DEPARTMENT OF GERMAN

The Department of German witnessed another fulfilling year in Academics and Extra Curricular Activities in 2017-18.

Early in 2017 the department undertook two major interdisciplinary activities. In July 2017 we welcomed guests from the Waseda University, Tokyo, Japan; who provided an insight to our students into opportunities in higher education at their University. Students from Commerce and Engineering background attended the presentation in large numbers and were being presented with an overview, thus providing platform for admission possibilities to such Universities, apart from the conventional approach to the American and other European Universities. Secondly, our faculty Miss Sneha Mahajan propagated to explain the concepts of Socialism and Communism in German History through an expert from the Department of Political Science Modern College, Mysore, Dr. Jaydha Mahabal. Students of German and Department of Political Science attended the short seminar and have benefitted mutually.

The Department is an active member of PASCH Pune, a partner of German Schools worldwide; our faculty team is always enthusiastic and willing to organize events for this collaboration. On 23 Nov 2017, the department hosted an interschool collegiate Quiz Competition. It was a huge success; the students learned fun facts about Germany and its History, Culture in an interactive, competitive way. We also renewed our MoU with PASCH in 2017 and hence shall experience another year of cooperation with this prestigious organization. The MoU has benefitted our students and faculty enormously through scholarships, workshops and seminars in the past and will continue to do so in the future. We always motivate our students to take part in activities apart from the rigid frames of the syllabus. A few of our SYBA students experimented with rhymes and colorful vocabulary, & enjoyed writing short German Poems for the college wall paper. The Department also arranges Film Screenings for students. As learners of a Foreign Language a visual presentation of the estranged world always enhances understanding. Films like *Das Leben der Anderen*, *Der Untergang*, *Jakob der Lügner*, *Goodbye Lenin* & *Almanya - Willkommen in Deutschland*, were thus enjoyed by our students. The presentation of these films had a didactic approach, as they revolved around German political and historical scenario. Towards the end of every academic year the department organizes several competitions for its students. This year, we had an Essay and Oral narration Competition. As a Judge for our cooking competition we had Miss Anna Marike, to judge the culinary skills of our students. Miss Anna Marike, a German native currently pursuing a degree in Sociology at Pune University who is also an enthusiastic cook! Our participants hence received a very authentic feedback on their cooking experiment. Our Students are also keeping alive the quaint practice of Letter Writing! Students from XI, XII and FYBA (Shweta Suryawanshi, Sharvari Pathak, Ishwara Kulkarni, Aditi Bhosale, Ashwini Deodhar, Samiksha Daf, Rucha Choughule, Kirti Ingale, Sanyukta Jojode, Ketaki Marathe, Anurag Maydeo, Sayali Raut) have been writing letters to German Language Learners in Russia and each has a pen friend with whom they enjoy exchanging information on varied topics. This uncommon project gives them the opportunity not only to improve their German writing skill but to exchange culturally. We are always privileged to have German Interns residing in Pune to be part of the department. This year we had two German Interns, Miss Sofie Henne and Miss Nicole Wagner, who felt quite at home in Modern College. Miss Henne held a vivid presentation on Christmas Celebrations in Germany for our students. Miss Henne and Miss Wagner also conducted Hospitation Hours with all our faculty members and enjoyed interactions with our students. Our students of Class XII & FYBA also did an exceptional presentation on Indian Festivals and it was made and edited into a

Short Film by our own TYBA Students. The video will be soon uploaded on PASCH world net. It is a great accomplishment for our students to be seen and heard by millions of other German language learners around the world! Highlighting achievements of our students brings a sense of pride to the department. Our XI Arts student Mr. Varad Nerlekar, participated in the Competitive German Olympiad and was shortlisted for the second round, hence, he will be representing Modern College on a National Level in Delhi this year. XI Science students, Miss Sakshi Waman, Priya Acharya, Meghana Pawar & Miss Vedashree Tanksale will be participating in PASCH Youth Camp in Panchgani in April 2018. They will be part of a German Language Course and a Theater Workshop.

Earlier last year, students also enjoyed a musical treat and attended a concert of famous German Music. They learned song writing at the hands of the Band members themselves! Like every year, students also participated in the annual German Film Festival and took part in the Film Quiz. Like every year the Department organized Level 1, Level 2 German Courses successfully and with the efforts of the teachers Vishakha Ayalur, Shweta Gupte & Trupti Chaphale. Students cleared the internationally recognized A1, A2 examinations of Goethe Institute, Germany.

The faculty members are also always involved in upgrading themselves on various fronts apart from teaching. The head of the Department, Mrs Sanjivani Kuvalekar and Faculty member Miss Vrishali Bapat participated in IDT an International German Teachers Conference which was held in Freiburg, Switzerland. Mrs. Kuvalekar presented her research paper on 'German Language in Maharashtra, India' and Mrs. Vrishali Bapat presented her research paper on 'German Language in Maharashtra, India'. Miss Sneha Mahajan has always taken a keen interest in Theater. In 2017 she was part of a Germany Theater Tour and was applauded for her theater performances. She also presented a paper at the 16th International Conference for Interkulturelle Germanistik in Flensburg, Germany. Miss Etisha Botre is an avid reader and aspires to master the finer nuances of English and German Language. She is currently pursuing a Diploma in Book Publishing and is specializing in Editing Books.

International Workshop on Importance of Emotional Intelligence for Educators: Organized by Psychology Department, Modern College of Arts, Science and Commerce, Pune-05.

The Department of Psychology, Modern College of Arts ,Science and Commerce, Pune-05 witnessed a great deal of enthusiasm and energy since the beginning of the second term. The Occasion was really special as the department was organizing a two days International Workshop on “Importance of Emotional Intelligence for Educators” in collaboration with Six Seconds, a renowned organization in USA working in the field of EI all over the world. It was conducted in association with the Savitribai Phule Pune University. Tomasso Procičchiani- Italy, Ms. Lize Reach- Programme Manager Middle East, Africa and India, Mr. Imran Mulla- Operations Director Middle East, Africa and India, Mr. Jim Vaive- Reginal Network Co-Director, North America, Ms. Lynette Vaive- Reginal Network Co-Director, North America.

The organizers received overwhelming response from more than 120 academicians, counselors, teachers, psychologists and doctors. They experienced a wonderful journey of Social Emotional Learning. The workshop was inaugurated at the auspicious hands of Mr. Joshua Freedman, CEO,Six Seconds, USA, honorable guest of Honor Prof. Mrs. Jyotsna Ekbote, Chairperson, CDC , Principal Dr. R.S. Zunjarrao, Prof S.S. Deshmukh, Dr. S.Y. Paranjape, and in the presence of the honorable authorities of the college. Principal Dr. R.S. Zunjarrao appreciated the efforts of Psychology Department as it is one of the vibrant departments of the college and various activities are going throughout the year.

The first session was the ice breaking session where Mr. Joshua Freedman introduced the concept of Emotional Intelligence. He elaborated on the concept through Self –Science. The key ingredient of the first session was the EI Model given by Six Seconds which is Know Yourself, Choose Yourself and Give Yourself. Mr. Joshua emphasized on self awareness, enhancing emotional literacy and being more compassionate.

The second session was a fun-filled session as the participants were arranged in various groups and activities on recognizing Thoughts, Feelings and Actions and recognizing patterns were conducted. It was demonstrated that we are always trapped in the recurrent thoughts and feelings and we create patterns of behavior and actions. We should

always try to break these patterns and look for options to navigate our emotions. This was the take away of the second session which was quite thought provoking.

The third session began with an activity on intrinsic motivation where participants were asked to assess themselves on the parameters like problem solving, innovation, joy, anxiety etc. and were asked what was their level of motivation to do something from within. Mr. Freedman with his impressive style of speaking encouraged the participants to think in terms of inner joy and happiness while working for their students and organization.

The theme of the fourth session was Empathy and how building empathy in yourself and others will add a human touch to life. The third aspect of the EI model i.e. Choose yourself was discussed with the help of a question: What do I want to add to the world? The participants were engrossed in the discussion on whether we should be Passengers or Crew on the ship of life.

Day two began with the story of a student and how education can be made interesting. It was explained that all emotions activate the social brain and how positive emotions should be activated in the students for developing their potentials. The Participants were encouraged to discuss how EQ can be extended and integrated in the classroom.

The Six Seconds officials had already sent an online test to all the participants two weeks before the workshop and they were also given their Brain Profiles where they were provided with 6 talents of their brain like resilience, prioritizing, entrepreneurship, pro-activity etc. The facilitators were experts in the assessment of these profiles and all the participants were provided assistance with understanding their profiles.

The next session was on the theme of Optimism and how it can be used to take the actions in the right direction and one should never stop trying. There are going to be times in our life when we can't see the other side of the river but optimism will help us in finding the bridges on the river.

The last session ended with great applause from the participants and Dr. Amruta Oke thanked Dr. Gajanan Ekbote Sir, Chairman, Progressive Education Society, Dr. Sandeep Kelkar, Director, Equip Kids, Dr. R.S.Zunjarrao, Principal , Modern College of Arts, Science and Commerce,Pune-05 for giving the department the opportunity to organize this event. This workshop provided an interdisciplinary forum for intellectually stimulating social emotional learning in creating a society that can meet the needs of the present generations without compromising the needs of future generations and it emphasized on development of five core competencies such as relationship skills, responsible decision making, social awareness, self management and self awareness. The participants were immensely benefitted by the deliberations of the experts and through various fun filled activities such as pencil ninja, colour team, balloon wish, team building, self realization etc. It ended with the thought that Educate the world by bringing in small change in you by working on yourself, your family, students, friends, society and you will realize that situations are changing and world has become a better and happier place where you belong.

Look for options to navigate our emotions. This was the take away of the second session which was quite thought provoking.

Current activities of the Postgraduate Research Centre

Contribution of Dr. H.V. Gate in PGRC Zoology during 2017-2018 Research

H.V. Gate continued his work on taxonomy of insects, Heteroptera and Cerambycidae. He published eight papers with various collaborators. Noteworthy fact is that three of the papers are in press. He is doing M.Sc. Zoology in Modern College, Pune. Additional three papers with the same students are in press and will be published by June 2018.

It is interesting that his work with students has rediscovered many species of insects that have not been reported from any part of India in the past several decades. One *Phymatodes* was rediscovered after over 100 years. This work involved collaboration with Dr. Mick Webb, Curator of Heteroptera at British Museum, London.

The papers which are in press also deal with rare and almost unknown insects since their original discovery.

He has also described new species of Heteroptera (bugs) to science. One comes from Sri Lanka while the other is from India. These papers will be published by July this year.

His current citations are: 964 (total) and 576 (since retirement in 2013)
