, die pausenlos schufteten, können wir nie genug danken, weil sie eigentlich ihre Leben für die Sicherheit der Menschheit bieten und riskieren. Der Sieg ist aber noch nicht erreicht.

Zwar haben wir keine Kontrolle auf die Pandemie, aber es ist ein Verdienst des Menschens, dass wir lernen, uns schnell an neue Situationen anzupassen. Die Leute, die sonst immer mit der Arbeit beschäftigt waren, verbringen heute viel mehr Zeit mit der Familie oder für Hobbys. Am wichtigsten ist, dass wir endlich die Chance haben, um sich selbst besser kennenzulernen. Die Zeit wird schließlich für die Gedanken und für bisschen Ruhe verfügbar. Mit der Natur wird auch die menschliche Seele verjüngt.

Diese Pandemie hat uns gezeigt wie klein und vorläufig unser Leben ist. Meiner Meinung nach

Auseinandersetzung mit der Covid19 Pandemie

haben wir, wegen dieser Probleme, die Bedeutung von Kleinigkeiten im Leben verstanden. Wir schätzen jetzt die ehemalige alltäglichen Sachen, die wir früher nie bemerkt hatten. Jede

Münze hat eine Kehrseite; Trotzdem hat diese Krise die Welt in Chaos geführt, aber wir können uns doch davon durch gute Ausnutzung der Zeit profitieren. Es wäre intelligent die Lebensweise zu verändern, sodass es uns hilft, gegen diese Pandemie zu kämpfen. Für alle Regierungen der Welt ist das ein Zeichen: statt für Zerstörung so viel Geld auszugeben, sollen sie mehr für den Schutz des menschliches Lebens investieren.

Persönlich, sehe ich den Mensch als jemand der auch von etwas Schlechtes etwas Schönes schaffen kann. Ich glaube an die Macht des menschlichen Geists.

Doch unter großem Stress können wir ein relativ gutes und wunderschönes Leben führen. Was wir brauchen ist nur ein bisschen Mut und Hoffnung.

Frau 1 :

*Ein Leben des Leidens, der Schmerzen
Eine farbenlose Welt, alles nur im Grau
Du bist nur das wert, sagen dir alle
Denn du bist ja eine Frau.*

Gedichte

Frau 2 :

*Mein ganzes Leben hab' ich geschwiegen
Und ihr habt meine Stimme gedämpft
Seit einer Ewigkeit von unaufhörlichem
Leiden
Hab' ich gegen die Welt und Zeiten
gekämpft.*

*Dennoch stehe ich, unbesiegt
Und aus meiner Schmerzen und meiner
Reue
Aus meinen Tränen und meiner Blut
Mache ich ein ungeheuerliches Feuer*

Oft sehen wir Tiere an der Strasse oder in der Zoo oder in einem Bild und wir fühlen positiv. Warum?

Also, Tiere machen uns froh. Man findet dieses Gefühl auch aus die Haustiere d.h. Der Hund oder Die Katze. Aus diesem Grund ist die Nummer von Haustiere eingestiegen.

Die Haustiere haben eine positive psychologische Wirkung an die Menschen. Die Menschen sehen die Haustiere wie eigenes Baby. Jetzt könnt ihr vermuten wie speziell die Bindung mit einander seid.

Sie essen zusammen, spazieren, spielen und manchmal auch sprechen zusammen. Doch nur die Menschen. 'Ein Haustier zu haben' ist auch ein Globales Trend, darum findet man eine Gemeinschaft.

Ein Gemeinschaft, die alle Gleichgesinnte, zusammen bringend. Oft sehen wir, dass ein Alleinerziehend bringt das Haustier zu Hause.

Ein Haustier kann ein wichtiger Begleiter für Kinder sein. Nicht nur für die Kindern, Sondern auch für die Erwachsene. Sie helfen der Stress gut aufzubauen.

Viele gesundheitliche Vorteile für den Menschen ergeben sich, wenn eine emotionale Bindung an Haustiere besteht. Und wir kümmern uns am meisten um Tiere, die bei uns leben.

Da Haustiere von vielen Menschen als Familienmitglieder angesehen werden, ist der Verlust eines Hundes oder einer Katze oft ein Grund für tiefe Trauer. So eine treue und eine echte Bindung bleibt zwischen die Menschen und die Tiere.

Auswirkungen von Tieren auf menschlichem Leben

Viraj Gajare - T.Y.B.A.

Soziale Netzwerke, die auf der Grundlage gemeinsamer Besorgnis über das Wohlergehen von Tieren entwickelt wurden, können zu einer strengen Mensch zu Mensch Interaktion sowie zu

Aktivitäten führen, an denen Haustiere beteiligt sind (z. B. Hundewanderclubs). Das Gehen mit einem Hund bringt Menschen aus privaten Räumen, die isolierend sind, in öffentliche Bereiche, in denen Interaktionen mit Nachbarn und anderen Wanderern möglich sind.

Eine Studie von Schweden sagt, dass die neue Generation mag die Haustiere mehr als die

Kinder. Eigentlich mochten sie nur ein Hund haben und Keinen Kind.

Es kann vielleicht Extreme sein, aber so lieblingstoll ist die Erfahrung oder die Bindung.

Die Freundschaft

Warum machst du alles einsam,
Wenn wir können das gemeinsam!

Möchtest du was Neues ausprobieren?
Dann solltest du deinen Freund telefonieren!

Aber dafür musst du einen Freund haben,
um alle Kleinigkeiten zu sagen.

Es ist nicht so schwierig,
eine Freundschaft zu schließen.
Und wenn das ist dir möglich,
Dann kannst du das Leben genießen.

Dann hast du jemanden alles mitzuteilen,
Jemanden mitzulachen, jemanden
mitzuweinen.

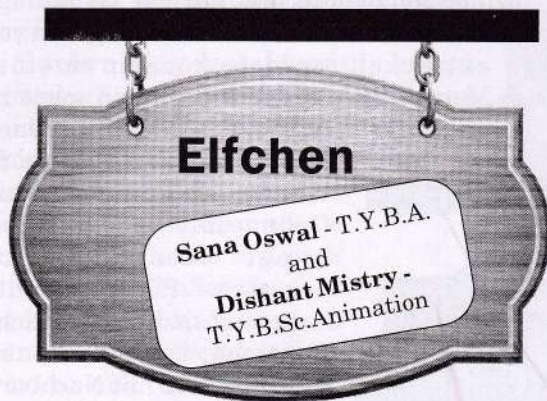

Du kannst mit deinen Freunden ausgehen,
Und alles mit einer neuen Perspektive sehen.

Wenn du einen Freund dabei hast,
Dann ist die Zeit am besten verpasst.

Warum machst du alles einsam,
Wenn wir können das gemeinsam!

A couple of weeks ago, Dipali ma'am approached me with a very interesting concept and it ended up becoming a creative endeavour article. I write poetry in English and German and got introduced to the concept of "Elfchen", a German form of poetry.

I wrote a couple of poems in German and ma'am suggested that I translate them in English. She then suggested a collaboration with Dishant Mistry from the TYBSc Animation department, as he is a brilliant Hindi poet.

So, once I had the German and English versions of the poems ready, I contacted Dishant and he further translated them into Hindi. And that is how this creation emerged.

An Elfchen, like the Haiku, is a form of poetry that follows an incredibly specific structure. It's originally a form of German poetry but its rules can be applied in various other languages as well. The word Elfchen has two parts. Elf means eleven and conveys the most important rule of the afore mentioned form of poetry - it uses only eleven words. The suffix "-chen" is widely used in German to signify something small. It is added to pre-existing words and the result is a smaller form of the same word. In this case, it emphasizes the size of this form of poetry. An Elfchen not only has a fixed amount of words used, but also a particular structure, in which the words are used. The first line of the poem consists of one word, the second of two, the third three and the fourth has four words. Lastly, the final line of the poem once again consists of only one word. However, this word is expected to be the most significant word of the entire poem and often carries the essence of the poem. It is generally surprising and is expected to elicit a powerful emotional response from the reader.

*Grab
Einst leer
Aber nicht mehr
Tief in der Erde
Zuhause.*

*Grave
Once empty
Today no more
Deep in the Earth
Home.*

*कब्र
तनहा थी
मगर अब नहीं
माटी में जा समाई
घर।*

*Augen
Finden einander
Ein schimmernder Moment
Enthält in kurzer Zeit
Ewigkeit.*

*Eyes
Find each other
A shimmering moment
Holds, though very briefly,
Eternity.*

*नज़रें
यूँ मिली
एक लम्हा सजा
एक पल में बिताई
ज़िंदगी।*

*Hier
Fand ich
Nach langer Suche
Die Liebe meines Lebens
Mich.*

*Here
I found
Searches later, the
Love of my life
Me.*

*यहीं
बस यहीं
मुझे यार मिला,
एक यही प्यार मिला
मैं।*

*Rosarot
Die Brille
Wodurchich sehe
Bin endlich verliebt ins
Leben.*

*Rosy
The world
Through my glasses
Finally in love with
Living.*

*गुलाबी
रंग दिया
नज़रों ने जहाँ
जब मैंने मोह लिया
जीना।*

*Körper
Unterschiedlich, einzigartig
In jeder Form
Unser wichtigstes, für ewiges
Zuhaus.*

*Bodies
Different, unique
In every form
Our most important, eternal
Homes.*

*जिस्म
अलग, नए
हर तरह के
हमारे नायाब, हमारे असली
घर।*
